

Study Workbench

Load Capacity (lbs.)
95

Bracket Weight (lbs.)
5.6

About Study FM Utility Bracket

Bracket is made from 1/4" thick, solid hot-rolled steel

Upper mounting plate is 1/8" thick, solid hot-rolled steel

Mounting screw holes are 3/16"OD

Bracket supports 95 lbs when correctly mounted*

Brackets are powder coated with any of our available colors, custom colors welcome

Study Workbench is designed to be paired with additional brackets for maximum stability and strength.**

Patent Pending Design

* **WARNING:** All brackets must be installed into studs or backing. Failure to do so may result in saggy shelves, falling objects, or even injury.

** To avoid product failure, 48" is the maximum recommended distance between brackets used as a bench or desk system. Any surface or slab accompanying Study workbench bracket should be anchored to the bracket or an adjacent wall with a set screw.
