AIR FORCE ACADEMY 101

The Cadet Wing

• To prepare cadets for the life of an officer, the Cadet Wing at the U.S. Air Force Academy simulates the organization of an operational Air Force wing.
• Cadets are responsible for running and operating the wing, which affords them the opportunity to learn how to use a chain of command, how to function as part of various military formations and how military units organize to accomplish collective tasks.
• The wing is led by the Cadet Wing Commander who is the highest-ranking, first-class cadet.
• Within the Cadet Wing, first-class (senior) cadets hold the positions of cadet officers, second-class (junior) cadets act as the cadet non-commissioned officers and third-class (sophomore) cadets represent the cadet junior non-commissioned officers. Fourth-class cadets act as followers and function as cadet Airmen.

Cadet Squadrons

• The 4,000+ cadets who comprise the Cadet Wing are divided into four groups of 10 squadrons each. Cadets live, eat and take part in military training with their squadrons, which are comprised of roughly even numbers of cadets from all four class years. The squadron is the "home" or "family" for the cadets. Cadets typically forge very close bonds with their squadron-mates.
• When the first class entered the academy in the summer of 1955, they were divided into four squadrons. In the years following, the number of squadrons gradually increased at an average of four to eight per year. By 1970, the size in the cadet wing reached its peak of 40 squadrons. The number of squadrons dipped from 40 to 36 in 1999 but returned to its current strength of 40 squadrons in 2006.
• Air Officers Commanding (AOC) supervise cadets and are located within each group and squadron. These Air Force officers oversee all cadet activities, provide instruction and serve as role models as the cadets experience firsthand the processes of command and organization to accomplish the mission. Academy Military Trainer (AMT) NCOs complement the AOCs and provide an enlisted role model perspective.
• Squadron patches were designed in the early 1960s.

• Air Force is 37-6 when forcing two or more turnovers the last nine seasons.
• Air Force is 15-3 on the road, 21-3 at home and 1-0 in neutral site games.

PLEASE EXCUSE OUR MESS

The Air Force Academy officially broke ground Jan. 24, 2023 on the Falcon Stadium East Club modernization with a ceremony at the construction site.
After nearly six decades of football and lacrosse games, graduations, concerts and various events, the renovations coming to Falcon Stadium will help transform the facility into a first-class venue.
The Falcon Stadium modernization is a fundraising priority within the $270 million Defining Our Future comprehensive campaign publicly launched in September 2021. The Air Force Academy Foundation and the Air Force Academy Athletic Corporation have partnered to achieve the fundraising goals for the stadium as part of the athletics component of the campaign.
The investment required for the initial phase of the Falcon Stadium modernization project totals $90 million. Philanthropic support through the Air Force Academy Foundation will provide $35 million as part of the campaign and the remaining $55 million investment will be

FALCONS AMONG ELITE ACADEMICALLY

The Air Force football team has established itself among the nation's elite academically. The Falcons ranked eighth nationally in Academic Progress Rate (APR) in 2022 with a score of 992, according to the NCAA's latest multiyear NCAA Division I scores. This season marks the 11th straight year in the top 10. Air Force led the nation in 2019 with a 997 and was second in 2018 with a 993.
The APR provides a real-time look at a team's academic success each semester by tracking the academic progress of each student-athlete on scholarship (recruited and on varsity roster for non-scholarship schools). The APR accounts for eligibility, retention and graduation and provides a measure of each team's academic performance.

The 2023 season marks the 43rd year of the trophy competition with Air Force holding a 28-15 lead following a 30-13 win in Fort Collins earlier this season. The Falcons have won seven straight trophy titles. The trophy's origin is tracked back to Shelly Godkin, a former ROTC commander at Colorado State. THE KUTER TROPHY

The General Laurence S. Kuter Trophy, named after the first PACAF commander, is a tribute to the friendship between Hawai'i and Air Force and to the cooperation between the people of Hawai'i and their Air Force. The trophy was conceived by the University of Hawai'i, sponsored by the Pacific Air Command, and the Air Force Academy helped design it. The Kuter trophy is presented to the winner of the annual football game between the two schools. Hawaii has the trophy after a 27-13 win over Air Force Nov. 11.

FIRST TIME SUCCESS

Air Force has several players that found huge success with their first-career carry, catch and pass over the last three seasons. The tradition continued against Robert Morris in the season opener when Zac Larrier's first-career completion and Jared Roznos' first-career reception resulted in an 84-yard touchdown.

- Zac Larrier threw an 84-yard touchdown pass vs. Robert Morris this season
- Jared Roznos scored a touchdown on an 84-yard catch vs. Robert Morris this season
- Jalen Johnson scored a touchdown on an 80-yard run vs. Northern Iowa in 2022
- John Lee Eldridge III scored on a touchdown on a 16-yard at Colorado State in 2021

Although it was not the first completion of his career, Ben Brittain's first completion of 2022, his first since 2020, went for an 80-yard touchdown vs. Northern Iowa.

THE DIESEL STORY

- The Air Force offensive line is nicknamed the Diesel. The background dates back to 2018 when center Christopher Mitchell happened to be walking through the locker room and bumped into tight end Lesley Dalger, who referred to Mitchell as a diesel. The lineman took it and ran with it. The group developed a motto of "It starts with us" meaning that if the offensive line doesn't have a solid game it will be difficult to win. The group takes that mentality to practice every day. They have a blue-collar, bring-your-lunch-pail-to-work mentality. The lineman have hats with a diesel pump and a drop of fuel on the front. Legend has it

79 Hunter Brown

Air Force wears a HB79 sticker on the back of its helmets this year to honor fallen teammate offensive lineman Hunter Brown, who passed away in January after experiencing a medical emergency while leaving his dormitory for class.

that they found the hats at a truck stop. The mother of a former Falcon, Wolfgang Rehbock, helped secure 20-25 hats to get it started. Offensive lineman have to earn the hat, but they also give them out to other position players that they feel take on their mentality. There is an official ceremony when a player earns the hat, which is voted on by seniors on the offensive line. The ceremony is shrouded in secrecy, as the members do not discuss it.

AIR FORCE FOOTBALL TO HONOR DOOLITTLE RAIDERS

Air Force football is honoring the Doolittle Raiders with the 2023 edition of the Air Power Legacy Series uniforms. The Falcons wore the uniform for the Navy game Oct. 21 in Annapolis, Md., and again at Hawaii, Nov. 11.

The Doolittle Raiders were 80 pilots and crew of 16 B-25B Mitchell bombers who launched the Doolittle Raid April 18, 1942. Led by United States Army Air Force Lt. Col. James H. "Jimmy" Doolittle, the Raiders bombed selected targets in the Japanese capital of Tokyo and other military locations on the Japanese homeland. Planning for the Doolittle Raid began in January 1942, in response to the Dec. 7, 1941, attack on Pearl Harbor. The plan featured 16 B-25B medium bombers, each with a crew of five, launched from the U.S. Navy aircraft carrier, USS Hornet (CV-8). Running low on fuel after the bombing, the Raiders had to ditch their planes at sea, bail out, or crash land in China. Most of the Doolittle Raiders safely reached friendly forces and return to action. Lt. Col. Richard "Dick" Cole, Doolittle's co-pilot in the lead B-25 during the mission and last surviving member of the Doolittle Raiders, passed away at the age of 103 April 9, 2019.

The jersey features letters and numbers of steel and rivets like on the B-25 aircraft the Raiders flew in the mission. The right chest lists tail numbers of the aircraft that flew the mission. The left sleeve features the squadron patch of the Raiders, which was created and graciously permitted for use by the Doolittle Tokyo Raiders Association. The back nameplate says Doolittle Raiders. The pants feature the roundel logo on the left front, which includes the star that appeared on the B-25 aircraft. The Raiders mantra, Ever into Peril, appears down the right side of the pants, while Toujours au Danger is on the left leg, which is Ever into Peril in French.

The chrome helmet features the B-25 on the front bumper while the back bumper has the nicknames of the planes. Not every helmet will have a nickname, as only nine of the 16 planes had nicknames. Those unnamed aircraft will be represented with the name Doolittle. The right of the helmet features an image of a B-25 while the left has the Raiders patch from the jersey.

Doolittle Plane Nicknames
Serial Number -- Nickname
40-2270 -- Whiskey Pete

40-2278 -- Fickle Finger of Fate
40-2247 -- The Avenger
40-2267 -- TNT

The following planes did not have nicknames: 40-2344, 40-2292, 40-2282, 40-2283, 40-2242, 40-2250, 40-2297

Note: Thank you to The National Museum of World War II Aviation who was kind enough to supply the B-25 used in the uniform photos.

Air Power Legacy Series History
• The Air Power Legacy Series began in the 2016 season with the football team wearing an alternate uniform to celebrate the Tiger Shark teeth nose-art which has been represented on multiple Air Force aircraft dating back to World War II.
• While 2016 focused on the past, the Falcons honored the present, and future, of air power in 2017 with the F-35 theme.
• The team honored the AC-130 in 2018.
• Air Force honored the C-17, a large military transport in 2019.
• The Falcons honored the Tuskegee Airmen with the 2020 edition.
• The 2021 edition honored the B-52 Stratofortress.
• The 2022 edition honored the Space Force, which the U.S. Air Force Academy sends about 100 graduates to each year.

HEAD COACH TROY CALHOUN

Troy Calhoun is in his 17th season as head coach at Air Force, where he has a 129-82 overall record and a 77-54 mark in Mountain West play. He has led Air Force to 12 bowl games, including a school-record six straight from 2007-12.

Calhoun, who won his 100th game during the 2020 season, has led the program to an 11-win season (2019), four 10-win seasons (2014, 2016, 2021, 2022), four nine-win seasons (2007, 2010, 2021, 2022) and three with eight wins (2008, 2009 and 2015). He has led the Falcons to the Commander-in-Chief's Trophy five times, including 2022. Calhoun led the Falcons to an 8-6 overall record in 2015 and the Mountain Division championship and first-ever MW title game appearance. The 2019 Falcons posted an 11-2 overall record, the third-most wins in program history, and finished second in the MW Mountain Division with a school-record-tying 7-1 record.

Calhoun is the only coach in the 100-plus year history of service academy football to lead teams to at least seven wins and a bowl game in each of his first five seasons. Calhoun has been a semifinalist for the National Coach of the Year award three times (2007, 2010, 2019).

Calhoun came to his alma mater in 2007 and took over a program that had three straight losing seasons. Air Force finished the 2007 season 9-4 overall and placed second in the Mountain West Conference with a 6-2 mark in Calhoun's first year. The Falcons earned their first bowl bid in five seasons, advancing to the Armed Forces Bowl in Fort Worth, Texas. The five-game turnaround from the previous season was the largest in the nation by a first-year head coach and tied as the third largest overall in the nation.

Calhoun was named the conference's coach of the year for his efforts. In addition, he was named coach of the year in Region 5 by the American Football Coaches Association and was one of eight finalists for national coach of the year honors.

Calhoun brought a wealth of experience and impressive resume at the collegiate and professional levels that is flooded with success at every stop. Calhoun came to the Academy after serving as offensive coordinator and quarterbacks coach for the Houston Texans in 2006. The Texans were one of only two NFL teams to triple their number of wins from the previous year.

Calhoun became a well-rounded NFL coach, working as a defensive assistant, special teams assistant and offensive assistant with the Denver Broncos from 2003-05. He began his NFL coaching career by serving as the defensive assistant under defensive coordinator Larry Coyer in 2003.

Prior to the NFL, Calhoun was an offensive coordinator for six seasons on the collegiate level. He began his coaching career at Air Force, where he worked as a graduate assistant from 1989-90. He started at quarterback for the Academy in 1986 and was one of only two freshmen to letter for the 1985 team that finished fifth in the final polls with a 12-1 record that included wins over national powers Notre Dame and Texas.

Calhoun served his country from 1989-95 as an active-duty officer in the Air Force. He was the Falcons' recruiting coordinator and the junior varsity offensive coordinator in 1993-94. He moved to Ohio University in 1995 where he served as the quarterbacks coach for two seasons. Calhoun was promoted to offensive coordinator in 1997. Calhoun moved to Wake Forest in 2001 and remained there prior to his stint with the Broncos.

Groomed on the basics of integrity and passion, Calhoun is a native of Roseburg, Ore., and was raised in a home where both kids graduated from the Air Force Academy and were varsity letter winners on nationally ranked teams. He and his wife, Amanda, live in Colorado Springs and have two children, Tyler (21) and Amelia (19).
