2025 Marshall University Football Record Book

Some stats (e.g. third down conversions, quarterback sacks, time of possession) were not kept in the earlier years; what is listed here comes from what was included in the game-by-game stat reports from the time that it was tracked. Most official game statistical reports have been available since 1960. Prior to 1960 the information assembled here comes from media reports of the contests (mostly newspapers and yearbooks).

In the early years of Marshall football, the team played several games against club, semi-pro and high school teams. The records listed herein are only from games against college competition.

The NCAA does not count bowl game statistics prior to 2002. As this record book serves as a comparison of Marshall players to one another, all bowl game statistics are included - even prior to 2002.

*Jackie Hunt's totals are confirmed, but incomplete, based on media reports of this game. At a minimum he had what is listed, but he may have had more carries for more yards, or – if he lost yardage on additional plays – it's possible that his yardage totals would be lower. He had touchdown runs of 38 and 70 yards in the third quarter, and in the fourth quarter made a 53-yard run that set up his own 18-yard touchdown run. Marshall won 33-6 at Fairfield Stadium.

*Jackie Hunt's totals are confirmed, but incomplete, based on media reports of those games. At a minimum he had what is listed, but he may have had more carries for more yards, or – if he lost yardage on additional plays – it's possible that his yardage totals would be lower.

Against Morris Harvey, Hunt had third quarter touchdown runs of 38 and 70 yards in Marshall's 33-6 win at Fairfield Stadium. Against Detroit Tech, he had fourth quarter touchdown runs of 35 and 73 yards, two of his five touchdown runs in the game (a total of 180 yards on those five carries alone). Marshall won 67-0 at Fairfield Stadium.
