## **MODULE 4: WORKING WITH LITTLES IN THE TRAY—YIKES!**

Now we are in Module 4 and this is all about working with littles and children in the sandtray. Because if you've ever done your own sandtrays and then you go to work with it with some of your little kids you might think, "Oh my gosh! This doesn't work." But, it absolutely does. It just looks a lot different.

So, in this module, we're going to be talking about the practical things that you might need to think about, maybe different kinds of sands that are helpful with working with littles, ways to process it with them, and how to know when you are making progress.

So again, WELCOME, WELCOME, WELCOME and so glad that you are taking your sandtray practice to that next level even with our littles. So, don't delay. Hop into video one, and I'll see you there.
