Lee University President : Dr. Phil Cook

Dr. Phil Cook began his term as the eighteenth president of Lee University on July 1, 2025. Cook brings over 30 years of experience in higher education, most recently serving as President and CEO of the North American Coalition for Christian Admissions Professionals (NACCAP) beginning in 2021.

Of his experience in higher education, the lion's share is with a specific focus on enrollment management, as NACCAP is an association for enrollment professionals, and his prior experience was in service at Lee University in the enrollment sector. From 1997 to 2021 he held every administrative position in the unit from Assistant Director of Admissions to Vice President for Enrollment Management. He led the enrollment team during an extended period of consistent, dramatic growth that revolutionized the university's profile on the landscape of Christian higher education.

During his long stint as a Lee employee, Cook also gained a familiarity with other aspects of university life, as he served as a resident director and as Director of Student Events and also found time to serve as a sponsor of the men's social service club Alpha Gamma Chi, as an instructor in both the School of Religion and the Office of First Year programs, as moderator of Dixon Center chapel services, and even as the public address announcer for Lee University home basketball games. This track record not only speaks of a significant long-term commitment to Lee University, but also an investment into the day-to-day lives of its students.

Cook holds a PhD in higher education administration from the University of Tennessee, Knoxville, a Master of Divinity from the Church of God School of Theology, and a Bachelor of Science in Business from Lee.

An ordained bishop in the Church of God, he is married to Tonya Cook, and they have three children and two grandchildren.

Lee University Chancellor : Dr. Charles Paul Conn

Charles Paul Conn remains as chancellor of Lee University after serving as president and chancellor for the past year. Conn served that institution as president for thirty-four years, becoming president in 1986, after fifteen years as a member of the psychology faculty at the same institution. During his administration, the university saw significant growth: enrollment increased from 1000 to over 5000, the physical campus was enlarged substantially, and the school's reputation as a regional leader was firmly established.

EDUCATION: Conn earned the Ph.D. degree in psychology from Emory University in 1974. Subsequently, he has spent three years at Harvard University as a postdoctoral student, studying with Lawrence Kohlberg (1978), David Breneman (1993), Derek Bok (1998), Suarez Orozco (2003), Robert Kegan (2008), and Rick Weissbourd and Nancy Hill (2018). He was a Visiting Scholar at Harvard Divinity School in 1982 and 2023. He did his undergraduate work at Lee College and Georgia State University, and earned a M.A. degree at Emory.

LEADERSHIP: He has served on the Board of Directors of numerous higher ed organizations, including the Council of Independent Colleges, and chairman of the President's Council of the Southern States Athletic Conference. He served six years as a Commissioner of the Southern Association of Colleges and Schools, including two years on the Executive Committee of the Commission on Colleges. He has served on the Executive Committee of the Appalachian Colleges Association, on the board of the Tennessee Independent Colleges and Universities Association, and on the national board of the Council for Christian Colleges and Universities. Conn served nine years (2015-2024) on the Board of Commissioners for the Chattanooga Airport Authority.

PERSONAL: Conn is married to Darlia McLuhan; together they have three children and ten grandchildren.

Athletic Director : John Maupin

John Maupin is in his third year as the Lee University Athletic Director. He was named as the Athletic Director in June of 2023 after an outstanding coaching career as the Director of Golf with Lee, including winning the first NCAA D2 National Championship in school history in 2022.

In his first two seasons as the Athletic Director, Maupin saw the Flames and Lady Flames win an unprecedented fourth and fifth straight GSC All Sports Trophy. The Lee 2024-25 athletic teams ranked 28th out of over 300 NCAA DII schools in the final Learfield Director's Cup Standings.

Maupin came to Lee in 2008 as the men's golf coach after a decorated playing career with Berry College from 2003-2007. He served as a team captain and was named to the Dean's List in 2007. Maupin was selected to multiple All-Conference and All-Region teams and guided the Vikings to three National Tournament appearances.

As a coach, Maupin led his Flames and Lady Flames to a dominating run of success over his 15 years as head coach. After several conference titles and national tournament appearances in the NAIA, Maupin's teams continued their run of excellence in the NCAA and the Gulf South Conference. The Lady Flames won three GSC titles and made two National Championship appearances while the Flames capped off an amazing 2022 postseason run by winning the NCAA DII National Championship, the first team title in any sport for Lee since joining the NCAA. The Flames won the South Region title in 2021 and are the only program to make three straight appearances in NCAA National Championship Match Play, after a quarterfinal berth this past season.

John and his wife Jayne have three children Addie, Jackson, and Annie. Jayne was a successful collegiate golfer at Berry College. She is currently an Instructional Coach at Ocoee Middle School.

MEGAN SMITH

3RD SEASON | 14-21 AT LEE | 19-33 OVERALL

EMAIL: MEGANSMITH@LEEUNIVERSITY.EDU

PHONE: 423-614-8548

Megan Smith enters her second year as head coach after being the interim coach for the 2024 season. She is the third head coach in the history of Lee University women's lacrosse. When former head coach Derrel Martin took over the program five years ago, Coach Smith was hired as his assistant coach to help build a competitive program in the Gulf South Conference.

In her first two seasons, she has competed in two of the toughest schedules in all of division two. In 2024, the Lady Flames battled six teams in the top 25 and finished the season at 9-9. In 2025, Lee played eight games against teams in the top 25 as the Lady Flames went 5-12.

She helped Coach Martin build a competitive program in the Gulf South Conference. Coach Smith played a vital part in establishing a zone defense for the Lady Flames as well as heading up the recruiting efforts. She was promoted to Associate Head Coach in July of 2023.

Under her guidance, goalie Kaleigh Bernard was named the GSC Defender of the Year in 2021 as the Lady Flames won the program's first GSC Regular Season Title.

Nothing came easy for Lee's interim lacrosse leader in 2024. The schedule was loaded with Florida teams. The Lady Flames finished the slate with a 9-9 mark and seven of the nine defeats came to colleges from the Sunshine State. It was Flagler College, a powerful Florida squad that finished 18-3 that knocked the Lady Flames out of the GSC tournament.

Coach Smith was a standout player for Limestone College from 2011-15. She was a captain her senior year and helped lead the Saints to four straight Conference Carolinas regular-season titles, three league tournament titles, an appearance in the NCAA D2 Quarterfinals (2013 and 2015) and a berth in the national championship match in 2013.

After graduating from Limestone in 2015 she served on staff as an assistant coach working with the goalies while overseeing aspects of recruiting and player development. Coach Smith then took over the Converse College women's lacrosse program for one season before joining the staff of Chowan University as an assistant coach for one year. She is also a Committee Chair for the IWLCA Annual Meetings.

Coach Smith also works overtime with extra projects. She helped lead the Student Athletic Advisory Committee for the Lee Athletic Department. She received the prestigious IWLCA Service Award in 2021 and again in 2023. Through her leadership the Lady Flames won the IWLCA Community Awareness Award in 2022 and 2023.

DANI O'MEARA

ASSISTANT COACH | 2ND SEASON

EMAIL: DOMEARA@LEEUNIVERSITY.EDU

PHONE: 423-614-8548

Dani O'Meara is entering her second year as the assistant coach for the Lee University women's lacrosse team. Originally from Canton, Ga., she graduated from North Greenville University in 2023 with a bachelors degree in sports management.

On the field for NGU, she was a team captain for two years. She was a All-Conference member for Conference Carolinas her junior and senior year and second team all-conference her sophomore year. She scored 149 goals and had 29 assists for 178 points in her career while also winning 122 draw controls.

After graduation, she worked in ticket sales for the Atlanta Gladiators, the professional hockey team in Duluth, Ga., for one season.

The Ray Conn Sports Complex, which opened in the spring of 2021, is home to the Lee men's and women's soccer, track & field and women's lacrosse teams.

During the long, strange summer and fall of 2020, a massive new student sports facility took shape on the north end of the Lee campus. The multi-sports complex was originally envisioned as a home venue for Lee's track and field teams, which have been highly successful over the last few years, despite the lack of a home facility for practice and competition.

The main feature of the complex is the track itself. The oval meets the standard to be certified by the NCAA, so that records which might be set at the venue will qualify for recognition at the Olympic level. The track is an eight-lane oval for sprints, hurdles, and distance events. The events of high jump, pole vault, and steeplechase will also occur inside the oval. The location of field events (shot put, discus, javelin, and hammer throw), as well as the long jump and triple jump, is outside the oval.

The university considered multiple bids for the track surface itself, finally contracting with Beynon, a national company which installs certified tracks at some of the largest universities in the country. The result is a three-layer poured-rubber surface that required over a month for installation. Inside the oval lies an athletic field large enough to accommodate NCAA

events in soccer, lacrosse, or football. As Lee officials made the decision to move from a bare-bones track and field venue to a comprehensive athletic site, it became clear that the installation of synthetic turf would significantly increase the usefulness of the field. Natural grass fields are the primary venues for soccer and lacrosse, but the number of "lost days" due to bad weather and wet playing fields is a major problem for Lee's fall and spring sports programs.

The addition of a synthetic turf field somewhere on campus has been a dream for years, and it has now been added in the new facility. As with the track surface, Lee decided to go "top of the line" with a superior product. The chosen surface is the same turf which is used in several NFL and NCAA D1 fields, including Mercedes Benz Stadium and Gillette Stadium, home to the Atlanta Falcons and New England Patriots, respectively. The vendor/installer was FieldTurf, who installed the field with permanent markings for soccer and lacrosse.

In addition to the primary field and track, the new facility includes a million-dollar Multi-Sports Complex and Plaza with locker rooms, coaches offices, restrooms, concessions area for the general public, and a 110-car parking lot.

2026 SCHEDULE
