DEPARTMENT OF INTERCOLLEGIATE ATHLETICS

DIRECTOR OF ATHLETICS

**DR. JAMIE WILLIAMS:***Director of Athletics*

Dr. Jamie Williams is the first Athletic Director at the Academy of Art University in San Francisco, the largest, private art university in the country.

Dr. Williams is a graduate of the University of Nebraska, where he was an All-American and an All-Big Eight Conference football player, earning an undergraduate degree in Broadcast Journalism. He continued his education by completing a Masters of Science in Mass Communication from San Jose State University and receiving a Doctorate of Education in Organization and Leadership from the University of San Francisco.

Dr. Williams' philosophy on developing the athletic program is based on the 3 A's: Academics, the feeder of intellect and wisdom; Arts, the emancipator of spirit and expression; and Athletics, the builder of physicality and courage.

Professionally, Dr. Williams played 12 years in the National Football League as a tight end for the San Francisco 49ers, Houston Oilers, Los Angeles Raiders and St. Louis Cardinals. He won a Superbowl Championship in 1990 with the San Francisco 49ers. After working with Oscar Award-winning Director, Oliver Stone, to create the motion picture, Any Given Sunday, Dr. Williams started his production company YMotion Media, which is focused on original sports content.

Dr. Williams is a firm believer in Arts and Athletics coexisting like the "warrior-poet" of yesteryear. He plans for the Academy of Art University to make an immediate impact on the world of collegiate athletics. In just under two years, Dr. Williams has molded the Academy of Art University's Athletic Department into a model program that has grown from no athletics to sponsoring 14 intercollegiate NCAA Division II sports in the 2008-2009 season. Commencing Fall '09, the Athletics Department will add Women's Golf to its athletic arsenal. As the program's student-athletes compete successfully in the classroom and devote charitable time with the community, Dr. Williams is on his way to taking the historic Academy of Art University to a whole new level.

Dr. Williams was raised in Davenport, IA and now resides on the Peninsula with his wife and two kids. Dr. Williams is a Star Wars and Lord of the Rings fan as well as an avid comic book reader and collector.

DEPARTMENT OF INTERCOLLEGIATE ATHLETICS

ACADEMY OF ART UNIVERSITY ATHLETICS**MISSION STATEMENT****MISSION**

Our mission is a dedication to distinction, sportsmanship, pride, teamwork, credibility, and creativity. Through the Academy of Art University Intercollegiate Athletic program, student-athletes are empowered to realize their full potential academically, personally, and professionally while on the path to collegiate success.

GUIDING PRINCIPLES

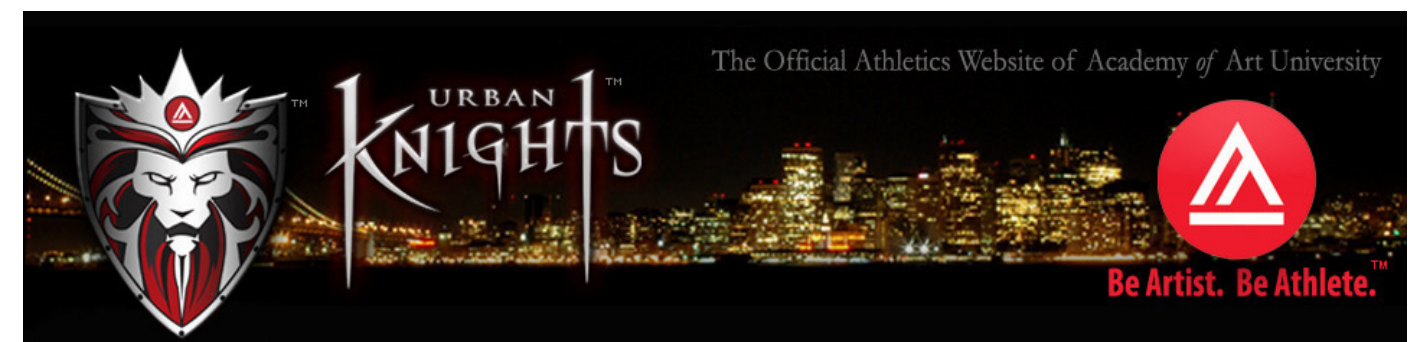

"A Pathway to Artistry" through a distinction in:

- Staff who work as a collaborative team
- Student-Athletes who embrace competition
- Athletic support that enhances the academic experience
- Community Engagement that inspires the San Francisco public
- Sportsmanship that builds credibility

VISION

"Establish a Tradition of Excellence" through a:

- Director of Athletics who establishes and carries forth the vision of AAU Athletics
- Head Coaching staff who ensures that team goals are met and their athletes adhere to AAU's athletic mission and vision
- Support Staff who meets goals in their focus area and upholds the mission and vision in everyday tasks
- Student-Athlete who embraces the NCAA Division II athletics experience and fosters the mission and vision through art, academics, athletics, and personal development.

BE ARTIST. BE ATHLETE.

COACHING STAFF / MEN'S SOCCER

**DANIEL ROSAIA***Head Coach*

Daniel Rosaia, the program's first men's soccer head coach, enters his third season at the helm of the Urban Knights.

He guided the Knights to a 5-4-8 overall record in the team's inaugural year.

Rosaia brings his success as head coach of nearby Burlingame High School for nine years to the Academy of Art University. As the head coach of the boys varsity team from 1995-2003, Rosaia led the Panthers to three Peninsula Athletic League titles and four second-place league finishes. His teams were also very successful in postseason play, advancing to the semifinals or better for eight straight seasons. The Panthers captured the CCS Championship in 1997.

Rosaia is honored and excited to have a chance to build a program at the Academy of Art University. During the first couple years, he would like to see the Academy make a name for itself on the playing field and in the hearts of people. Rosaia has one simple goal and that is to ask young men to give him all they have on the field and in the classroom and to show the world that Academy of Art University has meant something to them.

A native of Burlingame, California, Rosaia was a four-year captain for the men's soccer team at Burlingame High School. He went on to play one year at Skyline College under Frank Mangiola followed by three years with the Sons of Italy in the San Francisco Soccer Football League (SFSFL).

COACHING STAFF / MEN'S SOCCER

**KIER LACROSSE***Assistant Coach*

Kier LaCrosse is a native of San Francisco and was raised in San Mateo, California. LaCrosse's soccer days started at the young age of 4-½ years old.

At San Mateo's Aragon High School, LaCrosse played varsity soccer all four years. He led the team to three league championships and two Central Coast Section (CCS) semi-final appearances. LaCrosse was named First Team All-Conference each of his four years at Aragon High. He was also named First Team All-CCS his sophomore, junior and senior years. In addition, LaCrosse was named to the All-State Team in his junior and senior seasons.

LaCrosse spent his collegiate years playing two seasons at Sonoma State University in 1985 and 1986 and then transferred to top-ten ranked Chico State University, playing in 1988 and 1989. He was awarded All-Conference Honors.

In the 1980's, LaCrosse played for the SF Scotts, Guatemala and then for San Francisco Celtic - where he was named "Examiner Player of the Year" in 1986 as he led the league in scoring.

At the young age of 13, LaCrosse coached AYSO six-eight year olds in 1979. At fourteen, he directed and coached soccer programs at all four City of San Mateo's Recreation Centers as his summer employment. This was the city's inaugural year for soccer programs.

During college summers, LaCrosse was a counselor and coach at both North Bay Soccer Camps in 1985 & 1986 and Mike Simon's Team Challenge Soccer Camps from 1987-1989 where he ran programs in California and Nevada. LaCrosse also coached Chico State University's NCAA Developmental Soccer Team to two undefeated seasons in 1986 and 1987.

Burlingame High School (1989) and Aragon High School (2002) also had the pleasure of retaining Kier LaCrosse as head coach.

In 2005, LaCrosse founded and was Director of Operations of Major League Stars Soccer Clinics. These advanced clinics were geared towards high school student-athlete soccer players with goals of moving on to the college level. He brought aboard USA National Team Captain and World Cup 2006 USA standout Jimmy Conrad to help develop the program and to train student-athletes through positive coaching and positive reinforcement techniques.

For the past six years, LaCrosse has directed the Burlingame Men's Soccer League which features many previous World Cup participants. LaCrosse was also player/manager for FC Allegra.

Currently, Kier LaCrosse is honored to assist high school rival and lifetime friend, head coach Daniel Rosaia, in Academy of Art University's inaugural season. His goal is to help in the quest to improve the student-athlete experience for all ART U soccer players and ART U supporters.

COACHING STAFF / MEN'S SOCCER

STEFAN LEAL
Student Assistant

Stefan Leal will serve as a student assistant for the Academy of Art University men's soccer program in 2010.

As an Urban Knight in 2008, Leal played in 11 games with three starts. Prior to joining the Academy, he played soccer for one of his two years at County College of Morris. Leal was a four-year letterwinner in soccer at North Warren Regional in Blairstown, New Jersey. He received honorable mention to the All-State Team and was team captain of the school's very first state championship.

Leal was born in Blairstown, New Jersey and is currently studying as a Graphic Design major at ART U.

SEASON PREVIEW / MEN'S SOCCER

With the world still abuzz about the summer's World Cup, Academy of Art University men's soccer has its sights set on a championship as well: a Pacific West Conference championship. The Urban Knights were 4-15-1 overall last season, but seven conference losses by one goal could have made that record drastically different. Academy of Art University returns 12 players from 2009 with a mixture of new talent that third-year Head Coach Daniel Rosaia believes will give the Knights that extra push in 2010.

"Our theme for the year is loyalty and trust," Coach Rosaia said. "The guys are working hard on cementing the last few blocks of the foundation that will carry this program to the top." Last season, ART U would have been contending for the PacWest title had it not been for numerous close defeats. The Knights opened up conference play on Sept. 19 with a 3-2 overtime loss to Notre Dame de Namur, the 2008 PacWest champions, where a late penalty kick was the difference. Then, facing the team that would stand atop the PacWest standings by the season's end, Academy of Art University fell in heartbreaking fashion, 2-1, to Grand Canyon in overtime.

The Urban Knights were triumphant two days later when they shutout Dixie State for a 3-0 victory, their first in the PacWest. From there, ART U suffered three more one-goal defeats including another 3-2 overtime result at BYU-Hawaii in late October. When the Academy faces these conference teams again this season, Coach Rosaia is confident in the team's ability to hang tough.

"We had a lot of heartbreaking losses last season," Coach Rosaia said. "The guys are working hard to change those one-goal loses into wins this season. We have added talent and heart to this team and I expect them to pull the tough

games out this year."

The 2010 Academy of Art University squad features three seniors who make contributions that don't always appear in the stat sheet. Midfielder/defender Kyle Mannschreck had one goal and one assist in his first season with the Knights in 2009 and Coach Rosaia cites his ability to lead as particularly valuable to the team.

Anchoring the defense last year was Joshua Garn who played in 18 of the 20 matches with a toughness not always seen in many soccer athletes. Garn, who goes by the nickname "Tank," became a regular starter by the middle of the season and finished with 13 matches started by the end.

"Kyle and Josh are our seniors and will bring good leadership to the team," Coach Rosaia said. "I hope we can give them a season to remember."

The third and final senior, midfielder Juan Zurita, has been with the Urban Knights squad since its inception in 2008. The 2009 campaign may have been a seemingly quiet one statistically for the Pasadena, CA native, but the 6-2 Zurita brings an athletic prowess that Academy of Art University will need this season. Fans may also remember that Zurita scored the first game-winning goal in Knights program history back in 2008.

"Juan has looked very good in preseason," Coach Rosaia said. "He showed up in shape and has that look in his eyes."

In addition to Mannschreck, Garn, and Zurita, nine other athletes will return to don the Urban Knight red and black this season. Richard Luna, Vilmundur Sveinsson, Brazer Bozlak, Richard Martin, Elijah Craig, Miguel Amezcuita,

and Max Delegeane all continue as field players while Ian Sutherland and Daniel Waller will man Academy of Art University's goal.

New additions Brett Force (Portland, OR/Westview) and Gustav Hedberg (Stockholm, Sweden/Värmdö Gymnasium) will look to make their mark as part of a stronger Urban Knight defense. Force transfers to the Academy from Notre Dame de Namur and was a two-sport athlete (soccer, baseball) in high school where he earned First Team All-League in soccer. Hedberg garnered a variety of honors playing in Stockholm, Sweden including team captain in 2008 and Junior-Allsvenskan with his club team, Enskede IK.

"Gustav Hedberg has been everything we had hoped he would be; smooth with the ball and a tenacious defender," Coach Rosaia said. "Brett Force will be a leader on and off the field for the team, I expect him to really put his mark on our young program. All the recruits look ready to produce right away."

Andrew "Boomer" Cruz and Andrew Durano are two other newcomers Coach Rosaia finds himself talking about quite often. He will be looking for them to draw upon their experience and show what skills they have.

"Boomer is a dynamic forward who is going to be a scoring threat throughout the season," Coach Rosaia said. "Durano brings a great work ethic (as do all our boys this year) and brings a 'never say die' attitude to the squad. Both will be impact players this season."

SEASON PREVIEW / MEN'S SOCCER

The 2010 campaign kicks off on Sept. 2 with three non-conference matches against William Jessup, Bethany, and Menlo College. Those three teams composed the middle of the California Pacific Conference rankings last season. Then on Sept. 16, the Urban Knights open up PacWest play with their home opener versus Dixie State.

From there, Academy of Art University men's soccer plays two more home matches before traveling to Hawaii for a five-match roadtrip (Sept. 25-Oct. 3), the longest in the program's history.

"Our Hawaii trip will prove to be the test of our season," Coach Rosaia said. "Playing five games in 10 days on the islands is no easy task. The trip is early in the season and will set the tone for the rest of the year."

ART U returns to the Bay Area in early October for four home pairings including a non-conference meeting with La Sierra on Oct. 16. During that span, Academy of Art University plays both Notre Dame de Namur and Grand Canyon, two teams with double-digit wins in 2009.

The Knights remain local through the remainder of the season with their finale coming on Nov. 6 against Dixie State at Boxer Stadium. State.

ACADEMY OF ART UNIVERSITY / HISTORY + MISSION

HISTORY

The Academy of Art University was established in San Francisco in 1929 by Richard S. Stephens, a fine art painter who had accepted the position of Creative Director for Sunset Magazine. Assisted by his wife, Mrs. Clara Stephens, he opened the new school in a rented loft at 215 Kearny Street to teach advertising art. In a few years, a distinguished faculty of practicing art and design professionals was assembled and the school's philosophy was formulated: hire established professionals to teach future professionals. In 1933 the curriculum was expanded to include Fashion Illustration, and in 1936 a Fine Art Department was added.

In 1951, after graduating from Stanford University, Dr. Richard A. Stephens took over the Presidency from his parents. His vision led to the expansion of the Academy from an enrollment of fifty students in two rented loft spaces to a 5,200 student body, with continued expansion of department majors available. In 1966 the school was incorporated and granted authority to offer a Bachelor's Degree in Fine Art by the Bureau for Private Postsecondary and Vocational Education of the State of California. The graduate program was inaugurated in 1977 and approved by 1983.

Dr. Elisa Stephens, the granddaughter of the school's founder, succeeded her father as President of the Academy of Art University in 1992. Dr. Stephens has been committed to expanding the Academy's curriculum to stay current with new technologies and industry trends, as well as making state-of-the-art facilities and resources available to Academy students. In 2004, the name of the school was changed from Academy of Art College to Academy of Art University in recognition of its depth, scope and quality.

Today the University has nearly 16,000 students, making it the largest private school of art and design in the country. Students now have the opportunity to pursue a Bachelor of Fine Arts, Bachelor of Arts, Associate of Arts, Master of Fine Arts, Master of Arts, Master of Architecture, Certificate Programs or Continuing Art Education courses, with over 30 areas of academic emphasis.

MISSION

The Academy of Art University prepares aspiring artists and designers for careers in the fields of art and design by delivering excellent undergraduate and professional degree and certificate programs.

To achieve its mission the Academy of Art University:

- maintains an inclusive admissions policy for all persons who meet basic requirements for admission and instruction and who want to obtain higher learning in a wide spectrum of disciplines in art and design;
- teaches a disciplined approach to the study of art and design that encourages students to develop their own styles that blend their talents, technical skills and creative aspirations with professional knowledge;
- enlists a dedicated and very able full-time and part-time faculty of career artists, designers and scholars who are professionals and whose success as educators comes from their ability to teach students through the wisdom and skill they have amassed through years of experience and study;
- operates in an urban context so that academic programs can draw upon and contribute to the cultural wealth of those communities that are served;
- provides a creative environment that is at once supportive and challenging and underpinned by excellent personalized teaching and support services that address the needs of students of diverse ages and backgrounds;
- offers an undergraduate general education program designed to stimulate development of critical thinking, and communications skills, and to encourage emerging artists to draw upon a variety of disciplines to look at issues from multiple perspectives and to cultivate the ability to function as educated global citizens;
- manages in an ethical and efficient manner and administers the finances in a prudent fashion; and
- fosters optimum quality in all aspects of programs and services.

INTRODUCTION TO THE ACADEMY OF ART UNIVERSITY

ACADEMY OF ART UNIVERSITY / MAJORS

ADVERTISING

The objective of the School of Advertising is to offer students the opportunity to acquire the skills and knowledge necessary to create exciting and effective advertising. Majors within this school can one day find themselves working as a Copywriter, Account Planner, Creative Director, Brand Strategist, or Strategic Planner. The students become focused and creative communicators capable of expressing themselves in the traditional media and in the emerging interactive advertising.

ANIMATION & VISUAL EFFECTS

The Academy of Art University is a leader in the field of Animation and Visual Effects because it offers the best resources and instructors from top companies like Pixar and Electronic Arts. Students pursuing this major can eventually work as Video/Computer Game Designers, 2D and 3D Animators, or Storyboard/Concept Artists. On the whole, majors attain strong traditional animation skills and storytelling abilities that can then be applied to digital technology.

ARCHITECTURE

The architecture program at the Academy of Art University is one of the top architecture schools in the nation. When you are a student here, you will feel like a professional working at your first architecture firm. Hone your skills in Residential, Commercial and Environmental architecture.

ART EDUCATION

Art Education Degrees from Academy of Art University combine theory and practice to create a one-of-a-kind program. Through the Art Education curriculum students learn to reflect on their learning process and apply these insights to future teaching in a variety of venues. Students from the Art Education school will graduate with a Visual Arts Portfolio and a Presentation Journal of Reflective Practice and Lesson Plans.

FASHION

As one of the top fashion schools in the nation, Academy of Art University features one of the most famous shows in the industry and provides students with a global vision that combines the design excellence of Europe with the energy of the United States and the technology of Asia. Career paths that follow from the major include: Fashion Design, Textile Design, Knitwear Design, or Fashion Journalism. The School of Fashion has developed a strong curriculum and offers these worldwide opportunities for graduates.

FINE ART

The internationally renowned Fine Arts school at the Academy of Art University offers a top painting school, sculpture school, and jewelry design school all under one roof. The expansive fine arts curriculum allows majors to pursue futures as Gallery Painters, Portrait Artists, Sculptors, Muralists, Printmakers, Art Critics, Art Educators, or Prototype Designers. It is the objective of the School of Fine Art to provide students with the creative and technical skills needed to thrive in today's art world.

GAME DESIGN

Games and interactive immersive worlds grab you and provide not only entertainment, but education, cultural enrichment, and groundbreaking social interaction. There is no limit to the potential in this field, which is quickly becoming the premiere medium for cultural storytelling, information and entertainment. Virtual worlds and interactive environments touch every part of our lives, from the games we play to the phones we use.

GRAPHIC DESIGN

The Graphic Design program embraces the entire range of visual communication and recognizes that design is a cultural force. Through a robust curriculum of problem-solving and innovation, graduates are well-prepared to meet the rigorous challenges within the occupations of Graphic Designer, Typographic Designer, Publication Designer, or Branding Designer. The numerous awards bestowed on the students' work demonstrate the excellent approach to design and audience-based marketing strategies.

ACADEMY OF ART UNIVERSITY / MAJORS

ILLUSTRATION

Students within the School of Illustration develop a unique portfolio that demonstrates a personal style and professional skills, enabling them to enter the job market at a competitive level. Advertising, Publishing, or Editorial Illustrator, Comic Book Artist, Concept Art and Visual Development, Greeting Cards or Children's Book Artist are just some of the futures these majors may discover. The specialized career training in this department helps ensure that student portfolios are of a professional quality.

INDUSTRIAL DESIGN

The School of Industrial Design seeks to establish one of the preeminent design programs in the country. Producing Product & Toy Designers, Furniture Designers, Transportation Designers and Automobile Designers are all part of increasing graduates' exposure to the design and business community. In an effort to keep them more employable, students are provided with a technical skill base and a problem-solving ability within the Industrial Design major.

INTERIOR ARCHITECTURE & DESIGN

In an effort to prepare students for a professional career in architecture, the objective of the School of Interior Architecture & Design is to provide excellent courses taught by professionals. Majors may move on to serve as a Junior Designer, Design Assistant, Senior Designer, Project Manager, or Lighting Designer. The School strives to achieve a balance between design knowledge and creativity.

MOTION PICTURES & TELEVISION

The School of Motion Pictures & Television fosters creativity and independence in filmmaking as an art. With a dedicated approach to practical, hands-on training in a collaborative framework, students are able to launch their career as an Actor, Producer, Director, Editor, Gaffer, Camera Operator, Art Director, Set Designer, or Screenwriter. Graduates are ultimately trained to become specialists, since specialists are what the industry requires.

MULTIMEDIA COMMUNICATIONS

Through hands-on classes in a studio environment, students learn to write, shoot, edit, produce, host, and report in the School of Multimedia Communications. Graduates can then pursue their dreams to be a News Correspondent, Station Manager, News Anchor, DJ, Video Journalist, News Journalist, Video Editor, Sports Announcer, or Sports Writer. The variety of media specialties learned in this School place its majors in a good position within an adaptive field.

MUSIC FOR VISUAL MEDIA

Music for Visual Media is designed to teach students the language of music, and how to apply that language to visual media, including film, television, web, video games, and animation. Coursework will provide a strong foundation in music fundamentals, as well as tools to help you capture the right emotional tone with music to fit the visual image. Our approach is dedicated to practical, hands-on training in a collaborative framework, utilizing the latest computer-based production tools which provide a thorough training in all the latest technology applications of the music-for-picture industry.

PHOTOGRAPHY

The School of Photography develops technically and aesthetically sound photographers, capable of successfully entering and competing in the open marketplace upon graduation. Whether they are interested in Photography as it pertains to Digital, Fashion, Advertising, Portrait, Documentary, or Journalism, graduates find their "style" both by content and approach. Armed with technical skills plus design and concept knowledge, students develop a cohesive portfolio that has their personal signature in every image.

WEB DESIGN & NEW MEDIA

Academy of Art University is a top new media and web design school because students learn an overall knowledge in graphic design, print design, web design, and motion graphic design. Study Contemporary Visual Design and Communications, Web and Interactive design and production, Print design and production, Motion Graphic Design, Photography and Imaging, Typography, Digital Video, Digital Audio, Hand coding HTML, Flash, ActionScripting, PHP and MySQL server-side scripting, and more!
