BACK-TO-BACK

BOWLS

FAU became the youngest start-up program to earn a bowl berth in 2007. The Owls traveled to New Orleans where they defeated the University of Memphis. Just one year later FAU made a return trip to a bowl with an invitation to the Motor City Bowl in Detroit, MI. Once again the Owls prevailed becoming the first team in the history of the Sun Belt Conference to win back-to-back bowls. FAU was also the only team in the state of Florida to win bowls in both 2007 and 2008. The perfect streak is quite an accomplishment for a team that had competed in football for just eight seasons and only three as a full Bowl Subdivision member.

On-Campus Football Stadium...

The long-awaited on-campus stadium is a $70 million steel structure that features the latest amenities. It is designed for fan comfort and entertainment, boasting a selection of seating, including luxury suites, logo boxes, outdoor Acura Club seats and Hyundai Club seats. The stadium overlooks the newly constructed alumni center, campus recreation and fitness center as well as offering a view of the Atlantic coastline from its skybox and press box seats.

GAME DAY at FAU

FAU OWLS

Florida Atlantic University's Boca Raton campus was designated a burrowing owl sanctuary in 1971 by the Audubon Society. The bird found a safe home away from predators on the campus, which was once a U.S. Army air field during World War II. The feisty bird, traditionally associated with wisdom and determination, serves as the University's mascot.

FAU Cheer Team

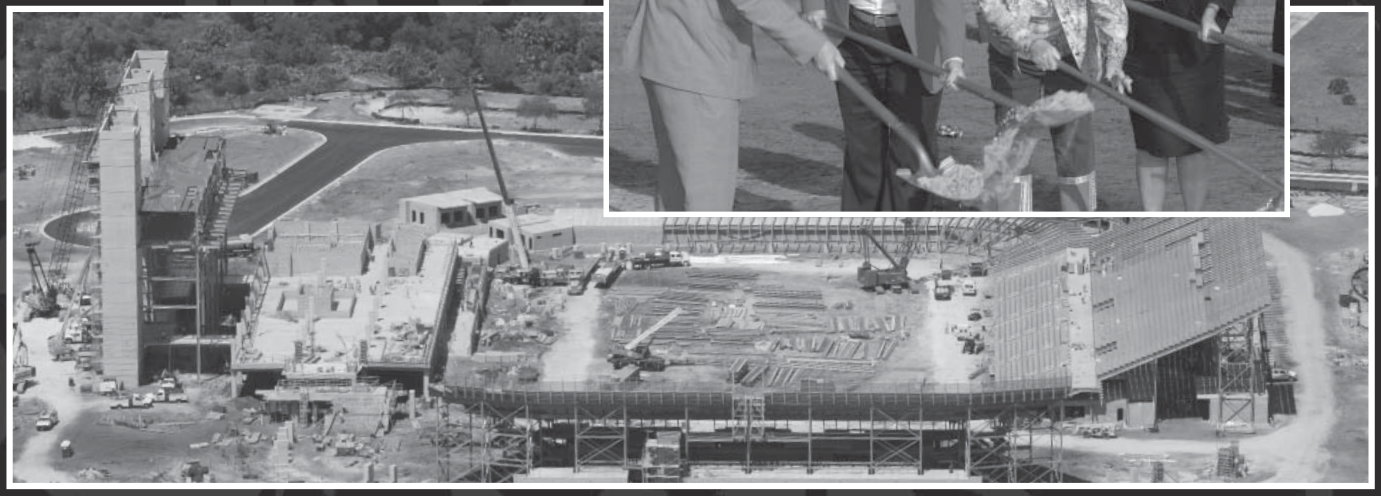
Game days feature both an all-girls and a co-ed cheer teams. The squad is a perennial contender at the national competition and continues to add excitement at both games and events.

FAU Dance Team

The team has been ranked as high as no. 10 but for FAU fans they are no. 1. The dance squad entertains before and during the games.

FAU Marching Band

Florida Atlantic's marching band took the field in 2001, with the inaugural football team. Beginning in 2006, the band boasted a new look and a new energy.



FAU Stadium

FAU opened the on-campus stadium on October 15, 2011 versus Western Kentucky.

The Shula Bowl FIU vs. FAU

The "Shula Bowl," named for legendary coach Don Shula, is the annual game between Sun Belt Conference and South Florida rivals Florida Atlantic and Florida International. The site of the Shula Bowl alternates between FAU Stadium and FIU Stadium. While Don Shula's name is synonymous with professional football in South Florida, he has also had an impact on the two collegiate programs. FAU's first head coach and now former Head Coach Howard Schnellenberger served as Shula's offensive coordinator with the Dolphins for two Super Bowl appearances and during the only perfect season in NFL history. Shula also coached Don Strock, FIU's first coach. The Owls lead the series, 8-1.

PRO NFL DAY

In 2010, Rusty Smith became the first FAU player to be drafted by an NFL team. Smith went to the Tennessee Titans in the sixth round.

Rob Housler became the second FAU player drafted, and the highest FAU player taken, when the Arizona Cardinals selected him in the third round of the 2011 draft.

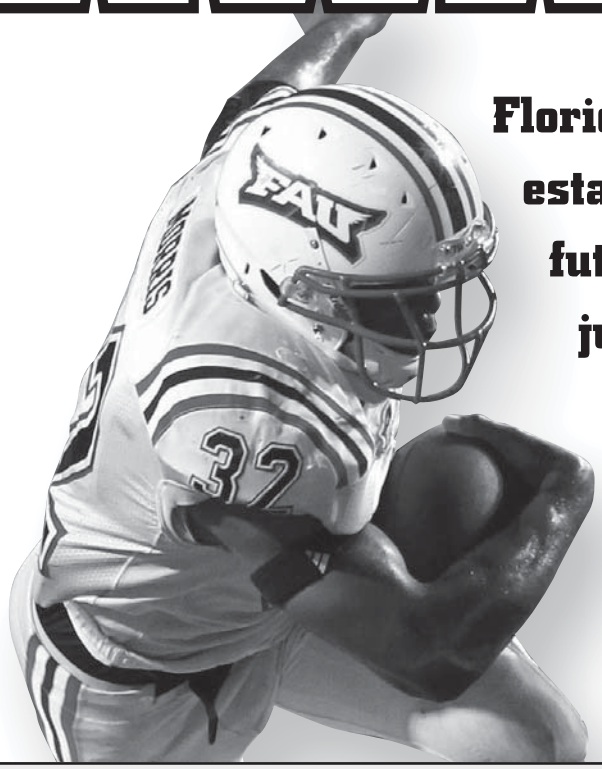
For three-consecutive seasons a former FAU player has had his name called. In 2012, Alfred Morris kept the streak alive when the Washington Redskins used the third pick of the sixth round to select Morris.

Lestar Jean, a free agent, spent 2011 on the Houston Texans roster as an injured player. He is on pace to return to the squad's active roster in 2012.

Each spring, the Florida Atlantic Athletics Department hosts "Pro Day" — a day where nearly every National Football League organization, as well as scouts from the CFL, descend upon the campus to evaluate NFL hopefuls. The one-day "mini-camp" is an opportunity for scouts to gather detailed information and have a one-on-one look at every Owl that has aspirations to play professionally at football's highest level.

The session is dedicated to those players who have completed their eligibility. The following day a session is held for rising seniors and is limited according to NCAA rules. Scouts conduct thorough measurements, including weight testing in the FAU Strength and Conditioning Center as well as the broad jump. Also, Owls show off their skills in the vertical leap prior to moving outside where the hopefuls use the opportunity to run the 40 and showcase their footwork through agility drills.

AWARDS



Florida Atlantic football has established the traditions by which future players will be judged, with just 11 seasons in the books. Each season, the bar has moved just a little higher and each season the awards continue to mount.

2012

CARL PELINI

FLORIDA ATLANTIC UNIVERSITY FOOTBALL HEAD COACH

Carl Pelini was named head coach of Florida Atlantic University's football team on Dec. 5, 2011. As the second head coach in the program's 11-year existence, Pelini brings to its helm an intellectual thinker whose coaching experience ranges from serving as a top assistant at one of the most storied collegiate programs in the country, to rebuilding programs and teaching the game of football at the high school level.

Pelini, 46, came to Boca Raton after serving four seasons as the University of Nebraska's defensive coordinator, a defense that was ranked as the best in the nation for a time during his tenure. In combined totals from 2009-11, Nebraska ranked second nationally in pass efficiency defense, fifth in passing yards allowed per game, seventh in scoring defense and No. 10 in total defense. Pelini's role in the Huskers' defensive dominance was recognized, as he was a nominee for the Frank Broyles Assistant Coach Award in both 2009 and 2010, and finished among the top-five each year.

During his last two years as defensive coordinator at Nebraska, Pelini's defense produced six All-Americans, two first-round NFL Draft picks and two conference defensive players of the year. In four seasons as Nebraska's defensive coordinator, four defensive players earned two-time first team all-conference honors – DT Ndamukong Suh (2008-09); DT Jared Crick (2009-10); CB Prince Amukamara (2009-10); and LB Lavonte David (2010-11). Nebraska also had five first-team all-conference defensive backs in the past three seasons.

In 2011, the "Blackshirts" had to overcome the loss of three all-conference players, three 2011 NFL Draft picks and two coaches. Injuries bit the Huskers in 2011 when they lost the services of 2011 Big Ten Defensive Back of the Year Alfonzo Dennard prior to the season opener and 2010 All-American Jared Crick for the season in October. Despite the challenges, Nebraska ranked among the nation's top-25 in pass defense and pass efficiency defense. Nebraska held six opponents to 14 points or less, including holding three opponents to their season-low point total and a fourth to their second-lowest output of the year.

Individually, linebacker Lavonte David was among four Blackshirts to contend for a major national award in 2011. David accumulated 122 tackles in 2011, and in two seasons under Pelini's direction, he set the school record for most tackles by a two-year player, while becoming the fifth player in Husker history to boast back-to-back 100-tackle seasons. The Big Ten Linebacker of the Year, David ranked fifth in Nebraska history with 274 career tackles, was a finalist for the Butkus Award and a semifinalist for both the Chuck Bednarik Award and Lott Trophy.

The selection of both David and Dennard as Big Ten players of the year in their positions came on the heels of a Husker winning Big 12 Defensive Player of the Year in both 2009 (Ndamukong Suh) and 2010 (Prince Amukamara). In 2011, a total of seven Husker defenders earned first, second, or honorable-mention All-Big Ten honors.

The 2010 Blackshirts finished No. 11 nationally in total defense and ranked in the top 10 in pass efficiency defense (third), passing yards allowed (fifth) and scoring (ninth). After leading the nation in scoring defense and pass efficiency defense in 2009, the 2010 unit achieved its lofty rankings despite the loss of three starters selected in the first four rounds of the 2010 NFL Draft.

Pelini produced a first-round draft pick for the second-straight year when Amukamara was the 19th overall player selected in the 2011 NFL Draft. Amukamara was also the 2010 Big 12 Defensive Player of the Year, marking the second straight season a Husker took home the honor. David was named Big 12 Newcomer of the Year, while a league-high five Huskers were first-team All-Big 12 selections. Two more earned second-team accolades and two others were honorable-mention picks. Nationally, four Blackshirts were named first- or second-team All-Americans by at least one organization.

In 2009, the Huskers led the nation in scoring defense, pass efficiency defense and red zone defense, and was ranked in the top 10 nationally in sacks, rushing defense and total defense. Nebraska surrendered just 10.4 points per game, posted two shutouts and allowed only two opponents to reach 20 points. Nebraska held eight opponents to 10 or fewer points, including seven in single digits. Six of Nebraska's 14 opponents failed to score an offensive touchdown against the Blackshirts, while each of the team's opponents failed to reach their season average in points and only one reached its average in total offense.

Ndamukong Suh was the second overall pick in the 2010 NFL Draft after being named a Heisman Trophy finalist and the winner of the Associated Press National Player of the Year; Bronko Nagurski Trophy; Rotary Lombardi Award; Outland Trophy and the Chuck Bednarik Award. Suh was second on the Nebraska career chart in tackles for loss, including a school-record tying seven TFL in the Big 12 Championship Game. Defensive tackle Jared Crick set the school record with 5.0 sacks at Baylor University, while Matt O'Hanlon intercepted a school-record tying three passes against the University of Oklahoma.

In Pelini's first season in 2008, the Nebraska defense finished second in the Big 12 in total defense and ranked among the top 25 nationally in rushing defense. In the process, Nebraska allowed 127 fewer yards per game than in 2007.

Pelini joined the Nebraska staff after three seasons on Frank Solich's coaching staff at Ohio University. He played a vital role in helping the Bobcats turn around their football program, including a nine-win season and bowl game in 2006. Those marks were firsts for the university since the 1968 campaign. The Bobcat defense continued the turnaround the following season, ranking in the top 30 nationally in scoring and total defense in 2007.

Pelini spent 2004 as the defensive coordinator and secondary coach at Minnesota State Mankato, under head coach Jeff Jamrog, a former Husker player and assistant coach. Pelini helped the Mavericks to a 6-5 record after a winless season the previous year. Prior to this, Pelini spent the 2003 season as Nebraska's defensive graduate assistant, where he worked with the defensive line and helped Nebraska to rank No. 2 nationally in scoring defense and takeaways and 11th in total defense.

As the head coach at Austintown Fitch High School in Austintown, Ohio from 2000 to 2002, Pelini rebuilt a program that had not had a winning season for eight years before his arrival. His coaching efforts culminated with a 6-4 record in 2002. Pelini previously was the head coach and athletic director at Winnetonka High School in Kansas City, Missouri, from 1996 to 2000, and also served as the defensive coordinator at Blue Valley High School in Overland Park, Kan.

Pelini played two seasons at Columbia University in New York, before transferring to Youngstown State University in Youngstown, Ohio, where he earned his bachelor's degree in English literature in 1989. He was a defensive graduate assistant on Bill Snyder's staff at Kansas State University throughout the 1989 and 1990 seasons, and then served as a restricted earnings coach in 1991. He also received a master's degree in journalism from KSU in 1991 and a master's degree in education from Ohio State University in 1993.

JEFF SIMS ASSOCIATE HEAD COACH
RECRUITING COORDINATOR/WIDE RECEIVERS

AT FLORIDA ATLANTIC

Sims joined Carl Pelini's staff in mid-December as one of the first hires. The duo hit the ground running with the 2012 signing day just months away. The class needed to be built, developed and signed. On Feb. 1, 2012 the Owls added 29 players to its roster allowing Sims to turn his attention to the 2013 class and to his on-the-field duties as wide receivers coach.

AT INDIANA

Sims joined the Indiana University staff in 2011 after 16 years in the coaching profession, a 45-19 head coaching record and one national championship appearance as a head coach. His day-to-day duties would take him away from on-field responsibilities and focused more on all recruiting aspects for the Big Ten member. It also provided the opportunity to work for an automatic qualifying football institution.

AT FORT SCOTT CC

Guided the team to a 32-12 record and saw 111 players continue their education at a four-year university, while 51 moved on to Division IA programs. His four-year win total of 32 (2007-10) was nearly three times the win production from the previous five years (11-37). His teams reached the No. 1 ranking in the NJCAA. In his final two seasons No. 12 and No. 6. The Sporting News ranked FSCC No. 1, nationally. His teams earned three-consecutive bowl bids. His success was accomplished through his fundraising efforts which allowed for more scholarships and summer school programs which in turn produced an 18-4 home record, two KJCCC Player of the Year honorees, 20 All-Americans (nine academic), and 57 All-KJCCC selections. FSCC boasted the No. 1 offense in both 2007 and 2009.

His final season at the helm (2010) saw 26 student-athletes move on to a four-year university. Jason Pierre-Paul was the New York Giants No. 1 pick and 20 Former Greyhounds participated in Division I-A Bowl Games. And, nearly 25 percent of the squad earned a 3.5+ GPA. In 2009, The Greyhounds posted an 11-1 record and finished the regular-season undefeated and ranked No. 1 nationally, 36 student-athletes matriculated to four-year institutions. FSCC captured the program's first Region VI Championship and the Greyhounds first undefeated Jayhawk Conference championship since 1973 and Jasmin Hopkins was named the NJCAA National Offensive Player of the Year guiding the Greyhounds to a 7-0 home record.

FSCC posted a 9-2 record in 2008, the program's best season since 1973, while the team enjoyed an 8-0 start including five defensive shut-outs (including four in a row) and the program's first win over Texas Junior College in the state of Texas, 34 members transferred to four-year universities following the program's second bowl victory in the school's history. His first season at the helm of FSCC (2007), Sims guided the Greyhounds to a 9-3 record, the program's best record since 1973. Along the way, FSCC earned its first victory over Garden City CC since 1991. Two games were dubbed the National Game of the Week, the 6-0 start was the best since 1973, the Greyhounds were undefeated at home (5-0) and FSCC earned a Valley of the Sun Bowl Bid. At seasons end, 19 student-athletes transferred to four-year colleges.

AT SOUTHERN ARKANSAS STATE

Sims served one season at Southern Arkansas State, a NCAA Division II program and member of the competitive Gulf South Conference. Transforming SAS's traditional option based offense to a spread passing attack.

AT MINNESOTA STATE UNIVERSITY-MANKATO

Served as the Co-Offensive Coordinator and began his tenure with MSU in 2004, the year that current FAU Head Coach Carl Pelini served as the defensive coordinator. Sims' MSU tenure, 2004-06, would also see the St. Louis native serve as the recruiting coordinator for the eight-member coaching staff. In 2005 MSU boasted the largest recruiting class in the NCC Conference and the largest in Minnesota State history (34 NLI's). Wide receiver Tyler Smith ended his '05 campaign with 70 receptions and second team All-North Central Conference honors. His total was second in the league and the fourth-best total in MSU history. Sims also worked with All-American running back Sean Treasure, who ended his career ninth all-time at MSU, and wide receiver Kyle Krivoruchka, who finished his career with 100

receptions. He was also responsible for recruiting All-American Jimmie Gunn, who led the NCC with 113 tackles and MSU's all-time kick return record holder Melvin Matlock. His first season at MSU the squad finished with a 6-5 record, the first winning season since 1994. Both Krivoruchka, who led the NCC in receiving with 49 receptions and Michael Lawrence, who led the NCC in yards per reception with 24.3 ypc, were instrumental in the team's six-game improvement and the best improvement in CCAA Division II in 2004, fifth-best ever.

AT MESABI RANGE CC

Sims served in a dual role at Mesabi (2002-04) with the responsibility of both the Assistant Athletics Director and Head Football Coach. While at Mesabi, he tallied a 13-7 record. In 2003 the Norsemen were 10-1, ranked No. 14 in NJCAA and No. 2 among non-scholarship colleges. MRCC captured the program's first Northern Division Championship (9-0) and were the MCCC State Championship Runner-up for the first time since 1995. The 10-1 finish also earned a Region XIII runner-up finish, the best since 1995. Along the way MRCC was No. 1 in rushing defense (29.3 ypg), passing defense (60.72 ypg), total defense (90.5 ypg), scoring defense (6.7 ppg), and No. 1 in MCCC scoring offense (40.4 ppg). The program's single game scoring record of 83 points was set (October 11, 2003) and 12 players earned all-conference selections, including seven first team selections. Four Norsemen were honored as all-region selections. Linebacker Jamar White led the list as the Region 13 Defensive Player of the Year. White and Jeremy Coley also earned 2 NJCAA and J.C. Gridwire All-American honors while Greg Powell and Jimmie Gunn earned J.C. Gridwire Academic All-America honors. In 2002, Sims' offense led the Minnesota Community College Conference in passing offense and eight players earned all-conference honors including six freshmen, one an all-region selection.

AT MT. SAN ANTONIO COLLEGE

Served two seasons as an assistant coach where he worked with the quarterbacks, wide receivers, special teams and the off-season conditioning program. His two seasons at Mt. San Antonio the team captured back-to-back Mission Conference Championships and posted a 17-5 record. Invitations were earned to two bowl championships and the South County Bowl trophy was hoisted. The team broke six and tied one of the program's 11 passing and receiving records and averaged more than 30 points per game. The 2000 squad averaged 32.9 ppg and was ranked No. 5 nationally. Offensively, 31 players earned full scholarships to further their education, including 16 at Division I-A programs, two earned All-American honors, five all-conference honors. Sims was responsible for recruiting 11 future professional football players.

BRIAN WRIGHT

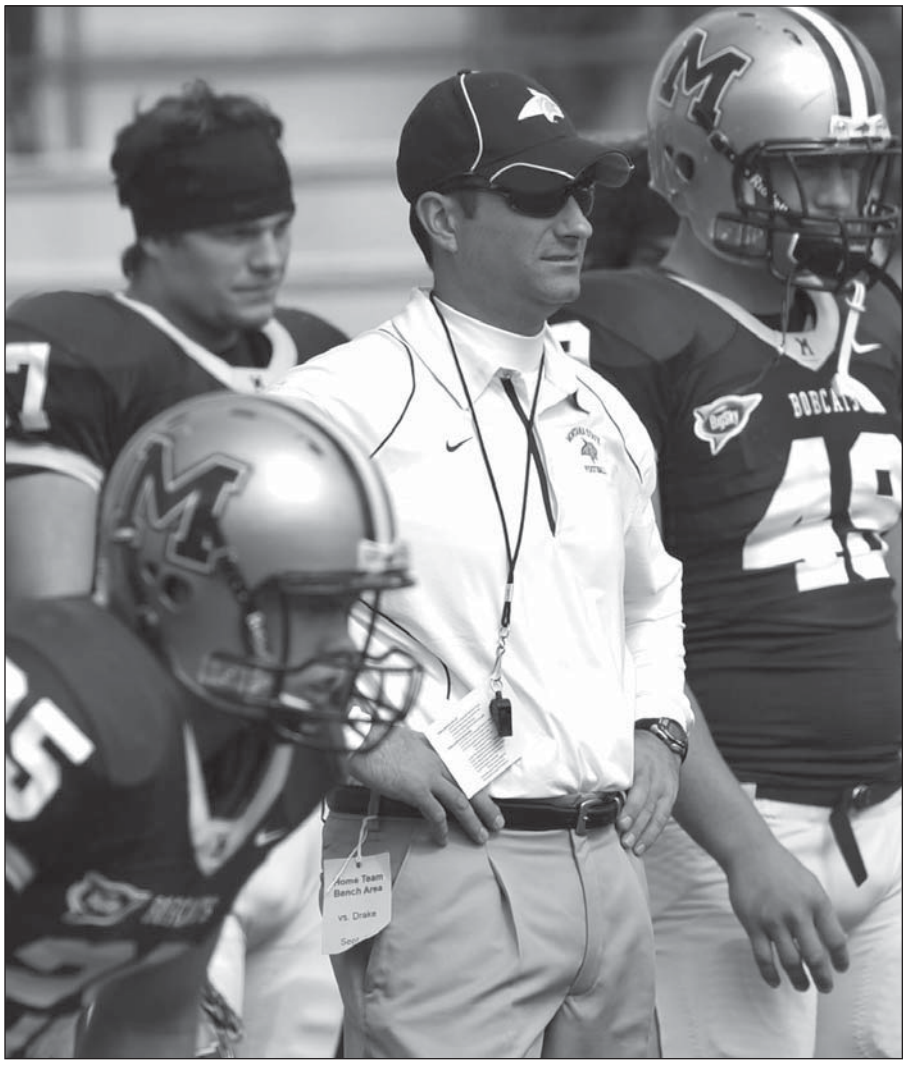
OFFENSIVE COORDINATOR/QUARTERBACKS

At Montana State

Brian Wright spent his first two seasons at Montana State debunking the notion that the transition to a new offensive system is inherently difficult. Wright's two Bobcat offenses, led by dynamic quarterback DeNarius McGhee, averaged 440.6 yards per game, easily the most productive two-year span in school history. After leading the Big Sky in scoring offense, total offense and passing offense in 2010, Wright's unit topped the league in scoring offense and total offense in Big Sky games in 2011. Wright handed the reigns, in his first season at MSU, to redshirt freshman quarterback McGhee, who was named Big Sky Offensive co-MVP, a first at MSU since 1984, and National Freshman of the Year by one organization.

At Youngstown State

Wright came to Montana State after nine years at perennial FCS power Youngstown State University. Wright joined the Penguins' staff in 2001 as quarterbacks coach, working also as offensive coordinator from 2005-09. Wright helped engineer record-setting offenses at Youngstown State, with the team winning two Gateway Conference championships and advancing to the 2006 FCS final four.



At Walsh

He first began working with wide receivers (1998) and was then elevated to offensive coordinator and quarterbacks coach where he served from 1999-00.

At Youngstown State

Wright served as an offensive GA at Youngstown State in 1997 where his primary responsibilities focused with the National Champion Youngstown Penguins' receivers.

At Walsh

He worked as a graduate assistant at Walsh University from 1995-96. He began his coaching career as a student after a leg injury (1994).

At Wooster

Wright began his coach career as a collegiate senior, following a career-ending leg injury (1994).

JARED ALLEN

TIGHT ENDS

At FAU

Allen joined the staff in fall 2009 as a graduate assistant and was elevated to assistant coach in January 2010. In his first season as a collegiate assistant coach, Allen watched senior Lester Jean flourish. Jean was named second team all-conference and became FAU's first East/West Shrine Game invitee. Jean then joined the Houston Texans as a free agent. Jean flourished during preseason but saw his rookie season hopes cut short due to an injury. He remains with the Texans. Allen began recruiting in the spring of 2010 and moved from wide receivers to quarterbacks as the team began preparation for 2011. The quarterback position came out of the spring undecided with no clear-cut leader among the four. As preseason camp opened questions remained, Graham Wilbert was named a week before the opener. Wilbert suffered a mid-season set back allowing David Kooi the opportunity to step forward only to see sophomore Stephen Curtis take advantage by surpassing Kooi for the No. 2 spot upon Wilbert's return. Allen worked with the inexperienced unit and saw flashes of winning football among the four who had a total of 13 collegiate pass attempts entering the 2011 season.

Playing Career

Jared Allen is a founding member of the FAU football program, a program that saw him play in the first 47 games (every game from 2001-2004). Allen was also under center when FAU captured it first Division I-A victory in just the 22nd game of the program's existence. He then guided the Owls to an 11-3 finish and NCAA Division I-AA semifinal finish. The following season, the Oklahoma native traveled to Hawaii where the team dealt the University of Hawaii its only home-field loss in 2004. FAU finished 9-3 in 2004, including a five-game win streak to open the season, all on the road due to hurricanes. Allen concluded his four-year career with 8,100 yards, 50 touchdowns and a program-best 135.1 efficiency rating. He remains a leader in nearly every category in some cases listed no. 2 behind recent alum Rusty Smith.

Professional Playing Career

Allen had the opportunity to play as an undrafted free agent for the Tampa Bay Buccaneers in 2005 and 2006. He was named the Tampa Bay rookie Mini-Camp MVP in 2005. Allen was on the Buccaneers roster through the off-season, training camp and preseason both years. The Buccaneers allocated Allen to play in NFL Europe in 2006 for the Amsterdam Admirals. In Europe he had the privilege of starting at quarterback in the WorldBowl.

Post Playing Career

Allen worked in medical sales for just under two years. During that time he also co-directed, with his oldest brother Jason, the Top Gun Challenge, a national quarterback competition. Allen worked many quarterback camps and clinics following his 2004 FAU graduation and prior to becoming an FAU graduate assistant in 2009.

LUKE MEADOWS

OFFENSIVE LINE

At South Dakota State

Luke Meadows was the longest-tenured assistant on John Stiegelemeier's SDSU coaching staff, 10 seasons, six as an assistant head coach and offensive coordinator. In that time four players earned All-American honors, one academic honors, 19 were selected all-conference and 16 receive academic all-conference recognition while two all-newcomers were awarded to offensive linemen.

A Hot Springs, SD native, Meadows began his coaching career as an undergraduate student at SDSU. After earning a bachelor's degree in 1999, he continued as a graduate assistant with the Jackrabbits during the 1999 and 2000 seasons, coaching the running backs, including Jackrabbit career rushing leader and All-American Josh Ranek.

In 2005, Meadows coached an offensive line that helped pave the way for the leading rushing attack in the Great West Football Conference, averaging 227.4 yards per game. During Meadows' time on staff, the Jackrabbits have posted four of the top 10 single-season rushing totals in school history and five of the top 10 single-game rushing performances. In addition, SDSU has recorded four of the top-10 scoring averages in the program's history, including 35.6 points per game in 2008. The 2008 squad also set an SDSU single-season record with 427 points in 12 games, scoring 40 or more points in a game six times.

With Meadows on the coaching staff, SDSU has established 11 team single-game and single-season offensive records, including rolling up 689 yards of total offense in the 2005 Hobo Day victory over Missouri-Rolla. Jackrabbit players he has coached also have established 30 new individual school records during his tenure.

Under Meadows' guidance, Jackrabbit offensive linemen have combined for seven first-team all-conference selections, 10 second-team selections and a pair of All-Americans. Mitch Erickson, who ended his collegiate career in 2007 with his third straight first-team all-Great West Football Conference selection, was nearly a consensus All-America pick within the Division I Football Championship Subdivision as a senior. Likewise, center Ryan McKnight earned multiple All-America honors during his senior season in 2010, including first-team recognition from the Walter Camp Football Foundation.

Also during the 2010 season, the Jackrabbit offensive line ranked second in the Football Championship Subdivision by yielding only six sacks the entire campaign.

Erickson was signed as a free agent by the Denver Broncos and later spent time with the Seattle Seahawks. Casey Knips and Casey Bender, both starters on the Jackrabbits' 2009 FCS playoff team, received invitations to NFL camps in 2010 with the Arizona Cardinals and Cleveland Browns, respectively. Bender is currently a member of the Indianapolis Colts, while McKnight recently signed a free agent contract with the Cincinnati Bengals.

At Wartburg College

He then spent a season as offensive line coach at Wartburg College in Waverly, Iowa.

2011: Played in every game…saw action at three different line positions… forced into action two plays into season opener after the starting right tackle went down with an injury…started the next four contest at right tackle and the last six for 10 starts on the year.

2010: Played in every game with a start at right tackle in game one and a start versus ULM, also at right tackle…part of a young "O" that started five new lineman game one and grew together as the season progressed…Bailey's play was praised throughout the season.

2009: Member of the travel squad.

2008: Practiced with the squad…used the year as a redshirt season.

High School: Played for Butch Caldwell at Gateway High School where he earned all-conference honors as a junior and as a senior…also member of the 3.0 GPA club.

Personal: Hospitality management major…son of Audrey and Joseph Bailey, Sr…born in Queens, NY...FAU honor student.

My parents, Audrey and Joseph Bailey Sr., have always stressed doing the little things right. I could make all A's and one B and their response would be "What are you doing to improve the B?" I knew they were proud of the A's but, I also learned doing the little things right is what improved those B's.

I try not to miss opportunities to make myself better. When you miss class you miss opportunities to learn. When you skip treatment in the training room soreness mounts. When you miss the weight room you get beat in practice and in games.

For some, last spring was difficult. The new staff emphasized the importance of doing all the little things in life that will make us succeed. To me, its no different than the life lessons my parents taught.

Doing the little things has made me the person, student and athlete I am today and has given me the foundation for my future.

My name is Joe Bailey,

Seven-Time 3.0 GPA Club Member.

Florida Atlantic has been the perfect college for me.

As a member of a huge family, who are of Haitian and Bahamian decent, it is important for me to attend a college where I could be close to my family and for me to have the potential to play. I spend my spare time at the beach or participating in water sports. So FAU blends the best of both worlds.

Brent Harstad (fellow senior) talked me into trying out for FAU. I wanted to play and have faced down the biggest challenge by earning a starting spot my junior season. I knew I was better than a back-up, I just had to prove it. Initially, a scholarship was my incentive, but ultimately it's the game — and I do it because I love to play.

Decisions — I wasn't making good decisions and I wasn't surrounding myself with the right people. It was my older brother, Josh, and especially my sister, Sophia, who pushed me to change. The change was playing football.

Football has provided me with the opportunity to go to college and earn a degree, but it was my decision that has provided me with the opportunity to play.

Following my redshirt season, a year that I drew a few starts on the "D" line, I asked the head coach if I could move to offense. He was a little surprised by the question and gave me the opportunity to switch that spring. It has paid off. The "O" line is more of a group effort and together with the right people making the right decisions you can open a whole for the running back or protect the quarterback long enough for him to find his receiver.

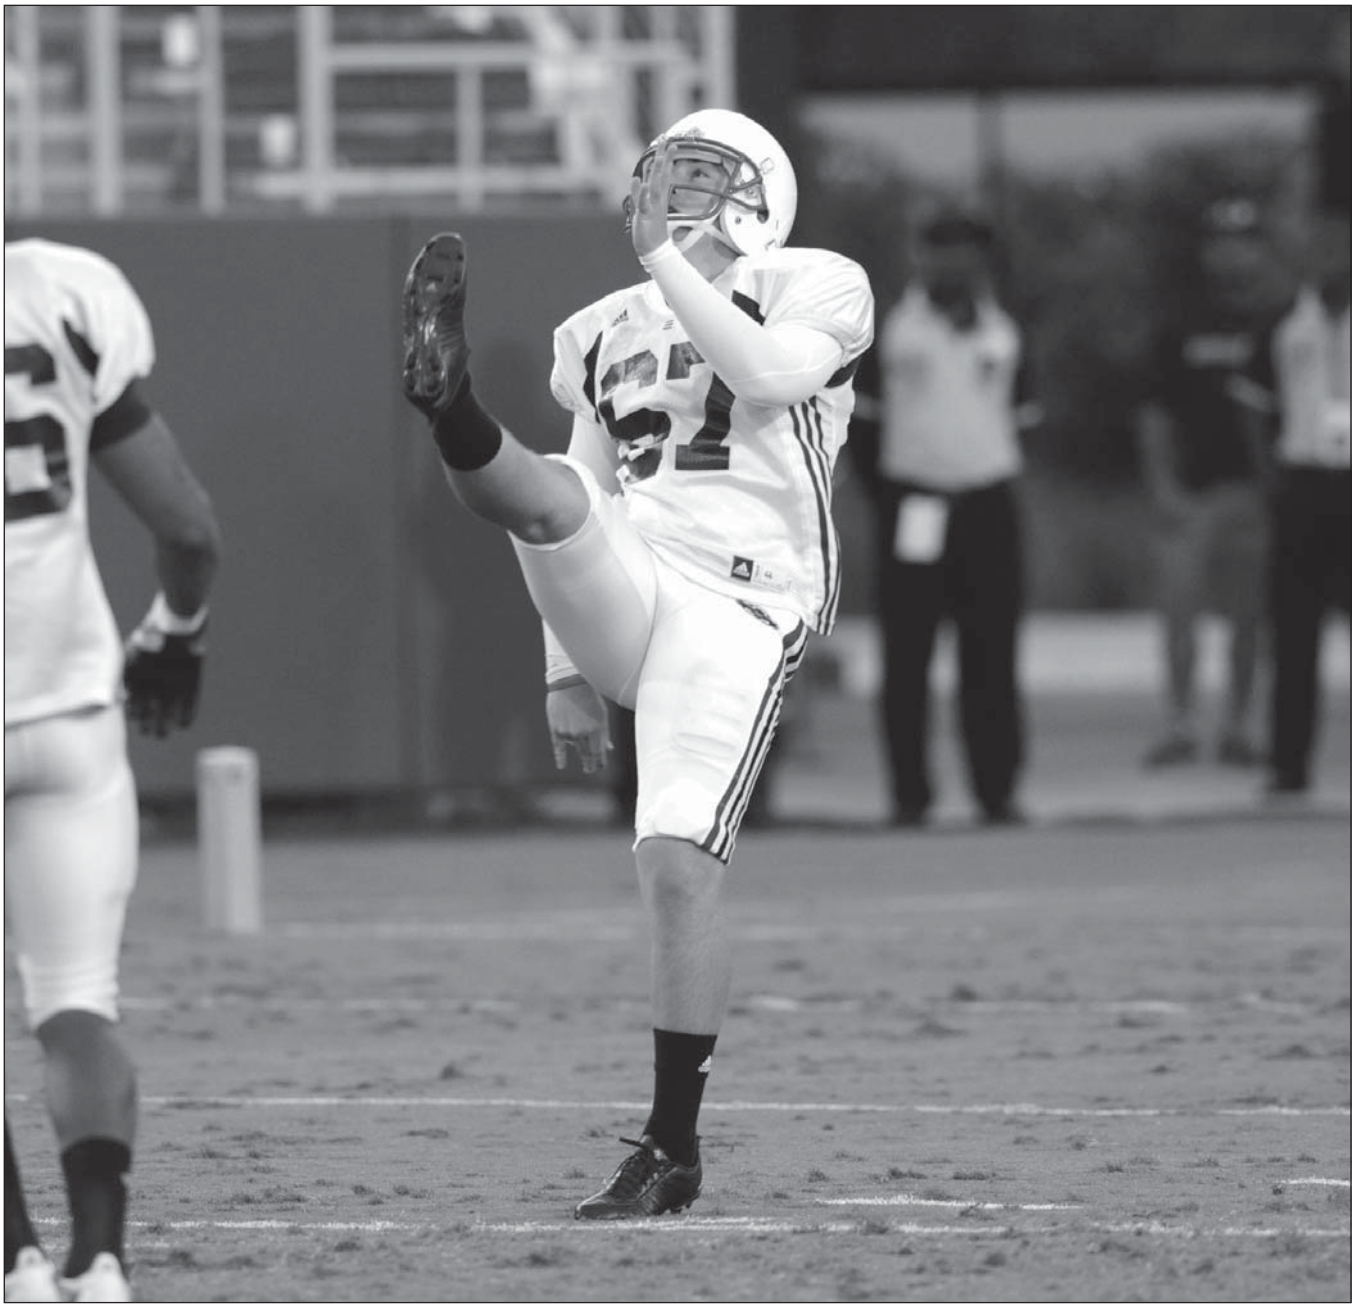
High School: Played for Josh Sapeiro at Everglades High School…led the district in net punting and punts inside the 20…two-sport athlete (football and soccer where he was recognized as a Broward County All-Star).

Personal: Sociology major…son of Brian and Marie Dooley…father is the longtime FAU women's soccer coach…hopes to follow in his father's steps as a soccer coach.



I have been involved with FAU since 1999 when my dad, Brian Dooley, became the head women's soccer coach. Obviously, soccer and FAU have been a big part of our family. I began playing when I was three and have worked collegiate, professional and international soccer events. Even though I have traveled all over the country playing soccer, there is just something unexplainable about the game of football. That intangible is what made me choose to pursue football at the college level. As a nine year old coming to FAU for the first time, it was just a place that my dad went to work. And, more importantly, they didn't have football. Now, it's where I choose to further my education. FAU offers me the opportunity to play football while still following my dad to the field, every now and then. I have seen, first-hand, what FAU has become and I hope to contribute to its future.

My name is Sean Dooley,

Traveled uncharted courses of the open seas.

Hard enough to shape rocks, but soft enough to cool cities. No one, no time nor place tells me when to go. I have seen my highs. I have seen my lows.

From tsunamis, to ripples, I'm the one to blame. Some say trade winds east or west but I don't prefer names. I whip between small streets. Stride across the countryside to cool the sweat on your shirt.

I'm hot, I'm warm, I'm cold, I'm Jack Frost nipping at your nose. I can pull your kite high in the sky and also push your boat. You'll want me on a hot day and curse me when it rains. I've seen America the beautiful and all her fruited plains.

And no man wants to use me to power their countryside. But I'd rather blow through your hair on a long drive. I do what I want from year to year ignoring every trend. What else can I do, I'm just the wind.

FAU Wide Receiver.

Personal: Social studies and education major…son of Lynn Buntin and Daniel Hansen...born in Margate, FL.

The game of football is similar to life, success is based on the ability to change or adjust. I have had the blessing and/or curse with drastic changes on the field. As a high school senior, I was recruited as an All-District and All-Conference tight end I chose FAU, which heavily used its tight end. Two weeks into preseason, the coaches thought I would best be used as an offensive lineman. At tight end, you are eligible to catch the ball but, also are needed to block, as an "O" lineman I had to clash with the defensive line and linebackers on every play. It was a major change and at some points, I was unsure if I would be able to succeed. I stuck with it and I am glad I did. Giving up on football was not an option. I love the game and it has always been a part of my family. My uncle John Hansen and grandfather Ray Brown both played collegiate football. Now in my final year, I cannot see myself playing anything other than "the line". I have a better understanding of football. I had to learn more of the game in order to make in-game adjustments. A lineman needs to know nearly every position and what reactions to make to position-by-position actions. The ability to read and adjust to every situation has translated in my everyday life.

My name is Erik Hansen,

One day, I'm going to be teacher of the year.

Growing up, the biggest influences in my life were my parents. Since the age of six, my father, Vinnie, has been my football coach. He played football and he passed on his love for the game to my two younger brothers and me. He has been a constant motivator, pushing us to be the best that we could be in football and life.

Once I entered high school, my Dad was no longer the coach, but you couldn't stop him from being my mentor. He has tried to get on the sideline and when he wasn't able to, you could hear him yelling from the stands. No matter how many people were at the game, I could hear his analysis of my performance. I can hear him telling me to focus and to get into the game.

While my mom, Jeanne, has never coached she is just as vocal, and I can hear and feel her presence as well. She has supported me and has been an active mom, doing all the things great moms do. She was the "team mom" from day one.

I play the game because I love it. I love to hear my family in the stands, their cheers and their support. I hear them and play for them.

My name is Brent Harstad,

Born in Jamaica, our parents moved here for a better life. We love going back and spending time with our big family. In the future we would like to go and help the kids who really have nothing and no opportunities.

We played everything, but basketball was the first sport we could always play one-on-one.

Occasionally, we faced-off during "Indo" drills at FAU. Somehow everyone gets excited saying, "It's the twins, it's the twins!" but it is really no big deal to us since we could never be on the same team as kids.

The side of the ball we play on could be the only difference. We like the same food, the same games, the same sports and both of us like spending time with family, both here and in Jamaica. But, whatever we are doing we are together. The longest we have been a part is one week, and that was for football camp.

We are Ricaldo and Nicardo Henry

Growing up, school was not always my focus, but football was. I had a very low GPA that carried over to high school. I ended up not being able to play football in high school through the 11th grade. I thought my dream of playing football was over and gave up on my dream, but I received a phone call. It was from a high school coach who asked what I was going to do with the rest of my life. He reminded me that I had responsibilities and a vow to my three little sisters that I would take care of them, and that there was an opportunity, but I had to improve my high school GPA. I was determined to get my GPA up. I spent the summer before my senior year in summer school. My senior year was my first opportunity to play high school football.

Coach was right. My high school diploma and ability to play football brought me to FAU, my only scholarship offer. I committed with my best friend Randell Johnson, who I knew and played football with since Optimist. We both had goals of playing right away. While it was a goal, I was surprised by the opportunity to play and start my true freshman season. I took advantage of it then and now that I'm ready to graduate and the guys I came in with have one more season, it makes me a little sad to know that I am leaving them.

As I get closer to graduation, I'm grateful to my high school coach for his words of encouragement. I'm grateful to the FAU coaches for giving me an opportunity to live my dream and play college football, and I'm most grateful to my mother, Karlene Gabriel, and stepfather, Marcel Gabriel, who were there through it all — the good and the bad. Thanks for having faith in me. I hope to take care of her and my little sisters someday. And most importantly I thank God for the direction He has given my life, and the people he has put in it to see me through it all.

The Oklahoma drill means football is here. I have felt that way since I began playing football. Traditionally, FAU has done the Oklahoma drill the first drill of the day, the first day we wear full pads. FAU has done the drill a little different than my high school. I was used to one-on-one versus the offensive lineman. Here it is line-versus-line and the running backs are included. The lines are excited and it is the defensive lineman's job to shut-off his man and not let the back through.

It's the contact, the teammates cheering, the competition and it sets the tone of camp.

It's the starter's gun that the season is days away.

Learning the system, practicing hard, making the play, teammates depending on each other are things every coach and every team talk about.

I have heard those same philosophies at three different high schools and three different high school head coaches. I have heard it at two different universities and now three different college coaching staffs.

With every new school and every new staff, you have to prove yourself and every coach sees something different and every team has different needs. I have played running back, defensive back and now wide receiver.

It is all about reading and adjusting.

I began playing football when I was really little. The best game of my life was a game against my father, Tim Carswell. I was 10 and played for the Liberty City Optimist. My team won, of course, something I haven't let my dad forget. He hasn't let me forget about my ability and the opportunity to play football at the college level even though I have had to battle through injuries.

I broke my foot in high school so my college options were limited, but it couldn't have worked out better — playing for Palamore Community College, which had the nation's No. 1 JUCO receiving corps my freshman season and No. 4 the next. I got the chance to come home and play in 2010 but broke my hand during pre-season. In 2011, it was hamstrings and a hyperextended knee that kept me out.

The coaches and my teammates believe in me and I will not let them down in 2012.

Some things stick and some don't. I came to FAU after playing on both sides of the ball. I began my collegiate career on offense. With the new staff that didn't stick, I moved to defense last spring.

When I came to FAU as a freshman, I had a Mohawk. That year I let my hair grow out but began coloring it to create a Mohawk. That stuck. It's my signature.

Influences have always been a factor in my life. I'm one of four children guided by great parents.

My father, Tom (T-Bird), and mother, Joy, have come to nearly every game. It was my mother who encouraged me the most to stick with football as well as fellow teammate Andy Czuprynski. I met Andy through mutual friends and he is the one who convinced me to try out for FAU my freshmen year. I made it as a scout team receiver, but noticed the need for a long snapper and moved there. The move three years ago has influenced the rest of my career. I snapped the final two games of 2009, taking advantage of an injury to the first string snapper and have been there ever since, with a big goal remaining – to be the number one punt team in the conference.

They say that your "college years" are the best years of your life, I sure hope not. The past four years have flown by too fast and have been nothing short of life changing. I entered Florida Atlantic out of high school on a football and academic scholarship with a goal to succeed. After my freshman year, I became a husband to my beautiful wife Deja. A year and a half later, God blessed us with our daughter Skyly. A lot of people said that it couldn't be done and that starting a family in college would be damaging to my future. Five years post-high school I am on track to graduate with a degree in civil engineering. I have an exceptional GPA and a wonderful family. So far, my years at Florida Atlantic have been the best years of my life, but I have also used my time at FAU to prepare for a better future. I am excited for better years ahead.

Football is a microcosm of life. Games can be a rollercoaster. Seasons definitely have their ups and downs. I have been benched for being beat deep and have grabbed an interception to preserve the game. Through it all, I have kept my faith in God and know that is what has kept me moving on the football career rollercoaster.

The ups are having the opportunity to obtain an education, with degrees in business management/marketing and economics in the fall. I have also participated in a bowl game, played in great stadiums and played in the FAU stadium opener, last season. I have also had great coaches, but probably the most important is the great friends, including my best friend and former FAU teammate David Terrell.

There also have been downs, like not getting to play as soon as I wanted to, not playing my best, yet, and of course every loss is hard.

I try to remember the rollercoaster's lows are the shortest part of the ride and the anticipation for the highs take the most energy and the peaks are always worth the effort.

My earliest memories of my father involve football and education. Most of the time, I didn't understand why those two things were so important. For a time, I didn't have a chance for either. When football and an education weren't an option, my father, Michael, was still there for me. Together we fought for those opportunities. Unfortunately, he passed away before he could watch me play college football, but not before I was accepted to FAU.

As his legacy, I'm now responsible for his foundation. It is where I learned to love football and the importance of education. It's called R.E.A.L. team — standing for Reading, Educating Athletes for Life. He dedicated his time to more than 500 children every summer. That is what I want to do after graduation. Give back to my community and the kids.

Famiglia Viene Prima is Italian for family comes first.

I began my collegiate career at the University of Memphis. After kicking the game-winning field goal against UAB as time expired, probably my best collegiate moment to date, I realized my family wasn't there to see it.

Born and raised in Florida, I returned home and transferred to FAU where my family could come to more games. I like playing in front of my family and big crowds are always more exciting to play before. But ultimately, the only fans that matter are mi famiglia.

WALK-ONS BUILT FLORIDA ATLANTIC FOOTBALL

In August of 2000, there were 24 young men on scholarship at the inaugural practice. Joining those athletes with the idea, goal and tenacity to build Florida Atlantic University football were 140 more. They practiced, they learned and they grew stronger. On Sept. 1, 2001, FAU took to the field for the first game in the program's history. The dressed team comprised 50 scholarship players and 49 walk-ons. Since that time the number of walk-ons has lessened as the allowable scholarships have grown, but the desire and those seeking to be a part of FAU football has grown exponentially.

Walk-on tryouts are held at the beginning of the fall and the beginning of the spring.

- In the first 11 seasons many walk-ons have later earned a scholarship and have been awarded accolades.

Graham Wilbert

won the battle between four quarterbacks in 2011
and will battle again in 2012.

Game 1

Florida Atlantic	3
Florida	41

GAINESVILLE, FL – Florida Atlantic University's football team opened the 2011 the season against the University of Florida Gators in Gainesville, Fla. on Saturday. The Gators, ranked No. 22, proved deserving of a top-25 ranked with the 41-3 win over the Owls.

The first quarter proved slow for the Owls offensively. FAU picked up its initial first down in the second quarter. Florida moved the chains, but was only able to put three points on the board following an FAU rushed quarterback play that caused a 15-yard loss on a fumbled snap. The Gators finished out the first quarter 10-0 when Chris Rainey scored on a touchdown pass from quarterback John Brantley.

Florida put together a pair of touchdowns to put the Gators up 24-0, before the Owls were able to string a couple of good drives together. With positive field position following a Marcus Bartels interception that put the ball on the Florida 31 yard line, FAU quarterback Graham Wilbert was able to move the chains up the field. Wilbert connected with Darian Williams, Damian Fortner and Nexon Dorvilus to set up a 27-yard field goal by kicker Vinny Zaccario. The successful kick was his first collegiate field goal. FAU received the ball one last time before the end of the half following Toney Moore's first career interception. However, FAU failed to capitalize, missing a 44-yard field goal.

Starting with possession in the third quarter, FAU picked up a first down right away off of a combination of plays beginning with an 11-yard pass to DeAndre Richardson, then a nine yard catch by Williams and a run by Alfred Morris. On the next play, Wilbert was sacked for a loss of 12 yards giving the ball to Mickey Groody. Groody's punt was blocked and returned 22 yards for a touchdown by Rainey. With Florida up 31-3, sophomore Keith Reaser picked up his first career interception, deep in the end zone, to prevent a score.

The No. 22 team in the nation put the game away with 10 fourth quarter points.

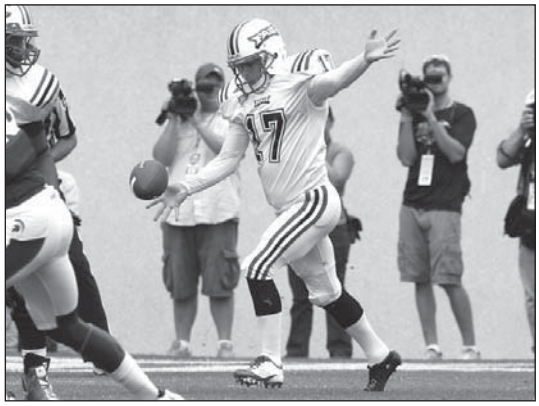
Game 2

Florida Atlantic	0
Michigan State	44



EAST LANSING, MI – The Florida Atlantic University football team lost to Michigan State 44-0 on Saturday afternoon at Spartan Stadium. The Spartans have won all three meetings (2008, 2010 and 2011). FAU stands 0-2 on the season.

Michigan State is one of three Owls' opponents ranked in the top-25 preseason poll. MSU's defense played strong to prevent the FAU offense from scoring. The last time FAU failed to score in a game was against Michigan State in 2008.

Wide receiver DeAndre Richardson led the team with 16 receiving yards on two receptions while running back Alfred Morris led 10 carries on the afternoon.

Defensively, linebacker David Hinds led the Owls with a career-high 13 tackles against the Spartans. Defensive back Marcus Bartels added 12 tackles. Cory Henry and Kevin Cyrille were able to combine their efforts to sack MSU quarterback Kirk Cousins for a loss of a yard. In the second half, linebacker Randell Johnson came up with a big defensive play for the Owls, breaking up a pass to prevent the Spartans from scoring.

On special teams, Mickey Groody and Willie Floyd both had big games for the Owls. Groody had a career-high nine punts in the game to accumulate 363 yards -- breaking his previous mark of eight punts against Troy last season. Floyd also set personal best in returns with a career-long 53-yard kick return in the first half. He had six kick returns for 130 yards.

FAU returns to the field on September 24 against the Auburn University Tigers. The Owls stand 0-2 on the season and will be battling the Tigers for the first time in program history.

BOCA RATON, FL – Western Kentucky University spoiled the Florida Atlantic University football team's inaugural game at its on-campus FAU Stadium, earning a 20-0 victory in a Sun Belt Conference game on Saturday evening in Boca Raton.

Playing in front of near-capacity 29,103 fans, the Owls were unable to generate any momentum following the pre-game ceremony, which included introductions of alumni players from the past 10 years of FAU's football team and construction workers who had a hand in making the stadium possible one year to the day since the stadium groundbreaking. "The game and the stadium was a good and positive story for the university," said Howard Schnellenberger, FAU's head football coach. "It was great playing in front of a loud crowd that cheered for us until the very end. It was satisfying for everyone involved to see a game on our campus.

FAU's Alfred Morris gained 27 yards on 14 rushing attempts, while redshirt junior quarterback David Kooi completed 10 passes for 79 yards in his first career start. Redshirt sophomore wide out DeAndre Richardson tied for game-high honors with four catches.

Pre-game festivities featured the Balfour Beatty/ James A. Cummings construction workers joining FAU ROTC cadets in presenting an American flag that covered the entire length of the field. Boca Raton resident and former "American Idol" finalist Brett Loewenstern performed the national anthem.

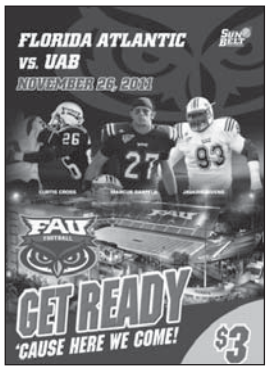
UAB	35
Florida Atlantic	38



BOCA RATON, FL – Florida Atlantic University's football team notched its first victory of the 2011 season and first victory in the University's new on-campus stadium with a 38-35 victory over UAB. The Owls, which are 3-1 all-time versus UAB, got on the board early when sophomore Treon Howard snatched the ball out of the air on UAB's first play of the game and returned it 23 yards for a touchdown to put the Owls on the scoreboard. It was Howard's first career interception and the Owls first defensive score of the 2011 season. Alfred Morris, who had a game-, career- and program-high 198 yards, would then end a 12-play scoring drive with a one-yard run to even the game. It was Morris' 24th rushing touchdown, giving him sole possession of the program's rushing touchdown record. The senior would go on to add three more rushing touchdowns in the game to match a program game-high four individual scores. Randell Johnson, who had 10 tackles on the night, sacked Jonathan Perry on the UAB 12 yard line and forced a fumble. Freshman Andrae Kirk, who had a team-high 12 tackles, recovered his first collegiate fumble, giving the ball to the FAU offense at the UAB nine yard line. The Owls converted the turnover into a Vinny Zacarrio 28-yard field goal to go up 17-14 at the half. Morris' third score of the night put the Owls up 31-28 with 11:27 remaining in the game. He would score once more with 1:38 remaining from the nine-yard line to give the Owls a much needed 10-point lead. The on-side kick bounced out of bounds untouched to give the Owls the win.

ULM	26
FAU	0

The Florida Atlantic University football team could not send legendary Head Coach Howard Schnellenberger out a winner in his final collegiate career game, losing 26-0 to Louisiana-Monroe on Saturday at the FAU Stadium in Boca Raton.

Schnellenberger closes out a 52-year coaching career with 158 victories, including 58 wins as the only head football coach in Florida Atlantic history. He led the Owls to a semifinal appearance in the 2003 NCAA Division I-AA playoffs, guided FAU to the 2007 Sun Belt Conference title, and was on the sidelines as the college posted victories in the New Orleans Bowl and Motor City Bowl during the 2007 and 2008 seasons. He had a 6-0 career record in bowl games.

Alfred Morris paced the FAU offense with 72 yards. He leaves as the program's all-time leader in rushing and total touchdowns, along with all-purpose and rushing yards after concluding his career with 3,529 yards.

FAU redshirt junior quarterback Graham Wilbert completed 11 passes for 79 yards on the evening. His main targets were redshirt senior tight end Darian Williams, redshirt sophomore wide out DeAndre Richardson and redshirt freshman wide receiver Marcus Cunningham. Each receiver had two receptions.

Defensively, redshirt sophomore linebacker Randell Johnson led the unit with 15 tackles, including three-and-a-half tackles for loss. Freshman linebacker Andrae Kirk also recorded 10 tackles.

The game closed out the careers of 17 seniors.

RAMON RICKARDS BONE AWARD

Ramon Rickards (1981-2006) was a member of FAU's first recruiting class and graduated with his fellow foundation builders in May of 2005. The team's "hardest hitter" award was renamed in his honor at the 2006 Football Banquet. Frantz Joseph was the first recipient of the renamed award. It was presented by Rickards teammate Chris Laskowski.

"The Owl football program, still in its infancy, is being built by young men like Ramon," said FAU Head Coach Howard Schnellenberger. "Ramon accepted the challenge to come to FAU on the belief of what would come. He quickly became a teammate and leader who propelled FAU into the Division I-AA playoffs and eventually to Division I-A. Ramon will forever be remembered as a young man who was instrumental in the evolution of this program."

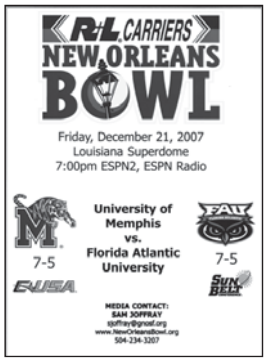
2007 New Orleans Bowl

Dec. 21, 2007 — New Orleans, LA
Memphis 27, Florida Atlantic 44



NEW ORLEANS (AP) -- Howard Schnellenberger's reaction to having a bucket of icy sports drink dumped on him showed precisely why Florida Atlantic chose him to build their fledgling football program.

The 73-year-old coach didn't flinch. He'd been there before. Now so has the team he started from scratch.

"Obviously, we're really proud," Schnellenberger said. "We have a strong squad. I think we can compete with America."

It was the first bowl game for FAU, which has had a football team for only seven seasons at its Boca Raton, Fla., campus and didn't join the NCAA's Bowl Subdivision (formerly Division I-A) until 2005.

Still, this one had to be special, given that he is the father of FAU's program and the only head coach the Owls have ever known. The coach spoke warmly of his players, most of them from south Florida, who had faith in him.

"They came in with the understanding that this was an opportunity for them to let their football lives have great meaning," Schnellenberger said. "They knew they were going to have to work harder, sacrifice more, sometimes be made fun of, but kept the faith and grew together until we got to the point now where we can compete with anybody in the nation."

Florida Atlantic started fast and never trailed. Smith had 102 yards passing and a pair of touchdown tosses in the first 10 minutes. His second, a short pass that Edgecomb turned into a 29-yard score, gave FAU a 17-7 lead.

The Tigers got as close as 30-27 after his 6-yard touchdown to Carlos Singleton. But Memphis' next possession ended with a punt that Wilfred Rivera blocked to give the Owls the ball on the Tigers 19.

Smith cashed in two plays later, finding Jason Harmon in the end zone for a 16-yard score and a 37-27 FAU lead.

"The blocked punt I thought was the turning point in the game," Memphis head coach Tommy West said. "It took the air out of us, then we lost our quarterback and it kind of went downhill from there."

Smith, the game's most valuable player, also had touchdown passes of 4 yards to Charles Pierre, 16 yards to Chris Bonner and 4 yards to Willie Rose.

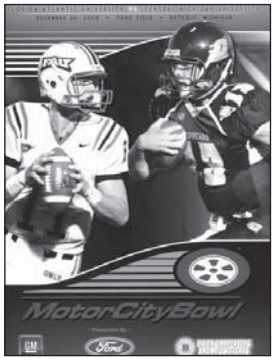
2008 Motor City Bowl

Dec. 26, 2008 — Detroit, MI
Florida Atlantic 24, CMU 21



DETROIT (AP) -- Florida Atlantic has played eight seasons of college football, three at the major level, and already has a winning streak in bowl games.

Rusty Smith threw for 307 yards and two second-half touchdowns to help the Owls beat Central Michigan 24-21 on Friday night in the Motor City Bowl.

"Certainly, this is going to go down as the most meaningful game we've had," said Schnellenberger, who coached Miami to the 1983 national title and was hired to start Florida Atlantic's football program from scratch in 1998.

The teams were tied 10-all midway through the third quarter when Smith hit Chris Bonner with a 52-yard scoring pass. Smith found Cortez Gent with an 18-yard strike early in the fourth to give the Owls (7-6) a bit of a cushion.

Smith, selected the game's MVP, finished 20-for-35. Gent caught seven passes for 98 yards and Charles Pierre had 80 yards on the ground in a happy return to Michigan for Florida Atlantic, shut out at Michigan State on Sept. 13 during a game-long rainstorm.

Schnellenberger's sport jacket was wet at the end of Friday night's game, too, but only because his players doused him with a cooler as the final seconds ticked away.

Central Michigan trailed 17-13 late in the third quarter when Antonio Brown sprang loose for what would have been a 72-yard touchdown run, but Poblah's facemask penalty negated it. The Chippewas were forced to punt a few plays later.

The teams went to halftime tied at 10 after Florida Atlantic's Ross Gornall kicked a 36-yard field goal in the final minute of the second quarter.

Dilvory Edgecomb scored on a 1-yard run in the first quarter for the Owls, but LeFevour answered in the second with a short touchdown pass to Poblah.

Brown caught 11 passes for 91 yards for Central Michigan, which topped Middle Tennessee in the 2006 Motor City Bowl and lost a 51-48 shootout to Purdue last season.

PATRICK CHUN — ATHLETIC DIRECTOR

Patrick Chun was introduced as Florida Atlantic University's director of athletics July 2, 2012. The announcement brought to a close a national search by FAU President Mary Jane Saunders.

"FAU is thrilled to welcome Pat Chun as the director of athletics," Saunders said. "His experience and accomplishments at The Ohio State University speak to what Pat brings to FAU as a leader in college athletics. There is an exciting future ahead for FAU athletics, and we are lucky to have Pat at the helm of this department."

Chun, 37, came to FAU after 15 years with The Ohio State University department of athletics, where he held numerous roles within the Buckeye athletics department in development, endowment building, strategic planning, management and leadership. During his time at OSU, Chun helped foster the continued growth and success of the most comprehensive Division I athletics program in the country. Ohio State athletics provides services for more than 1,000 student-athletes, 36 intercollegiate athletic programs, 100 coaches, and more than 330 full-time athletic department staff in 15 facilities. The Ohio State athletics operating budget is in excess of $126 million.

Chun concluded his career at OSU as the executive associate athletics director for external relations, where he provided leadership and oversight for all facets of the 15 areas comprised in the external relations division. These areas included: development, ticketing, fan experience and promotions, multimedia rights partnership (IMG College), communications, public relations and branding, creative services, merchandising, website, video, alumni relations, community relations, golf course, the Big Ten Network, band and cheerleading. The division encompasses more than 90 full-time employees.

In this position, Chun oversaw a 20 percent increase annually in overall giving to the Ohio State department of athletics, totaling $117.8 million in three years. This was accomplished through the completion of fundraising campaigns for approximately $22 million in capital projects, including: $10.5 million for basketball practice facility enhancements and renovations; $6.25 million for outdoor football fields/beautification project; $3.1 million for an outdoor tennis facility; $1 million for a field hockey venue; and $1 million for turf replacement for the baseball stadium.

Chun also was a member of the core athletics department senior team that authored and consummated the largest multimedia rights deal in intercollegiate athletics history: a 10-year, $128 million partnership with IMG College in 2009.

Chun began his intercollegiate athletics career in the Ohio State athletics communications office in 1997. There he served as assistant director of athletics communications working primarily with the football and baseball programs. Chun then moved to development in 2002 where he began and excelled in his position as the director of the Buckeye Club. He managed the annual fund drive for three years, a period during which it generated more than $22 million.

In 2005, Chun was named director of development with a focus on major gift fundraising for endowments and capital projects. He took a leadership role in the fundraising and completion of the $21 million football facility renovation and enhancement project. Soon after, Chun was promoted to assistant athletics director for development. During this time, his efforts helped ensure the completion of three key capital projects: a $5.1 million softball stadium project; $3 million boathouse; and a $3.3 million indoor tennis facility.

In 2008, Chun was elevated into the role of deputy senior associate athletics director. In this capacity Chun managed and directed the external relations division and had daily oversight of the development office.

Chun serves on the executive committee for the National Association for Athletics Development Directors (NAADD) and is a board member for the Columbus, Ohio chapter of the National Football Foundation and College Hall of Fame. In 2011, Chun was selected for the inaugural class of the Division 1A Athletics Directors Association Fellowship Program.

A native of Strongsville, Ohio and graduate of Holy Name High School, Chun earned a bachelor's degree from OSU in 1997 and a master's degree from Duquesne University in 2008. He and his wife, Natalie, also an OSU alumna, have three daughters: Vanna, Kennedy and Gretta.

Within weeks she had solidified Mike Jarvis' contract extension and inked a three-game football series with the University of Miami, which included the Hurricanes playing in Boca Raton in 2015. Dawson's FSU experience also included the direct supervision of operations for volleyball, soccer and softball as well as assisting with tennis and swimming. This combined with managing eight athletic facilities, acting as the FSU and Nike liaison, and supervising an equipment staff was done while earning a master of science in athletic administration in April of 1996.

DANIELLE DANIEL
Assistant Athletics Director — Business

Danielle Daniel assumed the position of Assistant Athletics Director for Business in October of 2010 after three years as a coordinator in the business office. She moved into the business office after nearly five years of work with the facilities and game operations staff.

Daniel came to Florida Atlantic in October of 2003 assuming a position well after the fall seasons started. The Evansville (IN) native showed outstanding organizational skills preparing and managing the 2003 Atlantic Sun Conference Championship as if she had been planning for months.

Prior to FAU, Daniel worked as a graduate assistant softball coach at nearby Lynn University where she obtained a Master's degree in Sport and Athletic Administration. While at Lynn, she was part of a coaching staff that led the Knights to their first NCAA Regional Tournament.

FAU, not softball, is what brought Daniels to Florida. After graduating from the University of Southern Indiana with a bachelor of science in teaching in 1998, Daniel joined the FAU women's basketball staff as an administrative assistant, a position she served in 1999-2000.

Athletically, Daniels was a four-year letter winner at USI and was a member of both the conference and regional championship team.

KATRINA MCCORMACK
Assistant AD – Media Relations

Since that time, FAU has moved to Division I, joined the Atlantic Sun conference, moved to the Sun Belt Conference and added three additional sports, including football.

The Media Relations Office has also grown to encompass four staff members. While McCormack primarily works with football, she also writes for several on-campus magazines, oversees the implementation of the website, assists with the FAU broadcasts both radio and television and day-to-day functions of the media relations department.

She has enjoyed working NCAA Championship events for volleyball, softball, baseball, the national men's soccer championship, women's basketball, men's basketball, including the round of 16, served as media coordinator for the Division I-AA Football Semi-Final Championship and served as FAU's media liaison at two bowl games. McCormack also spent the summer of 1996 working at the Olympics. And, she has worked special events at FAU, specifically with the media, such as the 2008 Republican Debates, His Holiness the 14th Dalai Lama's visit to FAU and most recently an address by President Barak Obama.

Prior to coming to FAU, the Florida native, worked two years as the sports information director for the Sunshine State Conference. Her first year working in the field of sports information was as an intern at Austin Peay State University, fulfilling a one-year mentorship requirement by the United States Sports Academy, where she obtained a Master's degree.

McCormack's undergraduate work was at Florida Southern College, where she was a member of a nationally ranked softball team, a team that appeared in three NCAA Regionals and one World Series during her four-year tenure. She graduated in 1988 with a degree in communications.

McCormack resides in Boca Raton with her husband John and sons Conor and Shane.

PHIL RICH
Director of Major Gifts/Football Stadium Campaign

Phillip Rich joined Florida Atlantic University's development staff as the director of major gifts for the football stadium campaign in January of 2011.

Rich came to FAU as the Owls' 30,000-seat football stadium is in its construction phase, with the grand opening scheduled for mid-October. In his previous position as a fundraiser for the Knights' football stadium at the UCF, he was responsible for revenue totaling $1 million in premium seating areas and more than $500,000 in luxury suites.

Prior to UCF, Rich began his professional career at the Orange Bowl Committee in March 1998. Rich's initial position as administrative assistant to the chief executive officer allowed him to excel quickly to the director of administration, a position he held until his departure in 2006. Rich received a Bachelor of Arts degree in sociology from the University of Arizona.

The FAU stadium is the centerpiece of FAU's Innovation Village, located in the north central area of campus. Home of the Owl football team, the open-air stadium, a $70 million project, is slated to feature 6,000 premium seats, including 24 suites, 26 loge boxes, 1,000 premier club seats and 4,000 priority club seats, and the latest, state-of-the-art amenities.

ASSOCIATE ATHLETICS DIRECTOR/DIRECTOR OF THE CENTER FOR ACADEMIC EXCELLENCE

Reporting to the Dean of Undergraduate Studies, Dr. Brown oversees the academic counseling staff, serves as the liaison between the athletic and academic communities at FAU, and serves as the liaison to the Office of the Dean of Students. Dr. Brown's objective is to ensure that student-athletes have the resources and support structure in place to reach their educational goals and support their personal development. Dr. Brown spearheaded the cultural shift from mandatory study table to taking a holistic approach and adopting an objective based study program. Academic plans are tailored to each student-athlete's specific needs, goals and learning objectives.

Dr. Brown oversees the NCAA's Academic Performance Program, which includes the Academic Progress Rate (APR) and the Graduation Success Rate (GSR). She serves on the NCAA Division I Academic Performance Program Advisory Group. In addition, she served as a panelist at the NCAA Regional Rules Seminar and presented at the Sun Belt Academic Summit on topics related to APR.

Dr. Brown has been at FAU since 1997. Before taking her position with the SACAE in October 2002, she was an assistant director for freshman programs. Throughout her tenure at FAU, she has worked with students in many capacities focusing on their personal development and academic success. While working full-time at FAU, she earned her doctorate in education in educational leadership, higher education administration.

The balance between academics and athletics has been a very important part of Dr. Brown's life. A local Florida talent, Dr. Brown graduated from Spanish River High School and earned a full athletic scholarship in volleyball at West Virginia University. She decided to become a Mountaineer and had a successful Division I athletic career earning several awards including being named on the GTE Region-2 All Conference Academic First Team and the Atlantic-10 All-Conference First Team. Some university records are still held by Dr. Brown. She graduated with honors in four years with a bachelor of arts in international studies and foreign languages.

Having earned the Atlantic-10 Post Graduate Scholarship and a graduate teaching position, she continued her education by earning a master of arts in foreign language from West Virginia University. In 1995, Dr. Brown married Jody Brown and returned to Boca Raton.

CENTER FOR ACADEMIC EXCELLENCE

Florida Atlantic University is committed to each student-athlete as a total person. Participation in athletics is important, but it represents only one aspect of a student-athlete's college experience. Student-athletes at Florida Atlantic University have the opportunity to participate in one of the top athletic programs in the country. More importantly, they have the opportunity to earn a degree from an outstanding academic institution, one that will provide them with the necessary skills and experiences to find success and fulfillment well beyond college.

The University's commitment to the student-athlete is a dual one. Participation in the athletic arena is not viewed as an obstacle to the attainment of one's educational goals, rather it is seen as a complementary activity. Each supports the other. Athletic excellence is stressed, but academic achievement is never compromised.

The University realizes that student-athletes are required to commit a large percentage of their personal time to University-sponsored athletic activities. For this reason, the University recognizes the need for a support program for its intercollegiate athletes. The Student-Athlete Center for Academic Excellence is designed to assist all student-athletes in achieving their educational goals.

Academic counselors work collaboratively with faculty and campus advising centers to ensure that student-athletes are taking the appropriate classes and making progress toward their degrees. Counselors also work with students on a variety of learning enhancement activities, including study skills and time management strategies. In addition to individualized counseling, a comprehensive tutorial program is also available to student-athletes through the Academic Center.

STUDENT-ATHLETE ADVISORY COUNCIL (SAAC)

Florida Atlantic's Student Athlete Affairs Program made a transition in 2006-07 from a program that was administered through the Center for Academic Excellence to one that is embraced by the entire athletics department.

The Student-Athlete Center for Academic Excellence offers a variety of personal development programs for student-athletes. In recent years, FAU's personal development programming has been conducted through a series of workshops designed to help students not only make a successful transition to college life, but also to prepare them for success beyond FAU once they graduate. Recent workshops have focused on time management, study skills, drug and alcohol awareness, gambling, financial planning, sport psychology, health and wellness topics and better interview techniques.

FAU's Student Athlete Affairs program also includes the First Year Experience course (SLS 1501) to help students with the transition from high school to college. Incoming student-athletes enroll in the SLS 1503 course with students throughout the University. Topics covered include time management, freshmen transitional issues, drug and alcohol education, and diversity. Students' involvement with this class has had a positive impact on their academic performance and helps them build a community.

COMMUNITY SERVICE

FAU's student-athletes, coaches and administrators show a commitment to service as they are involved in a wide range of community outreach activities throughout the year. FAU believes in the importance of interaction between the student-athletes and the community and strives to uphold a broad based program of service to the greater South Florida region. This comprehensive community outreach program helps the student-athletes develop an appreciation for a life-long commitment to volunteerism.

STUDENT-ATHLETE ADVISORY COUNCIL (SAAC)

Each athletic team at FAU has at least one representative on the Student-Athlete Advisory Council (SAAC), a leadership and service organization that exists for the betterment of the student-athlete experience. SAAC meetings provide students with a vehicle to express any concerns they may have a with existing practices and to offer suggestions for improvements in the future. SAAC organized a holiday party and donated gifts to a community of underprivileged youth, worked a YMCA haunted house and visited several local elementary schools.

TEAM DENTIST

Dr. Staller is a President's Medallion for Distinguished Service honoree (2010) . The honor is bestowed to individuals who have rendered service of great value to the University and the community at large. That description more than fits Dr. Staller, a Delray Beach dentist who has donated thousands of hours of his time and expertise to giving the best in dental care to FAU's student-athletes and Athletics Department employees. In June, he was recognized as a Fellow of the Academy for Sports Dentistry. The Academy is an organization compiled of more than 600 international members ranging from dentists and trainers to coaches and educators who promote the avoidance of dental injuries to athletes.

A dedicated Owls fan from the inception of FAU's football program, he is the team's first and only dentist, serving in a volunteer capacity. Dr. Staller was present when the team took the field for its first practice on August 12, 2000, and he has attended every single home and away game ever since. He is totally dedicated to the health and well-being of all of FAU's student-athletes, introducing a custom mouth guard program for them and treating the full spectrum of their dental needs. He estimates that he has fitted and distributed about 10,000 mouth guards over the past decade.

He is one of the original 100 Football Founders who launched the University's football program with cash or in-kind donations of $50,000 each. Dr. Staller and his brother, Dr. Nat Staller, have established a quarterback scholarship honoring their late father, Martin. Additionally, he serves as president of the Owl Club, the official booster organization for FAU Athletics. Dr. Staller also has made a naming gift on FAU's football stadium home lockeroom.

In 2006, Dr. Staller was selected to receive the President's Talon Award, an honor conferred by the FAU National Alumni Association to recognize extraordinary leadership support of the University.

A recognized expert in his field, Dr. Staller is part of the Proctor & Gamble National Speakers' Program, making presentations around the U.S. and on television and radio about cosmetic and restorative dentistry, implants and related subjects. ATHLETIC FACILITIES

FAU FOOTBALL STADIUM

Construction was completed on the 30,000-seat, open-air FAU Football Stadium in 2011, in time to host the 2012 home opener on October 15 against Western Kentucky. The stadium has 32 loge boxes and 24 suites, and the skybox and press box allows for a view of the Atlantic Ocean, the only stadium in the nation that can claim that. The centerpiece of the University's Innovation Village complex, the stadium oversees the newly constructed alumni center, campus recreation and fitness center. FAU hosted its spring game there on April 14, 2012.

TOM OXLEY ATHLETIC CENTER

Tom Oxley, a local businessman, FAU alum and avid polo enthusiast, stepped forward with a donation that allowed the athletic center to become a reality. The 54,000 square-foot, state-of-the-art facility houses a football locker room, training room, weight room, meeting rooms and coaches' offices. The Oxley Center also houses individual locker rooms for cross country and track, women's soccer, softball and volleyball, as well as the respective coaches' offices. The athletics director and administrative staff of FAU athletics also call the Oxley Center home. All FAU students are welcome to use the computer study labs and classrooms. The facility overlooks the baseball "B" field, the FAU Soccer Stadium, FAU Softball Stadium, the Boca Raton Airport and two practice football fields.

SOCCER STADIUM

FAU Soccer Stadium was completed as part of a 10-year development program to create five on-campus soccer fields in conjunction with the Greater Boca Raton Beach Tax District. FAU hosted the Atlantic Sun Conference women's soccer championship in 2000 and 2003, and the Sun Belt Conference women's tournament in 2009. The complex has also served as a practice site for several international teams, Team USA and women's soccer professional combines, and FAU has had matches against the Colorado Rapids and Real Salt Lake during the MLS teams' spring training. Most recently, it was the home field for the magicJack franchise in the Women's Professional Soccer league, featuring US Olympians Abby Wambach, Hope Solo and Christie Rampone.

TRACK AND FIELD COMPLEX

The FAU Track and Field Complex opened on January 11, 2007, and was available for immediate use by FAU's cross country and indoor/outdoor track programs, as well as the entire student body. The $4.2 million project features FieldTurf, a surface used by the FAU football team as it holds nighttime practices. The FieldTurf is surrounded by an eight-lane track, along with four long jump pits, a high-jump area and two pole vault pits. In 2008, the Owl track team hosted its first meet. The FAU Track and Field Complex is located directly behind the FAU Arena and east of the FAU Softball Stadium.

TENNIS COURTS

FAU men's and women's tennis programs make use of two tennis facilities. The FAU courts are located on campus for the team to train and practice. The facility features six lighted courts nestled next to the FAU Baseball Stadium, Aquatic Center and FAU Soccer Stadium. The two programs also utilize Patch Reef Park (pictured), a facility that houses 17 lighted tennis courts and locker rooms for both teams.

All home matches are played at Patch Reef Tennis Center, a public award-winning tennis facility. It was the recipient of the prestigious USTA Outstanding Facility of the Year Award with 17 lighted Plexi-cushion courts and a stadium court. PRTC is the Host of the Florida Open International Wheelchair Tennis Championships and served as the site of the Champion Porsche $10,000 Futures of Boca Raton--a USTA Pro Circuit Event. It's nestled within 55 acres of Patch Reef Park off Yamato Road (west) in Boca Raton, a short five-minute drive from FAU's campus.

WALLY SANGER OWL CLUB CENTER

The Wally Sanger Owl Club Center is the Owl fan hub housing the ticket, marketing and development offices and the department's call center.

FAU ARENA

FAU Arena (a.k.a. "The Burrow") opened its doors to women's basketball in 1984. Men's basketball and volleyball became FAU Arena tenants in 1988. The facility seats 5,000 and was recently modernized in 2007 with a $10 million renovation which included a new roof, renovated locker rooms, an upgraded exterior and renovated lobby as well as chair back seating and the installation of a video scoreboard. In the summer of 2008, further renovations were put in place, including club suites to give "The Burrow" an exciting new feel as the programs continue to grow.

FOOTBALL PRACTICE FIELDS

The Oxley Football Practice Fields are located behind the Oxley Center and feature two full-sized practice fields that are used for the Owls' football program. They are also used by other teams within the athletic department for strength and conditioning. The field features a memorial dedicated to the initial program builders.

SOFTBALL STADIUM

FAU Softball Stadium houses the most successful program in Florida Atlantic's history. Through the assistance of FAU Football, Hooters and the State of Florida Title IX fund, the Owls can continue their success in one of the top facilities in the country. The Owls, who have won 10 postseason conference championships, play on a field lined with palm trees and a beautiful view of South Florida sunsets. The stadium is complete with concession stands, a press box and a covered batting cage and is located behind the FAU Arena.

AQUATIC CENTER

The Aquatic Center features an Olympic-sized meter pool and is home to FAU's men's and women's swimming and diving programs. The pool has hosted the Independent Collegiate Conference Swim Meet and has served as the winter training facility for hundreds of collegiate swimmers, and features a diving well for one- and three-meter events.

BASEBALL STADIUM

The Owls utilize both FAU Stadium and the "B" field (not pictured), which is used as a practice facility. The "B" field was the original home of the baseball program, however with growing support, FAU Stadium was constructed in 1991. Plans are once again in the works for a new baseball facility as part of Florida Atlantic's efforts to maintain top-notch facilities. FAU Stadium features AAA baseball lighting and is known as the best playing surface in South Florida. In 2008, the Owls hosted the largest crowd in the history of the ballpark when more than 2,300 fans watched FAU play No. 1 Miami. FAU fans enjoy the beach/picnic atmosphere along the foul lines, where beach chairs, coolers and family fun are a staple.

THIS IS THE SUN BELT CONFERENCE…

Formed in 1976 the Sun Belt Conference quickly rose to the greatest heights of collegiate athletics by sending a team to the NCAA Final Four in the league's first year of existence. Fast forward 36 years and the league again finds itself at the pinnacle of collegiate athletics as a member of the 11 league alliance of the Bowl Championship Series. Through it all, the constant has always been success, progress and academic excellence.

The Sun Belt Conference began as a home for some of the nation's best independent men's basketball programs and the six team league didn't need long to prove that it was an emerging power in college athletics.

In the first season of the league, former member North Carolina-Charlotte reached the pinnacle of collegiate basketball by playing in the Final Four. Along the way Charlotte defeated Central Michigan, Syracuse and Michigan to advance to the Final Four. Their miraculous run ended with a 51-49 loss to eventual national champion Marquette. Star forward Cedric Maxwell was selected in the first round of the NBA Draft by the Boston Celtics.

Maxwell was the first in a long line of great Sun Belt men's basketball stars, as 11 total players have gone on to be first-round selections in the NBA Draft. Those draftees include Dee Brown (Jacksonville – Boston Celtics, 1990), Ervin Johnson (New Orleans – Seattle Sonics, 1993), Derek Fisher (UALR – Los Angeles Lakers, 1996) and Courtney Lee (Western Kentucky University – Orlando Magic, 2008).

The Sun Belt Conference became one of the first collegiate organizations to form its own in-house regional television network with conference game-of-the-week telecasts beginning in January 1978. The next year, the Sun Belt Conference became known as a leader in college sports broadcasting by being the first conference to sign a long-term contract with the ESPN cable network. Since that time the Sun Belt Conference has had every men's basketball championship game broadcasted live on ESPN — making it the longest partnership between ESPN and any collegiate athletic conference.

With trips to the Final Four in hand and ground breaking television deals the Sun Belt Conference proved early on that success and progress were going to be the backbone of the conference. But that was just the beginning for the league. Future decades had change in mind. Changes sparked new members, additional sports and eventually the evolution of the Sun Belt Conference as a member of the Bowl Championship Series.

SUN BELT FOOTBALL AND THE 2000S

The most noted news of the early 2000s though was that the Sun Belt Conference began sponsoring football at the Division I-A level (now known as the Football Bowl Subdivision) in 2001 and an automatic bowl tie-in was formed for its conference champion in the New Orleans Bowl.

Prior to the 2001 season only Louisiana-Lafayette had competed at the Division I-A level for the entirety of its program's history. New members North Texas, Middle Tennessee and New Mexico State would take on the task of maturing into I-A programs along with Arkansas State and football only members Idaho and Louisiana-Monroe.

The conference's automatic berth into the New Orleans Bowl gave the league credibility, but wins would be needed to show that the league could contend at the highest level of the game. North Texas carried that responsibility well in the early years of Sun Belt Conference football. The Mean Green would represent the league for four consecutive seasons in the New Orleans Bowl.

As the Sun Belt Conference evolved with new members and new found success – the league earned two bowl berths for the first time in 2004 – the state of the Football Bowl Subdivision would also evolve. The Sun Belt Conference entered the ranks of the Bowl Championship Series when the BCS restructured prior to the 2006 season.

The Sun Belt Conference now found itself as one of 31 NCAA conferences that sponsor multiple sports, but the league was now one of only 11 to participate in the Bowl Championship Series (BCS).

The conference continues to utilize television to grow and promote the league and its member institutions. The Sun Belt Conference signed a new multi-year agreement with ESPN, Inc. in January of 2009 that has resulted in unprecedented national coverage for the league. Additionally, ESPN televised the conference's men's basketball championship game for the 31st straight season in 2011, marking its longest affiliation with any conference in the country.

Since the 2005 football season — the first season following major college football realignment – the Sun Belt Conference ranks fifth out of the 11 FBS conferences in postseason bowl game winning percentage. In fact, the Sun Belt Conference ranks ahead of noted "Big Six" leagues — the Big 12, ACC and the Big Ten. Furthermore, the Sun Belt Conference outpaces its non-automatic qualifying BCS partners in the WAC, Conference USA and the MAC.

The world has taken notice of the Sun Belt Conference as well. Proof of that comes as the league now has two automatic tie-ins to postseason bowl games. The R+L Carriers New Orleans Bowl recently extended its agreements with the Sun Belt Conference ensuring that a Sun Belt team will play in that bowl game through 2013 (the league has sent a team to that game every year since the game's inception in 2001). The Sun Belt Conference also signed an agreement with the GoDaddy.com Bowl, played annually in Mobile, Alabama, that will ensure a Sun Belt team plays in that bowl game through 2013.

SUN BELT ACADEMIC EXCELLENCE AND NOTED ALUMNI

The Sun Belt Conference comprises 12 institutions of higher learning while sponsoring 19 championship sports for men and women.

Each of the 19 sports has seen numerous team and individual accomplishments, but in the realm of academic excellence nearly every Sun Belt Conference school is currently graduating its student-athletes at a rate higher than its respective school's student body.

Over 90% of Sun Belt Conference teams earned a multiyear Academic Progress Rate of over 925 as the National Collegiate Athletic Association (NCAA) recently announced. The Academic Progress Rate is a real-time measure of eligibility and retention of student-athletes competing on every Division I sports team. The Division I Board of Directors set cut scores of 925 and 900 (out of 1,000) as a threshold for teams to meet or face possible immediate and historical sanctions. In total, 92.4% of Sun Belt Conference teams earned a multiyear APR score over 925. Seven institutions had 100% of their programs score above the 925 mark, those institutions are: UALR, Denver, Louisiana-Lafayette, Middle Tennessee, North Texas, Troy and Western Kentucky. Arkansas State, Florida Atlantic and FIU all had 94% of their programs score above the 925 mark.

Prominent Sun Belt alumni include former United States Secretary of State Condoleezza Rice (Denver), NFL Hall of Fame football player "Mean" Joe Greene (North Texas) former All-Star baseball player Luis Gonzalez (South Alabama), former All-Star baseball player Mike Lowell (2007 MLB World Series MVP, FIU), former member of the United States Senate and House of Representatives John Breaux (Louisiana-Lafayette), country music superstar Tim McGraw (Louisiana-Monroe), and actor Andy Garcia (FIU).

The conference's first 35 years have also produced numerous individual national champions along with Olympic track medalists including Earl Bell, Tom Hill and Al Joyner (Arkansas State), Hollis Conway (Louisiana-Lafayette), and Tayna Lawrence (FIU). Old Dominion's Anne Donovan, who received the Naismith Trophy recognizing the nation's top women's basketball player in 1983, helped the United States win the Olympic gold medal in 1984 and helped the Lady Monarchs capture the national championship in 1985.
