

Luster

A Cortina Leathers luxury embossed collection by Virginia Langley

VIRGINIA LANGLEY

The velvet organic touch of suede meets an innovative embossing technique in Cortina Leather's latest collection. Curated by interior design authority Virginia Langley, the Luster Collection includes three textured suedes in fresh new design styles. The pressure-meets-texture technique brings a sophisticated fashion sense and longevity to suede, long celebrated for its soft touch in hospitality and residential markets. We invite you to rediscover what suede can do.

Environmental Stewardship: Environmentally friendly Luster is lead free and emits low VOCs.

Technical Specifications

Light Fastness	ISO 105-B02: Blue Wool Scale ≥ 2
Wet Crocking	ASTM D5053: Class 1
Flame Resistance	NFPA 260: Class 1; CAL TB117–2013
Performance Category	1
Cleaning Code	6

INDOOR ADVANTAGE GOLD FURNITURE

Performance Category 1

Leathers with Performance Category 1 are considered by many to be the most beautiful and authentic leathers, most likely because they are least protected. These leathers include pure anilines, aniline leathers with less protection, nubuck leathers, suedes, etc. All Category 1 leathers are protected with water repellency to resist water spotting and are expected to patina, wear and age gracefully over time, making them perfect for many applications. However, these leathers are not recommended for uses where they will be subjected to heavy staining, abrasive wear or direct sunlight. More information is available on our website at cortinaleathers.com/resources/performance/.

VIRGINIA LANGLEY

Care & Cleaning Code 6

For general upkeep occasionally vacuum these leathers using an upholstery attachment and occasionally brush the nap using a soft-bristle suede upholstery brush. All Cortina Leathers' suedes and nubucks are treated in the drum for water repellency, and can be maintained with reasonable care. However, we advise immediate attention in the event of spills or soiling. For spills, blot (pressing gently without rubbing) immediately using clean, dry sections of an absorbent cloth and brush to restore the nap. If soiling remains, minimally dampen a clean cloth with water and gently dab—never rub—the leather. Use a soft brush to restore the nap. Avoid over-wetting this leather to prevent discoloration. Visit cortinaleathers.com/resources/care-cleaning/ for more information.

Warranty

Leathers with Performance Category 1 have a 1 year limited warranty against manufacturing defects. See complete details at cortinaleathers.com/resources/warranty/.
