

Direct Recruiters has been recognized as the relationship-focused search firm that assists Cleantech and Sustainability organizations with recruiting, acquiring and retaining high-impact talent for mission-critical positions. We have been a trusted partner for some of the most progressive companies in the industry.

FINDING TOP TALENT

With substantial growth in sustainability, renewable energy and green technology, organizations are starting to focus more and more on corporate responsibility. This, in turn, is driving the development of more companies centered on cleantech, energy and sustainability as well as the growth of cleantech jobs. DRI's cleantech recruiters and executive search specialists work hand in hand with organizations in the cleantech and sustainability space to recruit top talent for mission-critical roles.

DRI provides executive search, recruitment, retained search and contract staffing services. As a trusted partner to several leading cleantech organizations, Direct Recruiters focuses on sourcing, identifying, acquiring and retaining top performing professionals.
