

EARLY LEARNING

Assemblies

➔ SUE TRAINOR **Storytime with Loud Lou and Quiet Quincy**

Join Loud Lou and Quiet Quincy (opposite sides of a paper-plate puppet) as we play together with sound in language, song, and participatory storytelling. Children love creating the sound contrasts: They'll be singing along and performing the sound effects as Sue offers her compelling version of "Tiddalick the Frog," a traditional Australian folk tale.

➔ NATASHA MIRNY **Alphabeticismo! Interactive Shadow Theater Show**

Where do words and letters go, after we say them, do you know? Some of them turn into shadows and dance and play in my House of Light! This is the story of a secret House of Light, where Letters and Words live, play, and create stories. Shadow letters turn into shadow characters, shadow characters come out of a shadow house and turn into flat puppets. Together we will run, jump, learn some pantomime moves, recall the alphabet, and use our imagination to turn letters into character!

➔ 123 ANDRÉS **Explora los animales**

This experience combines songs, stories and games in Spanish and English that revolve around animals. With animal characters, we dive into rhythms and movements that educators and families can replicate with children after the experience is over.

➔ ALDEN PHELPS **Silly Songs with the Barnyard Bard**

Farmer Alden delights and engages with his interactive silly songs with his ukulele, guitar, props, and a live chicken! It all starts with the Big Blue Truck, which always brings a new surprise. Today it's an egg, but wait! It's not an egg, it's a rhythm shaker egg! Songs, chants and interactive learning help students learn all about farms.

➔ VALERIE BRANCH **New Beginnings**

Can I change my mind? Can I start again? Can I take that back? Sometimes we act and move so quickly that we forget to think about the possible outcomes our reactions will have on the people around us, the people we care about, the people we are developing relationships with. Children will learn decision making, and creative problem solving through the art of choreography with Ms. V!

➔ LISA MATHEWS AND MILKSHAKE **Milkshake Duo Garden Party**

Lisa Mathews and Mikel Gehl of the Milkshake Band invite you to join them in Lisa's garden as they sing and dance to original songs that encourage interaction - even virtually. Songs include "Hop Like a Bunny"; "Bluebird" and companion animated video; "ABC of Me"; "Fingers & Toes" and companion animated video; "Boom Boom Shimmy Shimmy"; "Bottle of Sunshine" video.
