ABOUT THE UNIFORMS

TCU men's basketball debuted its uniforms in the 2022-23 season.

- The design on the side of the uniforms are "SPINES" which represent the anatomical spines on the Horned Frog.
- From an frontal and rear view, the "SPINES" are represented to imitate the spines on the top and bottom of the Frog. The view can be seen when a player is at the free-throw line and seeing just hints of the tips of the spines.
- The red line in the middle has multiple meanings - the bloodline that shoots from the eyes of the Horned Frog when threatened. It also a represents the 'Blood is Thicker Than Water' mentality that a close family has in their bloodline
- The Design originates from the myth/origin of the horned lizard itself. The "ZIG ZAG" motif is often found in Texas Native America culture as a representation of lightning striking the earth and the red representing the horned lizard fighting back to a much bigger foe.
- The origin of the horned lizard is a fight between the lizard and lightning. Lightning states it can defeat anything on earth and challenged the lizard to four strikes (hence the four combined ZIG ZAGS on the sides of the uniform). Lightning missed the quick lizard and the Horned Frog "SPINED" the lightning from above. As payment, lightning now sends SPINES of light throughout the sky as homage to the tiny, yet mighty, Horned Frog.
