YEAR-BY-YEAR RESULTS

SAINT FRANCIS

Saint Francis University began playing basketball just 15 years after Dr. James Naismith invented the game in 1891. The first basketball game was played in Loretto during the 1905-06 academic year, but results of that game and those to follow during the next 12 years are lost or scattered because of two library fires on the Saint Francis campus. It is known that the Red Flash, then known as the "Saints", did beat Juniata College, 60-10, in the school's first win over an opposing college during the 1910-11 season. The first complete results are from the 1918-19 season.
