# Paradigm Suites by Hilton

The Paradigm Suites by Hilton features an encased coil innerspring design, to offer the best in Sealy Posturepedic® support and the sound sleep that brings in raves from Hilton guests.

**Rich-feeling, antimicrobial, water-resistant Prolux knit fabric** for comfortable, long-term protection of the mattress.

**Encased coil** for enhanced head-to-toe comfort and reduced motion transfer.

**No-skid foundation top** to keep mattress in place while changing linens.

**Hospitality-grade foundation** with solid wood construction for a stable feel and durability in hotel environments.

**Cushioning, high-density foams,** all pre-compressed and infused with gel to promote cool, restful sleep and enhance durability by filling in air pockets.

**Extra foam in the center third** to add support and minimize body impressions where guest weight is concentrated.

**Foam-encased edge** for a fully supportive feel and to ensure that the bed keeps its shape over time.

**Support base foam** to provide a high-density foundation for long-lasting support.
