# JACKSONVILLE UNIVERSITY

Jacksonville University is a premier private institution in one of the fastest growing cities in the U.S. (Forbes). Founded in 1934 and named one of “America’s Best Colleges” in the South for 10 consecutive years (U.S. News & World Report), Jacksonville offers more than 100 majors, minors, and programs that challenge, inspire and cultivate tomorrow’s leaders and world changers.

While JU offers degrees in a wide range of traditional fields such as Business, Marine Science, Engineering, Physics, and Nursing, this established university is intensely focused on defining the next generation of education and creating an engaging learning environment. The school’s core curriculum combines a strong liberal arts foundation with pre-professional programs, undergraduate research, and leadership opportunities -- all in a supportive but challenging atmosphere that encourages students to make a meaningful impact on their world.

In 2018, JU launched an innovative academic initiative called BOLD -- Beyond Ordinary Learning Design -- a collaborative project that aims to adapt educational programs to the rapidly changing landscape of careers and emerging fields. As part of the BOLD initiative, this spring JU announced the newly developed Pathways of Distinction, which allows students to create their own distinct programs of study by bundling a variety of majors, minors and areas of focus.

Reaching beyond its 240-acre riverfront campus shaded by mossy oaks, JU focuses on positively impacting the surrounding community and building strong partnerships with local, national and global businesses. This outside-in approach has positioned the school as a catalyst for growth in one of Jacksonville’s oldest neighborhoods and has unlocked a season of exciting new opportunities that bridge the divide between education and career -- between learning and doing.

In 2018, JU celebrated the successful completion of its ASPIRE Campaign, the largest, boldest fundraising initiative in the history of Jacksonville University. Thousands of investors believed so much in the university’s work and collective potential that the contributions surpassed the original \$85 million goal by more than \$36 million -- and two years ahead of schedule. This unprecedented achievement launched JU into a thrilling new chapter in the school’s history. With the help of ASPIRE, JU established the Brooks Rehabilitation College of Healthcare Sciences; completed the 8,600 sq. ft. Rock Lacrosse Center and broke ground on the 11,750 sq. ft. Frisch Welcome Center; introduced more than \$12 million in new scholarships that connect students with donors who support and encourage them; and enhanced students’ residential experience by revitalizing living areas to create more collaborative and engaging spaces on campus.

The Jacksonville University Athletic Department is home to 17 Division I sports making nearly one in four JU students a competitor in an intercollegiate sport. The mission of the Athletic Department is to foster a relationship-driven, student-athlete centered, culture of development for academic, athletic, and social growth. As ambassadors for the University, the department rises collectively and competitively to enhance and elevate the profile of the institution.

# D.B. MILNE FIELD

Opened first in 1998 to serve as the home for the Dolphin football team, D.B. Milne field has been the home of Jacksonville women's lacrosse since the program's inaugural season in 2010. The home of the Dolphins has a seating capacity of 5,000.

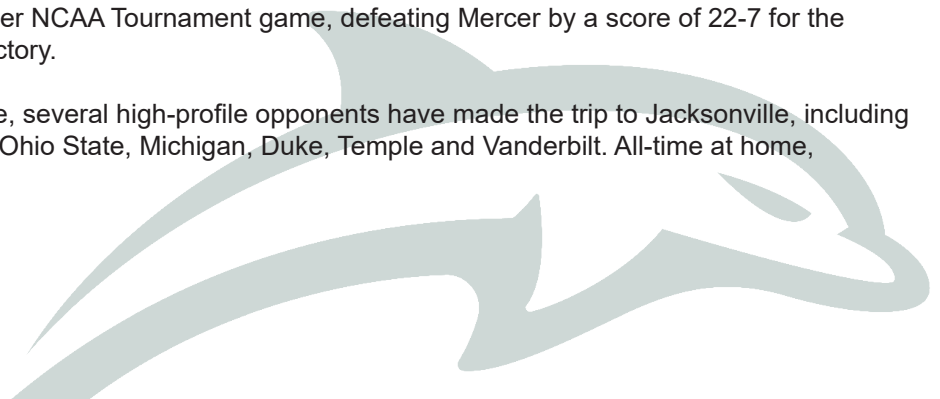

The facility has seen several upgrades since its construction, the first of which came in 2010 when the natural grass playing surface was replaced with AstroTurf. In 2014, a 2,500 seat grandstand was constructed on the west side of the field and a state-of-the-art press box constructed on the east side of the field. Additional renovations have seen the improvement of the concessions and restroom facilities, the addition of the videoboard at the south end of the facility and netting placed beyond the endlines of the lacrosse surface to contain any ball that may go out of play.

The first home win for women's lacrosse at D.B. Milne came on March 6, 2010, as the Dolphins edged out St. Bonaventure in a thrilling 12-10 contest. The Dolphins won their first home opener in the 2011 season, downing Cincinatti 18-10 on February 13. April 28, 2013 saw the Dolphins record their 50th win in program history and first in the ASUN title game at D.B. Milne, defeating Detroit Mercy 22-8.

D.B. Milne has hosted the ASUN Women's Lacrosse Championships five times, from 2013-15 and again from 2018-19. Each time JU hosted the event, they laid claim to the title, defeating Detroit Mercy in 2013, 2014 and 2014, and besting Coastal Carolina in 2018 and 2019. When it comes to the postseason at D.B. Milne, Jacksonville is 11-0, and has outscored their opponents 212-72 in those games.

In 2019, the Dolphins hosted their first-ever NCAA Tournament game, defeating Mercer by a score of 22-7 for the program's first-ever NCAA postseason victory.

In the 11 years of the program's existence, several high-profile opponents have made the trip to Jacksonville, including Syracuse, Florida, Oregon, Notre Dame, Ohio State, Michigan, Duke, Temple and Vanderbilt. All-time at home, Jacksonville is 94-27 (.777).

# THE ROCK LACROSSE CENTER

In 2010, Jacksonville University made history as the only institution in Florida to offer Division I men's and women's lacrosse teams. Opening prior to the 2019 season, The Rock Lacrosse Center is set to join just a handful of lacrosse-only facilities across the country.

The 8,600-square-foot building serves as the new home for both the men's and women's lacrosse programs and is located adjacent to the grandstand on the north end of D.B. Milne Field. The \$1.875 million facility includes locker rooms for both the men's and women's teams, a film room, lounge area, coaches offices, an athletic training room, conference room, game room and nutritional center.

"This facility has always been a vision from day one when the University announced the start of men's and women's lacrosse in 2008," said head coach Mindy McCord. "I have always been behind the bigger vision of growing lacrosse in the southeastern United States. We always believed this facility would be a catalyst to help support the growth of one of the fastest growing sports in the country."

## HEAD COACH MINDY MCCORD

Mindy McCord enters her 13th season as the Jacksonville women's lacrosse head coach heading into the 2022 and has compiled a record of 156-57 over her first 12 years with the Dolphins. Overall, this is her 33rd season as a coach at the high school or collegiate level.

As the first-ever coach for the women's lacrosse team, McCord has led the Dolphins from a startup program to national prominence, highlighted by six appearances in the NCAA Tournament and a combined 14 conference regular season and tournament titles between the National Lacrosse Conference and the ASUN Conference. Under her direction, the Dolphins have also compiled 17 NCAA statistical championships and one individual statistical title (Rachel Hannon, Draw Control – 2012).

JU has set the standard for offensive success over McCord's tenure, leading the nation in scoring on six occasions and setting the NCAA record for scoring offense twice – in 2012 and 2018. Most recently in 2019, the Dolphins led the nation in both scoring offense (18.00) and scoring margin (9.14). The 2016 season saw the Dolphins post an NCAA-best scoring margin and points per game, along with second-best scoring offense, rank third in assists per game, sixth in scoring defense, and ninth in caused turnovers per game.

During McCord's tenure, Jacksonville has had 72 players named to All-Conference teams as a member of the NLC and of the ASUN. 12 players have been conference Player and Defensive Player of the Year in addition to four players named Freshman of the Year. Seven players have been named ASUN Tournament Most Valuable Player during JU's time in the league.

Since the program's inception, McCord has coached the Dolphins to ten seasons of double-digit wins, highlighted by a pair of 17-win campaigns in 2015 and in 2019. She has named conference Coach of the Year six times by her peers in her time at JU, including back-to-back seasons in 2018 & 2019.

In addition to the on-field accomplishments under McCord, the Dolphins have thrived in the classroom as well, being recognized nine times by the IWLCAs for team academic success. In 2013, Jacksonville posted the second-highest GPA in all of Division I. 44 individuals have also received recognition for their academic accomplishments.

As a women's lacrosse and field hockey coach, McCord has accumulated 275 wins in two sports at all levels. Her teams have earned either first-place championships or runner-up status 12 times during her 23 seasons as a head coach. McCord has recruited and developed 11 All-Americans, 23 regional All-Americans, and six conference Players of the Year.

McCord's coaching career began while studying for her masters in Counselor Education at Virginia Tech. While attending the school, she coached the women's lacrosse club team for two years, helping them to earn Division I status in the ACC. Her full-time coaching career began as a 23-year old head coach at prestigious Oberlin College in Ohio. As one of the NCAA's youngest head coaches, she hit the ground running winning consecutive lacrosse conference titles in 1997 and 1998. During the 1997 season, her squad boasted an undefeated conference record (11-0), leading to North Coast Athletic Conference Coach of the Year honors. The two titles were the only two championships won by any program at Oberlin College during her four-year tenure.

She continued her career at McDaniel College as head field hockey and lacrosse coach. While in her hometown (Westminster, Md.), McCord won the school's first and only conference title in field hockey, where she is second all-time with 61 victories and has the school's best winning percentage (.656). For her efforts during the 2002 season, McCord was named Centennial Conference Coach of the year in field hockey. She rebuilt the lacrosse program at McDaniel, helping the Green Terror to a 10-6 record in 2002 and establishing recruiting in-roads that have led to McDaniel becoming a consistent top-25 program.

As a player, McCord has national and international playing experience. She was a four-year starter at Lynchburg (VA) College, earning rookie of the year, team captain, all conference, regional All-American, and North/South Senior All-Star game honors. Coach McCord also played while studying abroad in Australia. In 2015, McCord was inducted into the Lynchburg College Hall of Fame.

A native of Westminster, Md., McCord attended Westminster High School where she played field hockey, lacrosse, and ran track, earning honors in all three sports. In her senior year, she founded and implemented the first lacrosse club in Carroll County, Md., for middle and high school girls. Her daughter, Taylor, played lacrosse at Jacksonville and earned her BS in Sociology in 2015 and her MBA in 2016. McCord and her husband Paul also have a son, Lytton.
