THE FALCONS

The nickname Falcons was chosen for BGSU athletic teams in 1927. It was suggested by the sports editor of the Daily Sentinel Tribune, who thought the nickname was fitting because it was indicative of a powerful bird that was small in stature, its coloring represented the school colors, and, like the athlete, the falcon must go through a long period of training before battle. Freddie and Frieda Falcon are the campus mascots.

UNIVERSITY COLORS

The historical story behind how BGSU began using Brown and Orange as its school colors dates back to 1914.

Dr. Williams, the University's first President, gathered a group of people which included a Dr. L.L. Winslow from Industrial Arts as a selection committee for the school's new colors. While on an interurban (or trolley) ride to Toledo, Dr. Winslow sat behind a woman wearing a large hat adorned with beautiful brown and orange feathers. It is unclear whether or not she ever actually gave him a few of these feathers from her hat, however, he was so interested in the color scheme of the pair that he convinced the committee to approve the combination of Brown and Orange.

INSPIRATION TO THE CLEVELAND BROWNS

It was early in the calendar year of 1946 and Browns general manager/head coach Paul Brown was scouring Ohio, looking for a training camp site for that summer on which the team could get ready for its inaugural season in the start-up All-America Football Conference.

His travels took him to Bowling Green and Bowling Green State University. Brown was interested in the school because it was far enough away from Cleveland that he could sequester his team there away from all the noise and chatter of the big city, but close enough that the Browns, when they needed to, could get back to Cleveland in a decent amount of time (two hours-plus at a point in history before the existence of the Ohio Turnpike).

Brown was getting a tour when he stopped in an athletic building. What caught his attention was a framed BGSU football jersey on a wall. He really liked the school's orange-and-brown color combination, and the rest is history.

SONGS OF BGSU

President Ralph McDonald opened a five-year contest during which each year a college song was chosen and presented on Honors Day. At the end of the five-year period, a committee convened to listen to all five winners. Edith Ludwig Bell's composition was publicly presented as The Alma Mater of BGSU at the Golden Anniversary Convocation on May 19, 1960.

Before 1948, there was not an official fight song for campus. The Commoners, a men's independent group, created a contest for a new fight song. Following the students' lead, campus officials asked the music department to develop an official fight song. Dr. Wayne Bohrnstedt, assistant professor of music from 1947-53, composed the current song, "Forward Falcons." The words were written by Sidney Freeman, a graduate assistant in the English department.

Brought to Bowling Green over half a century ago by original SICSIC member and World War II veteran Gilbert Fox, "Ay Ziggy Zoomba" is BGSU's unofficial fight song. In 1946, Fox, an Army Air Corps bombardier who served in Italy, brought his interpretation based upon a Zulu war chant back to the University.

YOU ARE NOT FORGOTTEN

Bowling Green has a permanently unoccupied seat in Doyt Perry Stadium to honor the tens of thousands of military personnel who are or were prisoners of war (POW) or have been declared missing in action (MIA).

POW/MIA Chair of Honor is a national program designed to remember prisoners of war and those missing in action. The chair was permanently installed in the stadium in 2014 to help visitors and fans remember that even though our service members are not with us, they are not forgotten.

Last Meeting

Miami University got a first-quarter touchdown to take an early lead, and the RedHawks were able to hold off every comeback effort by the Bowling Green State University football team Friday afternoon (Nov. 29). The RedHawks picked up a 28-12 win in Mid-American Conference action at Doyt Perry Stadium.

With the victory, Miami (8-4, 7-1 MAC) earned a berth in the MAC Championship game in Detroit. The Falcons (7-5, 6-2 MAC) saw a five-game winning streak come to an end.

BGSU cut that early deficit to just two points on two occasions, getting within 7-5 midway through the second quarter and 24-12 early in the fourth. But, the RedHawks responded with touchdown drives in each case, and MU salted the game away with a late score.

Brett Gabbert threw for 255 yards and three scores for the visitors. Only three Miami players caught passes, but that trio combined for 28 receptions.

For the Falcons, Connor Bazalak was 26-of-41 for 201 yards through the air, while Malcolm Johnson Jr. and Harold Fannin Jr. each had eight catches.

Jaison Patterson scored BGSU's touchdown on a fourth-quarter run, while Patrick Day and Anthony Hawkins combined to tackle a Miami runner in the end zone for a second-quarter safety.

Zach Long made his only field-goal attempt on the day, connecting from 41 yards away.

Later in the fourth quarter they stitched it back on his finger.

From the turf of Ohio Stadium to the Super Bowl stage, the bright lights of Broadway, and now the sidelines of Bowling Green, Eddie George's journey is one of unrelenting excellence, fearless transformation and enduring impact. Named the 21st head coach in Bowling Green State University football history on March 9, 2025, George brings a legacy forged through athletic greatness, intellectual discipline and artistic exploration.

George brings a clear and passionate vision to his leadership at Bowling Green, instilling a culture he calls **GUTS**—an acronym that defines the foundation of how he expects his team to play. Under his guidance, the Falcons are expected to compete with **Gumption**, showing fearlessness and initiative in every situation. They must play with **Understanding**, recognizing the importance of preparation, discipline, and football IQ. His teams will show relentless **Tenacity**, never backing down regardless of the challenge. And above all, George demands a willingness to **Sacrifice**—to put the team above self and embrace the hard work required for collective success. This GUTS-driven mindset is central to the identity and performance of George's Bowling Green program.

A titan of the gridiron, George first rose to national prominence at The Ohio State University, where he captured the 1995 Heisman Trophy behind a breathtaking season—1,927 rushing yards, 24 touchdowns, and over 2,300 all-purpose yards. That same year, he earned the Doak Walker, Maxwell, and Walter Camp Awards, and was a unanimous All-American, forever etching his name in Buckeye lore. Inducted into the College Football Hall of Fame in 2011, George's name remains synonymous with brilliance and consistency.

Drafted in the first round of the 1996 NFL Draft, George became the embodiment of durability and production for the Houston Oilers/Tennessee Titans, never missing a start in eight seasons. A four-time Pro Bowler, NFL Rookie of the Year,

and the engine behind the Titans' run to Super Bowl XXXIV, George amassed 10,441 rushing yards and 78 total touchdowns. Alongside Jim Brown, he stands as one of only two backs in NFL history to eclipse 10,000 rushing yards without missing a single start.

Yet, Eddie George's story is not merely one of athletic conquest—it is a masterclass in reinvention. Armed with a Bachelor's degree in landscape architecture from Ohio State and an MBA from Northwestern's Kellogg School of Management, George built a thriving post-football life. He is the founder of EDGE Group, a cutting-edge landscape architecture and design firm, and the managing partner of The Edward George Wealth Management Group, where he helps clients build lasting legacies. Through the Tamara and Edward George Legacy Fund, he champions youth empowerment, education, and community development.

In the realm of entertainment, George carved a unique niche on stage and screen. He brought charisma and command to the Broadway stage as Billy Flynn in Chicago, tackled dramatic material in Topdog/Underdog, and appeared in hit series like NCIS: Los Angeles, BET's The Game, and NBC's American Dream Builders. His natural presence extended to the classroom, where he has served as an adjunct professor at both Ohio State and Vanderbilt, teaching The Business of Professional Sports.

In 2025, George led Bowling Green to a signature victory in the Battle of I-75, earning his first rivalry win over Toledo in dramatic fashion. The Falcons overcame a 21-0 deficit, scoring 28 unanswered points to secure a 28-23 victory, marking the program's first-ever comeback from a deficit of 20 or more points. The win also made George the 10th head coach in program history to win his first game in the rivalry, while serving as the 27th head coaching victory of his career—fittingly aligning with the iconic number he made famous on the gridiron.

George's debut season at BGSU also featured standout individual performances that reinforced Bowling Green's player development tradition. Tight end Jyrin Johnson earned first-team All-MAC honors, continuing the Falcons' dominance at the position with a first-team selection in three consecutive seasons and five of the six years. Johnson led all MAC tight ends in receptions (37), receiving yards (466), yards per catch (12.6), yards after catch (271), contested catches (8), broken tackles (9), and first downs (23), while ranking among the top 20 nationally in each category among tight ends during the regular season.

On the defensive side, linebacker Gideon ESPN Lampron was named first-team All-MAC after a historic season in which he became the only player in the nation during the regular season to record 100+ tackles and 15+ tackles for loss, finishing with 119 tackles and 17.5 TFLs. Meanwhile, Cameron Pettaway earned MAC Freshman of the Year honors after leading the nation and setting a program record with 33 yards per kick return. His first collegiate touch—a

98-yard kickoff return for a touchdown—came on the opening play of the season, electrifying the start of the Eddie George era.

George was also part of an FBS first in 2025, as Bowling Green featured the sons of both its head coach and director of athletics, Derek van der Merwe, on the same roster. It marked the first time in FBS history that an active head football coach and an active athletics director each had a son playing on the team simultaneously. Eriq George and Ian van der Merwe both contributed along the defensive line, with Eriq joining the program from Tennessee State in 2025 and Ian both appeared in the season opener before an injury sidelined van der Merwe.

George's coaching journey began at Tennessee State University, where he inherited a struggling program and transformed it into a contender. In just two seasons, he led TSU to back-to-back winning campaigns in 2023 and 2024, including a share of the Big South–OVC Championship, a No. 19 national ranking, and the program's first postseason appearance since 2013. His efforts

"Bowling Green is a special place. We loved our time there, and to this day, I always check the game scores to see how the Falcons perform each weekend. The passion and tradition of BGSU football are unmatched, and I can't think of a better ambassador for the Orange and Brown than Eddie George as the next head football coach. His track record of success—both on and off the field—along with his strong work ethic, leadership, and ability to inspire others make him an ideal fit. His experience as a player, coach, and mentor will bring invaluable knowledge and energy to the program, helping to continue to elevate BGSU football." - **Urban Meyer**

earned him Big South–OVC Coach of the Year honors, along with a runner-up finish for the Eddie Robinson National Coach of the Year Award. He developed talent across the board, from 3,000-yard passers to All-Americans, proving his impact extended well beyond the huddle.

Now at the helm of Bowling Green, George has a vision rooted in discipline, development and belief. He is one of only five Heisman Trophy winners to become an FBS head coach, joining legends such as Steve Spurrier and Pat Sullivan.

A proud member of Omega Psi Phi Fraternity, Inc., George is deeply grounded in family. He is married to Tamara “Taj” George, a Grammy-nominated member of the R&B group SWV. Together, they are raising a legacy through their two sons—Eriq, who starred on his father’s TSU defense, and Jaire, a former Vanderbilt running back.

Adding another unique dimension to his role at BGSU, George’s son Eriq joined the Falcons in 2025 as a defensive end after leading Tennessee State with 11.5 tackles for loss in 2024 and earning second-team All-Big South–OVC honors. The father-son pairing on the same collegiate team is a rare occurrence.

Eddie George is more than a coach. He is a renaissance man—a Heisman hero, an NFL ironman, a scholar, a businessman, an artist and a mentor. With every chapter, he continues to redefine what it means to lead with integrity, live with intention and inspire across arenas.

The 2025 college football season marks the 30th anniversary of when Eddie George won his Heisman Trophy.

DOYT PERRY STADIUM

Doyt Perry Stadium is named in honor of the man who led Bowling Green to a 77-11-5 record in his 10 years as the head coach of the Falcons.
 Doyt L. Perry was simply one of the greatest football coaches of his day. His .855 winning percentage over 10 seasons in the 1950s and 1960s remains one of the highest in football history. In fact, Perry is sixth all-time behind Bob Reade (Augustana), Knute Rockne (Notre Dame), Frank Leahy (Notre Dame), Larry Kehres (Mount Union) and Jeff Devanney (Trinity, Conn.) in winning percentage among coaches with at least 10 years of service on the collegiate level. Perry served as the BGSU athletic director for seven years (1965-71) after stepping down as football coach.
 Bowling Green won the first game ever played in Perry Stadium, defeating Dayton, 13-0, on Oct. 1, 1966. The football facility at BGSU was formally dedicated as Doyt L. Perry Stadium on Sept. 26, 1992.
 Bowling Green has played 304 games in the venue. BGSU's all-time record at Doyt Perry Stadium stands at 180-119-5.

WHAT IS SCORIGAMI?

Scorigami is a concept created by Jon Bois. It celebrates the art of discovering final scores that have never occurred before in football history. Originally focused on unique NFL outcomes, the idea has inspired us to create a map of final results from Bowling Green football's storied history. Each data point represents the final score of a Falcon football game.

HOWTO READ THIS MAP?

On the map, the left vertical axis lists the winning scores, while the top horizontal axis lists the losing scores. Each square on the grid represents a possible final score combination, with the winner's score always higher than the loser's. The color of each square helps explain what it means: brown squares represent scores that are mathematically or logically impossible in football. Green squares represent scores that have occurred in Falcon football history, with the number inside each green square indicating how many times that exact score has happened—the higher the number, the more common the result; and white squares represent final scores that have never occurred in Bowling Green history. These white squares are potential Scorigamis—unique score combinations that could still happen in the future.
