

Café

Protected by
CRYPTON

Stain resistant | Bleach cleanable | Antibacterial

The warmth, softness, and gently-aged look of the Café leather line invites you to sink into a comfortable chair and enjoy your favorite drink without fear of spills or stains. With its wax treatment and two-tone aniline dye finish, there is a depth, variation, and clarity to the natural colors of the Café line that is only found on true aniline leathers. However, with its exclusive Crypton® finish, the leather offers an unmatched level of stain resistance and cleanability. So, go ahead – enjoy your latte in your favorite chair.

Environmental Stewardship: Café is produced in a tannery which has achieved a gold rating as audited to the Leather Working Group environmental stewardship and traceability standards. Further enhancing its sustainability profile, Café is finished without the use of solvents or lead, emits low VOCs and has achieved an Indoor Gold Advantage certificate from SCS.

Technical Specifications

Origin	USA
Raw Material	Top grain, aniline drum dyed
Leather Type	Aniline, protected by Crypton®
Hide Size	48 – 52 sq.ft.
Thickness	1.0 – 1.2 mm
Abrasion Resistance	ASTM D7255: CS10 Wheel Taber 500 Cycles/500 gram weight
Light Fastness	ISO 102-B05: Blue Wool Scale ≥ 3
Wet Crocking	ASTM D5053: Class 4
Antibacterial	AATCC 100: 99.9% Reduction of Bacteria – AATCC 4352 Klebsiella Pneumoniae and AATCC 6538 Staphylococcus Aureus
Stain Release	AATCC 130–2000: 5 Rating (Excellent) for Coffee, Wine, Ketchup, Hair Products, Sunscreen, Betadine and Body Fluids; Withstands a 5% bleach solution
Flame Resistance	NFPA 260: Class 1; CAL TB117–2013; IMO 2010 FTP Part 8 (A.652(16))
Performance Category	2
Cleaning Code	5

Performance Category 2

Leathers with Performance Category 2 retain their natural appearance while carrying additional protections against abrasion, staining and color fading. Aniline leathers with some protection and semi-anilines are found here. These leathers are suitable for a wide range of applications across a wide range of wear and stain risk, such as those found in commercial settings and dining areas. Several of these leathers have additional Crypton® protection. More information is available on our website at cortinaleathers.com/resources/performance/ and cortinaleathers.com/resources/crypton/.

Care & Cleaning Code 5

Cortina Leathers with Crypton® provide the industry's greatest stain resistance and cleanability. Stains which can be easily removed include wine, coffee, sunscreen, hair gel, hair mousse, vinegar, blood, urine and most other stains from food and typical soiling. Should a spill occur, blot (pressing gently without rubbing) immediately using clean, dry sections of an absorbent cloth or paper towels. Should soiling remain or for a more thorough cleaning, Cortina Leathers Universal Cleaner High-Tech Wipes® or a solution of lukewarm water and a mild cleaner, such as Ivory® soap or Woolite®, may be used. Dampen a clean white cloth and gently wipe the affected area using a circular motion. Rinse completely with clean sections of cloth which is damp with plain water until all cleaner is removed. Blot dry with paper towels or dry cloth and allow to completely air dry. Repeat the cleaning process as needed, allowing the leather to dry between applications. If necessary, Cortina's running-line Crypton protected leathers can be cleaned with cleaners containing up to a 5% bleach solution (Sodium Hypochlorite). However, most stains can be easily removed using just gentle soap and water or the readily available commercial and household cleaning products listed on our website.

Note: To ensure complete removal of any stain from Crypton-treated leathers, the cleaning process must be undertaken within 60 minutes of any spillage or staining occurring. Successful stain removal will become less possible over time, so always treat spills and stains immediately. Avoid the excessive application of cleaning products on seams or stitching. Visit cortinaleathers.com/resources/care-cleaning/ for more information.

Warranty

Leathers with Performance Category 2 have a 1 year limited warranty against manufacturing defects. Leathers with Crypton protection also feature a 3 year warranty for stain resistance. See complete details at cortinaleathers.com/resources/warranty/.
