MESSAGE FROM THE DEAN OF ATHLETICS

With the most disruptive aspects of the COVID-19 pandemic seemingly behind us, our attention has returned to our core mission of impacting the learning, personal growth and leadership preparation of the students who make up our teams as well as our staff, many of whom are in the early stages of their careers. Evidence has been clear that the impact of the pandemic on individual and team development was adverse and will require thoughtful and intentional efforts to fully recover. As a result, our current focus is, and will remain on, the importance of establishing and growing relationships, building trust, and supporting opportunities for academic, social, physical, and emotional growth. We are working hard to reestablish an environment in which individuals and teams can confidently aspire to achieve distinctive outcomes, understand and embrace the responsibility for doing the work required, and find among our staff the expertise, compassion, and commitment necessary to foster the desired results.

With several impressive exceptions, about which you will read, the 21-22 competitive year was less productive than most other years for our teams and for many of our athletes. We competed reasonably well within our conferences (55% win rate), however we also were less successful against non-league competition. As we analyzed these outcomes more carefully, we observed that first- and second-year athletes made up a larger percentage of most rosters than is typical, and although many of these athletes are quite talented, as a group they were probably the cohorts most disaffected by COVID-19, which limited their opportunities for competition and development. This realization, along with the evident energy and excitement of our athletes as they have returned to “normal” training patterns, fuels a genuine optimism about the near-term future for Lehigh athletes and teams.

Three other sources of excitement and optimism are the upcoming celebration of 50 years of Women’s Athletics at Lehigh (in 2023-24), the continuing positive trend in our annual giving results, and a most extraordinary capital gift commitment that was pledged anonymously by the parents of one of our athletes toward the cost of two capital projects that, when fully funded and constructed, will truly transform our student-athlete development capacity. The opportunity to celebrate the growth and the achievements of our women’s programs and athletes by celebrating all those who came before our current generation, including those who helped pioneer women’s sports at Lehigh, is gratifying and inspiring. And the continued investments in Lehigh Athletics made by alumni, families, and friends, which provide us with essential operating

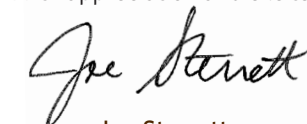

funding, the opportunity to enhance our physical plant, and a growing base of permanent endowment resources to help secure our future, are both affirming and motivating to our entire staff and the university.

Among the highlights in this 21-22 annual report are many examples of academic achievement that reflect our firm commitment to learning, personal growth, and preparation for a lifetime of leadership after Lehigh. Two Patriot League “Scholar-Athlete of the Year” honorees, a mean student-athlete GPA of more than 3.2, 45 student-athletes with 4.0 semesters, and athletes who were recognized with the top university awards for leadership, service, and contributions to student and campus life all reflect the priorities, talents, and commitments to our educational and developmental mission, by our athletes and our staff.

Speaking of staff, there are a number of new faces on our Athletics Department team, as well as a few who have earned the opportunities of program leadership. Among them is new Deputy Director of Athletics Sue Troyan, whose distinguished 32-year head coaching career will provide many of our program leaders a highly credible resource in the ever more challenging quest for distinctiveness and program prominence.

It is with deep gratitude for all your past support, humility about our continued need for partnering with you, and great excitement about the transformative opportunities before us, that Director of Athletics Development Mike Garzillo ’16 and I will dedicate our time to identifying the ambitious level of funding required to make possible the planned enhancement of our Cundey Varsity House, and the construction of a new indoor field facility. Coupled with continued support for the vital Athletics Partnership annual giving program, we can together provide Lehigh and Lehigh athletes with a most enviable environment for learning, growth, leadership, and competitive success. We invite you to continue or join in with this very special endeavor!!

With appreciation and excitement,

Joe Sterrett

Celebrating Champions

With gratitude, 2021-22 was a year of returning to normalcy. For Lehigh Athletics, that meant winning championships. On the diamond, the softball team won its Patriot League-leading 15th title, while a host of individual champions were also crowned on the track, the mat, and in the pool.

The **Lehigh softball team** entered the championship round of the Patriot League Tournament needing to defeat Boston University twice to win the title.

Mission accomplished.

Behind stellar pitching performances from senior **Gabriella Nori** and sophomore **Katelyn Young**, the Mountain Hawks won both games in Boston to win their first title since 2017.

Five was a charm for heavyweight wrestler **Jordan Wood** '22, who became the first-ever five-time EIWA Champion.

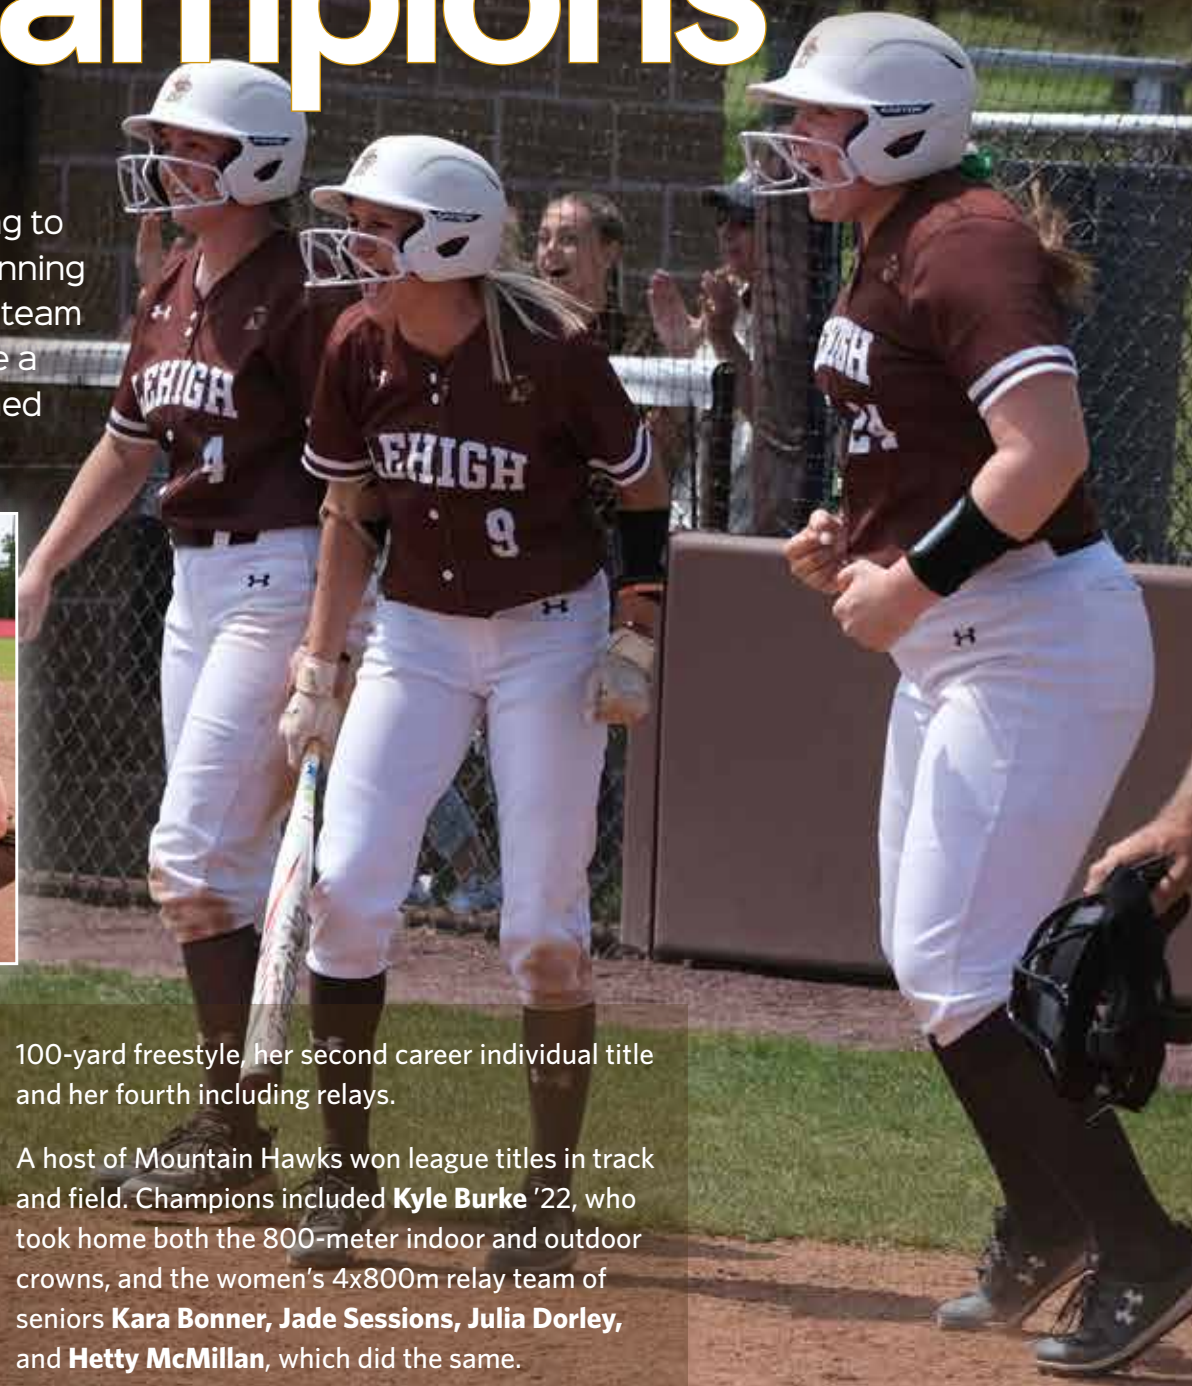

In the pool, fifth-year senior **Ann Foley** won the

100-yard freestyle, her second career individual title and her fourth including relays.

A host of Mountain Hawks won league titles in track and field. Champions included **Kyle Burke** '22, who took home both the 800-meter indoor and outdoor crowns, and the women's 4x800m relay team of seniors **Kara Bonner**, **Jade Sessions**, **Julia Dorley**, and **Hetty McMillan**, which did the same.

Burke also was part of the champion indoor distance medley relay team, with juniors **Brandtson Duffie**, **Jacob Martinez**, and **Kerem Ayhan**.

Outdoors, first-year **Melissa Cunningham** secured her first Patriot League title, winning the 100 meters with a time of 12.23.

Leaders On the Rise

Sue Troyan

Following a remarkable 32-year career as a head coach at Lehigh, 27 of which were spent leading the women's basketball program, Sue Troyan has transitioned into a senior leadership role in the athletic department.

Troyan amassed a 430-361 record and guided the Mountain Hawks to four Patriot League Tournament championships and four NCAA Tournament appearances during her tenure. The Mountain Hawks also made six championship game appearances and reached the semifinal round in 10 of the last 15 league tournaments. Lehigh added a fifth postseason appearance under Troyan when the 2010-11 squad qualified for the WNIT.

On an individual level, Troyan mentored 45 All-Patriot League honorees and seven Patriot League major award winners.

Prior to taking over as women's basketball head coach for the 1995-96 season, Troyan served for five years as an assistant basketball coach and two years as the director of athletic program budgets. From 1991-1995, Troyan was Lehigh's head softball coach, posting a 126-90-1 career record and guiding the school to three consecutive Patriot League titles.

"I'm thankful for the many young women I have coached over the past 32 years as a head coach at Lehigh and most proud of their growth and development through their Lehigh experiences and beyond in their roles as mothers, spouses, leaders, employees and caring, loving citizens," Troyan said.

It's the right time for me, given an opportunity to make a broader impact at Lehigh, and it's the right time for the program knowing that we have the right person within our program to step in and continue to move it forward. Addie is the right person at the right time.

—Sue Troyan, Deputy Director of Athletics

Addie Micir

Lehigh's new head women's basketball coach is no stranger to the program. Micir recently completed her third season as an associate head coach on Troyan's staff and played a key role during Lehigh's most recent Patriot League title in 2020-21.

"I could not be more thrilled to serve as the next head coach for Lehigh women's basketball," Micir said. "This is a program with an established standard for excellence both on the court and in the classroom, and I look forward to continuing to meet and exceed those elite standards. To become a head coach at a place so near and dear to my heart surrounded by people who have become family is truly incredible. Our student-athletes, program, department, and university will get my best every single day. The journey to learn, grow, and lead continues."

With Micir on staff, Lehigh led the Patriot League in scoring, assists, and three-point field goals in both 2021 and 2022.

A Newtown, Pa., native, Micir earned her bachelor's degree in psychology from Princeton in 2011 and her master's degree in liberal studies from Dartmouth in 2018. She had a successful playing career at Princeton, where she was named the program's first unanimous Ivy League Player of the Year in her senior season. A 1,000-point scorer, she played a big role in leading the Tigers to back-to-back Ivy League titles in 2010 and 2011.

Working with Sue for the past three seasons has been an unbelievable joy and an impactful journey. She is the ultimate developer of people as can be seen by the wonderful and successful women's basketball alumnae and by the brilliant coaches who have come from her coaching tree. How lucky was I to learn from a legend.

—Addie Micir, Women's Basketball Head Coach

New Program Leaders

"I am thrilled to be coaching a sport I love at an institution that I have deep reverence for."

Peter Costas

STEVEN J. '69 AND KAREN A. LEE HEAD ROWING COACH

Following a thorough national search, Lehigh named Peter Costas as the Steven J. '69 and Karen A. Lee Head Rowing Coach. Throughout his head coaching career, Schwartz has mentored 40 all-conference performers.

Astor enters her ninth season on the coaching staff in this newly created position. She will continue coaching multi-events, hurdles, and jumps, and will now have oversight of student athlete recruitment, working collaboratively with each head coach and the associate athletic director for recruitment. Astor will oversee and coordinate student-athlete development initiatives, with an emphasis on individual development plans; and will collaborate with the head coaches on program principles, values, objectives and priority planning.

Khayla Atte '05 WOMEN'S TRACK AND FIELD HEAD COACH

Atte has been elevated from assistant coach to head women's track and field coach. She is entering her fourth season on Lehigh's coaching staff. She returned to her alma mater in 2019 and spent the previous three seasons working primarily with the sprinters and hurdlers. The 2021-22 season was highlighted by four school records being broken in the women's program. She was a four year letter winner for the Mountain Hawks from 2001-05.

Todd Etters '02 MEN'S TRACK AND FIELD HEAD COACH

Etters, who is entering his 15th season as Lehigh's men's cross country coach, will assume the additional role of head men's track and field coach. His time leading the men's cross country program has been highlighted by the program's first Patriot League Championship in 2012, an accomplishment that netted him Patriot League Coach of the Year honors. Etters has coached 19 All-Patriot League performers in cross country.

The Lehigh Athletics Partnership

Since 1989, The Lehigh Athletics Partnership has served as the alumni relations and fundraising arm of the Lehigh Athletics Department, working to keep former student-athletes connected to the program they played for, as well as to raise financial support. With seven members of Lehigh's staff dedicated to daily operations, the unit oversees 19 sport-specific partnerships in support of Lehigh's 25 varsity teams, and has engaged hundreds of alumni volunteers.

Our purpose:

Alumni Engagement

Provide Lehigh Athletics alumni with opportunities to remain connected to their program in a way that is fun for them and impactful for the sport they played.

Financial Support

Secure donations through the generosity of our alumni and friends who are passionate about creating a competitive and comprehensively supportive environment for our student-athletes.

How:

Connect

Alumni can connect to their programs by attending a competition or watching online, following along on social media, updating their contact information with Lehigh, and receiving regular Partnership newsletters.

Attend an Event

We host a variety of events throughout the year including sport-specific reunions, championship celebrations, game-day tailgates, digital reunions, and regional meet-the-coach nights.

Make a Gift

Donations go towards enhancing each team's operating budget. Incremental dollars supplement existing university and departmental support.

Volunteer/Mentor

Our community is strengthened by our alumni who are able to rally their former teammates, provide mentorship to current student-athletes, and inspire their peers to make an impact.

Goal for FY2023

(July 1, 2022 – June 30, 2023)

\$3,000,000

raised in annual support of our people and programs

Why do we ask for donations?

Over the years, the financial commitment necessary to operate a Division I athletics department at a level that strives to be competitive amongst its peers has outpaced the funding that can be provided by a university that is also committed to delivering a high quality academic experience. Lehigh provides significant financial support for athletics, however there remains a gap between university budget support and the costs of a competitive program. In the effort to close that gap, we turn to our alumni and friends who are grateful for the impact Lehigh Athletics has had on their lives and careers and the friendships that were created along the way. Our hope is that every alum has an experience that motivates them to pay it forward.

The impact of your gift

Fundraised dollars go to five main priority areas:

- **Recruiting** - Attracting the top talent from across the country is the lifeblood of our programs' successes.
- **Travel** - Out-of-region travel to compete against the best talent helps to challenge us competitively as well as builds bonds between teammates.
- **Schedule** - Coaches need resources to house and feed student-athletes during preseason camps, spring break, and competitions after finals.
- **Equipment & Gear** - Upgrading equipment and gear allows our student-athletes to safely develop their skills while representing Lehigh with pride and uniformity.
- **Coaches' Discretion** - Every program leader has a different set of priorities for how to distribute their resources effectively for their teams. Common enhancements include technology, nutritional supplementation, professional development, and staffing wage supplements.

A New Era for Lehigh Athletics

Goodman Campus Athletics Complex Expansion and Renovation

“This [project] is about giving our athletes the opportunity to develop and become the best they can be.”

Joe Sterrett '76 '78G '03P '05P '07P '09P
Murray H. Goodman Dean of Athletics

The renovation and expansion of the Cundey Varsity House and the construction of a new indoor field facility are the flagship projects of an ambitious \$30 million capital initiative that will transform the Lehigh Athletics experience on Goodman Campus. Thanks to a generous anonymous gift, we have a great start to funding these improvements and are eager to initiate a broader invitation to participate in these exciting projects.

At Lehigh Athletics, we develop the whole student-athlete. Their determination and skill on the field, their commitment to their training and fellow teammates, and their intellectual growth, academic success, and physical and mental health are all connected.

The new Cundey Varsity House and indoor field facility will give us the additional space and increased capacity to meaningfully support all these aspects of student-athlete development. In addition, this renovation and expansion will truly elevate Lehigh Athletics compared to our peer institutions by enhancing the recruitment and development of the very best scholar-athletes.

The Cundey Varsity House project includes:

- A substantially enhanced strength and physical training facility that essentially doubles our current capacity.
- New or improved locker rooms for 13 Lehigh sports programs based on Goodman Campus.
- An indoor pitching and hitting facility where baseball and softball players will be able to practice and train no matter the weather or time of year.
- An expanded sports medicine facility, which offers more space, a physician's private diagnostic exam room as well as walk-in therapy pools for prehab and

rehab to keep our athletes healthy and competing.

- A student-athlete lounge and nutrition bar to provide social and study spaces that foster community and provide powerful post-workout fuel, allowing our students to maintain their health and well-being and maximize their performance.

The new indoor field facility will be constructed directly behind the Cundey Varsity House. With 94,000 square feet of turf, the building will dramatically increase our teams' ability to play and practice year-round. All field sports will be able to conduct full team practices in this facility, even in inclement weather.

The expanded Cundey Varsity House and indoor field facility will transform the student-athlete experience on Goodman Campus, creating a hub that builds community and camaraderie and allows our student-athletes to train and compete at the highest level – and to grow and develop as athletes and individuals.

If you have interest in making a transformative gift through endowment, or a significant impact gift toward a capital project, please contact Director of Development for Lehigh Athletics, Mike Garzillo '16, at mag316@lehigh.edu or 610-758-1497.

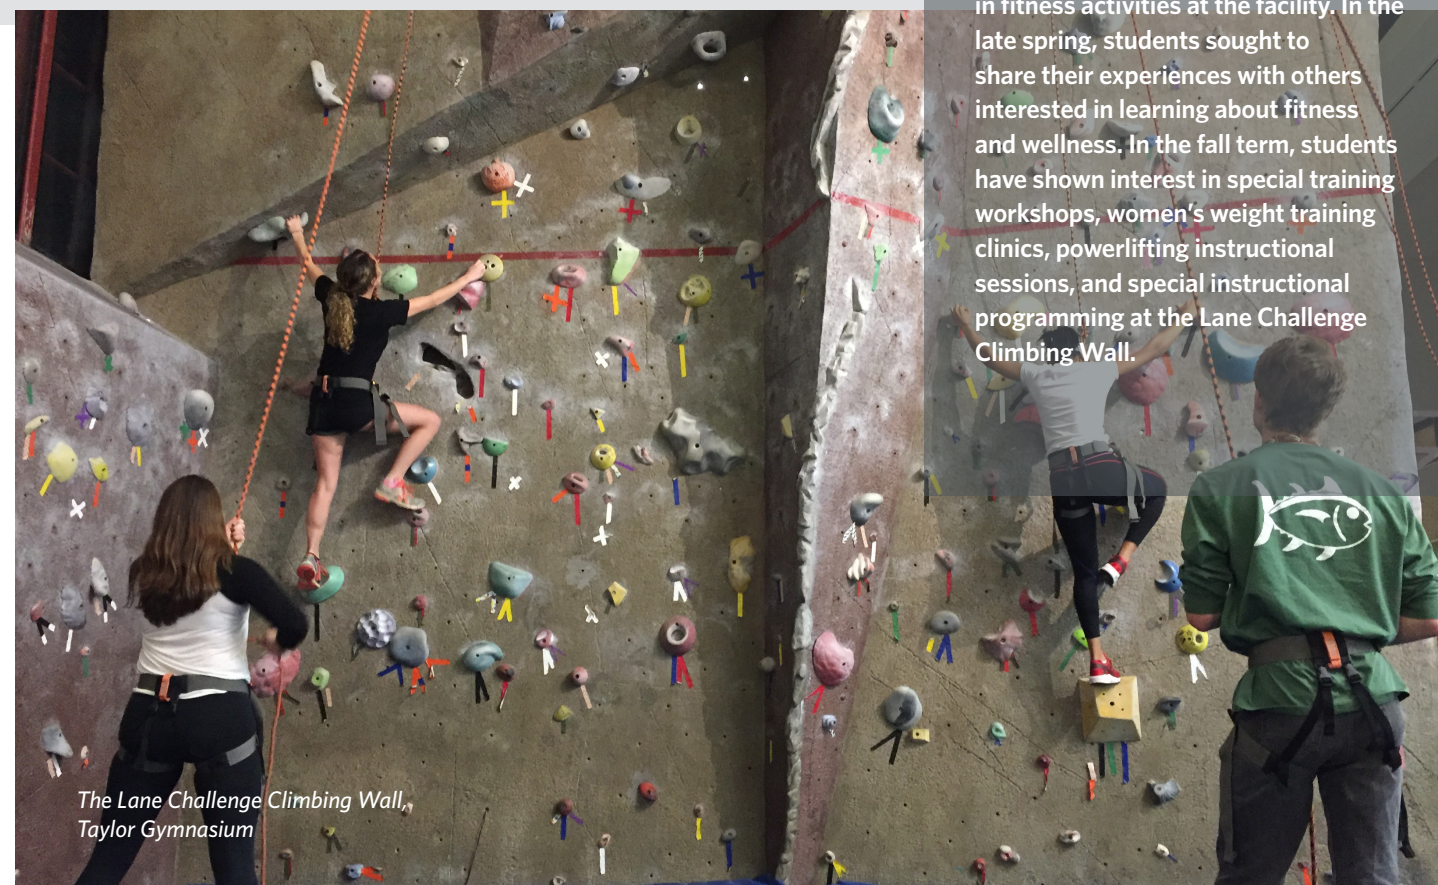

“I'm inspired by the athletics here and inspired by what Lehigh does to produce leaders that will ultimately have an impact on our country going forward. [Athletics] teaches you something about confidence, about your ability to emotionally understand the anguish of not always coming out on top, and that prepares you for life, because life is a journey — Anonymous Donor”

CAMPUS ATHLETICS

FITNESS ON CAMPUS

The interest in fitness as an activity to connect with friends or to pursue independently has never been more popular. Students, faculty, and staff were happy to see Taylor Gym finally fully re-open in mid-spring. The opportunity for the Lehigh community to fully engage with one another has re-ignited the spirits of those participating in fitness activities at the facility. In the late spring, students sought to share their experiences with others interested in learning about fitness and wellness. In the fall term, students have shown interest in special training workshops, women's weight training clinics, powerlifting instructional sessions, and special instructional programming at the Lane Challenge Climbing Wall.

The Lane Challenge Climbing Wall,
Taylor Gymnasium

We have mentored an increasing number of students interested in becoming certified fitness instructors for spin, yoga, Zumba, and Les Mills Bodypump fitness classes. In addition, we will be offering nutritional counseling sessions for students and student groups as well as guided meditation. Students are deeply engaged formally and informally in all the programming from Campus Athletics. Research has shown that these areas of fitness and recreation contribute greatly to student success. They offer a healthy outlet, allow endorphins to circulate for positive emotions, assist with sleep (which translates to brain rest), and increase attention. This area is as important as any in supporting our mission at Lehigh.

INTRAMURAL SPORTS

As the 21-22 intramural season began with indoor capacity restrictions still in place, we shifted our offerings to individual activities such as Hot Shots and foul shooting. Soccer was the choice for outdoor play, with 22 teams entering the tournament. Play began in early September and ended in late October. In March, all restrictions were lifted, and four-on-four basketball returned with a successful tournament.

CLUB SPORTS

Women's Ultimate Competed in the 2021 Fall Nationals and the 2022 Spring National Competitions

Our club sport teams had robust and fulfilling experiences last year. From practices to contests, outdoor teams had a more normal year, while the indoor teams were limited by capacity and masking requirements. All had to adhere to other campuses' policies while traveling. The restrictions did not hold our teams back. Many programs experienced success, including the Women's Ultimate Frisbee Team leading the charge with appearances at the fall 2021 National Championship in Norco, California, and the spring 2022 National Championship in Milwaukee, Wisconsin. This group of young women raised over \$10,000 to help them achieve their dream.

Other notable team achievements included:

- Men's Ultimate Frisbee - Finished first in the Mid Atlantic "B" Division
- Running Club - Competed in NIRCA Cross Country National Championships and Regional Championships
- Men's Lacrosse - Ranked fifth in the nation among men's club programs. Two athletes received National Player of the Week honors

Thirteen club programs were involved in team fundraising totaling nearly \$50,000. Club sports are student driven and student led, and Campus Athletics is extremely proud of each team's student leaders, the students affiliated with the teams, and their accomplishments on and off the playing surfaces.

2ND ANNUAL VIRTUAL TURKEY TROT

The second-annual Virtual Turkey Trot was a huge success, providing our Lehigh community near and far the ability to participate in this annual event. Over the past several years, the student turnout was very low, but this new format has provided that population with greater opportunity to participate during a time more convenient for them. Our faculty and staff have also benefited from the same virtual format. James Berneking, former innovation programs manager at Lehigh, who worked in San Francisco, said: "Thanks for organizing the turkey trot this year. I enjoyed my 5K on this cloudy San Francisco day!"

The Honor Roll

Lehigh University gratefully acknowledges the generosity of those who made financial contributions to our athletics programs and facilities throughout this past year. Your donations are having a significant impact on our competitiveness and on the development of our student-athletes in myriad and important ways. (July 1, 2021 – June 30, 2022)

In Memoriam

This year, our Lehigh Athletics community sadly said goodbye to fellow Lehigh Athletics alumni and friends. We are so grateful for their time spent on South Mountain, their commitment, and their support for Lehigh University. We extend our sympathies to the families of the supporters listed.

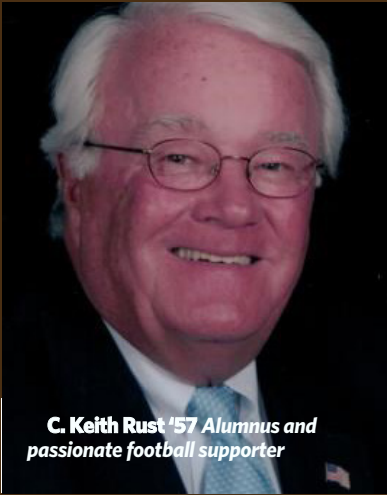

To help us stay up-to-date and appropriately recognize the lives of our Lehigh community members, please send any details to Development and Alumni Relations, 306 S. New St., Suite 500, Bethlehem, PA 18015-1652; 1-866-517 1552
