Leadership
Excellence**

Direct Recruiters has been recognized as the relationship-focused search firm that assists top-tier organizations with recruiting, acquiring and retaining high-impact talent for mission-critical positions. We have been a trusted partner for some of the most progressive companies in the industry.

Organizations need proven leaders who can handle a fierce and competitive environment. Direct Recruiters, Inc. (DRI) candidates with both military and corporate experience are just the answer. Former Military Officers who have transitioned from military life to a civilian career all say they drew numerous lessons in leadership from their years in uniform.

Many past and current top executives including those at Verizon, Procter & Gamble, Cleveland Clinic, GM, GE, USAA and many more, have military backgrounds that enable them to make those difficult decisions and shape the corporate landscape.

High ranking executives who are former Military Officers:

- Bring exceptional leadership skills
- Offer powerful experience (military and industry)
- Are collaborative team contributors
- Act every day with integrity and professionalism
- Foster camaraderie and loyalty

On a daily basis, we are in contact with Executive Management and Hiring Authorities looking to hire top professionals including C-level Executives, Vice Presidents, and Directors for:

- Operations
- Supply Chain
- Sales
- Marketing
- Business Development
- Procurement
- Vendor Management
- Contracting
- Sourcing
- Manufacturing
- Process Excellence
- Operational Excellence
- Continuous Improvement
- Quality
- Fulfillment
- Distribution
- Transportation
- Customer Experience
- Project Management

The United States Military is the premier source for competent, committed, professional leaders of character. The individuals we represent have been ranked among the best in their military peer groups. They successfully transitioned to Corporate America and had an immediate positive impact that delivered results directly to the bottom line. Their employers rewarded them with increased responsibility in scope, scale, and budget. These individuals took the most critical assignments and repeatedly built and developed winning teams.
