MISSION STATEMENT

“Excellence is Brown and Blue.

As members of the swimming and diving team, we strive to be the best possible representatives of Tufts in everything we do; in competition, in training, and in our daily lives. We look to develop people through our sport to be the best possible versions of themselves.

To achieve excellence, we will embody a common vision of supporting one another, maintaining a positive attitude, respecting and honoring the privilege we have to be part of our team, and commitment to our mission. We are a value-based team and we work to uphold the Brown and Blue Standard selflessly with joy and love in our hearts, and displayed in our actions.”

EXCELLENCE IS BROWN & BLUE

The Brown and Blue Standard

RESPECT: Hold in high esteem your teammates, coaches, University, the training process, and your personal values. No matter your ability level, age or experience, all team members are valued equally.

LOYALTY: Showing absolute support of each other and our mission without judgement. While differences exist between individuals on a team, stand beside one another with light and joy in your heart, and commitment to team values. Be true to oneself.

INTEGRITY: Individuals who demonstrate conviction with inner strength always gain the confidence of their teammates. Demonstrating integrity while maintaining a commitment to the team demonstrates how much you care, and will clearly define your inner self.

COURAGE: Successful athletes exude confidence, perseverance and are resilient. Their “psychological hardiness” is never gained through half-hearted efforts or self-deprecating thoughts. Courageous athletes take charge of their lives and become responsible for their actions and when their motivations come from the heart, athletic performances go beyond the ordinary.

FORTITUDE: Have the mental and emotional strength to face adversity with courage. Have the discipline to focus on the task at hand, not the outcome. Success in any endeavor is the result of a long and worthwhile process.
