CORRECTIONS or REVISIONS?

While we strive to make our record books complete and accurate, all historical compilations are subject to the limitations of archived data. The Office of Athletic Communication and Operations at Goshen College believes it has the world's largest collection of information about the history of Maple Leaf athletics, but that does not mean our files have every possible data item or factoid.

If you have information that leads you to believe these records are inaccurate or incomplete, please contact statistician **Tony Miller** at tonykm@goshen.edu.

AWARDS & HONORS

Awards listings are likely incomplete before 2007, especially in the late 1990s when some records were being kept digitally but not all of them.
