MACOMB -- Familiar foes and new faces highlight the 2023 Western Illinois football schedule, released Friday, March 9. The Leathernecks play 11 regular season games this fall, including the eight-game Missouri Valley Football Conference slate. Five games will be at home and six on the road.

Western Illinois kicks off the season on September 2, making the trip to Las Cruces, New Mexico, facing New Mexico State. The game is the second all-time meeting between the two programs with the Aggies winning the lone contest, 31-24 in 1981.

The following weekend, the Leathernecks begin Missouri Valley Football Conference play, hosting Illinois State, on September 9. The game is in conjunction with the Western Illinois University Mega Reunion Weekend and will also serve as Senior Day for Western Illinois. Western Illinois returns to the nonconference schedule but remains at home the following weekend, hosting Lindenwood on September 16. Lindenwood is a member of the Ohio Valley Conference. The first-ever matchup between the two programs is also part of the Fifth Annual Family Day BBQ Competition. Western Illinois closes out the nonconference schedule the following weekend, traveling to Southern Utah. Southern Utah defeated the Leathernecks 17-10 in Macomb last fall.

After the bye week, the Leathernecks return to the MVFC schedule for the rest of the regular season, starting with a road trip to North Dakota on October 7. The Fighting Hawks and Leathernecks have not met since October or 2021. Western Illinois is back at home for Homecoming on October 14, hosting Missouri State. The game also serves as Athletics Hall of Fame Weekend. Western Illinois then heads back to North Dakota, taking on North Dakota State in Fargo on October 21. The Leathernecks host in-state rival Southern Illinois on October 28. The game against the Salukis will be Protect and Serve Recognition Day.

Western Illinois then hits the road for two straight games, visiting Northern Iowa on November 4 and Indiana State on November 11 before closing out the regular season at home on November 18 against South Dakota.

## WIU Tabbed 12th in MVFC Poll; DelaCruz, Ross Preseason All-Con

The Missouri Valley Football Conference revealed its preseason poll and projections for the 2023 season with a pair of Leathernecks getting honors.

Western Illinois University is playing its final season in the conference before joining the Ohio Valley Conference in the fall of 2024.

Western Illinois' returning leading tackler, Juan DelaCruz was named to the Second Team All-MVFC. Last season, DelaCruz led Western Illinois with 88 tackles. His seven quarterback hurries also led the team. DelaCruz was named Third Team Preseason All MVFC by Phil Steele last Friday.

Also receiving preseason accolades was defensive back JJ Ross. Ross finished last year with 35 tackles and a team-high two interceptions. Ross was named Second Team Preseason All-MVFC by Phil Steele.

On the team front, the Leathernecks were projected 12th in the conference, getting 65 points in a preseason poll conducted by coaches, media and sports information directors around the league.

Defending National Champion South Dakota State was named league favorite while National Runner-up North Dakota State was preseason picked second. Western Illinois begins the season on September 2, visiting New Mexico State.

## JJ Ross a Good Works Team Nominee

MACOMB -- Western Illinois University's JJ Ross has made plenty of plays on the field. Now the Leatherneck defensive back is making a name for what he is doing off the field.

The American Football Coaches Association and Allstate announced Ross as a member of the Allstate AFCA Good Works Team nominee.

Ross is one of 63 nominees from the combined FCS, Division II, Division III and NAIA levels.

Playing college football, attending school full time and giving back to the community is no small commitment. Yet, that's how 136 Good Works Team nominees invest their time and that's why their coaches recommended them for the 2023 Allstate American Football Coaches Association (AFCA) Good Works Team.®

"I'm impressed and inspired by these young men because they're incredible athletes and amazing human beings," said Tim Tebow, two-time national champion, Heisman Trophy winner and 2009 Good Works Team member. "When you give back to the community, it gives you purpose and can change your whole life – and the lives of others."

The nominees spend their free

time working to change lives by mentoring youth, feeding the hungry and donating their earnings. Some have even established their own non-profit 501 (c)(3) organizations. They've also maintained excellent grades and obtained Dean's List honors among other academic awards.

"These bright young athletes are role models," said Troy Hawkes, executive vice president and general manager, Allstate Sales and Distribution. "We've celebrated thousands of college football players around the country for years, and they've had a huge impact on their communities and on society."

### A Panel Chooses the Team

The final 22-member team and honorary coach are selected by a voting panel of former Allstate AFCA Good Works Team members, current and former head coaches and journalists. They look for exceptional leadership on and off the football field.

### Fans Pick the Captain

After the final team members are announced in September, fans can vote for this year's Allstate AFCA Good Works Team captain through the official page on [ESPN.com/allstate](https://ESPN.com/allstate). Fans can join the conversation on social media with #GoodWorksTeam throughout the season.

# 2023 RECOGNITION

## Ross, DelaCruz, Sanders, Choquette and Detiveaux lead the way

High expectations were placed on a handful of Western Illinois University football players on Friday as Phil Steele announced his Missouri Valley Football Conference Preseason teams. Five Leathernecks were named as part of the group.

Defensive back JJ Ross was the top Western Illinois player hon-

ored, earning a second-team nod.

On the third team is linebacker and returning leading tackler, Juan DelaCruz

Running back Ludovick Choquette, defensive lineman Jake Detiveaux and all-purpose player Taj Sanders were also

recognized.

The MVFC will announce its preseason conference poll and all-conference nominees before its media day on Tuesday. Western Illinois begins fall camp next week and plays its first game at New Mexico State on September 2.

MACOMB -- The Western Illinois football team is hosting a community outreach project on Thursday, March 9 by participating in the Be The Match program.

Be The Match is a donor program that partners with the Andy Talley Bone Marrow Foundation to create a donor registry for persons infected with blood cancers like leukemia, lymphoma and other life-threatening diseases.

To date, over 150 college football programs that have participated in the program with over 117,000 donors added to the Be The Match directory.

Leatherneck football players will host a four-hour registration event from 10 a.m.-2 p.m. at the Student Union and inside Western Hall on Thursday, March 9 for those interested in registering to donate.

All an interested volunteer has to do is come to one of the two locations, receive a cotton swap on the inside of their cheek and wait to find a match to be a donor.

### **About Be The Match®**

Be The Match is a global leader working every day to save lives through cellular therapy. For people with life-threatening blood cancers—like leukemia and lymphoma—or other blood disorders like sickle cell, a cure exists. Be The Match connects patients with a matching donor for a life-saving marrow transplant. The Be The Match Registry® is the most diverse registry in the world and includes both adult donors willing to donate to a stranger in need and stored cord blood units.

In addition, Be The Match provides patients and their families one-on-one support, education, and guidance before, during and after transplant. Be The Match is also a global leader in research through the CIBMTR® (Center for International Blood and Marrow Transplant Research®)—a collaboration with Medical College of Wisconsin, investing in and managing research studies that improve patient outcomes and advance the future of care.
