### 'DONS & ENDS

// A victory would put the 'Dons at 14-2, tying for the program record for best start over the first 16 games of the season. The 1992-93 team also started 14-2 and went on to a 17-2 start.

// The 'Dons have recorded double-digit steals in eight games. They have had more steals than their opponent in 11-of-15 games.

### MORE 'DONS AND ENDS:

// Anthony Roberts has 37 steals, 8th in the nation and first in the league. His 2.47 steals ranks 19th in the nation.

// Rasheed Bello is 28th in the nation in total steals (30).

// Rasheed Bello went over the 1,000 point mark in his NCAA career on Dec. 31 vs. Detroit Mercy. His total combines his scoring at UW-Parkside and Purdue Fort Wayne.

// The 'Dons are 5-0 when Jalen Jackson leads the team in scoring.

// The 'Dons are 4-0 in league play for the first time since 2018-19 when the 'Dons opened 4-0 in Summit League play. A win on Saturday vs. Wright State would put the 'Dons at 5-0 for the first time in league play since 2010-11.

// Purdue Fort Wayne's scoring margin of 17.8 is first in the league.

// The 'Dons have had fewer turnovers than their opponent in all but two games this season (at Oakland, Dec. 2 and at Pitt, Dec. 20).

// The 'Dons have limited seven consecutive opponents to under 30 percent shooting from three.

// All five starters reached double-digits vs. SEMO (Dec. 9) and vs. Bethune-Cookman (Dec. 16). Additionally, six times this season four starters have reached double-digits.

// Rasheed Bello has reached double-digits in every game this season but one this season. Jalen Jackson and Anthony Roberts each have just two games without 10 points.

// The 'Dons are averaging 83.5 points per game, 31st in the nation and up from 73.9 last season.

// Purdue Fort Wayne's 10.5 steals per game this season are up from the 7.3 last year. The Division I era program high for steals per game was the 8.8 mark in 2021-22.

// Four Mastodons are averaging better than 12.0 points per game: Rasheed Bello (14.5), Anthony Roberts (14.0), Jalen Jackson (14.5) and Quinton Morton-Robertson (12.3).

// The Mastodons' 5-0 start was their longest undefeated stretch to start a season as a NCAA Division I program. It was their longest stretch to start a season since the 1992-93 team opened 9-0. That team earned a bid in the NCAA Division II Tournament, the only NCAA bid (Division I or II) in program history.

// Thanks to the 5-0 start to the season, the 'Dons now have now had a winning streak of at-least four games in every season since 2009-10 except for one (2017-18). That is 14-of-15 seasons.

// The 'Dons have won 20 straight home non-league games, a streak that started on Nov. 16, 2019 vs. Stetson.

// Thanks to wins over Northern Arizona (Nov. 17) and South Dakota (Nov. 18), the 'Dons won the Arizona Tip-Off. Quinton Morton-Robertson was named the MVP of the event and selected to the All-Tournament Team with Rasheed Bello.

// The 'Dons have partnered with Team IMPACT to add Bolton Richardson to the squad in 2023-24. Added to the team at a signing ceremony in July, Bolton will be at games, practices and other team activities.

### TOP 30 NATIONAL RANKINGS:

## **SHOE BLOCK**

**Rasheed Bello** blocked a shot with his shoe on Dec. 6, 2023 at Southern Indiana. Not joking. His shoe came off when playing defense in the second half and as he carried around his shoe he defended a shot attempt and blocked the shot... with his shoe. Yes it is legal as long as he doesn't throw the shoe. The viral clip made ESPN's SportsCenter, FS1, CNN and local news in New York, Chicago, Houston and other major cities. ## WHY MASTODONS?

It all started about 10,000 years ago ...

That's when mastodons roamed the southern Great Lakes region of North America. These stocky versions of modern elephants reached heights of about ten feet at the shoulder, with tusks that curved upward that were six feet or more in length. Mastodons were browsers who fed mostly on leaves and twigs from small trees and shrubs.

One such mastodon found its final resting place about two miles south of Angola, Indiana, on land that would eventually become part of Orsie Routsong's farm. In the fall of 1968, Routsong decided to expand a small pond on his property. An excavator was hired and instructed to pile the excavated material around the edge of the pond. Several days after the excavation was finished a heavy rain storm pounded the piles of dirt.

The next day, a young neighbor boy of Routsong's discovered a large bone in one of the dirt piles. Routsong knew it was something out of the ordinary, so he called Jack Sunderman, chair of the IPFW Geology Department, to identify the bone, and to ask for advice on what to do with it. Sunderman says his first question was, "How big is the bone?" with Routsong's answer being "pretty big, maybe 3 or 4 feet long."

When Sunderman got to the farm, he identified the bone as a leg bone of a mastodon. He told Routsong a skeleton like this would have scientific and instructional value if a large portion of it could be located. Routsong agreed, and also agreed to have the IPFW Geology Department do the excavation. Sunderman got two more faculty members, Geoffrey Matthews and Bernd Erdtmann, and several geology students to help in the project.

After all the mastodon bones were collected, cleaned, and preserved, Routsong agreed to have the adult mastodon skeleton placed on permanent display at IPFW;

the skull of a nearby baby mastodon is now on loan to Science Central.

In the spring of 1970, The Communicator (IPFW's student newspaper) began a drive to come up with a mascot for IPFW. **Some of the suggested choices included the Boiler-Hoosiers, Warhawks, Marauders, Frontiersmen, Pioneers, Elfs, and Hobbits.** Those names and others came from student suggestions. Steve Pettyjohn, who served as the student body president in 1968-69, wrote a letter to the editor about the school mascot. In his letter, Pettyjohn extolled the virtues of choosing the mastodon as IPFW's mascot: **"It sounds different, strange - that's exactly why. It's different and yes, even strange. For God's Sakes, let's have the courage to be a little different."**

In the meantime, former Indiana Congressman Mark Souder, who served as student body president in 1969-70, recalls being lobbied by the Geology Club to choose the mastodon.

According to Nusbaumer, "Souder appointed a committee in student government to select a name although he was lobbying hard for the mastodon." After some discussion on the subject, Souder says a vote was taken by the committee and the mastodon came out the winner. Souder finished his recollection with these thoughts. "History shows that the advocacy of the geology club was correct. The fast, decisive action of the elected student government—though it did not please everyone and was not a precedent that the University desired to see—has also been upheld by history as Purdue Fort Wayne regularly scores high in any list of unique university nicknames; **even in this era when everybody strives to be different. We did it decades ago.**"
