HOW RANK IS DETERMINED

Preseason rankings are determined by vote of coaches. During the season rankings are determined every Monday morning by total season average from January 11 to February 15. After February 22 ranking is determined by Regional Qualifying Score (RQS).

REGIONAL QUALIFYING SCORE

An RQS is calculated by the six best regular season meet scores, three of which being road meet scores. Of those six scores, the highest score is eliminated and the remaining five scores are averaged.

▶ Q&A WITH THE GYMCATS

Kennedi Davis:

What is your favorite event and why?

Beam is my favorite event because I am able to do something so easily that not many can do, and I love learning all the different skills.

Asia Rose DuVernay:

What is fun and special about collegiate gymnastics?

College gymnastics is more of a team environment rather than an individual environment like JO gymnastics and the atmosphere of college gymnastics is more fun and relaxing.

MackKinzie Kane:

What made U of A stand out when you were being recruited?

The U of A stood out to me when I was being recruited because this is the college that I have always dreamed of attending since I was a little girl flipping around in gym class. Also, I grew up going to GymCat meets and aspiring to be just like them. Now I will hopefully be the one inspiring young gymnasts like my past self.
