Creighton Men's Soccer will experience a mixture of change and experience as 13 newcomers join the squad for the 2026 season. The influx of new talent and energy will need to blend with 16 returners, led by a highly experienced back line and goalkeeper.

"We try to play a fluid style of futbol," noted head coach **Johnny Torres**. "At times it may look like we have three, four or even five in the back. The one thing that is constant is that we want to be an attacking team."

Defense

Last season, the Bluejays allowed just 16 goals in 16 contests for a 1.00 goals against average. Creighton's defense delivered seven clean sheets as well as five matches surrendering just one goal.

The Creighton defense has three stalwarts returning in **Brian Edelman**, **Matthew Reed** and **Andrija Savic**. The trio anchored the Bluejays with a combined 3,754 minutes on the pitch last season.

Reed enters then 2026 season as a Preseason All-BIG EAST selection, while both Reed and Savic collected postseason recognition from the BIG EAST in 2025.

"Our back line is battle proven with a lot of experience, but we've also made strong additions that provide depth," said Torres. "I feel good about how quickly our newcomers are adapting to our style."

Goalkeepers

Taking over in net after former Bluejay Blake Gillingham had played 2,610 consecutive minutes, **Matthew Hudson** played every second of the 2025 season, logging 1,440 minutes. The Iowa native closed the season with seven shutouts, 53 saves and a 1.00 GAA.

Hudson will be pushed by a pair of fifth-year transfers as **Clayton Brooks** (DePaul) and **Amari Thompson** (St. John's) bring a wealth of BIG EAST experience to Omaha.

"Hudson is another player that is battle proven. He had to learn on the fly last season and he performed well," said Torres. "Brooks and Thompson bring significant experience and good attributes in goal that will push Hudson and overall improve our team."

Offense

Offense is the area the Bluejays will need new blood to step to forefront.

Creighton's leading scorer from 2025, Miguel Arilla, departed for the professional ranks. Arilla delivered six of the Bluejays' 21 goals last season.

Reed's 10 points on three goals and four assists is the most for any Bluejay returner. **Brady Bragg** (1G, 1A), **Ayden Kokoszka** (1G, 1A) and **Bautista Rossi** (3G, 2A) will all get more opportunities and more minutes on the pitch in 2026.

"At the end of the day I'm not concerned with who is scoring, I'm concerned that the engine is running in the right way," added Torres. "If that is happening, we will be getting lots of opportunities, not just for our forwards and attacking midfielders."

Torres expects significant minutes for transfer **Angel Lopez** as well as freshman **Jordan Igwenma**.

Schedule

The Bluejays open the 2026 season with eight of the first nine matches at home in Morrison Stadium. Creighton hosts Florida International (Aug. 20), Drake (Aug. 23) and San Francisco (Aug. 27), before traveling to Tulsa (Aug. 31).

Returning home for the Jesuit Invitational, the Bluejays face Gonzaga (Sept. 4) and Santa Clara (Sept. 7), then face Saint Mary's (Sept. 10) and Yale (Sept. 13). The remaining non-conference schedule takes Creighton to Denver (Sept. 22) and a road match at Omaha (Sept. 29).

The BIG EAST slate brings Providence (Sept. 18), St. John's (Oct. 2), Butler (Oct.24) and DePaul (Nov. 6) to Omaha. While Creighton battles Marquette (Sept. 26), Akron (Oct. 11), Xavier (Oct. 15) and Georgetown (Oct. 30) on the road.

"The standard at Creighton is reaching the NCAA Tournament. Last year we came up one or two wins short," noted Torres. "We have a good schedule with a lot of home matches this season and one of our team goals is to return to the BIG EAST and NCAA Tournament."

Meet the 2026 Bluejays

Johnny Torres

Head Coach
Eighth Season
Creighton, 2008

Johnny Torres begins his eighth season as the head coach of his alma mater in 2026. He enters with a combined record of 57-43-23, including NCAA Tournament appearances in 2021 and 2022.

A two-time National Player of the Year and Creighton Athletics Hall of Fame selection, Torres played an integral role in lifting Creighton to its first College Cup in 1996 as a player. He served as an assistant coach during two more College Cup appearances for the Bluejays in 2011 and 2012, then brought things full circle for Bluejay nation in 2022 guiding Creighton to its sixth College Cup as the head coach.

During the 2022 campaign, Torres molded Omaha native Duncan McGuire into Creighton's second MAC Hermann Trophy winner, joining Torres who won the honor in 1997 (at the time the Hermann Award and Missouri Athletic Club gave separate National Player of the Year awards).

Arguably the greatest soccer player in Creighton and Missouri Valley Conference history, Torres competed for the Bluejays from 1994-97 and played professional soccer for over 10 years. Torres spent 12 seasons as an assistant coach on the Bluejay coaching staff before being promoted to head coach in November of 2018.

A member of the 2018 BIG EAST Coaching Staff of the Year, Torres helped Creighton claim the conference regular-season title with a 7-1-1 mark in BIG EAST action and an 11-4-3 record.

Torres helped lead the Bluejays to the most wins in Division I (19) during the 2015 season as Creighton had four players selected in the 2016 MLS SuperDraft. The Bluejays started the season 15-0-0, the program's best start since 1993, and finished the year with the third-best offense in Division I.

With the 2014 BIG EAST Co-Coaching Staff of the Year, Torres helped lead the Bluejays to the nation's best winning percentage at (.795) with a 16-3-3 record. Creighton won its first BIG EAST regular season title with a 7-1-1 mark and advanced to the NCAA quarterfinal.

In 2013, he aided the Bluejays through their inaugural season in the BIG EAST Conference. Creighton finished the season with a 9-9-2 overall record. Seven Bluejays claimed spots on 2013 All-BIG EAST Teams. Eric Miller and Zach Barnes claimed NSCAA All-Great Lakes Region honors and later were drafted in the 2014 MLS SuperDraft. He claimed the National Assistant Coach of the Year honor from the National Soccer Coaches Association of America in January 2012. He was also named the NSCAA Midwest Region Assistant Coach of the Year after the 2011 and 2012 seasons and Great Lakes Region Assistant Coach of the Year in 2015.

He helped direct the Bluejays to a 17-4-3 record and their second consecutive appearance in a College Cup in 2012. Creighton won the Missouri Valley Conference regular-season and tournament titles for a second straight season. Along the way, the Bluejays tied the MVC record for the fewest goals allowed (1) in a Valley season set by CU in 2011. CU entered the 2012 College Cup on a 14-match unbeaten streak before falling 1-0 to eventual national champion Indiana in the semifinals.

His roles on the coaching staff included scouting, recruiting and training. He also played a major role in working with student-athletes on service projects in the Omaha area.

Active in the community throughout his collegiate and professional playing days, Torres was tabbed the Children's Miracle Network National "Hometown Hero" in 1996. In 1996, he earned National Player of the Year honors from *Soccer America* after leading the Bluejays to their first College Cup appearance. When his career ended, he was the Valley's all-time scoring (128 points) and assists (36) leader.

He was the fifth overall pick in the first round of the 1998 Major League Soccer (MLS) Draft by the New England Revolution and played for the Revolution for four seasons. He also played for the Miami Fusion and Chicago Fire, before continuing his career in the USL for the Minnesota Thunder and the Milwaukee Wave United, before moving to indoor soccer with the Milwaukee Wave. In 2010, Torres returned to the professional ranks as a player, leading the Omaha Vipers of the Major Indoor Soccer League in goals scored. In 2009, he played on the United States Adult Soccer Association Over 30 championship team (Nebraska 402) which qualified and participated in the U.S. Open Cup in 2009.

Torres returned to the Creighton campus in the fall of 2007 to complete his undergraduate degree while serving as the Bluejays' undergraduate manager. After receiving the NCAA Degree Completion Award, he earned his degree in social work from Creighton in the spring of 2008.

The 2004 Creighton Athletics Hall of Fame inductee and two-time First Team All-American selection has two sons, Dominic and Javi, and two daughters, Perla and Isla. Torres married Sara Heck in 2013.

Michael Gabb

Assistant Coach
12th Season
Creighton, 2002

Former Bluejay Michael Gabb enters his 12th season as Creighton's goalkeeping coach. Gabb returned to Omaha prior to the 2016 season.

The 2025 season saw Gabb help Matthew Hudson deliver seven clean sheets and a 1.00 GAA, despite entering the season with no experience.

During the 2023 and 2024 campaigns Gabb guided transfer Blake Gillingham into an MLS caliber goalkeeper. Gillingham started his last 19 matches as a Bluejay.

Gabb's instruction shined when the moment grew to its biggest, helping Paul Kruse adjust to three defenders during the 2022 run to the College Cup. Creighton limited its opposition to 1.13 GAA over the final eight matches. The most impressive performances saw Creighton shut out Seton Hall and No. 14 Georgetown to win the BIG EAST Tournament, then hold No. 1 Washington to one goal in a road victory during the Second Round of the NCAA Tournament.

Gabb has coached a Bluejay goalkeeper to an All-BIG EAST spot five times.

The Omaha native guided the Bluejays to a 1.23 goals against average during the 2021 season as the Bluejays returned to the NCAA Tournament for the first time since 2016. Gabb also guided Creighton's goalkeepers to a 1.23 goals against average as Kruse and Collin Valdivia split time in goal in 2019.

The 2002 graduate aided Kruse earn 2018 All-BIG EAST Second Team honors and unanimous selection to the All-BIG EAST Freshman Team. Kruse posted a 0.64 goals against average, the fifth-best mark in program history and second-best by a freshman (0.51 by Brian Holt in 2008). The 2017 Bluejay squad posted seven shutouts and held opponents to one goal or less a total of 10 times.

Gabb helped Alex Kapp earn NSCAA All-America and BIG EAST Co-Goalkeeper of the Year honors following the 2016 season as the senior transfer tallied seven shutouts and a 0.84 goals against average during his only season at Creighton. Atlanta United FC selected Kapp during the fourth round of the 2017 MLS Draft.

Prior to returning to Creighton, Gabb served as the director of goalkeeping at the Colorado Rush Soccer Club for five years, and spent two seasons as the goalkeepers coach for Metropolitan State University in Denver. He guided the Roadrunners to a 13-4-2 record and 1.12 goals against average in 2015.

He also spent two seasons as a graduate assistant coach for the men's and women's soccer programs at Winthrop University in 2005-06. Additionally, he served as Director of Coaching at the Discoveries Soccer Club while attending school in Rock Hill, S.C.

Gabb earned his master's in business and leadership from Winthrop in 2007. He also served as an assistant coach at Bellevue University and as the supervisor of the Millard Soccer Center, the Arsenal Soccer Club goalkeeping director and founded and directed the Nebraska Goalkeeping Academy.

As a player, Gabb spent five seasons with the Bluejays from 1998-2002 while playing for Bret Simon (1998-2000) and Bob Warming (2001-02). In 2007, he returned to his alma mater and spent one season as an assistant under Warming. During his collegiate playing career, Gabb led the Bluejays to the College Cup twice, including the 2000 College Cup Final. In 2000, he set school records with 2,279 minutes in goal and 21 victories, while playing for Simon. The Bluejays won a program-best 22 matches during the 2000 season.

As a senior (2002), Gabb played every minute in goal to lead Creighton to its second College Cup appearance in three seasons. He earned Second Team All-MVC honors after accumulating a 0.96 goals against average and an 18-4-2 record. Gabb owns the fourth-most wins (41) all-time as a Creighton goalkeeper and the second-best winning percentage (.802).

The Bluejays won three Missouri Valley Conference Tournament championships and made it to the NCAA Tournament each season during his time as a player.

Following graduation from Creighton in 2002, Gabb played professionally with the Syracuse Salty Dogs in the United Soccer League for one season. Gabb earned a bachelor's degree in psychology with a minor in business from Creighton in 2002. He and his wife Bethany have three children, Jackson, Asher and Gage.

Mitch Kavanagh

Assistant Coach
Ninth Season
Bellevue, 2013

Kavanagh has been a critical piece of Torres' staff throughout the last nine seasons. His Bluejay career began in 2018 as a volunteer assistant under Elmar Bolowich. He remained a volunteer assistant when Torres moved to the head coaching role, then was elevated into the role of assistant coach prior to the 2023 season.

His responsibilities include planning and preparation for all training sessions as well as scouting and game-planning. His input was crucial during the Bluejays' 2022 College Cup surge, helping the staff break down game film to make adjustments for the second meeting of the season with Seton Hall and No. 14 Georgetown.

Before coming to Creighton, Kavanagh spent three seasons as an assistant coach at Bellevue University. He also played for the Bruins in 2012 and 2013. Kavanagh earned First Team All-Midlands Collegiate Athletic Conference honors in 2012 and appeared in 31 games during his career as a defender, scoring one goal and adding two assists.

Kavanagh also remains the Director of Gretna Elite Academy, a role he has held since 2015.

The Jays won their second straight MVC regular and postseason titles while becoming the first NCAA team to go unbeaten and untied during the regular season since Howard University accomplished the feat in 1974. Creighton's 19 victories to begin the season established what is still a school mark for consecutive wins. The Jays were ranked No. 1 in the country in the adidas/ISAA national poll for the final five weeks of the season, becoming the first Creighton team to earn that recognition since the men's basketball team was ranked No. 1 nationally during the 1942-43 season. For the second year in a row, the Jays received one of the top four overall seeds in the NCAA Tournament. Seniors Brian Kamler and Keith DeFini were named First Team All-Americans by the NSCAA and were finalists for both the Hermann Award and the Missouri Athletic Club "National Player of the Year" award. For the second year in a row, the Jays were ousted in their opening match of the NCAA Tournament, losing 2-1 to Air Force in sudden death overtime.

Despite losing 10 starters from the 19-1-0 1993 squad, the Jays began the season 4-0-1 while using five freshman starters, including standouts Johnny Torres, Zion Renfrum and MVC Newcomer of the Year Ross Paule. The 1994 squad became the first Creighton team to win an NCAA Tournament match when it avenged an earlier loss with a 2-1 victory over 16th-ranked Saint Louis on Nov. 20. The Jays then lost a heartbreaking 1-0 match at No. 2 Indiana to conclude their season. *Soccer News* chose goalkeeper Jay Fitzgerald as a junior All-American, while senior Lance Hill was named First Team All-Midwest. The Creighton soccer program entered a new era in 2003 with the opening of an on-campus soccer facility, the Michael G. Morrison, S.J., Stadium. The Bluejays moved to the facility after playing home matches at Tranquility Park in west Omaha from 1990-2002.

With the downtown Omaha skyline to the south, CHI Health Center Omaha to the east, Ryan Athletic Center to the north and the McDermott Center to the west, Morrison Stadium places student-athletes in the middle of it all.

The $13 million facility hosted its first match on Aug. 29, 2003, and was officially dedicated on October 15, 2004. The stadium also played host to a friendly between the U.S. Women's National Team and Sweden in July 2010 that welcomed a crowd of nearly 6,500 fans and was televised live on ESPN.

Morrison Stadium's seating capacity is 7,500. Construction on the stadium was completed in 2004 and included a video scoreboard, champions room, nearly 2,000 covered chairback seating, five luxury suites, an enclosed press box and concession stands. An athletic training room and locker rooms were built in the adjacent Ryan Athletic Center, which opened in 2009.

A project to construct coaching, staff and resource offices to the north side of the upper west concourse was announced in July of 2017. The project, completed in the summer of 2018, includes the addition of suites to enhance fan experience and improve event space, a winterization to maximize usage opportunities for student-athletes, staff and the community and a renovation of the existing club area to include an in-venue multi-purpose space for student-athletes.

Morrison Stadium received a surface upgrade prior to the start of the 2019 season. FieldTurf's CORE system was installed during the final weeks of July and first of August. The FIFA Quality Pro certified surface is featured at Providence Park in Portland, the home facility of the MLS Portland Timbers. CORE includes VersaTile, which features a state of the art drainage system and shock absorption. The drainage system offers a free draining surface area of 82 percent and the shock absorption properties are expected to lessen the impact of the normal wear and tear of soccer. FieldTurf's CoolPlay system was installed to complete the playing surface. The CoolPlay composite dressing has been tested to keep the playing surface about 35 degrees (Fahrenheit) cooler than traditional sand or rubber infill systems.

Creighton soccer has enjoyed incredible success at home since its reinstatement in 1990. The Bluejays' home record is 273-57-35 for an impressive winning percentage of .796 since 1990. The Bluejays, who annually rank among NCAA leaders in attendance, are 171-41-30 overall and 67-18-8 in conference play all-time at Morrison Stadium.

This is Creighton

Creighton President: Rev. Daniel S. Hendrickson SJ, PhD

The Rev. Daniel S. Hendrickson, SJ, PhD, is the 25th president of Creighton University and has led the nearly 150-year-old Jesuit, Catholic institution – with campuses in Omaha, Phoenix, and the Dominican Republic – since 2015. As a former student, faculty member, and trustee of Creighton, Fr. Hendrickson possesses deep understanding and passion for the University's mission to form leaders who are motivated to build a more just world.

Joining the Society of Jesus in 1994, Fr. Hendrickson first encountered Creighton in 1996 as a student in the Jesuit Humanities Program. He returned as an adjunct instructor of philosophy from 2000 to 2003, including teaching for the Institute for Latin American Concern (ILAC) program in the Dominican Republic during the fall semester of 2002, and joining the Board of Trustees in 2013.

Continuing his commitment to global service and education, Fr. Hendrickson was a visiting instructor in the Department of Philosophy at Jordan University College in Tanzania from 2006 to 2007 before serving as an adjunct professor in the Department of Philosophy at Fordham University in 2008. He would return to his alma mater, Marquette University, in 2012, holding various faculty and administrative positions until joining Creighton in 2015 as its 25th president.

Father Hendrickson's priorities for Creighton include bolstering the role of interdisciplinary higher education between the sciences and humanities; advancing a pedagogy of engaged learning and global experiences; and broadening the reach of Creighton's health sciences programs.

During his presidency, the University has experienced record-breaking enrollments; an expansion of academic program offerings; and national recognition for its first-year student experiences, undergraduate teaching, undergraduate research, and focus on innovation. Additionally, Fr. Hendrickson's vision for meaningful student support has resulted in a 98% outcomes rate for graduates; a 92% first-to-second year retention rate; and a graduation rate close to 20 percentage points higher than the national averages for public and private institutions.

Father Hendrickson has overseen significant expansion and enhancements to the University's physical footprint. In Omaha, this includes a projected $1 billion in public-private and philanthropic investments by the early 2030s; additionally, in Phoenix, this includes the establishment of a health sciences campus in 2021 currently serving a near-capacity 1,000 students. Today, Creighton is one of the nation's largest Catholic health professions educators and among the top 15 largest medical schools in the United States.

Moreover, under Fr. Hendrickson's leadership, Creighton has significantly strengthened its donor support. As of 2026, the University has seen a 38% increase in endowed chairs during his tenure with 14 new positions being created since 2015. With student success as a priority, Creighton's Forward Blue campaign, which launched in 2021, has raised over $263 million in scholarship dollars, resulting in the establishment of 520 new scholarships — an increase of 150% compared to the decade prior to the campaign.

Outside of Creighton, Fr. Hendrickson serves on the boards of Boston College, Xavier University, the BIG EAST Conference Board of Directors, the Association of Catholic Colleges and Universities, and the Greater Phoenix Economic Council. He is also a trustee of ILAC/Centro de Educación para la Salud Integral in the Dominican Republic and Jesuit Worldwide Learning, based in Geneva, Switzerland. His international experiences in 70 countries on nearly every continent have nurtured his belief in the importance of global immersion as key to a well-rounded education.

Father Hendrickson grew up in Fremont, Nebraska, graduating from Mount Michael Benedictine High School. He comes from a family of educators, including his identical twin, the Rev. D. Scott Hendrickson, SJ, DPhil, and his older brother, Ryan Hendrickson, PhD, who is president of the University of St. Francis, in Illinois.

Father Hendrickson holds a BA from Marquette University; an MA in philosophical resources from Fordham University; a MDiv degree from Santa Clara University; and MA and PhD degrees from Columbia University. He is the author of *Jesuit Higher Education in a Secular Age: A Response to Charles Taylor and the Crisis of Fullness*, published in 2022.

Fly Together is a nearly $300 million investment in Creighton Athletics and recreation through new and upgraded facilities across 17th Street from the rising Builder's District and Kiewit Corporation's headquarters.

The Heider Family Foundation's $100 million investment is the largest gift in Creighton University's history, breaking the previous mark also made by the Heider family. Announced in September of 2025, the project will be entirely donor funded.

Nearly half of all undergraduates stay in Nebraska after graduating. Fly Together will attract more prospective students, driving admissions and Nebraska brain gain. More than 80% of Creighton students come from out of state. Fly Together merges the campus with the $650 million Builder's District, a 10-block urban village, giving the University a new front porch to Omaha. This union activates North Downtown like never before.

In an evolving era for intercollegiate athletics, Fly Together enhances our facilities for Creighton's 300 student-athletes. It will also offer new, top-tier spaces for student fitness, intramurals and club sports.

Fly Together will add, renovate or repurpose approximately 700,000 square feet of Creighton's campus. Projects with construction underway include a team facility for baseball and softball and a sports performance center that will serve all student-athletes.

Additionally, a new softball competition field and a new baseball practice field opened in 2025-26. The two ballfields were funded by a combination of public and private support. The State of Nebraska's Shovel-Ready Fund granted $30 million to support the CL and Rachel Werner Center for Health Sciences Education and the baseball and softball complex. The College World Series of Omaha, Inc., contributed an additional $2 million toward the baseball practice field.

Baseball & Softball Fields/Team Facility

The home of Creighton softball, Creighton Softball Stadium was completed in fall 2025.

The practice site for Creighton baseball, completed in June, is the principal location for teams preparing to compete in the Men's College World Series. Both fields will also be available for intramurals, club sports and community events.

Serving Creighton's baseball and softball teams. The team facility — which will include batting cages, training rooms, team lounges, staff offices and more — will also be available to visiting MCWS teams, Creighton intramurals and various community partners. Construction is underway and is expected to be completed by fall 2027.

The Bill

The crown jewel of Creighton's emerging Athletic Village, the state-of-the-art facility named after philanthropist Bill Scott, "The Bill" will serve all Creighton student-athletes, with approximately 10,000 square feet of strength and conditioning space, as well as areas for nutrition, sports medicine, academic advising and sports psychology services. Construction is underway, and is expected to be completed by 2027.

Creighton McCormick Endowed Athletic Director: Marcus Blossom

As the landscape of college athletics continues its dramatic shift, the need for innovative approaches, steadfast leadership and vision for future modeling has never been more critical.

Since his arrival as the McCormick Endowed Athletic Director on September 27, 2021, Marcus Blossom has worked tirelessly to position Creighton athletics for sustained competitive success while remaining in front of a rapidly changing environment.

During his first five years on campus, student-athletes have excelled in the classroom and on the field of play, while fundraising numbers and donors have increased substantially. Additionally, Blossom introduced the first strategic plan for athletics, a roadmap that will help Creighton athletics continue to advance forward and maintain its current momentum. He has navigated the evolving iterations of NIL and revenue sharing and has provided the necessary guidance, education and opportunities for Creighton student-athletes, while keeping the athletic department ahead of the curve.

Paramount to the mission of the University, Creighton athletes achieved an overall Graduation Success Rate of 997 with 12 teams recording perfect scores. In Spring 2026, the department boasted a cumulative 3.47 grade point average, with 86 percent of all student-athletes owning a cumulative GPA of 3.00 or better. An impressive 19 percent of CU's student-athletes earned a perfect 4.00 GPA in the Spring 2026 semester.

Over the last five years Creighton programs have made 21 NCAA postseason appearances and finished runners-up for the DI-AAA Directors' Cup trophy in 2023, recording the school's second-best overall Directors' Cup finish the same year.

Since Blossom's arrival, Creighton and UCLA are the nation's only schools to reach the Elite Eight in men's soccer, women's volleyball, men's basketball and women's basketball. Creighton, UCLA and Kentucky are also the nation's only schools to reach the Sweet 16 at least once in men's soccer, women's volleyball, men's basketball and women's basketball in those five years.

Creighton has experienced enormous success in both men's and women's basketball in Blossom's tenure. The men's basketball team has finished inside the top five ultra-competitive Big East each the last 10 seasons, reaching the NCAA Tournament seven times with an Elite Eight run in 2023 and Sweet Sixteen trips in 2021, 2023 and 2024. Creighton finished sixth in the nation in attendance (17,366) and posted a record number of season ticketholders in 2024-25, while 2025-26 marked the program's 14th-straight non-COVID campaign in the top 10 in average home attendance.

Women's basketball is thriving and reached four consecutive NCAA tournaments for the first time in program history from 2022-25 including an Elite Eight run in 2022. Attendance increased 68 percent from the 2022-23 season to the 2024-25 season.

Creighton has experienced competitive success across the board. Women's volleyball has won 12 consecutive BIG EAST regular season and six straight BIG EAST Tournament titles, reaching the Sweet 16 of the NCAA Tournament in 2023 and Elite Eight in 2024 and 2025. In September of 2025, the squad played in front of an NCAA Volleyball-only record indoor crowd of 17,675 in its matchup with in-state rival Nebraska.

During Blossom's first five seasons as Creighton AD, the Bluejay men's and women's basketball and women's volleyball teams recorded 16 more victories (373) than any other five-year period in school history.

Men's soccer followed a BIG EAST Tournament in 2022 title with a run all the way to the College Cup. Additionally, men's soccer finished second in the nation in average attendance in 2023.

More than just academic and competitive success, Creighton had a record number of donors (6,320) and fundraising revenues for the 2026 fiscal year, totaling a 16 percent year-over-year increase.

Creighton set a record for non-capital gift revenues in FY24 and exceeded just under $2 million in FY26. Corporate sponsorship sales revenues have increased by over 64 percent in the last five years, while school licensing revenues set record levels in 2024 and then exceeded those by 6 percent in FY26. Creighton set an overall fundraising revenues record in FY26.

The Creighton men's basketball program experienced a $5 million increase in annual revenue from 2022 to 2025. As part of creating a better spectator experience at CHI Health Center Omaha, the courtside seating options and experience were transformed, leading to more than $1.5 million in additional revenue.

Blossom has helped address the future of both the baseball and softball programs. The department is currently in the construction phase of a new and impressive competition and developmental complex for the two programs. This project is part of the recently announced Fly Together project, a $300 million athletics and campus recreation initiative headlined by a new state-of-the-art sports performance center for student-athletes. Fly Together was made possible by a $100 million lead gift from Cindy and Scott Heider, trustees of the Heider Family Foundation. The Heider gift is the largest in the history of Creighton University.

In lock step with the University, Blossom is a member of the President's cabinet and regularly collaborates with campus leaders to accomplish shared goals and strategic objectives. He has made eight head coaching hires during his tenure, has rebuilt his executive staff making critical hires in development, external relations and compliance, and serves as an Executive Committee member for the Men's College World Series.

Blossom arrived at Creighton from College of the Holy Cross where he was the Director of Athletics for over two years. During Blossom's time in Worcester, he led the development of the athletic department's first strategic plan, a five-year roadmap to elevate the program by creating a high-performance culture, achieving and sustaining competitive excellence, increasing external support and community engagement and enhancing facilities.

The strategic plan was supported by fundraising efforts to grow annual fund revenues by at least 50%, increase scholarship dollars for Olympic sports and transform the outdoor athletics complex. Blossom and his team made significant progress on several priorities in his time at Holy Cross, including: (1) revitalizing the game experience with improved game presentation and video board technology, (2) significant improvements to the sports performance area by adding additional strength coaches and athletic trainers and (3) strengthening campus – relationships grounded in mutual understanding, respect and shared goals.

Holy Cross athletic teams experienced success and his time was marked by several new coaching hires as well. The football team won consecutive Patriot League championships in 2020 and 2021. Academically, Holy Cross continued to rank amongst the nation's elite under Blossom's leadership. The Crusaders most recently ranked first in the nation with an overall Graduation Success Rate (GSR) of 99 percent. Additionally, 15 Holy Cross teams received Division I Academic Progress Rate public recognition awards from the NCAA. These teams posted multi-year APR scores in the top 10 percent of all squads in their respective sports. Holy Cross finished seventh in the nation among all Division I athletic programs in the number of teams honored. For the 2020-21 academic year, Holy Cross student-athletes posted a cumulative grade point average of 3.30, with 540 student-athletes achieving a 3.0 or higher.

Prior to Holy Cross, Blossom spent five years at Boston College finishing his tenure as the Senior Associate Athletics Director for Business and Administration. Blossom was a member of the executive team and assisted with all aspects of strategic planning and vision execution for the department of athletics.

At BC, Blossom was the department's senior financial and human resources officer responsible for all fiscal activities including budget planning, formulation, management, and resource allocation. He also directly supervised the broadcast services team (ACC Network), interactive media, technology, football equipment operations and campus recreation while being an integral part of all external contract negotiations and ticket sales strategies. Known for effectively collaborating, Blossom was also the department's liaison to residential life, concessions, dining services, event management, risk management and the university bookstore.

In addition, he was the program administrator for men's basketball, softball, women's rowing and men's and women's sailing. Also active in the ACC, Blossom was the chair of the ACC Women's Rowing Committee and a member of the ACC Finance Committee and contributor to ACC Bowl Financials Subcommittee.

Prior to Boston College, Blossom was a senior administrator at Providence College. While at Providence, Blossom was responsible for the overall fiscal management of the athletics department's operating budget including, but not limited to, budgeting and planning, financial reporting, forecasting, purchasing, travel, and internal controls/business policies and procedures. He was also the sport administrator for men's soccer and member of the men's basketball vision team at PC. He joined the Friars in 2012 after spending two years at Brown University where he was the Associate Athletic Director, Finance while also having oversight of marketing and promotions, communications, and ticket operations.

He also worked with the NCAA as an Assistant Director of Championships (2008-10) and Central Michigan as the Athletics Business Manager (2006-08) before being promoted to Assistant Athletic Director, Business Operations (2008).

Blossom earned his bachelor's degree in business administration with a concentration in finance at Northeastern University, a master's degree in sport management from West Virginia University and an MBA from the University of Rhode Island. While earning his undergraduate degree at Northeastern University, Blossom was a three-time GTE Academic All-District pick and three-time all-conference selection in men's basketball.

Blossom and his wife, Karli, have two daughters: Maya (13) and Mora (10).

Athletic Performance

Creighton University student-athletes benefit from year-round strength and conditioning training programs in the McDermott Center.

The 6,000 square foot state-of-the-art Athletic Performance Center is equipped with 12 Power Lift half-racks that each have inlaid lifting platforms and the EliteForm system. Additionally, the Athletic Performance Center features Uesaka Collegiate Series Bumper Plates, Plae Flooring, Iron Grip dumbbells, and a nutrition and hydration station to provide Creighton student-athletes with the optimal training and recovery environment.

The athletic performance program at Creighton University is designed to increase performance and overall athlete health and availability. The program is developed utilizing an extensive screening and assessment process to individualize each athlete's training program and address their specific needs. To help maximize athletic performance, each Creighton student-athlete works with the strength and conditioning staff, the sports medicine staff, a certified nutritionist and a sports psychologist, giving Creighton student-athletes all the resources they need to succeed at the highest level.

Assistant athletic performance coach Scott Bankers works with the soccer programs.

Athletic Training

The Creighton University Athletic Training staff works in cooperation with and under the supervision of team physicians to provide the best possible care for student-athletes. It has a staff of eight full-time athletic trainers and one intern. Athletic training students also gain clinical experience as they help serve the athletic medicine needs of Creighton student-athletes.

The mission of Creighton University athletic training is to serve as the initial allied healthcare provider for Creighton student-athletes and to provide access to other healthcare professionals as needed. Services include the prevention, assessment, management and rehabilitation of athletic-related injuries and illnesses.

Creighton athletic training is committed to the highest standards of care consistent with the National Athletic Trainers Association Code of Professional Practice and the credentialing statutes of the state of Nebraska.

Assistant Athletic Trainer James Benzel works with the men's soccer program.

The Rasmussen Fitness & Sports Center, a 50,000-square-foot building offering a multipurpose field house with synthetic turf for athletic team practices and intramural sports, was officially opened on Oct. 23, 2012. The men's soccer team utilizes the Rasmussen Center during the season for training during inclement weather situations. In addition to the indoor practice area, the Rasmussen Center offers a suspended two-lane running track and a fitness level furnished with cardio, circuit-training and free-weight equipment.

Named for Creighton's retired McCormick Endowed Director of Athletics Bruce Rasmussen, the facility was made possible by generous gifts from Ruth and Bill Scott, as well as several other donors. The Scotts have been long-time supporters and friends of Creighton. In 1995, the Scotts established a scholarship for international students who enrolled in the School of Medicine. The Nebraska natives have deep roots in the Omaha community and have donated millions of dollars to more than 100 different organizations.

Rasmussen spent 41 years at Creighton, the final 27 years as athletic director. During his tenure, Creighton's athletic teams rose to national prominence both on and off the field.

The BIG EAST Conference

Creighton University officially became a member of the BIG EAST Conference at 12:01 a.m. on July 1, 2013. The 2026-27 season will be Creighton's 14th in the league.

Creighton, along with fellow newcomers Butler and Xavier, joined a BIG EAST that retained DePaul, Georgetown, Marquette, Seton Hall, Providence, Villanova and St. John's.

The partnership was announced on March 20, 2013, in New York. Connecticut rejoined the league in the summer of 2020. While Akron became an affiliate member in men's soccer before the 2023 season.

The 2026-27 academic year will be the 48th in the history of the BIG EAST, a league synonymous with men's basketball that has evolved into a well-rounded league that competes nationally at the highest level in sports across the board. BIG EAST basketball squads have captured 17 titles in the last 27 years, including a title three of the last four years by UConn.

Since opening its doors in 1979, the league has won 45 national championships in eight different sports and 146 student-athletes have won individual national titles through 2025-26. Since the league's 2013 alignment, the BIG EAST has produced 12 individual national champions.

All 11 universities reside within a top-70 media market, including nine schools in a top-36 market.

The BIG EAST became a reality on May 31, 1979, following a meeting of athletic directors from the original seven-school alliance.

Morrison Stadium Renovations / Top 20 Crowds

Morrison Stadium got a major face lift in the spring of 2023 as work was completed on a new digital videoboard in the South end zone of Michael G. Morrison, S.J., Stadium in early April to enhance the fan experience. The digital space is more than 500% larger than the previous board in the stadium, which opened in 2003, and one of the three largest in the country for a soccer-specific college facility. It was dedicated to longtime Faculty Advisor Dr. Neil Norton at the onset of the 2023 season.

The new board is entirely digital and stands 24 feet tall and 56.4 feet wide, compared to the previous version that was approximately 20x40 feet. Made by Daktronics out of Brookings, S.D., it was installed locally by American Lift and Sign and Miller Electric. The board supports Creighton's men's and women's soccer programs as well as University and other external events. The videoboard made its public debut in April of 2024 at the annual Kicks for a Cure event.

"The new videoboard at Morrison Stadium adds a new, exciting and much-needed dimension to the fan experience," said McCormick Endowed Athletic Director Marcus Blossom. "This videoboard is one of the largest videoboards in a soccer-specific facility in the country and will be truly additive to what is regarded as one of the best places to watch a game in college soccer."

The digital videoboard is one of the three largest videoboards in the country for a soccer-specific college facility.
