for: points by a defenseman (250), season points (87), season assists (61), and career assists (172). His 87 points and four, four-goal games are still PC standards. Wilson is the NCAA all-time leading scoring defenseman. The four-time leading scorer played in the NHL for seven seasons (Toronto and Minnesota) in addition to a stint in Europe. Wilson has coached the Mighty Ducks of Anaheim, the Washington Capitals and is currently the Head Coach of the San Jose Sharks. He led the 1996 United States National team to a gold medal in the World Cup. In 1998, he served as the head coach for Team USA at the Nagano Olympics and also coached the 2004 United States National World Cup team. He is a member of the PC Athletic Hall of Fame.

**Stephen Wood '04** is the first Friar defenseman since Rob Gaudreau in 1992 to earn All-America honors. He ranks eighth all-time in scoring among PC defensemen with 88 career points (28 goals, 60 assists). In addition to being named All-American, Wood was a First Team All-Hockey East selection, an All-New England selection and a Walter Brown Award finalist.

## PROVIDENCE COLLEGE HOCKEY HISTORY

### THE BEGINNINGS

Providence College was founded by Bishop Matthew Harkins during the 700th anniversary of the Dominican Order. The doors were to open on September 22, 1918, but with World War I raging in Europe, it was decided to postpone the opening until the following fall. On September 17, 1919, 71 undergraduates registered.

Hockey was first mentioned in 1922 when "an informal team of freshmen started practicing on available ponds in the metropolitan area."

Reports of games again surfaced in January 1926 but were strictly freshman games and only three were played. Again, the College provided no equipment so the program was run by students on an informal basis.

The first ever Providence College hockey game took place on January 6, 1927 when Providence defeated Springfield, 6-4, at the Springfield Arena. According to reports, Providence got its first-ever goal "early in the first period, when Frank Maloney, a big defenseman from New Haven, whipped the puck past the Indians goalie for a 1-0 lead."

Maloney would score three more goals in that game and behind the goaltending of Art McDonald, Providence prevailed, 6-4.

That would be the only win for the Black and White as they went 1-7 on the year. During the summer, the College decided that it could not budget a full-time coach or secure nonconflicting practice schedules so the decision was made to drop the sport for the 1928 season and, "until such time as it might be supported adequately."

For Providence hockey fans, it would not be until the efforts of Father Herman Schneider were finally successful in 1952, that the program would return to Smith Hill.

### THE CHAMPIONSHIPS

Over the years, Providence College has always been one of the top programs in college hockey. The team first appeared in the NCAA Tournament in 1964 and has qualified for a total of nine NCAA Tournaments, including three Frozen Fours (1964, 1983 and 1985). Two squads that earned unique distinction at PC were the 1983 team and the 1985 team. The 1983 Friars finished third at the NCAA Tournament, but concluded the year with the top record in the country at 33-10-0. The 1985 squad completed its magical season with a second-place finish in the NCAA Tournament after falling to RPI, 2-1, in the title game.

In addition to the team's success in the NCAA's, four Providence College hockey squads have captured conference titles. The 1964 team won the first title for PC when the Friars defeated St. Lawrence, 3-1, to win the ECAC Championship. In 1981, PC captured its second ECAC crown with an 8-5 win against Cornell. Two years later, the Friars won their third conference title by winning the inaugural HOCKEY EAST Championship with a thrilling 2-1 double-overtime victory over Boston College at the Providence Civic Center. The Friars most recent conference championship came in 1996 when an underdog Friar team shocked the college hockey world with a 3-2 win over Maine to give PC its second HOCKEY EAST title.

### THE COACHES

A total of 11 men have held the honor of coaching the Providence College Friars. The inaugural 1926-27 season was rough for the Friars and the team's head coaches. The squad had three head coaches that season, including the team's first coach, John Graham (0-4-0). Dr. Landry (1-1-0) and Clement Trihey (0-2-0) also took a turn at leading the Friars during their first season.

In 1952, Father Schneider brought hockey back to Smith Hill and named former Dartmouth great Richard Rondeau to coach the team. Rondeau (25-41-0) coached the team for four seasons, including PC's first winning campaign in 1954-55 when the squad recorded an 8-7-0 mark.

Thomas Eccleston, Jr., a 1934 graduate of Brown, coached the Friars from 1956-64. The former Burrillville High School coach has the third best winning percentage of all PC coaches with a .564 mark (94-72-5). Eccleston's teams had seven winning seasons and advanced to postseason play three times, including the 1964 NCAA Frozen Four.

Zellio Toppazzini followed Eccleston behind the Friars' bench and coached the team until 1968. A hometown star with the Providence Reds, Toppazzini guided PC to a 31-60-1 mark in his four seasons.

PC's seventh head coach became the most influential person in Friar hockey history. A 1963 graduate of the College and a two-sport athlete (baseball and hockey), Lou Lamoriello took over the team in 1968 and led the Friars to a 248-179-13 record. He is the team's all-time winningest coach and was responsible for the construction of Schneider Arena. He guided the Friars to three NCAA Tournament appearances, including the 1983 team that posted the best record in the country (33-10-0). Following that season, Lamoriello became the school's athletic director and helped form HOCKEY EAST, serving as commissioner from 1984-87.

Although Steve Stirling only coached the Friars for two seasons (1983-85), the 1971 BU graduate coached the Friars to a 44-28-7 record. He led the team to the inaugural HOCKEY EAST title and is the only Friar head coach to bring the squad to the NCAA title game.

New Hampshire alumnus Mike McShane took over the team in 1985 and led the team to a 151-153-31 mark over nine seasons. He is third only to Paul Pooley and Lou Lamoriello at Providence in all-time wins with 151. His teams posted four consecutive 20-win seasons between 1988 and 1991 and made two NCAA Tournament appearances (1989 and 1991).

Former Ohio State All-American Paul Pooley became the 10th coach of the Friars in 1994. Pooley quickly made his mark on the program, guiding the team to the HOCKEY EAST title game in his first season and winning the Championship in his second year (1996). In 11 seasons behind the PC bench, Pooley posted a 185-187-40 record and his teams advanced to two NCAA Tournament appearances.

Former Friar great Tim Army returned to his alma mater to take over the reigns of the PC program on June 17, 2005.

### THE PLAYERS

Most importantly, the players have shaped the history of Friar hockey. Providence College has produced its share of incredible hockey players. However, there are some names that have become synonymous with Friar hockey. Army, Boback, Gaudreau, Kennedy, Kleinendorst, Lamoriello, O'Neill, Orlando, Proulx, Quenneville, Terreri and Wilson have all placed their names at the top of the Friar record books.

Beginning with Larry Kish in 1964, PC players have earned 20 All-America honors and three Academic All-America accolades. The squad also has produced 20 All-ECAC players, 22 HOCKEY EAST All-Stars, 21 New England honorees, seven Hobey Baker finalists and four Olympians. Currently, Friar great Ron Wilson is coaching in the National Hockey League and Lou Lamoriello, John Ferguson and Brian Burke are serving as general managers in the NHL. Lastly, 26 former Friars have skated in the NHL.

*In 1981, the Friars posted a 17-15-1 record and captured the team's second ECAC title.*

**SUCCESS IN EVERY SPORT**

Led by Head Coach Chaka Daley, the men's soccer team finished the 2005 season with a 7-4-9 mark, which represented a 9.5 game improvement from 2004 and the 10th best turnaround in NCAA history. The Friars also advanced to the conference semifinal of the BIG EAST tournament, for the second time in three years, where they tied nationally ranked USF before being eliminated in a penalty kick shootout. PC then earned its second ever NCAA Tournament playoff berth, and first ever NCAA tournament victory by beating 13th ranked Hofstra University. Unfortunately, their season came to an end when the team was defeated in the second round by the second ranked team in the NCAA tournament, the North Carolina Tar Heels.

Mary Cullen, who was competing in her final collegiate race at PC, captured the NCAA 5,000 meters in a time of 16:01.39 on Friday, June 9. With her first-place finish, Cullen earned all 10 points for the PC team, whose 25th-place finish was its best since placing 22nd in 2004. It marked the ninth time a PC female athlete won a NCAA championship.

The PC women's cross country team finished second at the BIG EAST Championships and qualified for the NCAA Championships for the 17th consecutive season. Led by senior Fiona Crombie, the Friars placed 16th overall. Crombie earned All-America accolades after she recorded a 14th-place finish.

Martin Fagan and Max Smith each garnered two All-America accolades and led the PC outdoor track team to a tie for 16th-place at the NCAA Championships, its best finish ever. Fagan finished second in the 10,000 meters as he ran a personal best time of 28:41.41. It marked his second All-America selection as he also earned the honor in cross country. Smith placed third in the 1,500 meters in a time of 3:44.42 at the NCAA Outdoor Track Championships and earned All-America accolades. He also was an All-America selection during the indoor track season.

In 2006, the softball team posted a 29-19-1 overall record, including an 11-11 mark in the BIG EAST, which was good for sixth-place in the league. The 11 BIG EAST wins were the most by a PC squad since 1995. In addition, the Friars earned a berth in the BIG EAST Tournament for the first time since 1996.

The lacrosse team completed the season with a 10-8 overall record (6-2 MAAC) and earned a share of the MAAC Regular-Season title for the third time in the last four years. PC also captured the MAAC Tournament crown and made its second appearance all-time in the NCAA Division I Men's Lacrosse Championship. The Friars were defeated by third-seeded Hofstra, 14-8, during first-round action on May 14 in Hempstead, N.Y.

### THE MISSION OF THE COLLEGE

Providence College is a primarily undergraduate, liberal arts, Catholic institution of higher education. Committed to fostering academic excellence through the sciences and humanities, the College provides a variety of opportunities for intellectual, social, moral and spiritual growth in a supportive environment.

The College actively cultivates intellectual, spiritual, ethical and aesthetic values within the context of the Judaeo-Christian heritage. These values are nurtured by the unique tradition of the Dominican Order which emphasizes quality teaching and scholarship.

Providence College recognizes the unity of the human family that proceeds from its one Creator. It therefore encourages the deepest respect for the essential dignity, freedom and equality of every person and welcomes qualified women and men from all religious, racial and ethnic backgrounds. Providence College prepares its students to be responsible and productive citizens to serve in their own society and the greater world community.

Responding to the needs of Rhode Island, the Dominican Order of Preachers made a special commitment to the state in 1917 and founded Providence College — the only institution of higher learning in North America that is conducted by the Order. In 89 years, Providence College has steadily moved to a position of national prominence, while maintaining a personal, community-like atmosphere that fosters growth and development among its student population.

Providence College's rich heritage dates back to 1216, or the origins of the Dominican Order in Spain. Through the ages, the Dominican Friars became known as the "champions of the faith," spreading the gospel message through the centuries into every corner of the globe. Today, Dominican Friars continue to spread the gospel in a wide range of remote areas of the world, to teach at every level of the United States educational system.

With the Dominican tradition as its foundation, Providence College focuses on developing the entire person through its values-oriented education. The college seeks to complement a student's knowledge with knowledge of his own values — values that will remain the foundation for sound judgement throughout a lifetime.

To that end, Providence College aims to relate its curriculum to the problems of contemporary

society, offering diverse programs of study that remain grounded in the liberal arts. Students may choose from some 60 concentrations ranging from computer science to labor relations to theatre arts. In addition, qualified students who wish to structure a program not specifically provided under the regular concentrations may develop their own program with the approval of the dean of the college.

As part of the core curriculum, all students take a two-year, team-taught course, Development of Western Civilization (DWC) which integrates the study of literature, philosophy, history and religious studies through the ages into a cohesive interdisciplinary unit.

Situated just on the fringe of downtown Providence, the College's location enables students to have easy access to the many social, cultural, educational and recreational amenities of urban life - the Providence Public Library; entertainment at the Providence Performing Arts Center; the Providence Place Mall, the Fleet Skating Rink, sporting events, entertainment and trade shows at the Dunkin' Donuts Center and the Providence Convention Center and dozens of fine restaurants. With several other major educational institutions located in Providence, the city has become a hub of collegiate activity.

### PROVIDENCE COLLEGE ATHLETIC DEPARTMENT MISSION STATEMENT

The mission of the Providence College Intercollegiate Athletics program is to foster the personal development and education of young men and women through their participation in NCAA Division I athletics.

Athletic contests provide an opportunity for the campus and the community at large to demonstrate their support of the College, its athletics program, and the student-athletes.

The Athletic Department strives to fulfill student-athlete needs and goals in an environment steeped in the Dominican tradition in which honesty, integrity, mutual respect, effort and constant improvement are cherished and cultivated.

**Athletic Academic Services**

The Office of Academic Services (OAS) provides specialized support to student-athletes in light of the unique time demands, responsibilities, and rules governing participation in intercollegiate athletics. Services are provided in a safe, personal environment where academic growth is a priority, personal development and independence are enhanced, and long-term success is nurtured by a staff which models these same commitments.

Student-athletes who have distinguished themselves in the classroom as well as on the field or court, may be nominated for the BIG EAST Academic All-Star Team, the HOCKEY EAST Academic Honor Roll, NFHCA Division I Academic Team, MAAC All-Academic or CoSIDA's Academic All-American Program. The Providence College Athletic Department also honors student-athletes each semester who have achieved a 3.00 grade point average or higher.

**The student-athlete support staff includes the following:**

- Michael Walsh**, Assistant Dir. for Student-Athlete Academic Services
- Jill Kopicki**, Academic/Life Skills Coordinator for Student Athletes  
Life Skills Coordinator for Student-Athletes
- Eero Vartiainen**, Graduate Assistant for Athletic Academic Services

**SERVICES FOR STUDENT-ATHLETES**

**Academic Monitoring**

Progress report slips (i.e., requesting information regarding class attendance and performance) are sent to each instructor for all student-athletes at least once per semester. The staff track individual progress, schedules meetings with student-athletes as appropriate, and personally contacts instructors as necessary.

**Counseling/Mentoring**

The staff meets with student-athletes, individually and in groups, regarding academic, athletic, career, and/or personal issues.

**Life Skills Program/Special Projects**

Programs and workshops on select life skills (i.e., NCAA/CHAMPS Life Skills Program) are presented, covering the following five component areas: academics, personal development, community service, athletics, and career development. The OSA has collaborative relationships with many units on campus to help provide these services.

**Pre-Advisement/Registration**

The staff assists student-athletes with planning and course registration. In conjunction with the Office of Academic Records, dates are determined for preregistration each semester.

**Study Hall**

Quiet, monitored study time is available, during daytime and evening hours. Student-athletes are required and/or recommendation to attend, on a sport-by-sport basis, by their respective head coach.

**Travel Notifications**

At the beginning of each semester, student-athletes are provided with letters for their instructors, notifying them of travel/competitive schedules.

**Tutorial Services and The Writing Center**

The Tutorial Center, which is nationally certified by the College Reading & Learning Association, provides peer tutoring in most all subject areas. The Tutorial Center is open until 9:00 p.m. weeknights. The Writing Center provides more intensive and specialized writing support and also maintains evening hours for student-athletes' convenience.

**UNDERGRADUATE DEGREE REQUIREMENTS**

Providence College is primarily a coeducational four-year undergraduate college of liberal arts and sciences. Its main objective is the intellectual development of its students through the disciplines of the sciences and the humanities, equipping them to become productive and responsible citizens of a democratic society.

To be eligible for a degree, a student must accumulate 116 credit hours over an eight semester period with an overall quality point average of 2.0 on a 4.0 scale. In addition, a student must complete a minimum of 24 upper-division credits in the field of their major with an overall 2.0 cumulative average unless stipulated. Included in the total credit hours are the following prerequisites for any degree: Development of Western Civilization (20); Social Sciences (6); Natural Science (6); Philosophy (6); Theology (6); Mathematics (3) and Fine Arts (3). The remaining credit hours are elective with at least nine coming from areas outside one's major. In addition, all students establish English (writing) Proficiency by coursework or standards designated by the English Department.

The five most popular concentrations for the Class of 2006 were Marketing, Management, Political Science, Elementary/Secondary Education and Psychology. In all, the college offers a total of 34 majors and 36 minors ranging from theatre arts to computer science.

Although this may seem overwhelming on paper, our staff goes to great lengths to monitor each student's academic progress. The Athletic Department's Academic Advisor counsels all of the school's athletes and assists them in any areas in which they are experiencing difficulties. It's a system that Providence is quite proud of and one which we've worked long and hard to establish.

Any student-athlete who feels the need for tutorial assistance can utilize the college's tutorial center, as well as the athletic department's advisors who can supply them with individuals capable of assisting them in their particular course of study.

## THIS IS PROVIDENCE COLLEGE

### THE COGNOMEN

It is reported by Vincent Cyril Dore, O.P., who played in the earliest of Providence College athletics contests, that PC men were called “Cardinals,” but there is no official record or reference in newspaper clippings. There are references, however, to the nickname “Dominicans” as a sobriquet for PC athletes after the use of “Cardinals.” “Black and White” and “White and Black” were generally accepted epithets as well. “Friars” first appeared in an April 9, 1929 Providence Journal sports story prior to the start of the 1929 baseball season and a game against Northeastern University.

The earlier nicknames, along with other informal references (Smith Hillers, North End boys, etc.), continued to be used until the Fall of 1932 when “Friars” became more officially accepted and recognized as the one true cognomen for Providence College.

Friars, of course, was the word describing the members of the mendicant orders founded in the 13th century. Most of the members were priests engaged in a direct apostolate to the faithful. The Friars possessed greater mobility than other orders in that they were not confined to a single monastery or abbey.

It is surmised that the cognomen and reference to PC athletes as “Friars” came from an on-campus service club formed by John E. Farrell '26 called the Friars Club. Farrell was the Graduate Manager of Athletics at the College, who travelled with the baseball team to Dartmouth and learned of a service organization called the Green Key Society, which met and assisted visiting athletic teams. With the help of College president Reverend Lorenzo McCarthy, O.P. a similar club was formed at Providence College. Farrell reasoned that since the College was under the jurisdiction of the Order of Friar Preachers, the nickname was a natural.

### SCHOOL COLORS

Black and White are the official colors of Providence College. The black and white colors come from the habit worn by the Dominican Order. On solemn and formal occasions, the white habit is covered by a long black cloak and hood which is called the cappa. It is the black cappa, which in ancient times was worn in the street, that caused the Dominicans in English-speaking countries to be called “Blackfriars.”

The colors symbolize the ideals of the order. White typifies the Divine Truth preached by the Order and is indicative of the purity of life that must be characteristic of every Dominican. The black cappa is a constant reminder of the sacrifices that must be made in defense of the truth and the penance which is the means of preserving purity of life.

### ALMA MATER

From “Finlandia” by Jan Sibelius  
*Mother of Truth, we proudly pledge to thee  
Undying love and steadfast loyalty.  
From thee we learned the wondrous work of God,  
His goodness, grace, and holy power;  
Clear has thou shown that pathways must be trod;  
All fearless now we brave life's hour!  
Though failure frown, though kindly fortune smile,  
Firm our advance, naught can us e'er beguile.  
To honor bound, to love and virtue sworn,  
Lift we our voices in full acclaim  
Our lives shall thee with noble deeds adorn;  
Hail Providence! We praise thy name!*

### SCHOOL SEAL

The seal of Providence College consists of a torch superimposed on a triangle. In symbolism, the triangle represents the Trinity. Thus is signified an education which considers human existence in relation to eternity, which goes beyond the natural order and teaches the student to live according to the higher principles of supernatural grace.

The torch, always indicative of learning, is particularly emblematic of a Dominican institution since it is part of the device of one of the oldest shields of the Order. At the outset it referred to Saint Dominic himself who so magnificently conquered error by the Light of Truth, and who personally and through his followers was responsible, in no small measure, for the full flowering of the medieval universities. This tradition for learning the Friars Preachers carried to every part of the world.

The flame of the torch signifies the soul of man; the light of the flame indicates his mind. The torch is always borne aloft. The flame, therefore, towers over the surrounding symbols and typifies leadership among men.

The motto of the College is Veritas. It means Truth, which is the proper object of all intellectual activity.

The Diamond Jubilee logo depicts the long tradition of Dominican influence on the College.

### PROVIDENCE HOCKEY LOGO

The famous Friar hockey logo is the creation of Mr. Chuck Verde '63 who came up with the idea of a logo that would set hockey apart from all other Providence sports.

He developed several ideas after talking with then-coach Lou Lamoriello and assistant coach Bob Bellemore. They liked the idea and chose what has now become the traditional hockey logo. This logo came on the scene during the 1972-73 season and first appeared on the Friars' jerseys at the start of the 1973-74 season.

**Rev. Brian J. Shanley, O.P.**  
Providence College President

On February 1, 2005, Providence College announced the election of Reverend Brian J. Shanley, O.P., to serve as the 12th president of the College. Father Shanley assumed his duties at the College on July 1, 2005, and succeeded Reverend Philip A. Smith, O.P., who served as the College's president from 1994-2005. Prior to his arrival at Providence, Father Shanley served

as an associate professor in the School of Philosophy at The Catholic University of America in Washington, D.C.

Father Shanley is a native of Warwick, Rhode Island. A parishioner at St. Gregory the Great Church, he attended local public schools, graduating from Toll Gate High School in 1976.

In 1980, Father Shanley earned his undergraduate degree in history at Providence College. He holds a doctorate degree in philosophy from the University of Toronto, where he completed the Collaborative Providence in

Philosophy and Medieval Studies. He also holds a master of divinity degree (theology) and the Licentiate in Sacred Theology (S.T.L.), both from the Dominican House of Studies in Washington, D.C. (Pontifical Faculty of the Immaculate Conception.)

Ordained to the priesthood in 1987, Father Shanley has devoted his entire career to teaching and administration in Catholic higher education. Following teaching assignments at Providence College and the University of Toronto, he began his tenure at The Catholic University of America in 1994, achieving the rank of associate professor in 2001. Father Shanley's first teaching assignment was at Providence College from 1988-91. He was an instructor of philosophy, and taught in the Development of Western Civilization Program.

Father Shanley spent the Fall 2002 semester as a visiting professor at the Candler School of Theology at Emory University. He previously engaged in a post-doctoral fellowship at the University of Notre Dame's Center for Philosophy of Religion in 1998-99.

As the Regent of Studies for the Dominican Province of St. Joseph, Father Shanley holds a seat on the Provincial Council, a body of 12 Dominican Friars serving as cabinet-level advisors to the Prior Provincial. He advises the Prior Provincial on all matters pertaining to the intellectual and academic life of the Province and oversees the academic endeavors of members of the Province, including those in preparation for the priesthood and those engaged in graduate studies.

Father Shanley has been widely published in philosophy-focused academic journals and has been a guest lecturer at a wide range of scholarly conferences.

## PROVIDENCE COLLEGE ADMINISTRATION

### **Robert Driscoll, Jr.** **Athletics Director**

Robert G. Driscoll, Jr. has led Providence College through a renaissance during his five years as the Associate Vice President for Athletics. He came to Providence College with drive, ambition and most importantly, a vision. Since his hiring on November 2, 2001, Driscoll has been focused on one overriding goal - to make the Providence

College Athletics one of the most respected programs in the nation, where each student-athlete graduates and has the opportunity to compete for championships.

He is succeeding, and the College community is reaping the benefits. During the 2005-06 fiscal year, Driscoll and his staff members were responsible for raising more than \$1.7 million, which is the highest total ever raised in one year by the athletic department. In June, Driscoll announced that a \$340,000 anonymous donation was given to the College, which marks the largest single donation ever given to the department. The \$340,000 is being used toward renovations for Schneider Arena, which is the home of the men's and women's ice hockey programs. Earlier in the year, the College received a generous donation from the family of the late Helen Bert to construct a student-athlete lounge in Alumni Hall. The "Helen Bert Student-Athlete Lounge" is equipped with six computer stations and serves as a study area for all of the student-athletes on campus. Driscoll and his staff have been responsible for a number of highly successful fund-raisers to benefit the athletic department, including the annual Friar Golf Classic, which raised a record \$86,000.

The College also has taken on several high-profile projects on campus under Driscoll's guidance. In August of 2005, Providence celebrated the opening of the Friar Field Hockey & Lacrosse Complex, which is a six-million dollar artificial turf facility. The complex serves as home to PC's field hockey and lacrosse programs, as well as many of the College's intramural sports programs. In May of 2006, PC broke ground to construct a state-of-the-art \$13-million fitness center. The fitness center will house the Friars' varsity weightroom, and is being built adjacent to the Friar Field Hockey & Lacrosse Complex as an addition to the Peterson Recreation Center and Alumni Hall. The addition of the multi-level fitness center also will house many of the offices used by the athletic department. The construction project also will provide the department with a state-of-the-art athletic training room and a new ticket office.

The construction continues beyond the friendly confines of the College. Driscoll has spent countless hours working with lead officials in the City of Providence and the State of Rhode Island to help spearhead a \$62-million renovation of the Dunkin' Donuts Center, which is home to the Friar men's basketball team. Renovations began in the spring of 2006 and are scheduled to be completed in 2008. Once complete, the Dunkin' Donuts Center also will be a state-of-the-art facility that will seat more than 13,000 fans. Renovations will enhance nearly every aspect of the arena and will include luxury boxes, new seats, a new video scoreboard, a new sound system, concession stands, lockerrooms and new weight training and fitness areas. The planned renovations already have reaped benefits for the College, the City of Providence and the State of Rhode Island as Providence was awarded the first and second rounds of the 2010 NCAA Men's Basketball Championship.

In 2005-06, the Friars had another successful year on the playing fields and in the classroom. The Providence men's soccer and lacrosse teams capped off incredible seasons with NCAA Tournament appearances. The lacrosse team also captured the Metro Atlantic Athletic Conference (MAAC) regular season and tournament titles. The team has won the regular-season title three of the last four years and has captured the tournament title in two of the last three seasons. The men's and women's cross country teams also competed at the NCAAs in 2005 after assuming their usual spots in the national rankings. In addition, several members of the College's indoor and outdoor track teams competed at the NCAAs in a host of individual events. Mary Cullen captured the NCAA title in the 5,000 meters at the NCAA Outdoor Track and Field Championship, marking her first-ever national title.

Seven student-athletes at Providence combined to earn 10 All-America honors. Max Smith (indoor track, outdoor track), Mary Cullen (indoor track, outdoor track) and Martin Fagan (cross country, outdoor track) were two-time All-Americans in the sports of cross country and indoor/outdoor track. The Friars also were rewarded for their continued success in the classroom in 2005-06. Seventy-seven Friars were selected to the BIG EAST Academic All-Star Team, nine student-athletes were named to the HOCKEY EAST All-Academic squad and two gained MAAC All-Academic recognition.

Driscoll is in the midst of his third year as a member of the NCAA I Management Council. He was appointed to the council in May of 2004, and is one of 49 athletic administrators, faculty athletics representatives and institutional administrators to whom athletics departments report or who have other significant duties regarding athletics. The Division I Management Council, which reports to the NCAA Division I Board of Directors, is empowered to make recommendations to the Board and handle responsibilities delegated to it. Driscoll also represents the BIG EAST's Athletic Directors on the Student-Athlete Advisory Council, and serves on the HOCKEY EAST Television Negotiations Committee.

Driscoll joined the Providence community after 14 years in athletic administration at the University of California, Berkeley. At Cal, Driscoll served as the director of athletic administration and was responsible for the day to day operations of the department. In addition to the revenue-producing sports of football and men's basketball, he oversaw men's and women's swimming, men's and women's water polo, rugby, strength training, equipment and sports medicine programs.

Driscoll was hired at Cal as the associate athletic director for student services, a position he held for five years. He oversaw areas such as recruiting, admissions, financial aid and football and basketball team travel. He then assumed the position of executive associate athletic director, at which

point he was responsible for the administration of 27 varsity sports. During his tenure at Cal, he also oversaw 25 club sports, a staff of 250 and a \$36 million budget. Prior to coming to Providence, he served as the acting executive director for intercollegiate athletics and recreational sports. During his tenure, Cal won over 20 national championships, competed in the Citrus, Copper, Alamo and Aloha Bowls, NCAA Basketball Tournaments and the College World Series for baseball and softball. The Bears also finished as high as 12th in the NACDA Directors' Cup.

Before arriving at Cal, Driscoll served six years (1981-87) as the athletic director and chair of the Department of Physical Education, Recreation and Intramural Sports at Mills College in Oakland, Calif. Prior to arriving at Mills, Driscoll was assistant athletic director and head baseball and hockey coach at Union College in Schenectady, N.Y. from 1977-81. At Union, he was responsible for 22 men's and women's intercollegiate sports teams, including nationally ranked football and hockey teams.

Driscoll was a stand-out hockey and baseball player at Ithaca College (N.Y.), where he received a Bachelor of Science degree in physical education in 1974. He earned his Master's of Science in physical education/psychology of sports from Ithaca in 1975.

A native of Concord, Mass., Driscoll was inducted into inaugural class of Concord Carlisle High School's Athletic Hall of Fame in 1993. He is the proud father of three children, Tara, Kelly and Sean and resides in North Kingstown with his wife, Cathy. Sean is currently a member of the sophomore class at Providence College.

Bob Driscoll and Tyler Sims pose for a photo after Sims received the 2005-06 Providence College Co-Male Athlete of the year award for a team sport at the 45th Annual All-Sports Banquet.

## RHODE ISLAND

As soon as you land at the airport or cross the state line, you are in FRIARTOWN. The state of Rhode Island is comprised of hard-working, family-oriented people who are Friar Fanatics.

And make no mistake, you are in the most unique state in the union. Rhode Island has the country's best beaches, a beautiful New England coastline, country charm, big-boy advantages in Providence, the mansions in Newport, American history in every town, and, of course, the Providence College Friars.

Roger Williams came to colonial Rhode Island to escape religious persecution in Massachusetts. It became a bastion of religious freedom and independence. In 1638, the first Baptist Church in America was founded. In 1699, the country's oldest Quaker Meeting House was founded in Newport. Later, the oldest Jewish temple in the United States, Touro Synagogue, was established in Newport in 1763, and the first Roman Catholic mass celebrated in the new country was held in Rhode Island.

Being "first" is a Rhode Island tradition. Rhode Island was the first state to declare independence from the British throne on May 4, 1776. In 1790, Samuel Slater built the first textile mill in Pawtucket, and is recognized as the father of America's Industrial Revolution. In the late 1600's, the country's first woman doctor, Sarah Sands, set up her practice in Rhode Island, while Anne Hutchinson founded Portsmouth, the first town in America founded by a woman.

Rhode Island's native sons also have distinguished themselves in countless endeavors. General Nathaniel Green was second-in-command to General George Washington. Lieutenant Stephen

Olney led the charge of Cornwallis' troops in the battle that ended the Revolutionary War. Colonial artist Gilbert Stuart, who painted the most recognized portrait of George Washington, was born in Rhode Island.

There are numerous attractions in Rhode Island, including Hammersmith Farm in Newport where John F. Kennedy and Jacqueline Bouvier vacationed. The International Tennis Hall of Fame is also in Newport as are the mansions which served as America's first vacationland to the rich. The oldest tavern in the United States is in Rhode

Island, as is the first enclosed shopping mall. T.F. Greene airport is the first state-owned airport in the country.

The state along with the city of Providence has enjoyed a renaissance of sorts in recent years.

The state capital, Providence, is the home or the workplace of over one-quarter of the state's one million residents. The downtown area has become alive again with various new buildings, including a convention center and hotel next to the Dunkin' Donuts Center, Waterplace Park and the Providence Place Mall. Along with newer historic landmarks like the Biltmore Hotel, the Trinity Square Repertory Theater and the Providence Performing Arts Center.

The state capitol building features a Georgian marble dome which is the fourth largest unsupported dome in the world. The Dunkin' Donuts Center, "the home of the basketball Friars" has played host to the U.S. Figure Skating Championships, the 1995 and 2000 NCAA Hockey Championships, the first and second rounds of the 1996 NCAA Basketball Tournament and the NCAA East Regional Hockey Championship in 2003.

"The Ocean State" features 400 miles of coastline and is the home of the Pawtucket Red Sox, the Boston Red Sox AAA farm team. There are 12 colleges in Rhode Island and one can reach any location in the state in less than 50 minutes. It is a state of eight cities, 30 towns and 250 villages and hamlets. Make no mistake about it, Rhode Island has something for everyone.
