## 4. Read home screen for instructions

The attached forms are required for you to compete in intercollegiate athletics here at Duquesne University.

The athletic training staff will be accessing the site during the summer to see the status of your forms. We will be notifying your coach over the summer about the status of your paperwork. If your paperwork is not complete please be aware the coaching and athletic training staff will be sending out reminders until it is complete.

Please make sure to follow each step of the form instructions provided. Fill out [all required forms](#) in their entirety with the most updated information available.

**Please make sure to upload your [sickle cell screen](#) (NCAA requirement for ALL student athletes) and your [NCAA Medical Exception Documentation Reporting Form](#) (if applicable) under the "DOCUMENT UPLOAD TAB"**

**PLEASE PASS THE BELOW INFORMATION TO YOUR PARENT(S)/GUARDIAN(S)**

This is to provide you with important insurance information regarding primary medical insurance requirements for all student-athletes at Duquesne University for the 2026-2027 academic year.

**ALL** student-athletes are required to have primary medical insurance to participate on one of our NCAA Division I varsity intercollegiate athletic teams at Duquesne University. The primary medical insurance **MUST** provide coverage for an injury sustained during intercollegiate athletics.

**The following insurance plans are examples of those that do not have adequate health insurance coverage for athletic participation:**

- Tricare, a government-funded medical insurance
- In-state and Out-of-state Medicaid, a government-funded medical insurance
- Health-share plan, a pay-as-you-go out of pocket insurance plan

Government-funded medical insurance plans (such as Tricare and Medicaid) are **NOT** considered primary medical insurance due to their restrictive in-network policies. If a student-athlete has a government-funded medical insurance plan, the student-athlete must purchase another medical insurance plan to be permitted to participate on a Duquesne University NCAA Division I varsity intercollegiate athletic team.

Student Health Insurance Plan (SHIP) through UPMC, is available to all students at Duquesne University, and is the recommended insurer for student-athletes with a government-funded insurance plan. More information and enrollment instructions can be found at <https://www.duq.edu/life-at-duquesne/health-recreation-wellness/health-services/student-health-insurance.php>

Other insurance plans are acceptable if they cover intercollegiate athletic injuries and are considered primary medical insurance. If you have any questions or concerns, please contact your athletic trainer.

## 7. Upload any additional documents such as sickle cell or the NCAA Medical Exception Documentation Reporting Form

# Duquesne University Sports Medicine Medical Intake Instructions

- Please upload a copy of your sickle cell blood test here
- Please upload your NCAA Medical Exception Documentation Reporting Form here if applicable
- If reporting use of ADD/ADHD medicine for the first time, please upload initial learning/psych assessment here

Instructions

1. Please ensure all the documents contain your full legal name and date of birth.
2. From the drop-down alphabetized menu below, click "Select File."
3. Click on the appropriate document and then "Upload."

Please note that not all selections are required, only upload the documents that pertain to your program.

Tips:

- Files must be smaller than 4 MB. Scan in black and white, or at a setting of 150 DPI to achieve a smaller file.
- Documents must be .txt, or .pdf.
- Images must be .gif, .tiff, .jpg, .jpeg.
