UNETHICAL CONDUCT NCAA Bylaw 10.1

Unethical conduct by a **prospective or enrolled student-athlete or a current or former institutional staff member, which includes any individual who performs work for the institution** (whether compensated or not) may include, but is not limited to, the following:

- Refusal to furnish information relevant to an investigation of a possible violation of an NCAA regulation when requested to do so by the NCAA or the individual's institution;
- Knowing involvement in **arranging for fraudulent academic credit or false transcripts** for a prospective or an enrolled student-athlete;
- Knowing involvement in offering or providing a prospective or an enrolled student-athlete an **improper inducement or extra benefit or improper financial aid**;
- Knowingly furnishing or knowingly influencing others to furnish the NCAA or the individual's institution false or misleading information concerning an individual's involvement in or knowledge of matters relevant to a possible violation of an NCAA regulation;
- Receipt of benefits by an institutional staff member for facilitating or arranging a meeting between a student-athlete and an agent, financial advisor or a representative of an agent or advisor (e.g., "runner");
- **Failure to provide complete and accurate information to the NCAA, the NCAA Eligibility Center or an institution's admissions office** regarding an individual's academic record (e.g., schools attended, completion of coursework, grades and test scores);
- Fraudulence or misconduct in connection with entrance or placement examinations;

Student Athlete Employment in Admissions Office:

Admissions May....

- ✓ Provide athletics team posters and pocket schedules to prospective student athletes if they are made available for all students
- ✓ Contact ISU compliance for group attendance at athletic events without a pass list
- ✓ Provide shirts and other “gifts” to PSA’s as long as ALL non-athletes receive same
- ✓ Call PSA’s without limitation (but not to solicit athletic participation);
- ✓ Admit a student athlete under a special exception to the institution's normal entrance requirements if the discretionary authority of the president or chancellor (or designated admissions officer or committee) to grant such exceptions is set forth in an official document published by the university (e.g., official catalog) that describes the institution's admissions requirements
- ✓ Provide benefits and services that are available to the general student population or prospective students generally
- ✓ Call, text, Facebook and instant messaging prospects generally
- ✓ Send mailings (e.g., program invitations, brochures, visit reminders) to prospective student athletes, but in a manner and frequency that is consistent with general practice
- ✓ **DO NOT** indicate likelihood for scholarships, team placement or try to evaluate prospect’s athletic talent.

The Basic Rules

- NCAA “*institutional control*” is a *team effort*.
- Never give anything to or do anything for an ISU student athlete that you wouldn’t do for a non-student athlete!
- If you have any doubts or questions, always Ask BEFORE You Act!
