

All-Time Colorado Collegiate Football Bests

The "All-Time Colorado Collegiate Football Bests" has been compiled to aid both the media and sports communication professionals in covering college football in the "Centennial State". In researching the records, various schools, NCAA, and NAIA websites were visited, along with obtaining data from historical newspaper clippings. Please note that the University of Colorado does not include bowling in its season or career records.

The goal of this document is to compile a comprehensive history of college football played at four-year schools. Comments on the presentation of the material in this document are welcome, along with any edits, revisions, and/or updates. If an individual locates a "missing" single-game, single-season, and/or career best achievement, please email Tim Simmons (bfishinc@aol.com) with the "missing" fact.
