## Head Coach Brady Hoke

### *Sixth Season At Ball State*

*College: Ball State University (Class of '82)*

*Head Coach: Led Ball State to the International Bowl after the 2007 season*

*Assistant Coach, 1997 University of Michigan National Champions*

*Assistant Coach, Eight NCAA Division IA Bowl Games*

*Student-Athlete, 1978 Ball State Mid-American Conference Champions*

Brady Hoke, a four-year football letterman at Ball State University from 1977-80, and a team captain for the Cardinals as a senior, was named the school's head football coach Dec. 18, 2002.

"This is my school, and I am very excited to be the head football coach at Ball State University," Hoke says. "I take a great amount of pride in being a Ball State Cardinal and I have a responsibility to my school to field a top-notch football program. We have made great progress in my five years. With a trip to a bowl game last season, it shows the work is starting to pay off. The student-athletes understand what the coaching staff expects of them on the field and in the classroom, and they also take great pride in being a Ball State Cardinal."

Hoke, who was one of only 18 NCAA Division IA head coaches in the country who coached at their alma maters in 2007, has made steady progress in Ball State's rise in the Mid-American Conference.

The 2007 season was the most successful to date with a 7-6 overall record, a 5-2 MAC mark and the Cardinals first bowl appearance since the 1996 season. The seven wins were also the most for Ball State since the 1996 team managed an 8-4 record and played in the Las Vegas Bowl. Ball State's 4-1 divisional record tied for the best divisional record among the 13 MAC teams, and its non-conference schedule was highlighted by a 34-31 overtime win over Navy.

In 2006, Ball State's football program achieved a number of milestones, and built momentum for the 2007 campaign. Ball State posted five MAC wins in a season for the first time since the 1996 campaign and ended the season with two straight victories. Among the Cardinals victories were a win at Toledo in front of an ESPN2 national television audience. The win at UT was the first since 1991 for a Ball State program. Ball State posted a 3-1 record in MAC road games and posted a winning record in the MAC for the first time since 2001.

In 2005, Ball State tallied a 4-4 record in MAC play after starting the campaign with one of the most difficult non-conference schedules in school history -- at Iowa, at Auburn and at Boston College. Ball State won three of its last four conference games, suffering an overtime loss in the season finale. The Cardinals lay claim to being the only team to defeat both MAC Division Champions in 2005 -- a 31-17 win at West Champion Northern Illinois and a 23-17 win at home vs. East Champion Akron. Ball State also posted a 60-57 victory at Western Michigan in the longest game in school history, a five overtime thriller.

The 2008 season will include four nationally televised games, including a Friday night ESPN game at Scheumann Stadium and a nationally televised home contest vs. Northern Illinois, which will be on ESPN2 or ESPNU. In addition, the Ball State games at Miami University and at Central Michigan will be televised on ESPN2.

"We are excited about the chance to showcase Scheumann Stadium on national television again this year," Hoke says. "We have a lot of work to do to get ready for the 2008 season."

# Ball State Football -- 2008 Preseason Prospectus

## Q&A with Coach Hoke

### Q & A with Ball State Head Coach Brady Hoke

#### ***The 2007 season was one of many accomplishments for the program, where does this take the team for 2008?***

"We achieved a lot of the goals we set last season, but that was last season, and we are now in preparation for 2008. We have had those expectations since I arrived here, but we put ourselves in better position in 2007. We have great kids in this program, and we want to be sure we put them in the position where they can make this program successful. We expect more. We have a lot of work to do."

#### ***While setting numerous records on offense, and returning nine starters, what is expected of the offense in 2008?***

"Our running game needs to improve. We had some injuries in the backfield, but that happens in football. We need to run better and we need to block better up front. We did not get it done offensively in some key games a year ago, but we did protect the football and did not turn it over. We have to improve in many areas offensively, but we have some playmakers on that side of the ball."

#### ***What are your concerns on the defensive side of the ball?***

"Statistically, we were better on defense than we had been in the past, but we are not where we need to be. We graduated some veterans on defense, but we have some players who have been in our system that are ready to make their mark. We also have some young players who have been waiting for their chance, and we will spend the spring evaluating a lot of positions on defense. We have to play defense with passion and competitiveness."

#### ***Nate Davis had an outstanding season for the Cardinals, what are the expectations for his junior season?***

"We have a system and he plays within that system. But, his abilities are the reason we can play that system. God blessed him with ability, but the way he has worked with that ability has been something to make a coach proud. He is maturing as a quarterback and as a person."

#### ***Will you approach this spring any differently than you have in the last five years?***

"We want to continue to create a competitive environment. We have always had the goal of winning the MAC Championship and we have not done that yet. That is our goal. I am in coaching because of the kids. Being around them in the social, academic and physical areas. I am an alum of this university, and it is important to me that we are always putting our best foot forward. We want to win and we want to compete at a high level. We will coach as hard as we can because we do not want to cheat the kids. We want to develop them as players and as people."
