A PEEK THROUGH YOUR WINDOW

An Arts for Learning Snack by Christina Delgado
Step 1

Make your viewfinder your own! Pop out the middle part and decorate the frame.
Step 2

Explore your viewfinder. Practice looking through it horizontally and vertically...
From a bird’s eye view (looking down)…
And from close up.
What techniques do these images use?
Step 3

Decorate the postcard!
Use some or all of the stickers to make your own art piece.

Write a letter on the back and give or mail it to a loved one!
