

INDIANA UNIVERSITY SPORTS MEDICINE
EMERGENCY ACTION PLAN
INDIANA UNIVERSITY FIELD HOCKEY COMPLEX

Emergency Personnel: Certified athletic trainer(s) and athletic training student(s) are on site for practice and competition. Physician(s) are on-site for competition.

Emergency Communication: Cellular phone. There is no backup landline.

Emergency Equipment:

An AED is located the Field Hockey Equipment Storage Shed on the west side of the field.

Splints and first aid supplies are maintained on the east sideline of the field during competitions. Medical kit is maintained in the facility shed during practices.

Venue Directions:

Indiana University Field Hockey Complex is located adjacent to Armstrong Stadium and can be accessed from a drive off of North Fee Lane. Emergency vehicles should off of North Fee Lane at the driveway entrance to access the entrance to the facility. Emergency Team personnel will be at the entrance to Armstrong Stadium to direct EMS to emergency scene.

Roles within the Emergency Team (First Responders)

- Establish scene safety and immediate care of athlete
- Activation of Emergency Medical System (EMS)
- Emergency equipment retrieval
- Direction of EMS to scene

Activating the EMS System

Making the Call:

- Staff athletic trainer or designate will stay with athlete and provide emergency care
- Athletic training student or other team personnel will meet EMS at appropriate entrance and direct to scene
- Using a cellular phone, call 911

Providing Information:

- Name, address (location) of caller/emergency,
- Number of athletes, Nature of injury or condition(s)
- Current care being given or initiated by first responder
- Specific directions to locate the emergency scene
- Other information as requested by dispatcher
 - Leave callback number
 - Let dispatcher hang up first

Continued Care:

- Stabilize and monitor athlete as needed
- Notify the team physician and/or staff athletic trainer
- Designate someone to keep a record of events and vital information
