NEW WAYS TO TEACH SKILLS?**

We are proud to offer a clinic specifically designed for coaches who are looking for information on how to TEACH skills of volleyball to players of all ages and skill levels. Tami and Kelly will show you how Georgia State University approaches the game from a TECHNICAL standpoint and provide you with the tools and drills to take back to your team. In addition to instruction and demonstration, each coach will be given materials including detailed descriptions of the skills as well as a comprehensive drill book that the clinicians have utilized.
