

SOFTBALL CLUBHOUSE

“It’s been my experience that success is built far away from the diamond. My vision for the Clubhouse gives us incredible opportunity to build and cultivate relationships not only among student athletes and coaches but in every facet of building a championship culture. Having our own space with offices and meeting space close gives ample opportunities for constant and casual communication which is the very root of relationships and trust. Look forward to giving Aces Softball this space!”

Bailey Dillender
UE Head Softball Coach
