All requests should be made online at FightingIllini.com/media. If you have questions regarding the credential process, please contact Jess Leifheit via email at jessleif@illinois.edu.

No credential requests will be accepted over the phone. Be specific when requesting the type of credential needed, either media or photo. Any non-working individual in possession of a media credential will be asked to turn over the credential and leave the press area. Media agencies that violate this policy may not be issued credentials for future games.

The acceptance of media credentials is an acknowledgement of the University of Illinois' rights to the game and play-by-play coverage and an agreement to abide by any restrictions the University of Illinois may place on real-time play-by-play coverage and use of comprehensive game statistics. Failure to abide by these restrictions implemented by the UI may result in revocation of press credentials. The UI reserves the right to grant approval for distribution of real-time play-by-play, game-related statistics and information through the internet.

ROAD GAME / NEUTRAL SITE CREDENTIALS

Illinois media wishing to cover the Illini on the road should direct their credential request to the athletics communication director of the host institution.

CREDENTIAL USE

Working credentials are subject in all respects to the Media Credential Criteria and Policies set forth by the Big Ten Conference and University of Illinois as in effect from time to time. Working credentials are issued for the sole purpose of providing facility access to an accredited agency's employee who has a legitimate working function (media or game service) in conjunction with this game or games. It is non-transferable and non-assignable, and any duplication or alteration of this document is prohibited. Any unauthorized use of the credential subjects the bearer to ejection from the facility and prosecution for criminal trespass.

Any secondary use of any picture, photograph, audio description, video, film/tape, drawing or other description of a game taken or made by the accredited organization or individual to whom this credential has been issued (including, but not limited to use in delayed editorial or non-editorial advertising, sales promotion or merchandising) is prohibited without prior specific written approval of the University of Illinois or the Big Ten Conference. Nothing in these terms and conditions authorizes or allows bearer to violate any of the trademarks, copyright and other proprietary rights of the University of Illinois or the Big Ten Conference. A maximum of two minutes (2:00) of game video footage (without audio) may be utilized during the one-week period following the conclusion of the game solely within regularly scheduled bona fide news programming distributed via television, and may not be distributed via the internet, wireless or other forms of media.

LIVE IN-GAME BLOGGING AND ELECTRONIC TRANSMISSION

Media agencies and representatives shall not transmit or display any real-time video or audio, while the event or live network presentation of the event is in progress. Photographs or any text-based accounts or descriptions of the event (including without limitation, any web log, blog, online journal or other web-based publication) during the event is only allowed with the advance written permission of the University of Illinois Division of Intercollegiate Athletics.

WIRELESS ACCESS

IllinoisNet_Guest is the wireless internet network all media will use. Access to this network is available throughout State Farm Center, including the media workroom and all press seating areas inside the arena.

All devices must connect using the 5GHz band, as 2.4GHz frequency is not available in the arena. Some older laptops will not have the ability to connect to 5GHz. Media should confirm with their organization's IT department in advance that they can connect to Wi-Fi using 5GHz. If a device does not have 5GHz capability, media will need to bring a cellular hotspot.

Media having trouble connecting to the IllinoisNet_Guest network should refer to the step-by-step instructional sheet available at the arena. Please contact a UI Athletics Communication representative if wireless assistance is still needed.

COVERING ILLINOIS WOMEN'S BASKETBALL

PHOTOGRAPHY
All photographers must work from within the designated areas behind the baselines of the playing court. The University of Illinois follows NCAA and Big Ten guidelines regarding event photography. Photo locations for primary media outlets are assigned by the UI Athletics Communication Office, with the remaining spots available on a first-come, first-served basis.

All photographs are to be used in coverage of Illinois basketball and cannot be sold for any commercial enterprise benefiting the photographer. Should photos be sold commercially, credential privileges could be terminated.

Strobes––Photographers wishing to use strobe equipment at Illinois home games must notify the Illinois Athletics Communication staff at least one week in advance of the game for which they are requesting. There is a charge for installation and/or use of such equipment. A maximum of two strobe units may be used for any individual game.

TELEPHONES
With wireless internet serving as the preferred method of media communication, phones lines are no longer provided in the media workroom. Any individual wishing to order phone lines for the season or for a single game should direct the request to AT&T (800) 321-8152 during regular business hours. Street address for State Farm Center is 1800 South First Street, Champaign, IL 61820.

WEBSITES
Media credentials are issued for individuals who are affiliated with websites for national or regional television and news media organizations, e.g. ESPN, Sports Illustrated, CBS Sports, Rivals, 247Sports, etc., for institutions that are conference members and non-conference opponents, and for the Big Ten Conference. The University of Illinois reserves the right to deny media credentials to any individual whose website is not affiliated with an official news-gathering organization.

POSTGAME INFORMATION
Media are strongly encouraged to use the official University of Illinois athletics website, FightingIllini.com, to access the box score after home games. Updated Illinois season statistics also will be available online following each game.

Media can access the livestats feed for all home games at illinois.statbroadcast.com.

All persons wishing to receive releases, stats, or box scores should retrieve the information off the official UI athletics website at FightingIllini.com. To receive releases via email, contact Jess Leifheit (jessleif@illinois.edu).

POSTGAME PRESS CONFERENCES
The University of Illinois will utilize the media room, located on the Mezzanine Level on the Northeast side of State Farm Center, for postgame press conferences. Selected Illinois players will be brought to this area following a brief cooling-off period, followed by Shauna Green once she has concluded her radio network postgame interview. Media should confirm visiting team plans with that team's SID.

Illinois' postgame plans for road games are currently TBD depending on the logistics at each venue. If you are interested in postgame interviews following road contests, please contact Illini women's basketball SID Jess Leifheit to confirm the postgame availability.

INTERVIEW POLICIES
All interview requests for Illinois players, head coach Shauna Green and members of the coaching staff must be cleared in advance through Jess Leifheit in the Illinois Athletics Communication Office. Please give at least 24 hours advance notice for interview requests. Student-athletes are not available on the day of scheduled competition until after the event is completed. Players have been instructed not to talk to media who have not coordinated their requests through the Athletics Communication office.

COACH GREEN INTERVIEWS
The media will have an opportunity to interview head coach Shauna Green prior to every game, typically the day before the game, although the travel schedule could impact that on rare occasions.

Prior to each game, Green will generally be available ahead of practices, held at Ubben Basketball Complex or State Farm Center. Please confirm media availability with Illini women's basketball SID Jess Leifheit.

PLAYER INTERVIEWS
Select players will be available to the media prior to every game on one designated day, generally around practice, at a time and location to be dictated by the practice and travel schedule. Please confirm media availability for players with Illini women's basketball SID Jess Leifheit.

BASKETBALL PRACTICE
Most practices will be held at Ubben Basketball Complex besides the day before a home game, which will typically be held in State Farm Center. Media should contact Illinois women's basketball SID Jess Leifheit prior to attending practice to ensure that practice is open, and confirm the time and location. Practice can be closed at any time at the discretion of the head coach. No video or photos of practice are permitted unless previously arranged with Illini women's basketball SID Jess Leifheit.

Please note that ALL team areas – locker room, film room, weight room, and training room – are off limits to members of the media. Illinois' gameday shoot arounds are closed to the media and only available to the television announcers broadcasting the game.

STATE FARM CENTER

Illinois has an outstanding home in State Farm Center. Known as Assembly Hall from its construction in 1963 to 2013, the iconic arena was renamed State Farm Center on April 29, 2013, with the announcement of a 30-year, $60 million naming rights agreement. Fighting Illini women's basketball has called the arena home since 1981, except for five seasons from 1993-98.

State Farm Center has recently undergone a major renovation that began after the 2013-14 season. Dubbed the Illinois Renaissance, the project included a renovated seating bowl and the addition of four levels of premium seating; improved restrooms, concessions and a team store; air conditioning and many other amenities.

The historic building opened on March 2, 1963, and continues to attract attention for its design and construction. Four hundred feet across, it at one time was one of only two edge-supported domes in the world. The roof is supported by 614 miles of one-quarter-inch steel wire wrapped at the base of the dome under intensive pressure. The architect was Max Abramovitz, a distinguished University of Illinois alumnus. His firm also designed the United Nations Buildings, much of Lincoln Center for the Performing Arts and the University of Illinois' Krannert Center for the Performing Arts.

At Illini women's basketball games, young fans have a spot courtside where they can be loud in cheering on their favorite team. The Illini band has taken ownership and pride over playing at Illini home games. The Orange Krush, the student support group for Illinois basketball, gives tremendous support to the Illini each game as well.

From rock shows, to Broadway, to family shows, to Fighting Illini basketball and much more, State Farm Center has hosted the top names in show business as well as numerous university and community events. Performers and events include The Rolling Stones, Jay Z, Brad Paisley, Kenny Chesney, Garth Brooks, Elvis Presley, U2, Frank Sinatra, "Les Miserables," Bob Hope, Mikhail Baryshnikov, Aerosmith, Reba McEntire, Tina Turner, "Cats," University of Illinois commencement, The Harlem Globetrotters, Bruce Springsteen, "Sesame Street Live!" and countless others.

In seating capacity, State Farm Center ranks among the great arenas of major cities and is the largest arena in the state of Illinois outside of Chicago's United Center. Seating capacity for Fighting Illini basketball following State Farm Center renovations is 15,544.

UBBEN BASKETBALL COMPLEX

In October 1998, Illinois moved into the state-of-the-art Richard T. Ubben Basketball Complex on the campus of the University of Illinois. This $5.5 million facility is a direct result of the university's commitment to excellence in athletics. It houses not only two full-sized practice courts, but also locker rooms for the coaches and players, a players' lounge, video review room, training room, and weight room. The 40,000-square-foot facility is home to everything the men's and women's basketball teams need to make it through the day. New banners were installed in the practice gym, honoring the program's history, in the summer of 2013. The locker room was upgraded in 2016, with the addition of new lighted lockers, and new graphical elements were added to the locker room and video room in 2017.

On June 11, 2018, Director of Athletics, Josh Whitman, announced a $30 million renovation of the Richard T. Ubben Basketball Practice Facility.

"There is a direct correlation between the construction of the Ubben Complex and the unparalleled success our program enjoyed over the next 10 years that followed," said UI Director of Athletics Josh Whitman. "In the 20 years since Ubben opened, the concept has been copied by programs from coast-to-coast. Now, it is imperative for us to ensure that this outstanding facility remains as cutting-edge today as it was when it opened. We look forward to using this facility to help catapult the Fighting Illini programs back to an elite level."

Construction on the $40 million renovation and expansion of the Ubben Basketball Complex has been completed with the Illinois programs back in their state-of-the-art facility. The project added approximately 40,000 square feet to the existing structure, while remodeling large portions of the existing building. Two new half courts were added to both the men's and women's current gym space, giving the two programs additional areas to work on development while not disrupting full-court action. The project included a new two-story strength and conditioning addition, significantly increased the size of the locker rooms and players lounges, and included a state-of-the-art sports medicine area featuring hydrotherapy and sports science spaces. New coaches' office spaces and a grand entry lobby also were included in the project.

A new main entrance on the south side of the facility and parking layout to the east gave the building a primary orientation off St. Mary's Road.

The Division of Intercollegiate Athletics re-dedicated the Ubben Basketball Complex on Feb. 10, 2023, in a ceremony highlighting the generous support of dozens of the athletic program's most influential donors. The daily home for the Fighting Illini men's and women's basketball programs recently concluded a two-year renovation in 2022 that doubled the facility's size while incorporating the nation's best technologies and advancements in sports performance, sports medicine, sports science, sports nutrition and basketball training.

The $40 million project is being financed completely by DIA's self-supporting funds, including more than $34 million in private donations pledged to date. There are 91 unique gifts from 77 donors that range from $100 to $5 million. Notably, 15 men's and women's basketball alumni have committed to gifts totaling more than $9.6 million toward the project.

Shauna Green was named the 10th head coach of the Fighting Illini women's basketball program on March 21, 2022.

Across her time at Illinois, Green has led the Illini to an 85-47 record, including a 39-33 mark in Big Ten play. Including her time as the head coach at Dayton, Green owns a 212-97 record as a Division I coach. When adding in her two seasons as the head coach at Loras College (DIII), Green owns a 241-122 head coaching record across her career. Dating back to her second season at Loras, Green has led her squads to 11 consecutive winning seasons. She has guided her teams to a combined seven NCAA Tournaments and three WBIT/WNIT appearances. Green's squads have won seven conference championships (five regular season, two tournament) and the 2024 WBIT championship.

In four seasons under Green, the Illinois women's basketball team has registered 85 wins, the first-ever postseason championship in program history (2024 WBIT), and four consecutive top-5 season attendances in State Farm Center. Additionally, the Illini have racked up nine AP Top 25-ranked wins, secured double-digit home victories for four straight seasons for the first time in program history, won an NCAA Tournament game in back-to-back seasons, and brought in the No. 7-ranked recruiting class by espnW for the 2025-26 campaign.

In year four at Illinois, Green continued the program's upward trajectory with another 22-win season (22-12), a fourth-straight postseason appearance, and a second-consecutive season with an NCAA Tournament victory. The Fighting Illini racked up three wins over AP Top-25 ranked opponents including a win over No. 7-ranked Maryland for the program's first top-10 win in over a decade. Illinois led the Big Ten in team free throw percentage (81.5%) while Berry Wallace led the league in minutes per game (35.68).

Illinois set three team single-season records during the 2025-26 campaign including free throw percentage (81.5%), fewest turnovers per game (12.38), and the longest win streak (11 games).

Illinois' 85 wins through Green's first four seasons are the second-most in a four-year span and also the most by a head coach in their first four years at UI. In that period, Illinois is 51-15 at home under Green, and the program has secured double-digit wins in four straight seasons for the first time in program history. The Illini won 11 consecutive games from Nov. 18-Jan. 1, 2026, a new single-season program record despite being the youngest team in the Big Ten and third-youngest Power 4 team in the country.

In year three at Illinois, Green continued the program's upward trajectory with another 22-win season (22-10), a third-straight postseason appearance, and the program's first NCAA Tournament win in 25 years. The Fighting Illini tied the program record with four wins over AP Top-25 ranked opponents. Illinois led the Big Ten in team free throw percentage (79.3%) and defensive 3-point percentage (28.1%), while Genesis Bryant (free throw percentage) and Kendall Bostic (double-doubles, minutes/game, rebounds, def. rebounds/game, rebounds/game) combined to lead the league in six individual categories.

Illinois' 63 wins through Green's first three seasons match the program record in that span while also marking the most by a head coach in their first three years with the Orange and Blue. Across that period, Illinois is 38-11 at home under Green, and the program has secured double-digit wins in three straight seasons for the first time in program history. The Illini won 11 consecutive games from March 21-Nov. 26, 2024, a new program record and the longest active win streak in the country at the time. Additionally, Illinois strung together a program-record eight-game Big Ten winning streak en route to an 11-7 record in league play.

Year two at Illinois under Green saw the Fighting Illini make back-to-back postseason appearances for the first time since the 2006-07 and 2007-08 campaigns as Illinois earned an at-large bid into the inaugural Women's Basketball Invitation Tournament (second NCAA-sponsored postseason tournament behind the NCAA Tournament). Green led the squad to a WBIT championship with five straight wins to close the season with a 19-15 overall record. Makira Cook was named the WBIT's Most Outstanding Player, while Kendall Bostic and Genesis Bryant joined her on the All-Tournament Team.

Green is the first coach in Illinois women's basketball history to lead the Illini to winning seasons in their first two years at Illinois. She also secured six postseason wins (Big Ten Tournament included) in her first two campaigns at Illinois, more than any previous coach in their first two seasons at the helm. Illinois' 19 Big Ten regular-season victories over Green's first two seasons are the program's most over a two-year span since the 1999-2000 and 2000-01 campaigns, when Illinois totaled 20 conference wins under Hall of Fame coach Theresa Grentz.

In 2023-24, Illinois set the program's single-season team free-throw percentage record, connecting on 434-of-546 attempts for a 79.5% rate from the line. The mark led the Big Ten and ranked sixth in the NCAA.

Year one at Illinois saw Green lead the program to new heights both on and off the court. The Illini finished 22-10 (11-7 B1G) and returned to the NCAA Tournament for the first time in 20 seasons. Illinois found itself ranked in the AP Top 25 for the first time since 2000 and would appear in four polls, ranking as high as No. 21. Green is the only Illini head coach to have a team ranked in their first season at UI.

Green was one of 10 WBCA NCAA Division I National Coach of the Year finalists in 2022-23. Throughout the season, Green was tabbed ESPN Coach of the Week (Dec. 19, 2022) and Just Women's Sports' Midseason NCAA Coach of the Year Frontrunner (Jan. 13, 2023) while also being listed on the Naismith Women's Coach of the Year Late Season Watch List (Feb. 15, 2023).

With five returners from the 2021-22 Illinois squad that posted a 7-20 record, Green delivered the largest turnaround in program history and one of the top all-time in Big Ten history. The 15-win improvement from the previous season's 7-20 campaign set a new best turnaround in program history and ranks third best in Big Ten history. In league play, Illinois tallied 10 more wins than the 2021-22 mark (1-13), the best turnaround in program history, which tied for the best all-time in the Big Ten.

A native of Clinton, Iowa, Green began her coaching career as a head coach at Loras College in Dubuque, Iowa, in 2006 and 2007, when she compiled a record of 29-25. Green gained Big Ten experience in 2016 as an assistant at Northwestern prior to being named head coach at Dayton before the 2016-17 season, where she had been an assistant coach from 2013-15. The Flyers advanced to the NCAA Tournament all three years Green was an assistant, including a memorable run to the 2015 NCAA Elite Eight. She also served as an assistant at Providence College from 2008-12 before her move to Dayton.

While at Canisius, the former Shauna Geronzin became one of the greatest basketball players in Griffins' history. A four-time letterwinner from 1998-2002, Green earned All-Conference honors each year, including three times being selected First-Team All-Metro Atlantic Athletic Conference. She is the school's all-time leading scorer, with 2,012 points, and she remains second in career rebounding. Green was the Canisius Female Athlete of the Year in 2002 and, in 2012, was inducted into the Canisius College Sports HOF.

She and her husband, Andy, have one son, Matteo.

CALAMITY McENTIRE

ASSOCIATE HEAD COACH

FIFTH SEASON

TENNESSEE (2003)

Calamity McEntire concluded her fourth season as associate head coach for the Fighting Illini women's basketball program in 2025-26. McEntire's hire was announced by head coach Shauna Green on April 7, 2022.

In four years with McEntire on staff, the Illinois women's basketball team has registered 85 wins, the first-ever postseason championship in program history (2024 WBIT), and four consecutive top-5 season attendances in State Farm Center. Additionally, the Illini have racked up nine AP Top 25-ranked wins, secured double-digit home victories for four straight seasons for the first time in program history, won an NCAA Tournament game in back-to-back seasons, and brought in the No. 7-ranked recruiting class by espnW for the 2025-26 campaign.

In year four at Illinois, McEntire and the Illini continued the program's upward trajectory with another 22-win season (22-12), a fourth-straight postseason appearance, and a second-consecutive season with an NCAA Tournament victory. The Fighting Illini racked up three wins over AP Top-25 ranked opponents including a win over No. 7-ranked Maryland for the program's first top-10 win in over a decade. Illinois led the Big Ten in team free throw percentage (81.5%) while Berry Wallace led the league in minutes per game (35.68). Illinois set three team single-season records during the 2025-26 campaign including free throw percentage (81.5%), fewest turnovers per game (12.38), and the longest win streak (11 games).

In year three at Illinois, McEntire was a large part of the program's upward trajectory with another 22-win season (22-10), a third-straight postseason appearance, and the program's first NCAA Tournament win in 25 years. The Fighting Illini tied the program record with four wins over AP Top-25 ranked opponents. Illinois led the Big Ten in team free throw percentage (79.3%) and defensive 3-point percentage (28.1%), while Genesis Bryant (free throw percentage) and Kendall Bostic (double-doubles, minutes/game, rebounds, def. rebounds/game, rebounds/game) combined to lead the league in six individual categories.

Year two at Illinois saw the Fighting Illini make back-to-back postseason appearances for the first time since the 2006-07 and 2007-08 campaigns as Illinois earned an at-large bid into the inaugural Women's Basketball Invitation Tournament (second NCAA-sponsored postseason tournament behind the NCAA Tournament). The staff led the squad to a WBIT championship with five-straight wins to close the season with a 19-15 overall record. Makira Cook was named the WBIT's Most Outstanding Player while Kendall Bostic and Genesis Bryant joined on the All-Tournament Team.

With McEntire on staff, the Illini secured their first back-to-back .500 seasons for the first time since the 2006-07 and 2007-08 campaigns.

In 2023-24, Illinois set the program's single-season team free throw percentage record, connecting on 434-of-546 attempts for a 79.5% rate from the line. The mark led the Big Ten and ranked sixth in the NCAA.

McEntire's first season at Illinois saw the program reach new heights both on and off the court. The Illini finished 22-10 (11-7 B1G) and returned to the NCAA Tournament for the first time in 20 seasons. Illinois found itself ranked in the AP Top 25 for the first time since 2000 and would appear in four polls, ranking as high as No. 21.

With five returners from the 2021-22 Illinois squad that posted a 7-20 record, the first year Illini staff delivered the largest turnaround in program history and one of the top all-time in Big Ten history. The 15-win improvement from last season's 7-20 campaign set a new best turnaround in program history and ranks third best in Big Ten history. In league play, Illinois tallied 10 more wins than the 2021-22 mark (1-13), the best turnaround in program history, which tied for the best all-time in the Big Ten.

McEntire, who brings 23 years of Division I coaching experience, most recently served as an assistant coach at the University of Texas. At Illinois, she is in her second stint alongside Green after previously working as an assistant coach and recruiting coordinator on her staff for four seasons at Dayton.

During the 2021-22 season at Texas, McEntire's impact was immediately felt as the Longhorns posted a 29-7 record and claimed the Big 12 Tournament Championship en route to an appearance in the NCAA Elite Eight. UT reached as high as No. 6 in the national rankings and the program's 29 victories marked its most in six seasons, while the team's championship run was the first for the Longhorns since 2003.

In her role as recruiting coordinator for Dayton, McEntire was central to the staff's efforts that resulted in the Flyers' signing some of the top classes in program history, including the 2020 class that ranked in the top-25 nationally. Dayton's 2018, 2019 and 2020 recruiting classes all ranked No. 1 in the Atlantic 10 Conference.

Off the court, McEntire was selected to the Women's Basketball Coaches Association's (WBCA) NEXT UP program in 2020, and was recognized as one of 50 Impactful DI Women's Basketball Assistants by Silver Waves Media in April 2020. With five returners from the 2021-22 Illinois squad that posted a 7-20 record, the first year Illini staff delivered the largest turnaround in program history and one of the top all-time in Big Ten history. The 15-win improvement from last season's 7-20 campaign set a new best turnaround in program history and ranks third best in Big Ten history. In league play, Illinois tallied 10 more wins than the 2021-22 mark (1-13), the best turnaround in program history, which tied for the best all-time in the Big Ten.

A collegiate standout player who went on to a stellar professional career before coaching, Beasley joined fellow assistant Ryan Gensler and associate head coach Calamity McEntire, in reuniting with Green at Illinois after a highly successful tenure on her staff at Dayton. He brings more than 16 years of experience as an assistant coach at the college level, working with both men's and women's programs.

Beasley spent four seasons (2018-22) working with Green at Dayton. During his tenure on the Flyers' sideline, Beasley helped guide UD to a combined 82-33 (51-9 A-10) record with three Atlantic 10 regular-season titles, one tournament championship and four-consecutive postseason appearances with a pair of WNIT runs (2019 and 2021) and two NCAA Tournament berths (2020 and 2022).

There he helped guide the Bulldogs to three consecutive winning seasons, including a 20-win campaign in 2014-15. Illinois Men's Basketball advanced to the NCAA Final Four in 2026 for the first time in 21 years, which followed a trip to the Elite Eight in 2024. The Fighting Illini are the winningest team in Big Ten play this decade. Illinois Women's Basketball has been to the postseason in each of the last four seasons, highlighted by NCAA Tournament wins in each of the last two seasons for the first time in more than 25 years and the inaugural WBIT title in 2024.

In addition, women's track and field has recorded four consecutive Top 10 national finishes, including a third-place finish at the 2026 NCAA Indoor Championships, the highest finish in team history. Illinois also recorded Top 15 national finishes last season in men's tennis, men's golf, wrestling, and men's gymnastics, while soccer and women's golf qualified for NCAA postseason play as well. Illinois earned a No. 31 final ranking in the 2025-26 Learfield Directors' Cup, equaling the previous year's placement to match the highest finish of the Whitman era.

Nowhere has Whitman's influence across the athletics department been felt more than on the gridiron. An Illini letterman himself, Whitman has helped engineer the football team's return to national prominence, spearheaded by his hiring of three-time Big Ten champion head coach Bret Bielema in December of 2020 that has led to 32 wins and three New Year's bowl games in the last four seasons.

The 2025 Illini squad won nine games, highlighted by a second straight New Year's bowl win with a victory over Tennessee in the Liberty Mutual Music City Bowl in Nashville. With the win, Bielema became the first coach in school history to win back-to-back bowl games.

That followed the sterling 2024 season when Illinois tied its single-season wins record, becoming just the fifth team in the 135-year history of the program to win 10 games. The year culminated with a victory over South Carolina in the Cheez-It Citrus Bowl in Orlando, the Illini's first win in a New Year's bowl game since 1989. Illinois ended the year ranked No. 16 in the final Associated Press poll, its highest finish since 2001, to accompany an appearance in the final College Football Playoff ranking for the first time in school history.

The magical season will be remembered beyond the games, as the campus and community joined together for a season-long celebration of the 100th anniversary of historic Memorial Stadium. The tribute culminated with a stadium rededication ceremony and subsequent victory over Michigan in front of a sold-out crowd, with the Illini receiving national acclaim for the throwback helmets and jerseys that re-created the look of the famed Red Grange in 1924.

The turnaround on the football field has been accompanied by a rapid rise in fan enthusiasm. Illinois features the highest four-season attendance growth in all of college football, improving by more than 19,000 in that span and reaching an average of 58,350 in 2025, its highest mark in 16 years. Highlighting those numbers were sellout crowds to watch the signature 100th-anniversary triumph over No. 24 Michigan in 2024 and four consecutive sellouts in 2025, the longest such streak since 2009.

Like his imprint on the gridiron, Whitman also prompted a national resurgence in men's basketball that began with his 2017 hiring of head coach Brad Underwood, widely considered one of college basketball's best hires over the last decade. During the last seven seasons, Underwood's Illini have posted the best record in Big Ten play while winning three conference titles and making six-straight NCAA Tournament appearances. At the same time, State Farm Center has become one of the most feared home courts in college basketball, with average attendance in the top 13 nationally and a total of 59 sellouts. The men's basketball program has set Illinois revenue records in five consecutive seasons while becoming one of the Big Ten's most profitable programs.

Illinois is coming off the best NCAA Tournament performance of Underwood's tenure, winning all four games in the South Regional by double figures to earn a spot in the 2026 Final Four. It marked the program's first Final Four appearance since 2005, just its third in the modern era, and the sixth in school history.

The Illini finished with a 28-9 record, the 28 wins marking the fourth-most in school history. Illinois extended its active streak to seven straight 20-win regular seasons and was Big Ten runner-up at 15-5, with the 15 league wins tying the second-most in program history. Illinois ended the year at No. 5 in the AP poll, its third top-10 final ranking of the Underwood era.

Staying on the hardwood, Whitman's hiring of Shauna Green in women's basketball has ignited another turnaround in Fighting Illini Athletics. In 2022-23, Green's first year at the helm, she led the team to a historic 15-win improvement, the best year-over-year change ever at Illinois and the third-largest in Big Ten history. Illinois won 22 games, the third-most victories in program history, and made the NCAA Tournament for the first time since 2003.

Green then led Illinois to its first postseason title in school history during her second season, 2023-24, as Illinois roared to the title of the NCAA's first-ever WBIT. Women's Basketball has finished with 22 victories in each of the last two years, tying the third-winningest seasons in school history. Green has led the Illini to three NCAA Tournament appearances in her four years, highlighted by wins the last two seasons to advance to the Round of 32 in 2025 and 2026.

In total during Whitman's tenure, Illinois teams have made 124 NCAA postseason appearances, highlighted by 37 teams finishing in the top 16 nationally and nine finishing in the nation's top four. In addition, 11 Illinois student-athletes have captured 13 individual national championships (wrestler Isaiah Martinez, 2016; men's gymnast Brandon Ngai, 2016; men's gymnast Alex Diab, 2018 and 2019; men's gymnast Ian Skirkey, 2021; Skirkey, fellow men's gymnast Ashton Anaya, and women's track athlete Olivia Howell, 2023; men's gymnast Tate Costa and women's field athlete Rose Yeboah, 2024; wrestler Lucas Byrd, 2025; women's field athlete Sophia Beckmon and men's gymnast Brandon Dang, 2026).

Illinois has captured a total of 16 Big Ten titles under Whitman: men's golf (2016-19, 21-23), women's golf (2023), men's basketball (2022 regular season, 2021 & 2024 tournaments), men's tennis (2021 tournament), men's gymnastics (2024 regular season, 2018 tournament), baseball (2024 regular season), and women's track and field (2024 indoor).

Whitman has executed an aggressive facilities agenda since his hiring. The marquee building is the $79.2 million, 110,000-square-foot Henry Dale and Betty Smith Football Center, which was formally dedicated in October 2019. A multi-year renovation and expansion of the Ubben Basketball Complex was a $40 million project that finished in the fall of 2022 and was officially dedicated in February of 2023. Other completed projects include the $21 million Demirjian Park, home for the Illinois soccer and track and field programs that opened in the spring of 2021, and the $8 million Susan and Clint Atkins Baseball Training Center and $6 million Rex and Alice A. Martin Softball Training Center, both dedicated in October 2022.

To assist Illinois' nationally ranked men's and women's golf programs, Whitman orchestrated the acquisition of the former Stone Creek Golf Club as part of a $15 million, multi-faceted gift of real estate to the University from long-time friends of Illinois Athletics, the Atkins family. The course, now rebranded the Atkins Golf Club at the University of Illinois, underwent extensive renovations using funds from a $5 million anonymous gift to provide Illinois Golf with a championship-caliber home. Atkins Golf Club served as a host site for the 2025 NCAA Men's Golf Regional Championships, where Illinois captured its seventh regional crown.

To support this facility plan and various other strategic initiatives, Whitman has teamed with DIA's Office of Athletic Development to achieve unprecedented success on the fundraising trail. Whitman's arrival synchronized with the public launch and execution of the campus-wide With Illinois fundraising campaign. As part of the With Illinois campaign, DIA secured more than $321 million in fundraising production, easily surpassing its fundraising goal of $300 million. The campaign featured several of the largest single gifts in program history, including a $20 million donation from the H.D. Smith Foundation, led by brothers Dale and Chris Smith, to name Smith Football Center.

In 2025, Whitman spearheaded an exciting partnership with Illinois alumnus and Gies College of Business namesake Larry Gies, who made one of the largest single gifts in college athletics history when he pledged $100 million to support Fighting Illini Football and secure the long-term future of the University's historic football stadium.

Illinois Athletics has set revenue records for four consecutive years, eclipsing $200 million in revenues for the first time in FY26. Based on NCAA reports, Illinois has experienced the greatest relative revenue growth of any Big Ten school during the ten years of Whitman's tenure (Illinois revenues have grown 102% during that time, compared to an average of 71% growth across the conference). Included in those totals are three straight years of record ticket revenue, topped by $30.2 million during the 2025-26 season.

As college sports continue to modernize, Whitman has been instrumental in reaching multi-year agreements with Busey Bank as the inaugural jersey patch partner for Illinois Athletics and Caterpillar as the first corporate logo on the playing surface at Gies Memorial Stadium. Illinois has also signed a long-term extension with Nike for footwear, clothing and equipment, continuing a 30-plus year partnership.

In March 2025, Whitman testified in a hearing before the U.S. House of Representatives Subcommittee on Commerce, Manufacturing and Trade on the future of college athletics. Whitman has also been a regular presence in Springfield, testifying in committee and working with state lawmakers on a variety of issues impacting college athletics, including name-image-likeness and sports gambling. In the summer of 2020, Whitman joined Governor J.B. Pritzker in State Farm Center while the Governor signed into law the Student-Athlete Endorsement Rights Act, the state's inaugural NIL bill.

In 2016, Whitman announced the creation of the University's Athletics Hall of Fame, which will celebrate its 10th anniversary with the induction of a star-studded class in the fall of 2026. In the winter of 2022, following an extensive community effort, the Illinois High School Association returned its Boys State Basketball Championship series back to State Farm Center after an absence of more than 25 years.

Whitman, a former Academic All-American at Illinois, emphasizes strong performance by Fighting Illini student-athletes in the classroom as well. In each year of his tenure, student-athletes have posted a combined GPA of above 3.12. Under Whitman's leadership, the student-athlete population as a whole and individual teams have set school records for GPA, APR scores and GSR scores. Illini student-athletes enter the 2026-27 academic year with a school-record streak of 32-consecutive semesters with a combined GPA above 3.0.

At the time of his hiring in early 2016, Whitman, then at age 37, was the youngest athletics director in the Autonomy 5. Prior to returning to Illinois, Whitman, now 48 years old, spent nearly six years as an athletics director at two universities. He came to Champaign-Urbana following almost two years as director of athletics at Washington University in St. Louis, a nationally recognized NCAA Division III program with 19 varsity sports and approximately 500 student-athletes. Before joining Washington University, Whitman served four years as the director of athletics at the University of Wisconsin-La Crosse, another of the nation's leading Division III programs. Combined at those two institutions, Whitman's teams earned four national titles, 24 NCAA top-five team finishes and 34 conference championships.

Whitman has two Illinois degrees. He graduated with Bronze Tablet honors in 2001 while earning a bachelor's degree in finance. In 2008, he graduated summa cum laude from the Illinois College of Law before serving as a judicial law clerk for the late Judge Michael Kanne on the U.S. Court of Appeals for the Seventh Circuit. From 2005 to 2008, he worked for DIA and former Illini athletics director Ron Guenther in various administrative capacities.

On the gridiron for the Fighting Illini, Whitman played in 45 games from 1997-2000, catching 52 career passes and seven touchdowns. He was a two-time First Team Academic All-American and earned Honorable Mention All-Big Ten honors his senior season. He then spent parts of four seasons as a player in the National Football League, including stints with the San Diego Chargers, Miami Dolphins, Seattle Seahawks, and Buffalo Bills. Whitman, a native of West Lafayette, Ind., is a member of the Indiana Football Hall of Fame.

Prior to embarking on his career in athletics administration, Whitman practiced law in Washington, D.C., with Covington & Burling LLP, a firm with a preeminent sports practice that represents, among other clients, the National Football League. Whitman remains a licensed attorney and is a member of the National Association of Collegiate Directors of Athletics and the FBS Athletics Directors Association. He also served on the national board of directors for the Sports Lawyers Association from 2019-23.

Whitman's leadership has earned national attention, highlighted in early 2018 when Sports Business Journal named him to its prestigious Forty Under 40 list. In July 2017, Whitman was selected Central Illinois Business Magazine's Forty Under 40 Man of the Year. He was inducted in the Illinois Sports Hall of Fame in 2026.

Whitman is married to Hope Whitman. They have two children: a daughter Tate, who is 10, and an eight-year-old son, Will. The Whitmans have become engaged in several Champaign-Urbana community organizations, including the Rotary Club of Champaign, United Way of Champaign County, Champaign County Court Appointed Special Advocate (CASA) for Children, the Stephens Family YMCA, Courage Connection, Coaches vs. Cancer, and the Tom Jones Challenger League. Whitman has been recognized as a Paul Harris Fellow by the Rotary Club of Champaign, which also honored he and Hope with its Service Above Self Award in 2025. Whitman was selected as the 2023 Distinguished Citizen by the Prairieland Council of the Boy Scouts of America. He and Hope are members of the I FUND's Loyalty Circle and made a significant gift to the Smith Football Center to honor football alumni inside the facility.

UNIVERSITY ADMINISTRATION

TIMOTHY L. KILLEEN
PRESIDENT

Timothy L. Killeen is the 20th president of the University of Illinois System, which includes universities in Urbana-Champaign, Chicago and Springfield. He took office in 2015 and announced earlier this year that he will step down at the conclusion of his current contract on June 30, 2027.

Since taking office, Killeen has helped lead a surge of growth across the state's flagship university system. Enrollment is at record highs, including increases among in-state and underrepresented students. Student costs have been held in check by affordability initiatives that include a tuition freeze for new Illinois students over most of the past decade and substantial increases in institutional financial aid. Retention and graduation rates top national norms, while student debt rates are lower than U.S. averages.

Under Killeen's leadership, the U of I System has invested more than $830 million in capital expenditures since 2022 supporting teaching and research to maintain academic excellence and meet demand generated by growing student enrollment.

To assist the three U of I System universities in attracting exceptional faculty, in 2017 the President's Office initiated the President's Distinguished Faculty Recruitment Program. This program has attracted dozens of world-class faculty to Illinois and has now been extended through 2026-27.

A leading researcher in geophysics and space sciences, Killeen champions efforts to expand research discovery that drives progress and job creation.

That includes the U of I System's critical leadership role in the development and administration of the new Illinois Quantum & Microelectronics Park in Chicago, a first-of-its-kind center that brings together multiple universities, industry, national labs and state government for quantum scale-up and related quantum and advanced microelectronics research and development.

Killeen also helped lead the creation of two pioneering U of I System initiatives to drive innovation and workforce development: the Illinois Innovation Network, a system of satellite hubs primarily at the state's public universities that combine research, public-private partnerships, entrepreneurship and workforce training to spur inclusive economic development across the state; and the Discovery Partners Institute, which brings together researchers, students, entrepreneurs, industry, leaders and civic partners to accelerate technological breakthroughs, prepare talent and drive economic growth.

In alignment with its mission, the University of Illinois System contributes $24.9 billion annually to the state's economy through research, hospital and entrepreneurial activities, along with the universities' students, visitors, alumni and vendors.

The U of I System's ongoing growth is rooted in the Strategic Framework that Killeen helped develop early in his presidency as a guide for its future. The roadmap set high-aspiration goals to make the U of I System a model for higher education in the 21st century and build on its legacy of more than 150 years of service to students, innovation and dedication to the public good.

In 2021, Killeen launched the annual U of I System leadership state tour with the goal of connecting with businesses, communities, schools, lawmakers, alumni and more to strengthen existing partnerships and forge new ones that improve the lives of Illinois residents. The sixth-annual state tour takes place this fall.

When he joined the U of I System, Killeen brought more than three decades of experience as an educator, researcher and administrator in public higher education and in leadership positions with national scientific research agencies.

Earlier, he served as vice chancellor for research and president of the Research Foundation at the State University of New York, one of the nation's largest higher education systems. He also served as assistant director for geosciences at the National Science Foundation, as the Lyall Research Professor at the University of Colorado and as director and senior scientist for the National Center for Atmospheric Research. Additionally, Killeen spent more than 20 years as a faculty member and researcher at the University of Michigan, where he also served as associate vice president for research.

He was elected to the National Academy of Engineering in 2007 and is a member and past president of the American Geophysical Union and a fellow of the American Meteorological Society and the American Association for the Advancement of Science. Killeen has authored more than 150 publications in peer-reviewed journals, along with more than 300 other publications and papers.

A native of Wales and a U.S. citizen, Killeen received his bachelor's degree in physics and astronomy at University College London, where he also earned his doctoral degree in atomic and molecular physics and was later awarded an honorary doctorate degree for his significant contribution to research.

The Killeens have three children and three grandsons.

CHARLES L. ISBELL JR.
CHANCELLOR

Charles L. Isbell, Jr. became the 11th Chancellor of the University of Illinois Urbana-Champaign in July 2025. As Chancellor, he leads the state's flagship land-grant university in its missions of academic excellence, innovation and public engagement.

Chancellor Isbell is a computationalist, researcher, educator and advocate for the idea that higher education creates opportunity, drives progress and broadens our understanding of the world. His research has focused on artificial intelligence and machine learning, with an emphasis on how those systems interact with humans in responsible and inclusive ways. Isbell's home as an Illinois faculty member is the Siebel School of Computing and Data Science in The Grainger College of Engineering.

Through multiple initiatives aimed at increasing participation in higher education, Isbell has become a respected leader in higher education reform. Although he is a computationalist by training, he values the critical thinking demanded of every discipline and considers it central to the purpose of education. He is an award-winning teacher who has been recognized internationally for his work in providing high-quality, accessible education at scale.

He is a fellow of the Association for the Advancement of Artificial Intelligence and the Association for Computing Machinery as well as an elected member of the American Academy of Arts and Sciences. He has served on a number of advisory boards for the National Science Foundation (NSF), Defense Advanced Research Projects Agency (DARPA) and the National Academies. He was the founding Executive Director for the Constellations Center for Education in Computing at Georgia Tech.

Isbell received his bachelor of science degree from Georgia Tech and continued his education at the Artificial Intelligence Laboratory at MIT. After earning his Ph.D. there in 1998, he joined AT&T Labs/Research. He returned to Georgia Tech in 2002 to join the faculty of the College of Computing, becoming dean in 2019. In 2023, he became Provost and Vice Chancellor for Academic Affairs at the University of Wisconsin-Madison.

Though born in Chattanooga, Tennessee, Isbell's earliest memory is arriving in Atlanta on a moving truck, so he thinks of himself as being from Atlanta. He and wife, Sheila D. Isbell, are parents to daughter Joni and son Cody.
