# Cavallo

Visualize | Realize | The leather you imagine, and more.

Prized for decades by fine Italian accessory manufacturers, these super-luxurious aniline-dyed hides with hair are also perfect for select upholstery applications. Each hide is supple and soft with short, silky hair. This product comes in bold exotic patterns, brindles and other natural patterns and solid colors that will compliment a range of decorating styles. Normally offered in half hides, whole hides may also be available along with additional colors and prints. Please consult the sales office. Note no two hides are exactly the same and each hide will have natural variations in texture, color and hair length.

**Environmental Stewardship:** Cavallo is produced in a tannery which has achieved a silver rating as audited to the Leather Working Group environmental stewardship and traceability standards.

## Technical Specifications

Origin	Italy and South America
Finish	Hair on hide
Flame Resistance	NFPA 260: Class 1
Cleaning Code	7

## Care & Cleaning Code 7

Hair on hides are naturally very resilient. They should be vacuumed for regular upkeep, always moving the vacuum wand in the direction of the hair, never against. Should a spill occur, blot immediately using a clean absorbent cloth or paper towel. Should soiling remain, use a sponge dampened in plain cold water or a mild vinegar solution to gently rub the affected area—in the direction of the hair. A soft nylon brush may be used to help release any stubborn debris. Allow to air dry. Never place a hair on hide rug in a washing machine or submerge in liquid to clean.
