

Marshall Quotes vs. Ohio 9/15

Marshall Head Coach Doc Holliday

Opening statement: *What a football game that was! I thought there were two really good teams out there tonight that competed about as hard they could have competed. Probably at the end of the day it came down to, that they had one turnover and we had none and that's what the difference in the game was. I'm so proud of our players, proud of the way they played ... made plays when they had to. Thought the quarterback was tremendous. We've got to come back and get better for a great challenge in a couple weeks. We will enjoy this longer tonight than we did the last one and get ready to go.*

Redshirt sophomore quarterback Isaiah Green

About the offense on the final series of the game: *We got the ball back with 5:48. To control the ball all the way to the end of the game like we did was a great feeling.*

About Sheldon Evans entering the game for Brenden Knox: *We always play with a 'next man up' mentality here. Knox played great but went down. We had complete faith in Sheldon (Evans). He came in and stepped up, making some big plays on that last drive and we sealed the deal.*

Redshirt junior safety Nazeeh Johnson

About bringing the bell back to Huntington: *This was my first time playing this team. The coaches always talk about the history of the bell, and I really like the sound of it.*

About the final defensive stand: *It really shows what we are capable of, and we should have done that the whole game. We just got back on our feet and executed the game plan.*

About the bye week: *We have a lot of things to work on defensively. We can improve on a lot of things. We will come together this week and fix a lot of those things.*
