SPORTS MEDICINE SERVICES AND FACILITIES

We welcome you and your team to Georgian Court University! We hope the following information will be helpful to you during your visit. The Athletic Training Room is located in the northwest corner of the Wellness Center and will be open at least 2 hours before competition and at least 30 minutes following the event. Unless special arrangements are made in advance, athletes are expected to report to the Athletic Training room for any pre-game treatments or taping when traveling without an athletic trainer. Our staff will typically head to the venue during warm-ups approximately 20 minutes before the start of competition. Unless arrangements have been made in advance, we will be unable to come out to the field for non-emergent issues any earlier.

Provided on the side-line of all competitions:

- Water and cups
- Biohazard Safety Kit (first aid materials)
- AED, crutches, splints, and table
- Ice, ice bags, and plastic wrap
- A Certified Athletic Trainer will be in attendance for all home contests
- Team Physician may be in attendance for most home contests

Available modalities in the Athletic Training Room:

- Electric Stimulation*
- Ultrasound*
- Moist heat packs
- Game-Ready
- Whirlpool
- Treatment and Taping tables

If an athlete needs Electric Stimulation/Ultrasound and the team is **NOT traveling with a Certified Athletic Trainer, we will need a note from a New Jersey licensed Physician indicating the treatment for the specific athlete.**

If you need to request any other needs/accommodations or have any further questions, please do not hesitate to contact a member of our staff.

If your team will be traveling without an athletic trainer, we kindly request that you:

- Notify a member of our staff via e-mail with any treatment request
- Send a stocked med kit containing any tape/first aid supplies/emergency information
