

MU vs. Appalachian State
Opposing Team Quotes

Head Coach Shawn Clark

Opening Statement: "Congratulations to Marshall on a great victory. That was a great rivalry and we hope that continues. We fought until the end. We can't turn the ball over."

On team goals: "All of our goals are in front of us. We want to win the Sun Belt Conference championship game and a bowl game. We have to protect better. They did a good job stopping our run."

On turnovers: "We have to straighten up our turnovers. We had two."

On offensive line: "There wasn't much push on the front line. We have to go back and look at film and get that fixed up."

On this road loss: "We're going to see what kind of team we have. I think our guys are still hungry and want to win. We're going to get back on track."

Noah Hannon, senior offensive lineman, captain

On the offensive line: "It starts with us upfront. Obviously, we have to do better. Marshall played really good on defense. They slowed us down. We have to go back and look at the film and see what we can do better. We can't beat ourselves."

On team effort: "I think we are a relentless group. This isn't going to define us. We're going to be practicing next week. It's my job as a leader and as a team to keep pressing. Every play is designed to score and if we don't then we messed up."

Shaun Jolly, junior defensive back

On making plays: "Next play mentality. Marshall has good players. We just have to make plays."

On fan base travel: "We did have a good showing. They were loud. We feed off their energy."

On Marshall quarterback Grant Wells: "Going into the week, we just planned on getting pressure on him and see how he reacts to the pressure."

On bouncing back from the loss: "Just bounce back. We took a loss. It's in the past. We'll come back next week with energy."
