This is Hofstra University

Hofstra University provides a dynamic college experience tailored for innately ambitious, outcome-oriented individuals. Students find their edge at Hofstra, through small classes, a faculty whose primary concern is teaching, cutting edge technology, extensive library resources, internships, and special educational programs that appeal to their interests and abilities. The Hofstra community is driven, dynamic and energetic, helping students find and focus their strengths to prepare them for a successful future.

In its relatively short history, Hofstra has established itself as a world-class institution of higher education and cultural enterprise. Each academic year, the Hofstra campus and the programs offered grow and change to meet the demands of our students and our community.

academic and social activities. Additionally, Hofstra's close proximity to Manhattan means that students have easy access to the wondrous cultural, social and career offerings of the city.

What has remained consistent throughout the years, however, is the sense of community on campus, the eagerness of our students to learn and the commitment of the Hofstra faculty and administration to provide a challenging education that encourages the pursuit of lifelong learning.

The Colleges and Schools of the University are: Hofstra College of Liberal Arts and Sciences, Frank G. Zarb School of Business, New College of Hofstra, School of Communication, School of Education and Allied Human Services, School of Law, School for University Studies, University College for Continuing Education, Honors College and Saturday College. Bachelor's degrees are offered in 140 areas of study. Graduate degrees are offered, including Ph.D., Ed.D., Psy. D., Au.D. and J.D. degrees, advanced certificates and professional diplomas, in more than 150 programs of study.

Recently, the University celebrated the opening of Hagedorn Hall, the new home of our School of Education and Allied Human Services. In 2001 Hofstra University Honors College welcomed its first class. This new division of the University proved to be an immediate success, not only with University faculty and administrators, but among the 93 inaugural students. Every fall since, the number of entering freshmen has increased substantially.

Hofstra's School of Communication is one of the largest, most advanced non-commercial television facilities in the East. Students take classes and work in Dempster Hall, a sophisticated television production/post-production facility with two broadcast-quality studios and control rooms; two advanced online video edit suites; two Avid non-linear digital editing systems and several cuts-only video work stations. Two satellite dishes are

available with one dish providing special news feeds for the broadcast journalism room, which also has access to Associated Press, Lexis-Nexis and Dow Jones services. In addition, the facility is capable of broadcasting student-produced programming to the entire campus on our own cable channels. Also located here is the University's radio

Hofstra opened in 1935 as a commuter school with all classes and offices housed in one building. Since those early days, Hofstra has evolved into an international institution with a student body hailing from 45 states and 61 countries around the world. The beautiful campus is an accredited arboretum with 113 buildings on 240 acres. There are approximately 4,200 students living on campus, and Hofstra offers them and all students an extensive array of

station (WRHU/88.7-FM), audio production studios, a film/video screening room, film editing rooms, a computer laboratory, a speech performance studio and a large dance studio.

Hofstra's C.V. Starr Hall offers academic facilities that are among the most technologically advanced in the nation. Every seat in every classroom allows students direct access to the Internet and Hofstra network, including the resources of Hofstra's Axinn Library.

Hofstra's growing computer facilities offer extensive high-tech training opportunities. There are computer terminals throughout the campus for student and faculty use, with more than 750 PC, Macintosh and UNIX workstations available in labs and classrooms. The University was ranked 14th in Forbes' list of Most Connected Campuses in 2004, up from 18 in 2003.

Hofstra hosts more than 500 cultural events annually, bringing thousands of scholars, dignitaries and other participants to campus. More than 200 musical and dramatic performances take place on campus each year.

The Hofstra Museum, which houses one of the largest art collections in the metropolitan area, coordinates approximately 12 exhibitions annually and offers exhibition areas and an extensive outdoor sculpture collection, with more than 65 pieces. The Hofstra Museum is accredited by the American Association of Museums – one of only 94 universities in the nation and one of six in New York to hold that distinction.

Hofstra also has seven theaters, a student newspaper, a lively student center, a recreation center and numerous athletic facilities, including the 15,000-seat James M. Shuart Stadium and the 5,124-seat David S. Mack Sports and Exhibition Complex. Hofstra

also has an indoor, Olympic-sized (eight lane, 50-meter) swimming pool, one of the largest such facilities in the New York metropolitan area.

The Hofstra athletic program competes on the NCAA Division I level and is a member of the Colonial Athletic Association

Head Women's Basketball Coach

KRISTA KILBURN-STEVESKEY

Krista Kilburn-Steveskey, the former associate head coach at James Madison University and a proven recruiter, was named the 11th head women's basketball coach at Hofstra University on May 16, 2006.

"Krista was the perfect fit for our program, having been a winner at every level of her coaching and playing career," stated Hofstra Director of Athletics Jack Hayes. "She has been an integral component in the recent success of the James Madison program and her recruiting ability, especially in the Metropolitan area, clearly made her stand out from the crowd. We are very excited to welcome

James Madison's first postseason appearance since the 2000-01 season.

Before taking her position at James Madison, Kilburn-Steveskey was a highly successful coach on the high school level, coaching the Wheeler High School girls basketball team in Marietta, Georgia, from 1996 through 2002.

In her six seasons at Wheeler, Kilburn-Steveskey compiled a stellar 143-38 record (79% winning percentage) and won the 1998 AAAA state championship.

She also led the team to a state quarterfinals appearance in 2001 and to the round of 16 in 1999 and 2000. Wheeler also won regional championships in 1998 and 2001.

Kilburn-Steveskey was named the 1998 Georgia AAAA Coach of the Year and also earned North Georgia, Cobb County and Marietta Daily Journal Coach of the Year that same year. She was the Region 6 AAAA Coach of the Year from 1997 through 2001 and was the recipient of the 1999 Paula Wandell Coach of the Year Award.

Krista and her husband, Chuck, to the Hofstra family."

Kilburn-Steveskey was a member of the James Madison staff for four years and coordinated the Dukes recruiting and scheduling, as well as assisting with all facets of the Dukes' program. She was instrumental in the recruitment of junior Tamera Young, who garnered All-CAA first team accolades after averaging 15.6 points, 9.9 rebounds, 2.5 assists and 2.3 steals per game in 2005-06.

Her strong play earned her an invitation to the USA U20 Women's National Basketball Team Trials. She also helped recruit and develop junior Meredith Alexis, who ranked ninth in the NCAA in rebounding this past season and is already James Madison's career leader in rebounds with 930.

While at James Madison, Kilburn-Steveskey was involved in the successful recruiting of three New York City players – Lesley Dickinson (Christ the King), Jasmin Lawrence (Francis Lewis) and Kisha Stokes (Bergtraum). Dickinson was the CAA Rookie of the Year in 2004, a three-time all-conference selection and is on pace to become JMU's all-time leading scorer.

In the last two seasons with Kilburn-Steveskey on the sidelines, James Madison won a total of 42 games and advanced to the Colonial Athletic Association (CAA) Championship game this past season and to the semifinals in 2004-05. The 42 wins are the most in back-to-back years for the Dukes since the program won 22 games in 1994-95 and 21 games the following season.

In 2005-06 JMU went 24-7 and earned a bid to the WNIT. The 24 wins were the programs most since a 26-win campaign in 1990-91 and it marked

Prior to her tenure at Wheeler, Kilburn-Steveskey was the head girls volleyball coach, the assistant girls varsity basketball coach and the head junior varsity girls basketball coach at Sandy Creek High School in Tyrone, Georgia, from 1992 to 1996.

Kilburn-Steveskey is a 1990 graduate of North Carolina State University in Raleigh, North Carolina, where she was a four-year letterwinner on the women's basketball team and served as team captain during her senior year. In her four years at NC State, the Wolfpack compiled an 83-37 record and advanced to the NCAA Sweet 16 in 1987, 1989 and 1990. The 1990 squad posted a 25-6 record, won the regular season ACC championship and was ranked 11th in the nation by the *Associated Press*. Following her senior season, Kilburn-Steveskey received the prestigious North Carolina State University Alumni Association Athlete of the Year Award.

Following her collegiate career at North Carolina State, Kilburn-Steveskey was a member of USA Basketball's Women's R. William Jones Cup squad that competed in Taipei, Taiwan, in the

summer of 1990.

Kilburn-Steveskey, who holds a degree in speech communication from NC State, earned her Master of Education with a concentration in special education from the State University of West Georgia in Carrollton, Georgia, in 1996.

A standout at Fayette County High School in Fayetteville, Georgia, Kilburn-Steveskey was inducted into the school's hall of fame in 1999.

WHAT THEY'RE SAYING ABOUT KRISTA KILBURN-STEVESKEY

"If she has as much enthusiasm as when she played at NC State, then she is going to do great things. She has a great passion for the game and has done very well as a high school coach and as an assistant coach at the college level. I feel like she is ready to take the reins of a collegiate program. I'm very happy for her. She has been a great representative of NC State and I'm sure that she will be a great representative of Hofstra University as well."

Kay Yow, legendary North Carolina State University head coach

"Krista is one of the bright, young assistant coaches who has all the makings of a successful head coach. I look forward to her continuing to build on the recent success of the Hofstra program."

Tom Yeager, Colonial Athletic Association commissioner

"I'm very excited for Krista and her husband, Chuck, for the opportunity to be the head coach at Hofstra. Krista has worked very hard to achieve this goal, and with her infectious personality and knowledge she will make a positive impact at Hofstra. She will be missed at JMU."

Kenny Brooks, James Madison University head coach

2006-07 Outlook

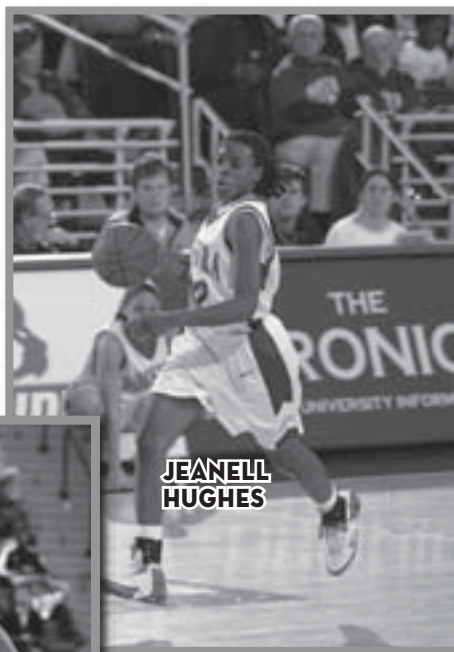

Many times, a first year head coach will be charged with the task of rebuilding a program from the ground up, but first-year Hofstra Coach Krista Kilburn-Steveskey inherits a team that is coming off a 19-12 season, a trip to the Women's National Invitation Tournament and returns four senior starters and 11 players overall.

Having the luxury of an experienced group will make Kilburn-Steveskey's transition to head coach much smoother and with a veteran team, the Pride feel that the 2006-07 season is their time to shine.

GUARDS

Hofstra returns its starting backcourt of a year ago in senior shooting guard **Cigi McCollin (Long Island City, NY)** and senior point guard **Jeanell Hughes (Baltimore, MD)**. McCollin was a second team All-Colonial Athletic Association and All-Metropolitan New York selection after averaging 14 points, 3.5 rebounds, 2.0 assists and 1.8 steals per game in 2005-06. A threat to shoot from anywhere on the floor, McCollin had a team-high 88 three-pointers last season. Hughes took over the starting point guard job for the final 13 games of the season and averaged 6.0 assists per game in that span. For the season, Hughes averaged 1.5 points, 1.5 rebounds and 3.0 assists per game.

Junior **India Ali (Lithonia, GA)** and sophomore **Niki Williams**

JEANELL HUGHES

CIGI MCCOLLIN

NIKI WILLIAMS

(Pittsburgh, PA) also saw a great deal of playing time at the point last season and should find themselves in the guard rotation this year as well. Ali started 18 of 31 games and averaged a team-best 3.6 assists per game to go along with 3.4 points and 2.4 rebounds. Ali also excelled on the defensive end and was second on the team in steals, averaging 1.6 steals per game. Williams came off the bench in all 31 contests and averaged 2.5 points, 1.4 rebounds and 1.8 assists per game.

Sophomore **Natty Fripp (Oakland, CA)** and freshmen **Alana Arthurs (Brooklyn, NY)** and **Samantha Brigham (Simsbury, CT)** should also see playing time as well. Fripp played in seven games as a walk-on freshman in 2005-06. Arthurs enjoyed a

INDIA ALI

stellar career at East New York Family Academy where she averaged 19.5 points, 6.5 rebounds and 7.7 assists per game as a senior. Brigham comes to Hofstra after averaging 13 points per game as a senior at Simsbury High School and earning All-Connecticut accolades by the *Hartford Courant*. At 5-10, Brigham will give the Pride size in the backcourt.

FORWARDS

The Pride has a great deal of depth at forward with six players vying for time. Leading the way are seniors **Lizanne Murphy (Beaconsfield, Quebec, Canada)**

2006-07 Outlook

and **Lana Harshaw (Wildwood, NJ)**. Murphy started all 31 games as a junior and has made 65 consecutive starts in her career. She averaged 10.4 points and 7.8 rebounds per games last season, ranking third on the team in scoring and second in rebounding. Harshaw played in 30 games last season, making two starts, and averaged 6.3 points and 3.5 rebounds per game.

Junior **Linn Quamme (West Salem, WI)**, and sophomores **Kristina Campbell (Princeton, NJ)** and **Harmonie Calinda (Huntington, NY)** also figure to be in the mix for minutes in the frontcourt. Quamme played in 27 games off the bench in 2005-06 and averaged 1.5 points and 1.1 rebounds per game, while Campbell averaged 1.0 point and 1.4 rebounds in 22 games. Calinda, who will not be eligible to play until the end of the first semester due to NCAA transfer rules, joins the Pride from Seton Hall University. Calinda played in 12 games for the Lady Pirates in 2005-06 and scored 20 points and pulled down 37 rebounds. She enjoyed a stellar scholastic career at John Glenn High School on Long Island where she scored 1,424 career points and was the 2005 New York State Class B and the Suffolk County Player of the Year.

CENTERS

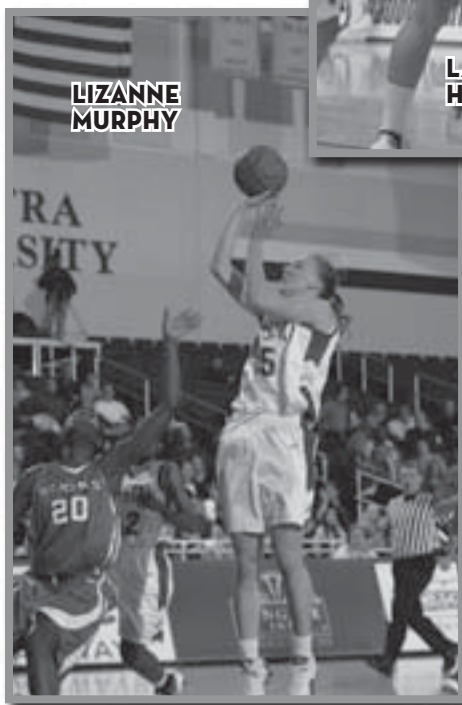

Senior **Vanessa Gidden (Stamford, CT)** returns to anchor the low post position after a 2005-06 season that saw her earn first team All-Colonial Athletic Association and All-Metropolitan New York accolades, as well as CAA All-Defensive and All-CAA Championship honors. Gidden averaged a team-high 15.5 points and 9.5 rebounds to go along with 50 blocks and 31 steals. This past summer, Gidden gained

VANESSA GIDDEN

LANA HARSHAW

LIZANNE MURPHY

valuable experience as a member of the Jamaican team that competed and won gold at the Caribbean Basketball Championship.

Sophomore **Christina Biedny (East Amherst, NY)** will also see action on the low blocks. As a freshman, Biedny played in 19 games and averaged 1.2 points and 0.8 rebounds per game.

SCHEDULE

The Pride will play a challenging schedule in 2006-07, starting with Wichita State in the Preseason WNIT. Should the Pride advance in the WNIT, they will

likely face Baylor, an NCAA Sweet 16 team a year ago, in the second round. Hofstra also has a trip to Michigan State, another Sweet 16 participant last season, as well as games against NCAA Tournament team Hartford and WNIT participant Stony Brook. The rest of Hofstra's non-conference slate includes Rider, Central Connecticut, Yale, North Florida and Stetson.

The Colonial Athletic Association schedule will be difficult, as each contest will present a challenge. Being one of the upper echelon teams in the league, the Pride no longer has the advantage of sneaking up on an opponent.

Hofstra Director of Athletics

JACK HAYES

Jack Hayes is in his third year as director of athletics at Hofstra University in 2006-07. Hayes was appointed by Hofstra President Stuart Rabinowitz as the University's new director of athletics on October 4, 2004. Hayes came to Hofstra after serving as an associate director of athletics at the University of Connecticut for three years.

Hayes, the eighth director of athletics at Hofstra, oversees Hofstra's 18 Division I teams, an athletic administration of more than 70 professional staff, and 430 student-athletes.

Hayes' proven expertise in enhancing academic and athletic success of student-athletes, strategic planning, fundraising, marketing, university relations, facility enhancement, budgetary management, and NCAA compliance will complement Hofstra University's athletic department in its quest to further enhance its athletic program, and assist Hofstra's student-athletes both on and off the field.

2005-06 was a banner year for Hofstra Athletics as the Pride won Colonial Athletic Association (CAA) championships in men's soccer, women's soccer, wrestling, softball and men's lacrosse and competed in NCAA Tournaments in each sport. In addition, the men and women's basketball teams were selected to play in the National Invitation Tournament (NIT). In his first year (2004-05) as Hofstra's athletics director, the Pride captured three CAA championships and advanced to postseason play in four sports – men's soccer, wrestling and softball took part in the NCAA Tournament, while men's basketball participated in the NIT.

Hayes has placed a significant emphasis on fund-raising during his first two years. Pride Club membership reached all-time highs, both in terms of the number of contributors and funds raised. Resources generated through fund-raising efforts have been used to enhance programs and facilities available to student-athletes. Recent initiatives include the renovation of the study lab in Margiotta Hall and a new academic study area in the Physical Fitness Center.

Active on the national level, Hayes was selected to serve on the NCAA Division I Lacrosse Committee in September 2006.

Hayes came to Hofstra University with more than 14 years of athletic administration experience, including management positions at four Division I institutions. The three years prior to taking his current position were highlighted by leading the University of Connecticut Division of Athletics fund-raising efforts, where his responsibilities included managing the operations of the UConn Athletic Development Fund, implementing policies and procedures for the annual giving program, assisting with the cultivation and solicitation of major gift prospects,

coordinating capital project campaigns, overseeing special events, and managing the athletic ticketing operation. While at UConn, he served as a senior staff member for a \$40 million program that supports 24 sports and 650 student-athletes.

From 1998 to 2001 Hayes served as director of athletic administration at Fordham University, where he was responsible for the comprehensive internal operations of the athletic department, including fiscal

management, facilities management, staff training and development, ticket operations, and NCAA compliance initiatives.

Prior to his tenure at Fordham, Hayes served as assistant director of athletics at St. John's University, where he managed the fiscal operations of the athletic department and supervised the business office. Hayes began his professional career in college athletics at Fairfield University, where he served as assistant director of athletics. He oversaw the addition of four sports programs at Fairfield – football, women's rowing, women's lacrosse and women's golf.

completion in 2001 from the Sports Management Institute, Consortium of the Universities of Michigan and Texas.

A native of Providence, Rhode Island, Hayes graduated from the Providence Country Day School where he lettered in football, basketball and lacrosse. He was inducted, as a member of his high school basketball team, into the Providence Country Day Athletic Hall of Fame in October 2004. He resides in East Northport, New York, with his wife Bridget, daughter Katie (4) and son Matt (1).

Hofstra Symbols and Heritage

The Symbols of Hofstra University

THE SHIELD LOGO

In 2005 Hofstra introduced a new logo as part of a University-wide re-imaging. Both the University's logo as well as the Pride logo were designed by advertising agency Powell New York, a full-service branding and marketing agency, noted as one of the ten firms to watch in 2005 in *Advertising Age*.

The new University logo features an "H" within a shield design. Hofstra University has always been known for both a tradition of academic excellence and a willingness to evolve to meet the needs of students and the greater society. This shield represents the University's commitment to our

heritage and a tradition of academic excellence, while the dynamic representation of the H within the shield embodies the evolutionary, changing nature of the University. Hofstra University has both honored its traditions and heritage while embracing changing disciplines, using new technology and remaining relevant to scholarly pursuits and the demands of industry.

THE SEAL

The Hofstra seal was designed from the royal Dutch emblem by art instructor Constant Van de Wall. The seal is modeled on the coat of arms of the House of Orange-Nassau. The round seal includes the coat of arms, flanked by lions on either side. A lion also stands in the center of the coat of arms, holding a sword in its right claw and a bundle of seven arrows, which represent the seven provinces of Holland, in its left. The seal also carries the motto of the House of

Orange-Nassau in Old French: "Je maintiendray" (I stand steadfast).

In 1988 one of the two lions on the seal was officially replaced with a lioness. The Hofstra seal is still in

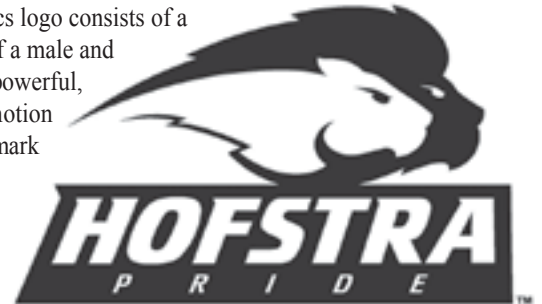

use today, though not as a logo. The seal will be affixed

to formal documents, and used for official purposes such as commencement, convocations, and official University functions.

THE PRIDE

As of July 1, 2005, our athletic teams are officially known as the Pride, providing our teams with a strong, consistent image that resonates with the Hofstra community. The new

Hofstra Athletics logo consists of a graphic mark of a male and female lion in powerful, synchronized motion with the word mark of the Hofstra Pride or the specific sports team. This logo will be the only one used by Hofstra Athletics.

The Hofstra Pride refers to a pack of lions, male and female, which work together towards a common goal and symbolize determination and

Hofstra Symbols and Heritage

strength. The Pride conveys both the teamwork and togetherness that is a trait of lions living in prides, who have a close bond and work together for the good of the entire group. The teamwork evident in prides is a trait of Hofstra's student-athletes, who support each other in furtherance of a common goal, while working tirelessly to represent their teams and, in turn, the University. Lions also possess speed, tenacity, and agility, and are relentless in their pursuit of a goal, which are traits our student-athletes demonstrate both on and off the field.

The first consistent use of the word "Pride" relating to athletics was in 1989 when the University's athletic booster club was founded and called itself The Pride Club, which at the time simply referred to the pride that alumni and fans had for our teams. The Pride identity has progressed over the past decade in a more specific fashion than just the expression of a feeling. After one lion on the Hofstra seal was changed into a lioness to symbolize gender equity, the University mascots -- Kate and Willie Pride, a lioness and lion -- were introduced.

Hofstra's Dutch Heritage

Ties to Dutch heritage and the Netherlands began with William S. Hofstra, after whom the school is named and on whose property the University was started. William Hofstra died in 1932 and when his wife,

Kate, died 16 months later, her will provided that their house, 15-acre estate, and bulk of her inheritance were to be used for a "public, charitable, benevolent, or scientific purpose" as a memorial to her husband.

The idea for a college came from Truesdel Peck Calkins, former Hempstead superintendent of schools, who was then with New York University. He suggested that NYU might offer extension courses on the Hofstra property. Hofstra opened in September 1935, as a two-year extension branch of NYU; its official name was "Nassau College - Hofstra Memorial of New York University at Hempstead, Long Island." When the doors opened, the sole building on campus was Hofstra's mansion, which he had affectionately named the Netherlands after his homeland, and all classes were held there. The mansion, which houses administrative offices, is now the center of Hofstra's 240-acre campus, and has been renamed Hofstra Hall.

Academic Support

Hofstra University is committed to the pursuit of academic and athletic excellence. The University views participation in intercollegiate athletics as benefiting the student-athlete in an educationally enhancing experience beyond any other opportunity available. Hofstra also realizes the time commitment made by student-athletes and has committed the facilities and resources to support all students.

The University Tutorial Program (UTP) provides free tutoring in every subject area to any Hofstra student. Students are able to obtain up to 1 1/2 hours of individual tutorial assistance per week for each subject. They are also able to utilize the various help labs on campus, which specialize in providing assistance in writing, business and QM, and biology and chemistry. In addition to this service, student-athletes are assigned an academic advisor who helps address the various needs of student-athletes. The academic advisor emphasizes four areas in their efforts to ensure the academic success of Hofstra's student-athletes.

Area three is academic monitoring. The UTP counselor monitors the academic progress of student-athletes to ensure compliance with Hofstra University, NCAA and conference regulations. The counselor's regular communication with the faculty and coaches provide an opportunity for early intervention should academic difficulties arise.

Area four is study halls. The University Tutorial Program provides all athletic study halls with tutors in various subjects and assesses the needs of individual student-athletes to provide the most effective study environment. The assessment tool administered by the UTP is also used to provide various enrichment seminars for the student-athletes such as time management, writing skills, campus resources, and surviving the college transition.

In the fall of 1999, the Pride Teaching and Learning Center opened on the second floor of

Margiotta Hall. Funded in part by proceeds from the Joe Gardi Golf Open, the state-of-the-art computer lab and learning center features a projection system and 18 computer workstations, which are connected to the University network for easy research access to the Internet. The Pride Teaching and Learning Center was refurbished in 2005 with new furniture and computers. In addition to the Teaching and Learning Center, a new study area was constructed in 2006, located in the Physical Fitness Center, which features numerous computer work stations and office space for University academic advisement personnel.

Area one is academic counseling. Services are provided in the areas of academic planning, career planning, personal counseling, and campus and community referrals. The counselor also meets with prospective student-athletes, at the coach's request, to share the many benefits of a Hofstra University education.

Area two is academic advising. In an effort to ease the demand on the Office of Advisement, the academic advisor also advises first-year and undecided student-athletes.

Sports Medicine/Athletic Training

Through a comprehensive athletic training program, Hofstra University student-athletes are provided excellent health care during their attendance at the University. A coordinated effort between the University Health and Wellness Center, the Athletic Department and outside health care providers ensures every student-athlete the best medical attention possible.

University student-athletes have direct access to a myriad of health care services. Managing the coverage of every practice and competition event is Hofstra University's athletic training staff, which is led by third-year Head Athletic Trainer Evan Malings and features nine full-time athletic trainers and numerous student athletic trainers. The athletic trainers provide injury management, rehabilitation and treatment to the entire Athletic program. Utilizing three state-of-the-art athletic training rooms, these professionals work tirelessly to ensure the safe participation of Hofstra's student-athletes and to return injured athletes to play quickly and safely.

Supporting the athletic trainers is team physician Dr. Damion Martins. Dr. Martins, a physician with Pro Health Care, Inc. in Lake Success, New York, is in his fourth year on Hofstra's medical team. Martins experience in the sports medicine field includes serving as team

physician for the University of Maryland, University of Maryland-Baltimore County and Coppin State athletic departments. He was also on the medical staff of the National Football League's Baltimore Ravens.

Hofstra University sponsors a fully accredited, highly competitive undergraduate degree program for athletic training majors, in which Hofstra student athletic trainers participate in all aspects of the health care system.

About Long Island

Long Island has a rich history as an active, vibrant community, a summer playground, and home to some of New York's most prominent families.

Five distinct regions make up Long Island:

- North Shore, otherwise known as the Gold Coast, with dozens of historic sites dating back to colonial days and Gatsby-era mansions.
- South Shore, the Island's spectator sports and entertainment center, with world-famous Jones and Fire Island Beaches, and home to the New York Islanders.
- Central Suffolk, with beautiful forests and natural inlets, the world's largest factory outlet center and a huge water park.
- North Fork, with an array of vineyards, waterfront ports and farm stands.
- South Fork, widely known as "The Hamptons," with its pristine beaches and exclusive villages.

You can catch a Hofstra shuttle bus to Jones Beach – a state park with six miles of gorgeous coastline, a boardwalk, swimming pools, golf and outdoor concerts.

With everything from museums, historical sites and lighthouses, to sophisticated malls, designer and shopping villages, to wineries and farm stands, to family fun parks, aquariums and zoos, there is plenty to do on Long Island.

Hofstra in the Community

The Hofstra University Women's Basketball program believes it has a special responsibility to the community. Thus, whether it's the height of the season or those "slow" off-season months, the Hofstra Basketball staff and student-athletes are always active in the area.

The program invites local youth groups to play at halftime of home games. After home games, the team holds autograph sessions and interacts with the fans. The team is also active with local girl scout groups and has hosted many troops at games during the season.

The Pride also lends their time and efforts to charitable and educational causes. Hofstra players and staff volunteer each year with the Special Olympics, and team members are frequent visitors to area schools to participate in reading programs. Last season the team took part in the What I Want To Be promotion, hosting more than 1,000 elementary school children at a special weekday afternoon game. Prior to the game, the students learned about various jobs and careers through presentations made by University staff and students.

David S. Mack Sports and Exhibition Complex Home of Hofstra Basketball

The Pride will begin play in their eighth season at the David S. Mack Sports and Exhibition Complex in 2006-07. The \$15 million, 93,000 square-foot facility, formerly known as Hofstra University Arena, was renamed in August 2006 following a gift from Hofstra Trustee David S. Mack, a senior partner of the real estate development firm The Mack Company.

“Mr. Mack has been extremely generous to Hofstra over the years, and the David S. Mack Arena will serve as just the latest reminder on our campus of that generosity,” said Hofstra University President Stuart Rabinowitz, referring to the David S. and Sondra Mack Student Center, the David S. Mack Public Safety and Information Center and Mack Hall, which houses the University Club.

Construction of the Mack Sports Complex began in the fall of 1998 and was completed in December 1999. On January 2, 2000, the Hofstra Basketball programs moved into the new arena, which is also home to the Hofstra Wrestling program. The Mack Sports Complex also hosts commencements, exhibitions, trade shows, concerts and other special events. The Pride has posted a 37-41 record all-time at the Mack Sports Complex and is 23-13 over the last three seasons, including a 9-4 mark in 2005-06. The largest women’s basketball attendance in the seven-year history of the arena was 2,713 on January 30, 2005, against Virginia Commonwealth.

The David S. Mack Sports and Exhibition Complex features full chair back seating for spectators in an arena configuration. The air-conditioned facility is equipped with a state-of-the-art electronic scoreboard, men’s and women’s locker rooms, a training room, a large weight room, dressing rooms for stage events, four concession stands, five ticket windows, six luxury boxes, a Hofstra Pride Club lounge and offices for Hofstra’s Men’s and Women’s Basketball programs.

THE COLONIAL ATHLETIC ASSOCIATION

Coming off one of the most successful seasons in its 21-year history, the Colonial Athletic Association continues to enhance its reputation as one of the nation's top collegiate conferences.

With a geographic footprint that stretches from Boston to Atlanta, the CAA encompasses five of the nation's nine largest metropolitan areas. On the playing field, the conference has produced 16 national team champions in five different sports, 33 individual national champions, 12 national players of the year, 11 national coaches of the year and 12 Honda Award winners. Even more impressive, however, are the honors accumulated away from competition, which include five Rhodes Scholars and 19 NCAA post-graduate scholars. In 2005-06, the CAA had 11 ESPN The Magazine Academic All-Americans and more than 1,500 of our 4,000 student-athletes posted at least a 3.2 grade point average while lettering in a varsity sport and received the CAA Commissioner's Academic Award.

The landscape of the conference stretches along the majority of the East Coast, and includes six of the nation's top 25 media markets – New York (1), Philadelphia (4), Boston (5), Washington, D.C. (8), Atlanta (9) and Baltimore (23). The number of television homes in the CAA market exceeds 19 million.

The CAA conducts championships in 21 sports. Male athletes compete for championships in baseball, basketball, cross country, golf, lacrosse, soccer, swimming & diving, tennis, track & field and wrestling. Female athletes battle for conference titles in basketball, cross country, field hockey, golf, lacrosse, soccer, softball, swimming & diving, tennis, track & field and volleyball. The CAA will also begin sponsorship of a 12-team Division I-AA football league in the fall of 2007.

The conference made its presence known nationally in men's basketball, with four teams advancing to post-season play for the second year in a row. George Mason became the first mid-major program since 1979 to reach the Final Four, knocking off powerhouses Michigan State, North Carolina, Wichita State and Connecticut along the way. The Patriots were ranked #8 in the final ESPN/USA Today Top 25 poll, which was the highest ever for a CAA team. UNC Wilmington claimed its third league title in the past five years before dropping an overtime decision in the NCAA Tournament. Old Dominion became the first conference team to reach the final four of the NIT, defeating league member Hofstra in the quarterfinals. Drexel was the first CAA squad to make the final four of the NIT Pre-Season Tip-Off Tournament, where it dropped close decisions to national powers Duke and UCLA. The CAA was ranked eighth out of 31 conferences in the final RPI with six teams among the top 88 in the country.

In women's basketball, the CAA had a league-record four teams earn post-season berths and was ranked #8 in the final RPI. Perennial power Old Dominion, which claimed its 15th consecutive conference title, has a storied history that includes three national championships (1979, 1980, 1985) and a national runner-up finish in 1997. Delaware, James Madison and Hofstra received berths in the 2006 WNIT.

The conference also excels in many other sports. CAA squads have won 10 field hockey national titles since the championship began

in 1981 and Old Dominion advanced to the national semifinals in 2005. In baseball, James Madison's Kellen Kulbacki was chosen as the Co-National Player of the Year and the league had 28 players chosen in the 2006 Major League Baseball draft. The CAA is annually ranked among the nation's top 10 conferences in men's and women's soccer, and traditionally sends multiple teams to the NCAA Tournament. Hofstra's men's lacrosse team was ranked #2 in the nation last season and tied an NCAA record with 17 victories while CAA women's tennis players Megan Moulton-Levy of William & Mary and Tatsiana Uvarova of VCU both earned All-America honors after facing off in the quarterfinals of the NCAA Championship. In 2005-06, 21 league teams earned NCAA Tournament berths in 16 sports. There were 37 CAA student-athletes who earned All-America honors.

CAA member institutions are committed to excellence in the classroom. The Colonial Academic Alliance was created in 2002 by the league's presidents with a goal of expanding their partnership to all aspects of university life outside of intercollegiate athletics. Among the programs already established are an undergraduate research conference, coordination of study abroad programs and granting visiting academic status to student-athletes traveling to an away contest so that they have access to libraries, academic resource centers and computer labs.

In 2002, two faculty members from CAA institutions were awarded academia's most coveted distinction – the Nobel Prize. John B. Fenn, a research professor in the Department of Chemistry at Virginia Commonwealth University, received the Nobel Prize for chemistry, and Vernon Smith, a professor of economics and law at George Mason University, shared the Nobel Prize in economic sciences.

Commissioner Thomas E. Yeager has guided the CAA since its inception. Long-time members George Mason University, James Madison University, the University of North Carolina at Wilmington, Old Dominion University, Virginia Commonwealth University and the College of William & Mary were joined by the University of Delaware, Drexel University, Hofstra University and Towson University in 2001. Georgia State University and Northeastern University became members of the conference on July 1, 2005.

The CAA traces its roots back to 1983 when three of its current members- George Mason, James Madison, and William and Mary - were aligned with East Carolina University, the United States Naval Academy and the University of Richmond as a basketball league (ECAC South). During the next two years, the league added 11 sports, acquired two new members (UNC Wilmington and American University) and decided to form a new association. The transformation from ECAC South to CAA took place on June 6, 1985. Old Dominion became a member of the CAA in 1991-92 and VCU joined the conference prior to the 1995-96 season.

From all-star athletes to Nobel Prize winning faculty, the CAA takes great pride in producing performers who stand out both on the playing field and in the classroom.

Getting to Hofstra

From Southern New Jersey, Southeastern Pennsylvania, Maryland, Washington, D.C. and Virginia:

Take the New Jersey Turnpike to Exit 13. Cross the Goethals Bridge and continue on Route 278 to the Verrazano-Narrows Bridge. Stay in the left lane of the Bridge and take the Belt Parkway-East. The Belt Parkway becomes the Southern State Parkway at the Nassau County line. Take the Southern State Parkway to the Meadowbrook Parkway North (Exit 22). Exit the Meadowbrook Parkway at Exit M4 (Hempstead Turnpike Route 24). Head west to Hofstra (approximately 1 mile).

From Northwestern New Jersey, Northern Pennsylvania and the Middle States:

Take Interstate 78, Interstate 80, U.S. Route 22, New Jersey Route 4 or New Jersey Route 17 to the George Washington Bridge. Proceed over the bridge to the Cross Bronx Expressway. Take the Cross Bronx Expressway to the Throgs Neck Bridge. Follow directions from the Throgs Neck Bridge from this point.

From Upstate New York:

Take New York Thruway over the Tappan Zee Bridge to Cross Westchester Expressway (Interstate 287). Stay on the Expressway to the New England Thruway (Interstate 95). Proceed south on the Thruway to the Throgs Neck Bridge. Follow directions from the Throgs Neck Bridge from this point.

From the Throgs Neck Bridge:

Follow signs for Eastern Long Island. Take the Cross Island Parkway to the Grand Central Parkway-East. The Grand Central becomes the Northern State Parkway at the Nassau County line. Take the Northern State Parkway-East to the Meadowbrook Parkway-South (exit 31A). Take the Meadowbrook Parkway-South to Exit M4 West (Hempstead Turnpike Route 24). Follow Hempstead Turnpike West to Hofstra (approximately 1 mile).

For Team Travel Via Bus:

Commercial buses are not allowed on New York City (Belt, Grand Central or Cross Island) or Long

Team buses should take the Brooklyn-Queens Expressway from the south, and the Clearview Expressway from the north, to get to the Long Island Expressway for the trip to Hofstra. Once on the Long Island Expressway (I-495), buses should proceed to Glen Cove Road-South (exit 39). Head south on Glen Cove Road for approximately eight miles to Hempstead Turnpike/Fulton Avenue and turn left (east). Hofstra University is approximately two miles east on Hempstead Turnpike.

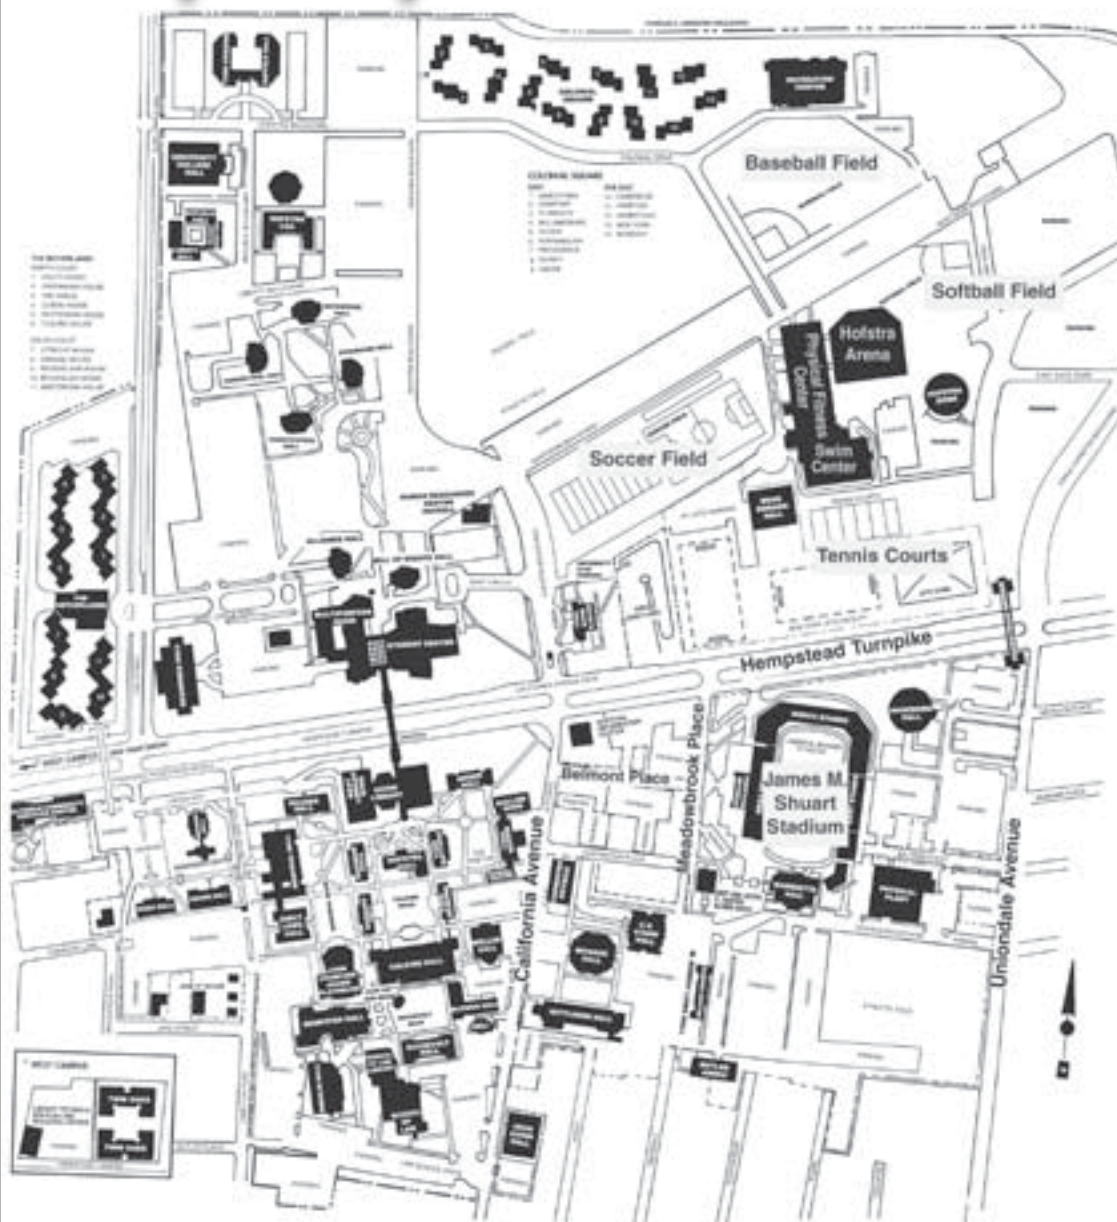

Public Transportation from Airport:

If a visitor arrives at either La Guardia or Kennedy Airport, the most direct means of reaching the University is by one of three limousine companies that service both airports and the Hofstra University area. Larry's Taxi Service (516) 483-3333; Transport Limousine Service (800) 654-1164 (out of state) (800) 832-5466 (in New York state); Winston Limousine Service (800) 4-AIRPORT.
