CMSD OFFICIAL STATEMENT

We are disappointed to learn that the Cleveland Teachers Union's membership rejected the Tentative Agreement reached between the Union and the District, by 102 votes.

While the District respects the decision of CTU's members, we remain confident that the agreement reached between the District and Union bargaining teams was good for students and fair to teachers, while protecting the reforms of The Cleveland Plan.

The District remains committed to bargaining a contract that meets these goals and that members can support.

We will be prepared to meet with the CTU bargaining team in the days ahead and continue to work for an agreement that can be supported by all.
