THE DIESEL STORY

- The Air Force offensive line is nicknamed the Diesel. The background dates to 2018 when center Christopher Mitchell happened to be walking through the locker room and bumped into tight end Lesley Dalger, who referred to Mitchell as a diesel. The lineman took it and ran with it. The group developed a motto of "It starts with us" meaning that if the offensive line doesn't have a solid game it will be difficult to win. The group takes that mentality to practice every day. They have a blue-collar, bring-your-lunch-pail-to-work mentality. The linemen have hats with a diesel pump and a drop of fuel on the front. Legend has it that they found the hats at a truck stop. The mother of a former Falcon, Wolfgang Rehbock, helped secure 20-25 hats to get it started. Offensive linemen have to earn the hat, but they also give them out to other position players that they feel take on their mentality. There is an official ceremony when a player earns the hat, which is voted on by seniors on the offensive line. The ceremony is shrouded in secrecy, as the members do not discuss it.
- The Diesel had several new members in 2024, as all five starters from last year were lost to graduation. The Falcons had all five linemen make the first start of their careers in the Merrimack game. Air Force has had 10 players start on the offensive line and used a different lineup five times.
- The Diesel had its best day of the year vs. Fresno State, helping the offense set season highs for rushes (80), rushing yards (344), plays (86), first downs (24), third-down conversions (10), fourth-down conversions (5) and time of possession (45:08). Senior lineman Alex Moore had the best day of the year for a lineman, recording 89 snaps with an 87% grade and 25 knock-down blocks.

FALCONS CONTINUE TO BE AMONG ELITE ACADEMICALLY

The Air Force football team ranked ninth nationally in Academic Progress Rate (APR) in 2023 with a score with a 992, according to the NCAA's latest multiyear NCAA Division I scores. This is the program's 12th straight year in the top 10. Air Force led the nation in 2019 with a 997 and was second in 2018 with a 993.

The APR provides a real-time look at a team's academic success each semester by tracking the academic progress of each student-athlete on scholarship (recruited and on varsity roster for non-scholarship schools). The APR accounts for eligibility, retention and graduation and provides a measure of each team's academic performance.

All colleges and universities are required by NCAA legislation and federal law (the Student-Right-to-Know act from 1990) to report student graduation rates, and those institutions offering athletics aid are required to report for their student-athlete as well. The NCAA acquires student-athlete graduation data from the Department of Education's Integrated Post-Secondary Data System Graduation Rate Survey (IPEDS-GSR).

AIR FORCE ONE OF SEVEN TO EARN 2024 AFCA ACADEMIC ACHIEVEMENT AWARD

Air Force, Clemson, Liberty, Notre Dame, Virginia, Wake Forest and Wisconsin will share the American Football Coaches Association's 2024 Academic Achievement Award. The Memphis Touchdown Club presents the annual award, which is sponsored by BSN Sports. Air Force also earned the honor in 2019 and 2022 and is one of just 10 to earn three or more.

This year's award marks the 13th time the NCAA's Graduation Success Rate (GSR) one-year formula has been used to select the winner. From 1981 to 2007, the award was presented based on a formula used by the College Football Association and the AFCA. From 2008-17, the criteria for the AFCA's Academic Achievement Award was based on the highest NCAA GSR, and a Federal Graduation Rate of 75 percent or better. For 2018 and 2019, the AFCA used the NCAA's single-year APR. The AFCA returned to the GSR one-year formula in 2022.

The GSR is based on a six-year graduation window for student-athletes and holds institutions accountable for transfer students, unlike the federal graduation rate. The GSR also accounts for midyear enrollees and non-scholarship students at schools that do not offer athletics aid. Under GSR calculation, institutions are not penalized for outgoing transfer students who leave in good academic standing. These outgoing transfers are passed to the receiving institution's GSR cohort.

The Academic Achievement Award was established by the College Football Association in 1981. The award recognized the CFA-member Football Bowl Subdivision institution with the highest graduation rate among members of its football team. When the CFA disbanded in 1997, the AFCA stepped in to present the award.

Most Awards: Duke, 14; Northwestern, 12; Notre Dame, 11; Boston College, 5; Stanford, 5; Vanderbilt, 5; Virginia, 5; Clemson, 4; Air Force, 3; Rice, 3.

COMMANDER-IN-CHIEF'S TROPHY

The 2024 season marked the 53rd year of Commander-in-Chief's trophy competition. The trophy goes annually to the winning academy with the best record in the round-robin competition. The winning team goes to the White House to receive the trophy from the President of the United States. Air Force has a series-best 66-40 record and has won 21 trophy titles, the most in the series. Air Force finished 0-2 this season following a 34-7 loss at home vs. Navy and a 20-3 setback at Army.

THE RAM-FALCON TROPHY

Air Force and Colorado State compete each year for the Ram-Falcon Trophy. The 2024 season marked the 44th year of the trophy competition with Air Force holding a 28-16 lead following a 21-13 Colorado State win in Falcon Stadium earlier this season.

The trophy's origin is tracked back to Shelly Godkin, a former ROTC commander at Colorado State. He watched the teams play in 1978 and sought to translate his impressions into a trophy symbolic of an annual game. The first Ram-Falcon trophy game was in 1980.

AIR IS RARE

- Falcon Stadium has the second-highest elevation (6,621 ft) among FBS programs, trailing only Wyoming's War Memorial Stadium, which is at 7,220 ft.
- Four of the top five elevations belong to Mountain West schools. The MW also has the largest gap among FBS programs, as Hawaii's T.C. Ching Complex sets at just 18 ft. San Diego State's Snapdragon Stadium is just 46 ft, and San Jose State's CEFCU Stadium is at 82 ft.

AIR FORCE ACADEMY 101

The Cadet Wing

- To prepare cadets for the life of an officer, the Cadet Wing at the U.S. Air Force Academy simulates the organization of an operational Air Force wing.
- Cadets are responsible for running and operating the wing, which affords them the opportunity to learn how to use a chain of command, how to function as part of various military formations and how military units organize to accomplish collective tasks.
- The wing is led by the Cadet Wing Commander who is the highest-ranking, first-class cadet.
- Within the Cadet Wing, first-class (senior) cadets hold the positions of cadet officers, second-class (junior) cadets act as the cadet non-commissioned officers and third-class (sophomore) cadets represent the cadet junior non-commissioned officers. Fourth-class cadets act as followers and function as cadet Airmen.

Cadet Squadrons

- The 4,000+ cadets who comprise the Cadet Wing are divided into four groups of 10 squadrons each. Cadets live, eat and take part in military training with their squadrons, which are comprised of roughly even numbers of cadets from all four class years. The squadron is the "home" or "family" for the cadets. Cadets typically forge very close bonds with their squadron-mates.
- When the first class entered the academy in the summer of 1955, they were divided into four squadrons. In the years following, the number of squadrons gradually increased at an average of four to eight per year. By 1970, the size in the cadet wing reached its peak of 40 squadrons. The number of squadrons dipped from 40 to 36 in 1999 but returned to its current strength of 40 squadrons in 2006.
- Air Officers Commanding (AOC) supervise cadets and are located within each group and squadron. These Air Force officers oversee all cadet activities, provide instruction and serve as role models as the cadets experience firsthand the processes of command and organization to accomplish the mission. Academy Military Trainer (AMT) NCOs complement the AOCs and provide an enlisted role model perspective.
- Squadron patches were designed in the early 1960s.

AIR FORCE TO HONOR AFSOC WITH 2024 APLS EDITION

The Air Force football team honored Air Force Special Operations Command with the 2024 edition of the Air Power Legacy Series uniform. Air Force Special Operations Command (AFSOC) is always ready to answer our nation's call and provide forces for worldwide deployment. The Falcons wore the special uniform for home games vs. Navy game Saturday, Oct. 5, and Fresno State, Saturday, Nov. 9.

The uniform combination has a number of key elements highlighting areas of the AFSOC mission. The helmet features the official emblem of AFSOC. The back bumper of the helmet highlights AFSOC's motto, "Any Place, Any Time, Anywhere." A sticker on the back of the helmet highlights the Air Force Special Tactics logo with a lightning bolt, green feet, and dagger, representing the "First there, that others may live" community. The front bumper of the helmet features the Special Tactics Combat Control motto "First There." The jersey name plate on the right chest features each player's name. The right sleeve is adorned with an American flag, while the left showcases one of three different badges representative of Air Force Special Tactics. The red swoosh on the jersey and pants, along with the red outline in the numbers, are a tip of the cap to the scarlet beret worn by Special Tactics Combat Controllers. On the back of the jersey will be AFSOC in the traditional nameplate. The pants will feature a dagger, a symbol of special operations, on the left leg and the Special Tactics Combat Control motto "First There" on the right leg.

Air Force Special Operations Command, headquartered at Hurlburt Field, Florida, is the special operations component of the United States Air Force. AFSOC is also the service's component to United States Special Operations Command (USSOCOM), a unified combatant command located at MacDill Air Force Base, Florida. AFSOC provides all Air Force Special Operations Forces (SOF) for worldwide deployment and assignment to regional unified combatant commands.

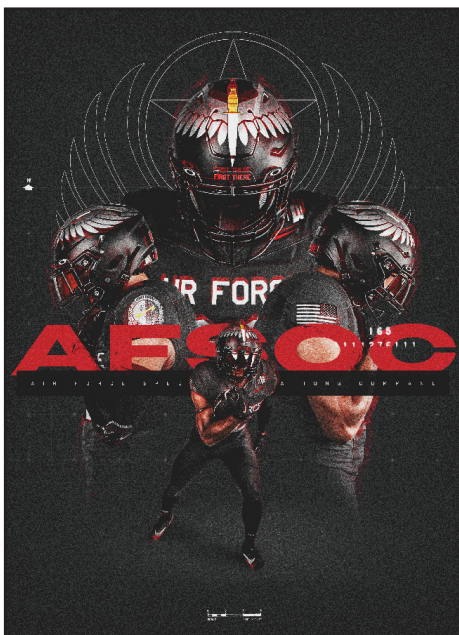

With a rich 30-year history, AFSOC boasts a legacy of Air Commandos who have excelled in missions globally. Air Commandos epitomize resilience, leadership, and teamwork. They are known to push boundaries, embodying the ethos that humans are more important than hardware. Fueled by a warrior spirit and tenacity, they drive towards innovative solutions, serving as community leaders and unit pillars.

Special Tactics is the Air Force's special operations ground force, using airpower to solve ground problems anytime, anywhere. Their missions include precision strike, global access, personnel recovery and battlefield surgery. They operate as independent Special Tactics teams and embed with joint SOF partners including the Navy SEALs, Army Special Forces and Marine Raiders.

Special Tactics is the Air Force's most decorated community since Vietnam with one Medal of Honor recipient and hundreds of Air Force Crosses, Silver Stars, Bronze Star Medals, and Purple Hearts. Since Sept. 11, 2001, Air Force Special Tactics has been involved in almost every major combat operation and enabled global humanitarian aid missions. Notably, they have had 21 operators killed in action since 2000, three of which were Air Force Academy graduates.

HEAD COACH TROY CALHOUN

Troy Calhoun completed his 18th season as head coach at Air Force, where he has a 135-89 overall record and a 80-58 mark in Mountain West play. He has led Air Force to 13 bowl games, including a school-record six straight from 2007-12.

Calhoun, who won his 100th game during the 2020 season, has led the program to an 11-win season (2019), four 10-win seasons (2014, 2016, 2021, 2022), three nine-win seasons (2007, 2010, 2023) and three with eight wins (2008, 2009 and 2015). He has led the Falcons to the Commander-in-Chief's Trophy five times, including 2022. Calhoun led the Falcons to an 8-6 overall record in 2015 and the Mountain Division championship and first-ever MW title game appearance. The 2019 Falcons posted an 11-2 overall record, the third-most wins in program history, and finished second in the MW Mountain Division with a school-record-tying 7-1 record.

Calhoun is the only coach in the 100-plus year history of service academy football to lead teams to at least seven wins and a bowl game in each of his first five seasons. Calhoun has been a semifinalist for the National Coach of the Year award three times (2007, 2010, 2019). Calhoun came to his alma mater in 2007 and took over a program that had three straight losing seasons. Air Force finished the 2007 season 9-4 overall and placed second in the Mountain West Conference with a 6-2 mark in Calhoun's first year. The Falcons earned their first bowl bid in five seasons, advancing to the Armed Forces Bowl in Fort Worth, Texas. The five-game turnaround from the previous season was the largest in the nation by a first-year head coach and tied as the third largest overall in the nation.

Calhoun brought a wealth of experience and impressive resume at the collegiate and professional levels that is flooded with success at every stop. Calhoun came to the Academy after serving as offensive coordinator and quarterbacks coach for the Houston Texans in 2006. The Texans were one of only two NFL teams to triple their number of wins from the previous year.

Calhoun became a well-rounded NFL coach, working as a defensive assistant, special teams assistant and offensive assistant with the Denver Broncos from 2003-05. He began his NFL coaching career by serving as the defensive assistant under defensive coordinator Larry Coyer in 2003.

Prior to the NFL, Calhoun was an offensive coordinator for six seasons on the collegiate level. He began his coaching career at Air Force, where he worked as a graduate assistant from 1989-90. He started at quarterback for the Academy in 1986 and was one of only two freshmen to letter for the 1985 team that finished fifth in the final polls with a 12-1 record that included wins over national powers Notre Dame and Texas.

Calhoun served his country from 1989-95 as an active-duty officer in the Air Force. He was the Falcons' recruiting coordinator and the junior varsity offensive coordinator in 1993-94. He moved to Ohio University in 1995 where he served as the quarterbacks coach for two seasons. Calhoun was promoted to offensive coordinator in 1997. Calhoun moved to Wake Forest in 2001 and remained there prior to his stint with the Broncos.

Groomed on the basics of integrity and passion, Calhoun is a native of Roseburg, Ore., and was raised in a home where both kids graduated from the Air Force Academy and were varsity letter winners on nationally ranked teams. He and his wife, Amanda, live in Colorado Springs and have two children, Tyler and Amelia.

CALHOUN EARNS LEADERSHIP AWARD

Air Force Head Coach Troy Calhoun (class of 1989) as one of three recipients of the inaugural Leadership Achievement Award by the Air Force Academy Association of Graduates. Calhoun was joined by former Falcon football player Chris Howard (class of 1991) and Col. (Ret.) Kim Campbell (class of 1997). The award recognizes Academy graduates who have distinguished themselves through professional accomplishments, whether in the military or private sector. Recipients model the Air Force core values of integrity first, service before self and excellence in all we do.

AIR FORCE ONE OF TWO

Air Force was one of just two schools nationally where the head coach, offensive and defensive coordinators are all at their alma maters.
