FAU Postgame Quotes

COACH:

Head Coach Willie Taggart:

Opening Statement:

“It’s an important loss. I thought our guys played hard and we left some things on the field. We had too many penalties. The difference in the games were the penalties.”

On Marshall’s performance:

“They play hard and they played the entire game. We just lacked execution on the offense side of the ball. It was disappointing and for some reason we didn’t lock in.”

On FAU’s lack of execution:

“When you’re down, you got to execute and have to be on point with everything. I thought we were trying so hard and not focusing enough. We could’ve made it a ball game.”

PLAYERS:

Graduate wide receiver TJ Chase:

On the game outcome:

“The game today, we kind of just beat ourselves. We had a couple players out, but we can’t dwell on that. We know we could’ve went out there and won that game. Now we have to focus on the rest of the season.”

On team effort:

“On third down, we got to be better. We just got to stop the run and not get behind the chains. We need to stay in front of the chains.”

Redshirt junior quarterback Nick Tronti:

On errors:

“We had a couple communication errors getting the play in. We will have to work on that this week.”

On the fourth down call:

“It’s not necessary throw it up and see what happens. It’s more than seeing one on one happening. It’s unfortunate that it happened.”

On the loss:

“I always thought we had a chance. I never count myself or my teammates out.”
