

## **POST-GAME QUOTES VS RICE 12/5/20**

### **COACH DOC HOLLIDAY**

“Obviously, very disappointed in the way we played. Credit to Mike and that team and the way they played.”

“I didn’t see anything that I was concerned about up to this point. We did not get it done when we had to. It’s a total team effort on the players and coaches, we gotta coach better.”

“From week to week, we have 5-6 guys out. Guys have to step in and go play, guys have stepped up and made plays this season. We didn’t do that today.”

“They did a good job staying on drives and we couldn’t get them off the field.”

“You can’t let one game beat you twice. We have to move forward.”

“There’s always noise. I tell them all the time that we have to eliminate the noise and move forward.”

#### **Grant Wells**

*Grant Wells on how today was different than any other games this year:*

“Yeah, as you can see nothing really worked for us today. I don’t know if we had a different mentality coming into this game, but nothing really seemed to work for us today.”

#### **Eli Neal**

*Eli Neal on being asked about today’s game overall:*

“We had the expectation to overcome all the adversity and we just didn’t pull it out today.”

*Eli Neal on career high 15 tackles:*

“The 15 tackles don’t mean anything to me, I would rather have negative tackles if you could and win the game. I would rather have zero tackles and take all the heat that comes with it if it means we win the game.”

#### **Alex Mollette**

*Alex Mollette on how today’s game went:*

“That loss is more our fault (than what they did), I just don’t think we ever got in a rhythm. I think our defense played their butts off honestly. Us as an offense put them in a bad situation, we were flat and we couldn’t ever get in the rhythm. I said this Sunday, they are a Division I football team, it isn’t like we are playing a pee wee team.”
