The earnings of the Artists in this chart are not guarantees of the income, if any, that a Seint Artist can or will earn through his or her participation in the Company Compensation Plan. Note that all income paid to Artists summarized in this disclosure DOES NOT include expenses incurred by Artists in the operation or promotion of their business, which can vary widely and might include products purchased, advertising or promotional expenses, product samples, training, rent, travel, telephone and internet costs and miscellaneous expenses. Note that it takes hard work to make substantial income in this business and some Artists make no money at all. Success in this business requires leadership, hard work and dedication, just like anything you do in life. The bottom line is Seint provides Artists with an excellent opportunity to earn supplemental income for those who work hard.

The income statistics are for all active Seint Artists who were enrolled during the period from January 2023 to December 2023. An "Active Artist" is defined as any person who: (1) executed a Seint Artist Agreement; (2) Had at least 240 PCV (Personal Commissionable Volume, which is sales volume accrued from the sale of product to direct customers) in a calendar month to qualify for participation in the Seint compensation program. The ranks and income statistics are based on Artist’s highest paid ranks from January 1, 2023 to December 31, 2023.

The average annualized income for all Artists, whether inactive or active, during 2023 was: **\$2,427.17**

During 2023, the % of individuals who executed a Seint Artist Agreement but were inactive for comp plan purposes and considered wholesale customers was: **27%**
