

# SANDTRAY SUITE

## MODULE 4: YOU'RE NOW A SANDTRAY SUPERHERO!

YES! Number Four---DONE! So, now again, make sure you check and double check, just like Santa Claus all those different action items so we can tally up all your awesome points.

And also, now, I want you to share in the Facebook group. But, this time I want you to do something a little bit different, and maybe something that is a little more close to the heart, maybe a little more personal. So, this is going to be something that is your biggest challenge, or was your biggest challenge about working with littles in the sandtray. , And, if you did have this challenge, but have figured out how to overcome it, make sure and share that with us as well. So, do not worry if you are still challenged by working with little kids in the sandtray, post that. Ask us the questions. We've got therapists from all over the world who are waiting to help you. But, if you maybe you are an Annie and have figured it out, how to navigate some of these biggest challenges, post it, and tell us the answer as well, so we can all learn from that. And I will, again, see you on the inside.
