SNYDER FIELD

SNYDER FIELD

In 1996, with the construction of Gibbs Stadium for the football team, Snyder Field underwent a near-complete renovation. Included in the changes were a widening of the field to make it one of the top soccer-specific stadiums in the southeast.

The Wofford men's and women's teams have made Snyder Field home since the 1997 season. Located between the Richardson Building, the Mungo Student Life Building and Russell C. King Field, Snyder Field is centrally located on campus.

The Wofford men's soccer team previously played on Snyder Field until the 1989 season, when they moved to the Terrier Soccer Complex.

The facility is named for former Wofford president Henry Nelson Snyder (1902-1942). In the summer of 2022, the old stands were removed and replaced with 400 new seats, along with a new track surface. Additional standing-room areas are located around the perimeter of the facility.

Wofford College, established in 1854, is a four-year, independent, residential liberal arts college located in Spartanburg, S.C. It offers a distinctive program with 26 major fields of study to a student body of 1,750 undergraduates.

Nationally known for the strength of its academic program, outstanding faculty, study abroad participation and successful graduates, Wofford ranks well in U.S. News & World Report, The Princeton Review, The Fiske Guide to College, Kiplinger's Personal Finance and the Open Doors Report on International Education Exchange, an organization that ranks Wofford #4 in the nation for study abroad participation.

Wofford has produced six Rhodes Scholars and is home to one of the nation's 290 Phi Beta Kappa chapters.

A leader in offering high-impact learning opportunities to students, Wofford encourages students to take advantage of all that Wofford, and through it the world, has to offer.

These opportunities include internships with scientific, corporate and non-profit organizations across the globe, undergraduate research opportunities, service-learning in the local community, international study abroad programming and a thriving host of co-curricular opportunities on campus.

One of those co-curricular offerings is the James-Atkins Fund, a student-managed and operated investment organization. The Mungo Exchange also prepares students for life after Wofford by offering professional development, career services, entrepreneurship programs and much more.

Student and residence life on campus include exciting Division I NCAA athletics, opportunities to participate in one of the college's Greek-letter fraternities or sororities, competitive intramurals, a diverse selection of clubs, student publications and a housing plan that helps students progress from first year through fourth in a close-knit community that builds independence. The residence life experience culminates in a final year in

The Village, beautiful, Charlestonian-style apartments designed to help transition students from college student to successful graduate.

Thanks to the generosity of alumnus and trustee Jerry Richardson '59, the Rosalind Sallenger Richardson Center for the Arts opened in May of 2017 and the Jerry Richardson Indoor Stadium to house new basketball and volleyball arenas opened in September of 2017. The new Greek Village was completed in the spring of 2016.

Additionally, the Chandler Center for Environmental Studies and Jerome Johnson Richardson Hall, a 150-bed residence hall, opened in the fall of 2020. Renovations to the library into an academic commons were completed in the fall of 2019. Burwell Dining Hall and Mungo Campus Life Center renovations were finalized in 2021 and a new softball stadium, along with improvements to Snyder Field were finished in the summer of 2022.

Wofford's entire 175-acre campus is a national arboretum, named the Roger Milliken Arboretum at Wofford College in honor of the late longtime trustee and benefactor.

ACADEMICS AT WOFFORD

Wofford offers distinctive learning opportunities that set it apart from other liberal arts colleges. A few of those high-impact educational experiences include:

The Interim, a January term that encourages students and faculty to explore new interests both on and off campus. A sampling of on-campus programs include: Knitting, Science and Art of Craft brewing, Breakout Games, and Yoga. Travel/study projects take students to Australia, China, Ireland, Germany, Japan and other sites around the world. Students also complete internships both locally and around the globe.

The Bonner Scholar program, a service-learning scholarship program that places deserving students in volunteer positions throughout the community.

The Mungo Exchange is a place where students can build upon their liberal arts education by adding professional skills desired by employers and graduate schools. The Mungo Exchange includes the Career Center, whose events, programs and individual meetings are focused on our mission to prepare students for life after Wofford. The Office Entrepreneurship + Innovation serves as the hub and resource center for innovation on Wofford's campus, offering educational opportunities, resources, a community of support and professional connections to innovators and industry experts. International Programs, The Center for Community Based Learning and Undergraduate Research are also in the Mungo Exchange.

Environmental Studies provides a creative and supportive learning environment that helps students pursue their goals in the field of sustainability. It operates both on Wofford's campus and at the college's Goodall Environmental Studies Center at Glendale, S.C. The property where the center is located borders 19 acres of protected green space along Lawson's Fork Creek.

Neuroscience, a program that allows students to examine the nervous system and its regulation of behavior through an experimental approach, is offered

jointly by the Departments of Psychology and Biology.

Computational Science, a fast-growing interdisciplinary field that is at the intersection of the sciences, computer science and mathematics, involves learning to store, retrieve, process and visualize massive amounts of information in web-accessed databases.

The Creative Writing Concentration, a program led by outstanding published faculty authors that provides additional opportunities for students to hone their creative writing skills, earn coveted prizes and become published writers. The Wofford Writers Series brings published writers to campus to augment the Creative Writing Concentration.

The Presidential International Scholar program offers an opportunity for an outstanding, intel-

lectually gifted student to visit developing countries researching a specific academic area of interest. The student then returns to campus to share his or her experiences.

Presidential Seminar, a weekly seminar for outstanding seniors hosted by Wofford President Nayef H. Samhat. Seminar participants explore interdisciplinary subjects of current significance. The college now has a similar program for juniors.

Liberty Fellowship is a two-year leadership experience for young citizens of South Carolina with exemplary promise for societal achievement. The Liberty Fellowship is housed at the college and offered in partnership with South Carolina businessman Hayne Hipp and the Aspen Institute.

RICHARDSON BUILDING

THE RICHARDSON BUILDING

The home of the Wofford College Athletic Department since 1996 is the Richardson Physical Activities Building. The facility includes offices for the administration, football, baseball and other sports on the second floor. Also included on the second floor is an aerobic dance room, team meeting room, racquetball courts and a student-athlete lounge. Locker rooms for football, men's and women's cross country/track and field, men's and women's soccer and a training room are located on the first floor.

Wofford alumnus Jerry Richardson made donations in 2008 and 2018 that were used for enhancing the Richardson Building. Numerous improvements were made in the facility to ensure that it is one of the most advanced athletic facilities in the nation.

The most recent renovations to the building include a 1,200 square foot addition to house a new state-of-the-art hydrotherapy suite which includes a Hydroworx aquatic therapy pool with underwater treadmill. The existing training room was relocated to adjoin the new hydrotherapy suite, which results in a much-needed increased size for the new training room. Supporting the training area are three staff offices, exam room, and state-of-the-art x-ray room. The new team meeting room is equipped with the latest video technology and a media backdrop for post-game press conferences.

The existing football locker room was expanded and upgraded. The upgrades included new paint, carpet, ceilings, and lighting. The equipment room has been reconfigured, and a new high-density storage system was purchased to increase capacity and improve efficiency in the handling of equipment. In addition to the visible improvements a new supplemental mechanical unit to control moisture and improve indoor air quality was installed, along with new HVAC controls in the entire building.

With the campus fitness center relocated to the Benjamin Johnson Arena, renovations were also made to the second floor. A second team meeting room was created with sliding glass walls to provide flexibility for a variety of uses. A student-athlete lounge was built near the racquetball courts which includes two 70-inch monitors.

The building also includes the Harley Room, a large multipurpose area overlooking Gibbs Stadium. The area hosts a wide variety of campus events during the year and a new video wall was installed in 2022. On the patio, a sculpture of Jerry Richardson was dedicated on May 12, 2014 to honor him and recognize the 20th anniversary of the Carolina Panthers summer training camp being held on campus. The sculpture, created by noted California artist Todd Andrews, depicts Richardson seeming to be ready to walk over to Gibbs Stadium to watch the Terriers – for which he also played – take on the next worthy opponent.

Top: The 2018 renovation added a hydrotherapy suite to the training room. Above: The football meeting room.

STRENGTH AND CONDITIONING

THE JOE E. TAYLOR CENTER

Wofford alumnus and former South Carolina Secretary of Commerce Joe Taylor donated \$1 million for the renovation of the Curry Building into the Joe E. Taylor Athletic Center. The Taylor Center features a 7,000 square foot weight room and offices for athletic department staff. The building, located next to Gibbs Stadium, was completed in June of 2009.

The weight room facility is equipped with a total of 24 racks with built-in pull-up bars and nearly 25,000 pounds of plates, dumbbells and olympic weights. The 24 racks are divided, with twelve used with platforms and twelve used with benches. Additional equipment includes four pulldown machines, four low row machines, six glute/ham machines, two decline ab machines, and a leg press. Also included is a large area of Mondo track flooring, which is used with the step-up boxes, plyo boxes and hurdle sets in speed development.

The Taylor Center also provides offices for administration and several sports, including men's and women's tennis and cross country and track and field. A conference room and several work areas give the coaching staff much needed space. The first floor of the building contains the rifle range, which includes ten lanes with electronic scoring.

MISSION STATEMENT

The aim of the Wofford College Strength and Conditioning Department is to allow every student-athlete the best training opportunity with proper instruction and program implementation to create progressive gains in strength, speed, fitness levels, mobility and body composition over the tenure of the athletic career. This will be achieved through a created culture consumed with hard work, discipline, commitment, and knowledge of the craft of training in a highly competitive environment.

THE PHILOSOPHY

The Strength and Conditioning Program consists of prescribed training based on sport specific demands with a great emphasis on properly executing movement patterns and training within the assigned threshold to optimize abilities and capabilities. Keys to this are:

- Evaluation and Assessment
- Individual Needs / Sport Specificity
- Weight Training Movements
- Running Prescription
- Plyometric Training
- Student-Athlete Health
- Recovery and Restoration
- Training Culture

RICHARDSON INDOOR STADIUM

A new era at Wofford began in 2018 with the opening of the Jerry Richardson Indoor Stadium. The new home of basketball and volleyball is adjacent to the north end of Gibbs Stadium, where the Terriers play football.

Wofford alumnus and trustee Jerry Richardson, Class of 1959, provided the gift to fund the facility that includes a 3,400-seat basketball arena and a 350-seat volleyball competition venue as well as offices, locker rooms, meeting rooms, training rooms and special fan areas, including several open-air suites. The facility replaces Benjamin Johnson Arena, which will continue to be used as a first-rate gymnasium for intramural and campus recreational activities.

The facility has already been able to attract top opponents for the basketball teams, including South Carolina, North Carolina, Harvard and Georgia Tech.

The Jerry Richardson Indoor Stadium also has a seating capacity for non-athletics functions, such as commencement and concerts, of 4,500. The facility includes "Club 51" for club seat holders, the "Boneyard" lounge in the student section, state of the art sound system and acoustical design, along with electronic charging stations throughout the building.

BENJAMIN JOHNSON ARENA

When the campus community bid farewell to the Benjamin Johnson Arena as the home of Wofford basketball and volleyball in 2017, it created new possibilities for student recreation and wellness. The renovated Benjamin Johnson Arena student fitness center opened in January of 2018.

“The Benjamin Johnson Arena, which opened in 1981, holds a lot of history for Wofford College, and we’re glad we are able to continue to use the facility as a larger, better fitness center for our students, faculty and staff,” President Nayef Samhat says. “The addition of the new Jerry Richardson Indoor Stadium provides us with this terrific opportunity to give our community a place in the Benjamin Johnson Arena to exercise both their bodies and their minds.”

The lower level of the arena (once basketball and volleyball courts and bleachers) houses a new multi-sport playing surface with three courts. A walking track surrounds the perimeter of the courts. The locker rooms were completely renovated. The concourse areas have become the new student fitness center with the installation of a variety of equipment and machines.

The east concourse has weight equipment, including free weights, benches and machines. The other concourse has cardio equipment, including treadmills, stationary bikes and elliptical machines. The concourses also have open locker storage and new audio-visual equipment.

In addition to the fitness activities, Benjamin Johnson Arena is home of a comprehensive intramural, recreation, and club sports programs that encompass team sports, individual sports, fitness classes, club sports, as well as various other programs. Highlights include intramural basketball and softball, equestrian club, men’s club lacrosse, club ultimate frisbee and an outdoors club.

The arena is named after Benjamin O. Johnson ’30 who was a Spartanburg textile executive associated with Spartan Mills. Mr. Johnson was also a trustee of Wofford College as well as a benefactor. Wofford moved into the Benjamin Johnson Arena in 1981 after playing in adjacent Andrews Field House for 50 years. The \$4.5 million arena is part of the Campus Life Building, which was designed to serve as the center of athletic, social and cultural activity on campus.

The first men’s basketball contest was held on January 22, 1981, as The Citadel scored a 65-64 win over Wofford. The Terriers first win in the arena was on January 26, 1981. The men had an overall record of 334-131 in 37 seasons in the facility.

The Wofford women’s basketball team fielded its first varsity team in the 1980-81 season, moving into Benjamin Johnson Arena in 1981 after playing in Andrews Fieldhouse for the first half of the season. The first women’s basketball game was held on January 22, 1981, with Wofford defeating Sacred Heart 74-25.

TERRIERS IN THE PROS

Dating back to 1919 when Frank Ellerbee played baseball for the Washington Senators, Wofford alumni have made an impact in professional sports. From basketball to baseball to football, golf and soccer, Wofford alumni are making their marks in professional leagues.

William McGirt has earned over \$10 million on the PGA Tour since earning his card in 2011. He won the 2016 Memorial Tournament. Andrew Novak earned his PGA Tour card in 2021, while Rob Galloway is playing on the ATP Tour. Forrest Lasso played professional soccer with FC Cincinnati in the MLS and overseas.

In basketball, Mike Lenzly was a member of the 2012 Great Britain Olympic Team. Additional Terriers who have played overseas recently include Noah Dahlman, Howard Wilkerson, Brad Loesing, Jamar Diggs, Lee Skinner, Karl Cochran, Spencer Collins, Justin Gordon, Eric Garcia, Cameron Jackson and Fletcher Magee.

Wofford also has been well represented in minor league baseball. Brandon Waring, Michael Gilmartin, Alex Wilson, Luke Leftwich, Will Stillman, Matt Milburn, Spencer Kulman, Kody Ruedisili, Jacob-Condra Bogan, Adam Scott, Brett Rodriguez, Colin Davis and Hayes Heinecke all were with teams in the last ten seasons. John Cornely made his MLB debut with the Atlanta Braves in 2015.

Over the past ten years, Andy Strickland (Atlanta and Jacksonville), Tommy Irvin (Arizona), Pat Illig (Detroit), Kasey Redfern (Jacksonville, San Diego, Detroit and Dallas), Alvin Scioneaux (San Diego), David Marvin (Atlanta), Miles Brown (Arizona), and Jojo Tillery (Tennessee) have been in NFL training camps. Brenton Bersin reached Super Bowl 50 in 2016 with the Panthers. Ameet Pall was the fifth overall pick in the 2012 CFL draft.

The City's origins predate the Revolutionary War. Spartanburg was named for a unit of American Revolution forces called the "Spartan Rifles" who helped defeat the British at the Battle of Cowpens in 1781, under the leadership of General Daniel Morgan.

The town of Spartanburg was incorporated in 1831 and later as a city in 1880 by the 13 Original States and Tennessee. During this time Spartanburg was booming due in large part to the expanding textile industry.

In the 1870s, Spartanburg became a railroad "hub city," with mainline railroads extending from Magnolia Street depot in all directions, taking passengers and freight to Charleston, Augusta, Atlanta, Asheville, Charlotte and points beyond. As many as 90 trains per day could be seen and heard operating in Spartanburg during the golden age of the American railroad, 1900-20.

During the 1920s, Spartanburg built South Carolina's first municipal airport and claimed the state's first commercial radio station (WSPA). Its leadership in the state was reflected by the election of several residents as governor.

Thousands of U.S. soldiers bound for overseas service in World Wars I and II trained at camps in Spartanburg. The post headquarters for Camp Wadsworth (1917-19) was located at the present site of WestGate Mall, and the Camp Croft (1940-45) was located south of the city. Much of that military reservation has become Croft

State Park.

After World War II, Spartanburg made a concerted effort to promote its location at the junction of Interstates 85 and 26 to international business. One of the greatest successes of this campaign was the development of the BMW manufacturing center near the Greenville-Spartanburg Airport.

Spartanburg's downtown, which always has been anchored by the campuses of Wofford and Converse Colleges, has been undergoing a major revival since the mid-1990s. In addition to the corporate headquarters for Denny's, Advance America, QS-1 and several other companies, the city has acquired a magnificent public library, the Marriott Hotel at Renaissance Park and most recently, the Chapman Arts Center and the USC Upstate George Dean Johnson School of Business. The area surrounding Morgan Square gradually is redeveloping with a variety of interesting restaurants and urban apartment-style housing.

Throughout the 20th century, textile manufacturing companies formed the backbone of the Spartanburg

economy. The most significant of these companies still in operation is internationally respected Milliken & Company.

Blessed by geography and climate as well as by energetic and well-educated citizenry, Spartanburg is emerging as one of the centers of a 21st century metroplex that extends along the South Carolina portion of the I-85 corridor.

JOEL TYSON

HEAD COACH • FOURTH SEASON
COKER '08

Joel Tyson enters his fourth year as head coach of the Wofford College men's soccer program. He was hired on December 12, 2018, after spending the previous two years with the Charlotte Independence in the USL. He was an assistant coach for the Terriers from 2011-2014.

"From the time I left in 2014 as an assistant coach, Wofford was the only place I could see myself as a head coach," said Tyson. "The people, the campus, and the program hold a special place for me and I am proud to be able to call Wofford home."

During the 2021 season, the Terriers were 5-11-1 overall with a 1-5-1 mark in the Southern Conference. Highlights included a SoCon win over VMI and non-conference victories over Gardner-Webb, UNC Asheville, and High Point, along with a close 1-0 loss to North Carolina. The team won their opening round game in the SoCon Tournament over VMI before falling to Furman. Mitchell Myers, who signed with Memphis 901 FC in the USL, was named first team All-Southern Conference, while Brandon Oddy was named to the second team. Magnus Kjoller, Amin Mohammadi, Nic Parker and Christoffer Saietz earned spots on the SoCon All-Freshman Team. A total of 24 players were recognized on the Southern Conference Academic Honor Roll.

The team played the 2020-21 season in the spring and had a 1-7-1 overall record. Seven of the nine games were decided by one goal. Buster Sjoberg was named All-Southern Conference first team and 22 players were recognized on the Southern Conference Academic Honor Roll.

In his first season at Wofford, the team posted a 4-13-1 overall record and were 2-3-1 in Southern Conference play. Highlights during the season included an overtime win against Mercer and Adrian Roseth being named the Southern Conference Freshman of the Year. Roseth, Sam Ross and Buster Sjoberg earned All-Southern Conference honors. Sjoberg, Roseth and Brandon Oddy were named to the SoCon All-Freshman Team. A total of 27 players earned Southern Conference Academic Honor Roll accolades.

For two years Tyson was a member of the coaching staff of the Charlotte Independence in the USL and contributed to a playoff appearance and the franchise's best season. In his first season with the club, the Independence goalkeepers recorded six clean sheets, 90 saves, and the Eastern Conference's fourth-best goal differential. During his breakout 2017 season, goalkeeper Cody Mizell played in 32 games on his way to earning USL Save of the Month for May, USL Save of the Year Runner-Up, and being one of five USL Goalkeeper of the Year nominations. He was planning to work for the USL expansion club New Mexico United as first assistant coach before accepting the position at Wofford.

He spent two seasons as an assistant coach at Central Florida. In 2015, the Knights posted a 9-8-2 overall record. Hadji Barry was selected to the American All-Conference first team, while Jakov Basic earned All-Rookie Team honors. Barry was picked 13th overall in the MLS SuperDraft. During the 2016 sea-

son, the team was 5-11 overall and Matias Pyysalo was named the American Athletic Conference Offensive Player of the Year. Brian Jamba earned a spot on the American All-Rookie Team.

Tyson spent four seasons as an assistant coach with the Wofford men's soccer team after spending two years at Hofstra. While with the Terriers, the team earned the 2013 Southern Conference Regular Season Championship and had back-to-back appearances in the Southern Conference Tournament Championship final. The team posted 10 or more wins in three of his four seasons with the Terriers. Tyson played a big role in Wofford's recruiting and development of players such as Connor Davis, Nestor Jaramillo, Forrest Lasso, Matthew Aurednik, and Garrett Closs earned All-Southern Conference Team honors.

At Hofstra, Tyson worked primarily with the goal keepers along with assisting in all aspects of the day-to-day operations. In 2010 the team recorded nine shutouts with a 1.12 goal against average. In his first season on the staff, the goalkeepers had seven shutouts.

Tyson is the former starting goalkeeper at Coker College, where he graduated in 2008 with a degree in history (and a minor in English). He tallied a 1.85 goal against average as a senior for the Cobras, when he helped the program to the highest win total in school history. He was named a team captain as both a junior and senior.

While an undergraduate, Tyson also served as president of Coker's Student-Athlete Advisory Committee (SAAC), helped organize an athletic department fundraiser for the Make-A-Wish Foundation and served as a student ambassador for two years. He also attended the National Leadership Conference in 2007 in Charlotte, North Carolina.

Tyson served as the Director of Goalkeeping at the Ralph Lundy Soccer Academy for many years. He also worked as the goalkeeper coach for the South Carolina Olympic Development Program (ODP), where he assisted Ralph Polson. He also worked independently with the goalkeepers for the Long Island Rough Riders of the Premier Development League (PDL).

A native of Irmo, South Carolina, Tyson earned three soccer letters at Dutch Fork High School prior to attending Coker. He served as the goalkeeper coach at Dutch Fork for one season before joining the Hofstra program in 2009.

Tyson and his wife, Megan, were married in 2019 and reside in Boiling Springs, South Carolina with their son, Callum.

Please note Wofford played at the NAIA level from 1975-87 before moving to NCAA Division II in 1988. In 1995, the Terriers moved to NCAA Division I and then joined the Southern Conference in 1997. The 2020-21 academic year season was played in the spring due to the COVID-19 pandemic. In 2022, the NCAA eliminated overtime in regular season matches.

HAT TRICKS

There have been ten hat tricks in Wofford history, with only four hat tricks in Wofford's Division I era (1995-present). The first was by Kyle Walker '08 when he scored three times in the regular-season finale against Birmingham Southern on November 7, 2007 at Snyder Field. The second was on November 3, 2009 when Nick Schuermann '10 scored three times at Furman, with all three coming as the result of corner kicks. With the 4-3 win, the Terriers secured the 2009 SoCon regular season title. The third was on October 9, 2012 when Carlos Dominguez-Gonzalez found the back of the net three times at Elon. He also assisted on the game-winning goal as the Terriers defeated the #20 ranked Phoenix, 4-3, in double overtime. The fourth was on October 12, 2019 as freshman Adrian Roseth scored all three Terrier goals in a 3-3 overtime tie.

The Southern Conference, which celebrated its 100th year in 2021, is a national leader in emphasizing the development of the student-athlete and in helping to build lifelong leaders and role models.

The Southern Conference has been on the forefront of innovation and originality in developing creative solutions to address issues facing intercollegiate athletics. From establishing the first postseason college basketball tournament (1921), to tackling the issue of freshman eligibility (1922), to developing women's championships (1984), to becoming the first conference to install the 3-point goal in basketball (1980), the Southern Conference has been a pioneer.

The Southern Conference is the nation's fifth-oldest NCAA Division I collegiate athletic association. Only the Big Ten (1896), the Missouri Valley (1907), the Pac-12 (1915) and the Southwestern Athletic (1920) conferences are older in terms of origination.

Academic excellence has been a major part of the Southern Conference's tradition. Hundreds of Southern Conference student-athletes have been recognized on CoSIDA Academic All-America and all-district teams. A total of 20 Rhodes Scholarship winners have been selected from conference institutions, most recently in 2012-13, when former Wofford volleyball player Rachel Woodlee earned the prestigious award.

The conference currently consists of 10 members in six states throughout the Southeast and sponsors 20 varsity sports and championships that produce participants for NCAA Division I Championships.

The Southern Conference offices are located in the historic Beaumont Mill in Spartanburg, South Carolina. A textile mill that was in operation from 1880 until 1999, Beaumont Mill was renovated in 2004 and today offers the league first-class meeting areas and offices as well as a spacious library for storage of the conference's historical documents.

MEMBERSHIP HISTORY

On Feb. 25, 1921, representatives from 14 of the Southern Intercollegiate Athletic Association's (SIAA) 30 members met at Atlanta's Piedmont Hotel to establish the Southern Intercollegiate Conference. On hand at the inaugural meeting were officials from Alabama, Alabama Polytechnic Institute (Auburn), Clemson, Georgia, Georgia School of Technology (Georgia Tech), Kentucky, Maryland, Mississippi A&M (Mississippi State), North Carolina, North Carolina State, Tennessee, Virginia, Virginia Polytechnic Institute (Virginia Tech) and Washington & Lee.

Dr. S.V. Sanford of Georgia was chosen as acting chairman and N.W. Dougherty of Tennessee was named secretary. The

decision to form a new athletic conference was motivated by the desire to have a workable number of conference games for each league member. With 30 schools in the SIAA by the early 1920s, it was impossible to play every school at least once during the regular season and many schools went several years between playing some conference members. In addition, in 1920, the SIAA voted down proposed rules that an athlete must be in a college a year before playing on its teams and refused to abolish a rule permitting athletes to play summer baseball for money.

Play began in the fall of 1921, and a year later, six more schools joined the fledgling league, including Tulane (which had attended the inaugural meeting but had elected not to join), Florida, Louisiana (LSU), Mississippi, South Carolina and Vanderbilt. VMI joined in 1923 and Duke was added in 1929.

By the 1930s, membership in the Southern Conference had reached 23 schools. C.P. "Sally" Miles of Virginia Tech, president of the Southern Conference, called the annual league meeting to order on Dec. 9, 1932, at the Farragut Hotel in Knoxville, Tennessee. There, it announced that 13 institutions west and south of the Appalachian Mountains were reorganizing as the Southeastern Conference. Members of the new league included Alabama, Alabama Polytechnic Institute, Florida, Georgia, Georgia School of Technology, Kentucky, Louisiana, Mississippi, Mississippi A&M, University of the South, Tennessee, Tulane and Vanderbilt.

According to the minutes of the meeting, Georgia's Dr. Sanford stated that the division was made along geographical lines. Florida's Dr. J.J. Tigert, acting as spokesman for the withdrawing group, regretted the move but believed it was necessary as the Southern Conference had grown too large. The resignations were accepted and the withdrawing schools formed the new league, which began play in 1933.

The Southern Conference continued with membership of 10 institutions, including Clemson, Duke, Maryland, North Carolina, North Carolina State, South Carolina, Virginia, VMI, Virginia Tech and Washington & Lee.

The Southern Conference office is located in the refurbished Beaumont Mill in Spartanburg, less than a mile from the Wofford campus.

The second major shift occurred some 20 years later. By 1952, the Southern Conference included 17 colleges and universities. Another split occurred when seven schools – Clemson, Duke, Maryland, North Carolina, North Carolina State, South Carolina and Wake Forest – departed to form the Atlantic Coast Conference, which began play in 1953. The revamped Southern Conference included members The Citadel, Davidson, Furman, George Washington, Richmond, VMI, Virginia Tech, Washington & Lee, West Virginia and William & Mary.

A third major shift occurred in 2012-13, when five members announced their departures and three schools were added. College of Charleston announced its decision to leave for the Colonial Athletic Association following the 2012-13 season, while Appalachian State (Sun Belt), Davidson (Atlantic 10), Elon (Colonial) and Georgia Southern (Sun Belt) announced they would depart following the 2013-14 campaign. At the Southern Conference's 2013 spring meetings in Hilton Head Island, South Carolina, the league officially extended invitations to former members ETSU and VMI, as well as Mercer, to join the league for the 2014-15 academic year.

Today, the league continues to thrive with a membership that includes 10 institutions and a footprint that spans six states: Alabama, Georgia, North Carolina, South Carolina, Tennessee and Virginia. Current league members are The Citadel, ETSU, Furman, Mercer, UNCG, Samford, Chattanooga, VMI, Western Carolina and Wofford.

CHAMPIONSHIPS

Men's basketball was the first sport in which the conference held a championship. The league tournament is the nation's oldest, with the inaugural championship held in 1921 at Atlanta's City Auditorium and won by Kentucky. The tournament began Feb. 25, the same day that members of the Southern Intercollegiate Athletic Association met to discuss forming the new league that would become the Southern Conference. The following year, North Carolina won the first tournament after the formation of the league.

Commissioner Germann spearheaded the Southern Conference's expansion to include women's athletics during the 1983-84 season. That year, league women's championships were held in volleyball, basketball and tennis.

Southern Conference declares champions in 10 men's

sports – football, soccer, cross country, basketball, indoor track and field, outdoor track and field, wrestling, baseball, tennis and golf – and nine women's sports – soccer, volleyball, cross country, basketball, indoor track and field, outdoor track and field, tennis, golf and softball. Rifle is a mixed sport.

At the end of the last academic year, there were approximately 2,000 four-year colleges in the United States. Only 290 of them have the right to induct their graduates into Phi Beta Kappa, the nation's most prestigious liberal arts honor society. There are six private Phi Beta Kappa colleges and universities in the Carolinas: Wofford, Davidson, Duke, Elon, Furman and Wake Forest.

Founded at the College of William and Mary in December 1776, Phi Beta Kappa was the first of the Greek letter fraternities and adopted such rituals as the badge, the secret oath, and the special handclasp from the various secret societies of the day.

Phi Beta Kappa, however, was also devoted to the principles of "friendship, morality, and literature (or learning)," and these characteristics gradually attained the greatest emphasis. John Quincy Adams, Edward Everett and Joseph Story, members of the Harvard chapter, are credited with making the fraternity a public literary and honor society for undergraduates in the 1830's. Women were first admitted to Phi Beta Kappa in 1875 at the University of Vermont.

Wofford received its chapter at the 1940 triennial meeting, bringing to fruition more than ten years of work by three Phi Beta Kappa members who were then serving on the faculty: President Henry Nelson Snyder, Dr. David Duncan Wallace, class of 1894, and Dr. John West Harris '16, a brash and brilliant young English professor not afraid to campaign vigorously in the conviction that his alma mater deserved membership. (Dr. Harris later founded the National Beta Club, which still has its headquarters in Spartanburg).

Phi Beta Kappa today sponsors numerous programs to encourage scholarship and learning, including the Phi Beta Kappa Book Awards and the visiting scholar, academic fellowship and leadership programs.

For these reasons, Phi Beta Kappa Day at Wofford has institutional significance, as well as being especially memorable for the new members, each of whom will receive the traditional Phi Beta Kappa watch key or pin.
