All About Hofstra

Hofstra is a diverse, dynamic institution that honors tradition while challenging convention, always finding our own unique path. Hofstra provides students with an engaged, experiential and highly ranked education that combines an intimate learning environment with all the resources of a large university, including state-of-the-art facilities for academics and student life and competitive Division I athletics. Located just outside New York City, our traditional, tree-lined campus is home to a global, ambitious and entrepreneurial student body who take advantage of all metropolitan New York has to offer.

At Hofstra we nurture ideas. Ideas can change the world - if we're willing to work for them. That's why over 80 years, we've created an environment where new ideas take shape through collaboration, engagement and interaction. We keep our classes small. We offer tailored programs. We build spaces that encourage participation and investigation. Together, we seek creative solutions. And we look beyond our own community and experiences for inspiration, because ideas are always evolving – and so are we.
