## Head Coach Mike Gillian

Longwood University named Mike Gillian as the seventh head coach in the 27-year history of men's basketball at the institution on May 2, 2003. Gillian led Longwood to an overall record of 5-22 during his initial season of 2003-04.

Coach Gillian had previously been an assistant at George Mason University under head coach Jim Larranaga from 1997-2003. He had also worked under Larranaga for one season at Bowling Green State (Ohio) University (1996-97) prior to arriving at George Mason with Larranaga.

"Mike brings an excellent Division I background to our University," explained Director of Athletics Rick Mazzuto. "He has worked with an outstanding head coach in Jim Larranaga and is ready to move the Longwood program forward."

During Gillian's six seasons as an assistant coach at Mason, the Patriots went 100-74 overall with a 66-34 Colonial Athletic Association (CAA) record, winning two CAA Tournament championships (1999, 2001) and two CAA regular season titles (1999, 2000). George Mason also earned two NCAA Tournament appearances (1999, 2001) and made

one National Invitation Tournament (NIT) appearance (2002). The Patriots were 57-18 overall at home in the Patriot Center, posting a 41-8 CAA homecourt record.

At Bowling Green, the Falcons finished 22-10 while winning the 1997 Mid-American Conference regular season title (13-5) and earning an NIT appearance.

"I'm very excited and would like to thank President Cormier (Dr. Patricia P. Cormier) and Rick Mazzuto for the opportunity to be the head basketball coach here at Longwood University," said Gillian. "It's been a long-time goal of mine to be a head coach, and to do so at the highest level. At Longwood, it's exciting to be leading a program through the transition to Division I status."

***"This first full season of Division I competition is both a tremendous opportunity and a great challenge for everyone in the Longwood University Basketball Program. It is going to be a lot of fun."***

***-- Mike Gillian***

"The leadership and direction of the Division I transition plan at Longwood, as established by Dr. Cormier and Rick Mazzuto, is outstanding. Their unique insight and involvement has made being here a natural fit for me, and I look forward to the challenges ahead."

"I will certainly draw upon the experience of working with Jim Larranaga, and at George Mason University, to establish a successful Division I men's basketball tradition at Longwood."

Prior to joining Larranaga at BGSU, Gillian was an assistant coach at Division II American International (Mass.) from 1989-95. During that six-year stint working for current Indiana Pacers assistant coach Jim Powell, the Yellow Jackets went 117-58 overall with a 75-33 Northeast-10 Conference (NE-10) record, winning both the NE-10 regular season and tournament championships in 1994 (26-6). American International also advanced to the second-round of the Division II Tournament that year.

## COACH GILLIAN'S "PLAYER"

### **Be A Player**

You are part of building the Longwood Basketball tradition. It is a tradition that will portray success on and off the basketball court. As a team, we represent Longwood University in everything we do. We will perform at the highest level possible on game day, we will strive to excel in the classroom, we will handle ourselves in a proper manner, and we will be proud that Longwood has given us this opportunity to make the most of.

**P**ractice to improve. Put a maximum effort into getting the most out of your abilities. As you get better, the team gets better. You only get out of it what you put into it.

**L**ove the game. Play with passion, enjoy yourself, feel good about the hard work you put into improving. Be a fan, learn from watching someone who already can do what you want to be able to.

**A**ttitude. Be positive. Have energy and enthusiasm. Be a good teammate, your teammates will want to support your success the way you support theirs.

Say **Y**es to opportunity. Be patient and wait for your chance. When the right opportunity comes your way, take it and make the most of it. Have confidence, if you don't believe, how can anyone else.

**E**ducation is the #1 priority. Basketball can teach you many things, but it does not guarantee your future. Your diploma from Longwood does. School will come first.

**R**espect the game. Play hard, respect opponent's efforts, respect officials, respect the fans. We will win, and we will do it the right way, with pride and dignity. No one is bigger than the game.

## 2004-05 Campaign

At Wake Forest. At Illinois. Vs. Cincinnati in Las Vegas. Tournaments in New York City and San Francisco. Reads like a schedule for an ACC or Big Ten member institution, right? Wrong. These are just some of the games that Longwood University, under the direction of second-year head coach Mike Gillian, will play during the 2004-05 men's basketball campaign. The Lancers are operating under all NCAA Division I rules and regulations this year, including the scheduling requirements, during the second year of their four-year Division I reclassification period toward official certification in September 2007. The program will be a countable Division I opponent this season, and the Lancers will also be included in the all-important Ratings Percentage Index (RPI).

Coach Gillian returns eight letterwinners from a year ago, including three starters, and has added seven newcomers to the team. Among the 15 players are one junior, eight sophomores, and six freshmen. The young group will be playing 30 Division I games, including 11 home contests. The schedule is highlighted by the December 27 road game at Big Ten member Illinois, the December 30 game against Conference USA member Cincinnati in Las Vegas, and the February 23 road game at ACC member Wake Forest – each NCAA Tournament teams from a season ago.

"This first full season of Division I competition is both a tremendous opportunity and a great challenge for everyone in the Longwood University Basketball Program," explained Gillian. "We are all excited and ready to take advantage of the opportunities that lie ahead and rise to the challenges that we are going to face in playing against some of the best college teams in the country throughout the season. It is going to be a lot of fun."

The returning starters are second-year team members Michael Jefferson, Maurice Sumter, and Husein Pistoljevic, and along with Leland Beale -- comprise Coach Gillian's first recruiting class.

"Our returning players, now all sophomores, gained a great deal of valuable playing experience last year that will help them be prepared for the schedule we are playing this season," said Gillian. "If they can continue to improve at the pace they have over the past nine months, especially physically, they will all make a significant contribution to our team being successful."

Jefferson, a 6-3 guard and team captain, started all 27 games a year ago while leading the team with his 15.1 points, adding 5.3 rebounds, and 1.9 assists. He shot 41% from the field, including 27% on three-point field goals, and 64% at the free throw line, adding 31 steals and 24 blocks. Jefferson enjoyed eight 20-point games among 22 double-figure scoring games overall, and led the team in scoring 12 times while posting three double-doubles in scoring and rebounding. His season-highs were 28 points and 14 rebounds.

"Michael is a dynamic offensive player and an explosive athlete," said Gillian. "He is capable of affecting the game in many different ways. Mike is coming off a superb freshman year in which he not only scored effectively but improved a great deal defensively and as an all-around player."

Sumter, a 6-5 guard-forward, also started all 27 games a year ago while leading the team with his 5.4 rebounds and 1.3 blocks, adding 11.1 points. He shot 47% from the field, including 29% on three-point field goals, and 50% at the free throw line, adding 41 assists and 37 steals. Sumter had one 20-point game among 15 double-figure scoring games overall, and led the team in blocks 15 times, and rebounding six times while posting three double-doubles in scoring and rebounding. His season-highs were 29 points and 12 rebounds.

"Maurice is a fantastic multi-dimensional player," explained Gillian. "He had to play a lot of minutes for us last year at a number of different positions. This season, he will have the opportunity to utilize his talents in playing primarily at his natural position, small forward."

Pistoljevic, a 6-1 guard, started 15 of 27 games a year ago while leading the

team with his 65 three-point field goals, adding 10.5 points and 1.0 assists. He shot 39% from the field, including 36% on three-point field goals, and 64% at the free throw line, adding 18 steals. Pistoljevic established a new single-game record for three-pointers with nine against Virginia Union, also a Willett Hall record. He had two 20-point games among 16 double-figure scoring games overall, and led the team in scoring three times. His season-highs were 27 points and nine rebounds.

"Husein has an impact on the game because he can really shoot the basketball," said Gillian. "He is going to take and make a lot of 3-point shots for this team, as evidenced by his school-record nine three's in one game last year."

Beale, a 6-8, 250-pound forward, played in 12 games a year ago, averaging 5.8 points and 3.5 rebounds. He shot 47% from the field, and 70% at the free throw line. Beale had three double-figure scoring games, and led the team in rebounding one time. His season-highs were 13 points and eight rebounds.

"Leland is a big guy who has very good basketball skills and is a fine athlete for his size," explained Gillian. "He has made tremendous strides physically and in adjusting to the college game over the course of the last year."

The other four returning letterwinners include second-year team members Jon Larson, Wes Hager, Darren Holmes, and Joel Rowe.

Larson, a 6-6 forward, played in 14 games a year ago, averaging 1.7 points and 1.9 rebounds. He shot 30% from the field, and 44% at the free throw line. Larson's season-highs were seven points and six rebounds.

"Jon had an opportunity last year to compete for playing time on our team and he did just that, compete," stated Gillian. "He has shown a great deal of

improvement over the last nine months, especially physically, and we are thrilled to have him at full strength now competing to add some depth to our frontcourt positions."

Hager, a 6-1 guard, played in 18 games a year ago, averaging 0.8 points and 0.8 rebounds. He shot 25% from the field, and 40% at the free throw line. Hager's season-highs were 10 points and four rebounds.

"Wes is an outstanding shooter who had a very good high school career in Las Vegas, Nevada," added Gillian. "He played for a great high school coach and has an understanding of the game."

Holmes, a 6-6 forward, played in 23 games a year ago, averaging 2.6 points and 0.9 rebounds. He shot 53% from the field, and 74% at the free throw line. Holmes's season-highs were eight points and three rebounds.

"Darren is an inside player who makes up for his lack of height with strength and desire," explained Gillian. "He is an important part of our team in that he adds depth to the frontcourt."

Rowe, a 6-1 guard, played in 17 games a year ago, averaging 1.0 points and 0.6 rebounds. He shot 38% from the field, and 57% at the free throw line. Rowe's season-highs were six points and four assists.

"Joel epitomizes what being a college student-athlete is all about," emphasized Gillian. "He is a hard worker who pushes himself and his teammates to the best of their abilities on a daily basis, whether it be in practice, workouts, the weight room, or conditioning."

Coach Gillian's second recruiting class numbers six, including one junior college transfer to the program this season in 6-11, 245-pound center Chad Kosmo, and freshmen 6-6 forward Lamar Barrett, 6-4 guard-forward Jason Davis, 5-10 guard Brandon Giles, 6-2 guard Kevin Schneider, and 6-5 guard-forward Dana Smith. In addition, 5-11 guard Stanley Boateng has earned a spot on the roster as a first-year walk-on player.

"What we love about this group of incoming players is not only that they are quality players but that they all come to us out of successful programs, they are all

winners," explained Gillian. "They are a diverse group in that they come from different areas of the country but what they have in common outside of basketball is that they are great kids. All six of them made the decision to join the Longwood Basketball Program for the right reasons and they want to be part of building something special here at the University."

Kosmo played at St. Petersburg (Fla.) Junior College during the past two seasons. He started six of 29 games a year ago, averaging 4.1 points, 3.6 rebounds, and 1.4 blocks while shooting 57% from the field, and 54% at the free throw line. Kosmo's season-highs were 14 points and eight rebounds.

"Chad brings something to our program that we did not previously have, size," stated Gillian. "He is a big guy who runs well and is very agile for his size. We are looking for Chad to make an immediate contribution for us in a number of areas including scoring around the basket, rebounding, and defending our own goal. We are pleased to have a motivated, developing player like Chad in the program here."

Barrett averaged 11.3 points and 8.9 rebounds as a high school senior while leading St. Andrew's (R.I.) to a record of 25-7 and the New England Final Four. He was a McDonald's All-American nominee while earning honorable mention All-America from *Street & Smith's* magazine, All-New England, and All-State honors in Rhode Island. St. Andrew's School has retired his jersey.

"Lamar is just the type of player we like to have in the Longwood Basketball Program," stated Gillian. "He is an all-around player that can play a number of positions, is very athletic, loves the game and is a winner."

Davis averaged 17.1 points and 8.2 rebounds as a high school senior while leading Windsor (Conn.) to a record of 23-1 and the Connecticut State Tournament Quarterfinals. He earned All-State honors from the Connecticut High School Coaches Association (CHSCA), *The Hartford Courant*, and the *New Haven Register*, adding two All-Conference selections as well.

"Jason is a high energy player," added Gillian. "He is an unbelievable athlete who loves the game. His work ethic, positive attitude, and desire for success will be instrumental in his development as a player. Jason's teams have experienced a lot of success throughout his high school career and playing in those type of situations should help him as he goes into playing against college opponents."

Giles averaged 13.5 points and 4.1 assists as a high school senior, adding 59 three-pointers (41%) while leading Magruder (Md.) to a record of 22-3 and Maryland's Montgomery County Region 4A finals. He earned *All-Gazette* and *All-Journal* honors as well as honorable mention All-Met by *The Washington Post*. Giles played in the regional game of the Jordan Capital Classic and scored 17 points, including five three-pointers. He helped Magruder to a three-year record of 66-11, including two State Tournament Final Four appearances.

"Brandon is a point guard, a true leader, and as good a three-point shooter as you will find," said Gillian. "He comes to Longwood very well prepared to play an important role in leading our program both on and off the court. As a point guard, we will look to him to be a quarterback on the floor. Brandon played in a very successful high school system that utilized the three-point shot effectively. We'll be expecting him to do some more of that for us at Longwood."

Schneider averaged 13.1 points, 5.2 rebounds, and 5.0 assists as a high school senior at Brophy Prep (Ariz.). He earned All-State and All-Region honors, and he was selected to play in the Arizona All-Star Game.

"Kevin is a point guard who has an outstanding knowledge of the game of basketball and an understanding of how it should be played," explained Gillian. "He grew up around college basketball with his Dad (Jeff Schneider) being a successful Division I Coach. Kevin comes to Longwood from one of the best high school programs in the state of Arizona. He is ready for the college game."

Smith missed the majority of his senior year at C.D. Hylton in Northern Virginia after suffering a season-ending knee injury. He averaged 15.3 points and 7.3 rebounds as a junior, and also played for the Woodbridge Hawks at the 2003 AAU National 17-Under Tournament in Orlando, averaging 18.1 points and 8.2 rebounds while leading the Hawks to the round of 16.

"Dana is a tremendous athlete and talented player," stated Gillian. "His combination of basketball and physical ability make him an offensive threat every time he touches the ball. He can make open jump shots and is very good scoring around the basket. He also has the desire to be a fantastic defensive rebounder which is a very underrated ability in today's players. We love having players like Dana, from right here in Virginia, who want to help put Longwood Basketball on the map in this state and around the country."

Boateng averaged 7.3 points and 8.6 assists as a high school senior at Mount Pleasant (R.I.). He earned All-Conference and All-Academic honors, and was named a Rhode Island Top 40 All-Star.

"Stanley is a point guard who has excellent quickness and strength and is here at Longwood and part of our basketball program for all of the right reasons," added Gillian.

Besides the three Top 20-caliber opponents already mentioned, Longwood will face two other NCAA Tournament teams from a year ago. The Lancers play at Northern Iowa and will play Valparaiso in Las Vegas as part of the exempt Las Vegas Classic. The Classic will be brutal, as Longwood plays four NCAA Tournament teams during an eight-day period Dec. 23-31, in order against Northern Iowa, Illinois, Cincinnati, and Valparaiso. The Cincinnati contest is slated for regional television broadcast on Fox Ohio and Fox Chicago.

Longwood will participate in two other tournaments this season as well. The Lancers will open the 2004-05 campaign in a tournament hosted by Ivy League member Columbia in New York City on November 19-20, joining the host Lions along with Morehead State and Mount St. Mary's. In early December, Longwood will participate in a tournament hosted by San Francisco in California on December 10-11, joining the host Dons, along with another NCAA Tournament team in Saint Joseph's, as well as UC Davis.

"We are very excited to be playing in these three great tournaments in our first year of full Division I competition," explained Gillian. "It gives our team a chance to play around the country in great locations, and certainly play against some tremendous competition."

"We are going to compete against basketball programs that have well established traditions and, in many cases, national reputations. It's great preparation for us to take the basketball program at Longwood where we eventually want it to go."

The schedule also features in-state road contests against CAA institutions Old Dominion, James Madison, and William and Mary, along with home contests against Big South Conference members Radford and VMI. The Lancers will also play at VMI, while traveling to nearby Division III school Hampden-Sydney in their only non-Division I competition.

The remainder of the home schedule includes Quinnipiac, Hofstra, Howard, South Carolina State, Appalachian State, Northern Colorado, Texas A&M-Corpus Christi, UMKC, and Utah Valley State. Additional road games include Howard, Hartford, Quinnipiac, Utah Valley State, Northern Colorado, and Appalachian State.

"Putting the rest of our schedule together to play as an independent Division I program and working to put a competitive team on the floor every night for those games has had a lot of parallels," added Gillian. "It has been very challenging and worked its way into a very fulfilling accomplishment. We have a lot of quality opponents on the schedule, a number of home games for our fans to come out and enjoy, and are ready for the challenges that lie ahead. The coaching staff has done a great job getting us to this point where our schedule is complete and our team is ready to go. We need to continue to work hard and take on every positive opportunity we can to move the Longwood Basketball Program in the right direction."

When Longwood informed the NCAA in November 2002 of its intention to reclassify its intercollegiate athletics program to Division I status, the institution indicated the decision to move to Division I was part of an overall strategic plan to raise the visibility and profile of the University. This year's schedule for men's basketball, no doubt the toughest in school history, goes a long way toward accomplishing that plan.

## The Review

Sophomore Maurice Sumter averaged 11.1 points along with a team-best 5.4 rebounds and 1.3 blocks during 2004-05.

## 2003-04 Season Wrap

Longwood University finished 2003-04 with a final overall record of 5-22 during the initial season under the direction of head coach Mike Gillian. Highlights to the campaign included a season-ending 76-66 victory over Northern Colorado in Fort Myers, Florida, a 63-62 win at NCAA Division II nationally-ranked Lenoir-Rhyne, and a season-opening 71-70 triumph at Winston-Salem State.

The Lancers fought through a difficult season, beginning the year with just four returning lettermen, and adding 10 newcomers to the program. Life was not made any easier with the first six games played on the road, and nine of the first 11 contests overall being played away from Farmville. Adding insult to injury, two players did not return after the first semester, one for academic reasons, and the other for personal reasons. Very unfortunate, senior All-America candidate Charles Stephens' mother, Rachel Dean Calloway, passed away on January 3, 2004 after a battle with cancer, and he would subsequently leave school and the men's basketball program.

Stephens had provided the team with great excitement in the season-opener at Winston-Salem State when he hit a three-point field goal at the buzzer to lift the Lancers to the exciting one-point win, giving Coach Mike Gillian a victory in his first game at the institution. Stephens nailed his decisive three-pointer while fading away from about 23-feet just right of the circle on an in-bounds play under the Longwood basket with just nine-tenths of a second remaining. Winston-Salem State had missed on a pair of free throw attempts with 12.8-seconds left, and the Lancers had missed on a shot attempt in the lane with the ball going out of bounds off the Rams before the game-winning in-bounds play. Freshman Michael Jefferson led the Lancers with 22 points in his first game wearing the Longwood uniform.

Longwood followed the win with two losses at the 38th Pickle Classic in North Carolina, falling 87-82 to host Mount Olive, and 92-82 to Elizabeth City State. Stephens continued to lead with his two-game totals of 52 points and 19 rebounds to earn All-Tournament honors.

Next up was the huge win at Lenoir-Rhyne as freshman Maurice Sumter made two free throws with 15.2-seconds left to lift Longwood past the #14 Bears on their own floor. Stephens led the Lancers with his game-high double-double of 25 points and 16 rebounds. Lenoir-Rhyne had taken its first lead of the game at 60-59 with 3:40 remaining, and the Bears led 62-61 at the 1:50 mark on a basket following two free throws at 2:06 by freshman Leland Beale. Longwood missed on a couple of scoring opportunities down the stretch to set the stage for the final seconds and Sumter's game-winning free throws.

Unfortunately, a 10-game losing streak would follow the impressive road win. Included were losses to Pfeiffer (97-79), a re-match four days later against Lenoir-Rhyne (67-64), nationally-ranked Division III Hampden-Sydney (80-76), Virginia Union (95-63), at Division I South Carolina State (78-56), Shaw (86-76), Belmont Abbey (64-60), a third game against Lenoir-Rhyne (78-58), a second game against Belmont Abbey (74-71), and Saint Augustine's (87-74). Pfeiffer would go on to advance to the Division II Elite Eight, while Virginia Union made it to the Division II National Tournament as well.

The Lancers halted the skid with a 64-61 overtime win at home past Saint Paul's, led by freshman Husein Pistoljevic's career-high 21 points, including 15 points in the second half. Again, though, a losing streak ensued - this time over the next seven games. The results included Southern Virginia (82-63), District of Columbia (61-53), Saint Paul's in the re-match at its place (83-69), District of Columbia a second time (67-62), nationally-ranked Virginia Union (82-62), and at Division I Radford (84-61). Against #23 VUU, Pistoljevic tied a school-record with nine three-point field goals, a new Willett Hall-record as well, for a career-high 27 points. He finished the game 9-16 on three-pointers. District of Columbia would also later qualify for the Division II National Tournament.

This time the Lancers stopped the disappointing outcomes with an 84-63 win past Southern Virginia at home, getting a game-high 26 points from Jefferson who finished 10-15 from the field, adding 10 rebounds for his third double-double of the season. Following the SVU win, Longwood would drop three more games before the much-deserved and come-from-behind triumph past Northern Colorado in Florida at the National Provisional Tournament. In the season finale, Longwood rallied from an 18-point deficit in the second half as the Lancers trailed 43-25 with 18:27 remaining before an 11-0 run sparked the comeback. Sumter finished with a career-high 29 points to lead all scorers in the contest, shooting 12-18 from the field, including 2-3 on three-point field goals, and 3-4 at the free throw line. Sumter also had nine rebounds, three steals, and two blocks. Senior Nathan Fortener added a career-high 18 points along with six rebounds, while Jefferson contributed 16 points, five rebounds, five steals, and two blocks. Senior Ryan Earl dished-out a season-high nine assists for the Lancers as well. For his two-game efforts, Jefferson was named to the All-Tournament Team after posting 40 points, nine rebounds, eight steals, and six assists.

Overall, Longwood lost 10 games by 10 points or less, including six games by five points or less.

## Game #1

**Longwood 71, Winston-Salem State 70**  
**November 15, 2003 • Winston-Salem, N.C.**

Charles Stephens hit a three-point field goal at the buzzer to lift Longwood past Winston-Salem State 71-70 in North Carolina. The exciting win by the Lancers gave first-year head coach Mike Gillian a victory in his first game at the institution.

Stephens nailed his game-winning three-pointer while fading away from about 23-feet just right of the circle on an in-bounds play under the Longwood basket with just nine-tenths of a second remaining. Winston-Salem State had missed on a pair of free throw attempts with 12.8-seconds left, and the Lancers had missed on a shot attempt in the lane with the ball going out of bounds off the Rams before the decisive in-bounds play.

The game was close throughout with 11 lead-changes and nine ties, including a 31-31 deadlock at the intermission. It was a pair of freshmen who kept Longwood in the game early as Maurice Sumter and Michael Jefferson totaled nine and six points, respectively. Sumter's third trey of the half gave the Lancers their largest lead of the half at 19-12 (8:17).

In the second half, W-SSU took its largest lead at 57-52 with 6:57 remaining before Longwood made its final run to lead 67-66 at 2:55 on a layup from Ryan Earl. Jefferson then tied the game at 68-68 with a free throw at 1:05, but the Rams went ahead 70-68 with 30-seconds remaining on a shot-clock-beating jumper from the baseline.

Jefferson led the Lancers with a game-high 22 points, adding six rebounds. Stephens finished with 19 points, nine rebounds, and two blocks, while Sumter had 15 points on perfect 5-5 shooting from beyond the arc. Audley Wehner led Winston-Salem State with 20 points.

## Game #3

**Elizabeth City State 92, Longwood 82**  
**November 22, 2003 • Mount Olive, N.C.**

Charles Stephens had a double-double of 25 points and 11 rebounds, but it was not enough as Longwood fell 92-82 to Elizabeth City State. Longwood had control for much of the game before the Vikings rallied late for the win.

The Lancers led 45-39 at halftime as Stephens scored 16 points before the intermission. Ryan Earl scored eight points in the first half while helping Longwood enjoy as much as an 11-point lead (36-25, 5:20). The Lancers still led 58-49 with 13:55 remaining before 10 unanswered points by ECSU made the score 59-58 at 11:08.

Longwood, however, responded and was ahead 64-59 with 8:24 left in the game. It remained close down the stretch as the Lancers trailed just 82-79 with 47.5-seconds on the clock. Longwood appeared to have forced a shot-clock violation and turnover to get possession of the ball, but officials determined that the Vikings were able to score a basket before the violation occurred. A foul was also called on the play and the subsequent free throw gave ECSU an 85-79 advantage. The Vikings then sealed the disappointing outcome with 5-6 free throws and a layup during the final 30-seconds.

Stephens added three steals and three blocks to his 25 points and game-high 11 rebounds for the Lancers. Jefferson added 14 points, all in the second half, along with seven rebounds and three assists. Earl finished with 11 points and five assists, while Beale had a career-high 10 points and five rebounds off the bench. Jonathan Harris led ECSU with a game-high 29 points.

## The History

Former Longwood All-American Jerome Kersey played 17 years in the NBA, including 11 years in Portland before winning an NBA Championship in San Antonio.

## 28-Years: 1976-2004

Longwood University embarks upon its 29th year of men's basketball competition during 2004-05. The Lancers finished 5-22 a year ago, their first season under the direction of head coach Mike Gillian, beginning the four-year reclassification to NCAA Division I. Coach Gillian's appointment signified **a new foundation** to Longwood Basketball.

Men's basketball at Longwood University has become the institution's most visible and popular intercollegiate athletic program since beginning competition with the 1976-77 season. Since that beginning, the Lancers have compiled an overall record of 394-334 for a winning percentage of .541%.

Longwood celebrated 25 years in style during 2000-01. That year, the Lancers enjoyed their fourth 20-win season, fourth NCAA Tournament appearance, and first-ever CVAC Tournament Championship. The season was one to remember as Longwood finished 23-8 while winning its first conference tournament title. The Lancers advanced into the NCAA Division II East Regional, defeating West Chester (Pa.) 103-95 in the first round before falling 77-76 in overtime to Queens (N.C.) in the NCAA regional semifinals. Also that year, Colin Ducharme became the first Longwood men's basketball player to earn National Player of the Year honors and was a consensus first-team All-America selection.

Longwood's four NCAA Tournament appearances include back-to-back participation following the 1994-95 and 1993-94 campaigns. In 1993-94, Longwood defeated Carson-Newman (Tenn.) 76-63 in the first-round of the NCAA South Atlantic Regional before Norfolk State edged the Lancers 61-59 to halt a school-record 20-game winning streak. In an NCAA regional consolation game, the blue and white fell 88-87 to Elizabeth City State (N.C.). The following year, Longwood lost to Shaw (N.C.) 83-76 in the first-round of the NCAA regionals. These two seasons proved to be the finest back-to-back years ever for the Lancers

as they achieved a two-year record of 42-15, an outstanding winning percentage of .737%.

Longwood made its first appearance in an NCAA Tournament at the conclusion of the 1979-80 season, in just the fourth-year of the program's existence. The Lancers advanced all of the way to the NCAA Division III Final Four played in Rock Island, Illinois. That squad compiled a school-record of 28-3, with two of the losses taking place during the NCAA Final Four to North Park (Ill.) and Wittenberg (Ohio).

The following season, 1980-81, Longwood stepped up to NCAA Division II certification and has accumulated 12 winning seasons since, including three 20-win campaigns, and three other years at an even .500 record. Over the years, the Longwood men's basketball program has produced a talented lineup of players. At the top of the list is former two-time All-American Jerome Kersey (1980-84), who still holds six school-records and enjoyed a solid 17-year NBA career after his Longwood playing days ended.

Colin Ducharme has led the charge of outstanding Longwood players since 2000. Joining Ducharme in recent years have been Jason Pryor (2000-02), Marques Cunningham (2000-02), and John Parker (2001-03). Pryor ranks 11th in points, scoring 1,148 career points in just two seasons. He had seven games with 35 or more points during his brief tenure, including four of the top five single-

game totals all-time. Cunningham is 15th in scoring (1,045) and fifth in assists (276). Parker ranks second in rebounding average (8.5), and once grabbed 19 rebounds in a game (12th all-time).

A talented group of players during the 1990's included Lee Farrior (1996-2000), Jason Outlaw (1994-98), Vince Walden (1994-98), DeVonne Johnson (1992-96), Joe Jones (1992-96), Benji Webb (1992-96), J.B. Neill (1991-95), Matt Watkins (1991-95), Charles Brown (1991-94), Adam Huffman (1991-

**Jimmy Yarbrough scored 46 points against Bluefield College during the 1977-78 season, including a school-record 16 field goals. Now the institution's senior associate director of admissions, Yarbrough's 22.5 scoring average during the inaugural 1976-77 campaign still ranks #4 all-time.**

94), Michael Druitt (1990-94), and Bryan Weaver (1989-93). Farrior ranks sixth on the all-time scoring list with 1,300 career points. Outlaw scored 901 career points and ranks among the top 10 in rebounds (500), assists (248), steals (193), and blocks (48). Walden ranks fifth in three-point field goals (89). Johnson is the career leader in three-pointers (167). Jones is seventh on the all-time scoring list (1,254), and has since played professionally in the International Basketball Association (IBA) and overseas. Webb scored 962 career points, and ranks seventh in rebounds (550). Neill is second in three-point field goals (157). Watkins ranks sixth in steals (154). Brown ranks 13th in scoring (1,100) and seventh in assists (271). Huffman is eighth in blocks (47). Druitt ranks second in assists (400). Weaver scored 918 career points, and is fifth all-time in rebounds (595).

The decade of the 1980's produced such standouts as career scoring leader Kevin Jefferson (1986-90), Doug Poppe (1986-90), Dale Shavers (1986-90), Darryl Rutley (1986-89), Lonnie Lewis (1982-86), Ron Orr (1979-83), Joe Remar (1979-83), Kenny Ford (1978-81), and Shack Leonard (1978-80). Jefferson totaled 1,806 points during his outstanding career, including a phenomenal school-record 107 dunks over four years, and also grabbed 467 career rebounds. Poppe is 12th in scoring (1,139), and third in both

rebounds (653) and blocked (91). Shavers ranks 10th in scoring (1,188). Rutley only played three seasons and is eighth in scoring (1,230), once scoring 37 points in a game, still equal to the seventh-best single-game total all-time. Lewis ranks fourth in scoring (1,452). Orr is fifth all-time in scoring with 1,335 career points, and fourth in rebounds (648). Remar is the all-time assist leader with 531, and also scored 1,479 career points to rank third all-time. Ford is 16th in scoring (1,040). Leonard

was an All-Northeast Region selection in 1980, and was the Northeast Regional Tournament Most Valuable Player during the magical 1979-80 run to the NCAA Division III Final Four.

The original Longwood Basketball standout was Jimmy Yarbrough (1976-78), who is still owns the school-record for single-game points. Yarbrough, now the institution's associate director of admissions, scored 46 points against Bluefield College during the 1977-78 season, including a school-record 16 field goals. Yarbrough's 22.5 scoring average during the inaugural 1976-77 campaign still ranks #4 all-time.

Standouts on this year's team, such as the sophomore trio of Michael Jefferson, Maurice Sumter, and Husein Pistoljevic will look to add their respective names among the elite Lancers in the history of Longwood Basketball.

**Kevin Jefferson scored a school-record 1,806 points during his outstanding career, including a phenomenal school-record 107 dunks over four years. Jefferson also grabbed 467 career rebounds as a Lancer.**

## 1979-80 Division III Final Four Team

It was a magical season for a program in only its fourth year of existence. The 1979-80 Longwood College men's basketball team made believers out of everyone while compiling a school-record 28-3 campaign en route to the 1980 NCAA Division III Final Four Tournament. In only its second year as an NCAA member, the Lancers came within three points of winning a National Championship.

At the Final Four, played in Rock Island, Illinois, Longwood played two-time defending national champion North Park (Ill.) in a semifinal contest that nobody gave the Lancers a chance to win. The blue and white trailed just 30-28 at halftime before the Vikings went ahead 42-36 midway through the second half. LC battled back to tie the contest at 45-45, and led 53-52 with just 39-seconds left. A pair of controversial traveling calls against the Lancers allowed the Chicago school to take a 56-53 lead at :13. A Joe Remar layup made it 56-55 at :06 before North Park made one of two free throws at :05 to provide for the final score of 57-55. A potential game-tying layup by LC was blocked at the buzzer.

Playing Wittenberg (Ohio) in the consolation game, LC jumped to a 30-24 advantage at the intermission. The Tigers forged ahead in the second half before Thomas Alston connected on a baseline jumper to tie the game at 45-45 with 37-seconds remaining. Wittenberg got a basket at :09, but Remar forced overtime with a 22-footer just ahead of the buzzer. The extra period was scoreless until a questionable foul call against the Lancers put a Tiger at the free throw line with no time on the clock at the end of the OT. After missing the first attempt, the second free throw was good to secure the 48-47 decision.

The unbelievable year witnessed Longwood advancing further in the NCAA Division III Tournament than any previous Virginia school at the time. Ranked #12 in the final national poll, the Lancers had winning streaks of 16 and 12 games during the season, and entered the Final Four with the best record in the nation

(28-1). LC advanced to the Final Four with post-season tournament wins past Framingham State (Mass.) 73-63, Clark (Mass.) 70-60, and Potsdam State (N.Y.) 78-61.

The two narrow losses at the Final Four concluded what former SID Hoke Currie described as an *"unbelievable, indescribable, and yes, amazing season."*

## 2000-01 Conference Champion Team

The remarkably amazing one-season turnaround of the 2000-01 Longwood men's basketball program concluded with the Lancers tough and disappointing 77-76 overtime loss to Queens (N.C.) in the NCAA Division II East Regional semi-finals in Fort Mill, South Carolina.

Longwood accomplished the best one-season turnaround in Division II men's basketball at a +19-game about-face. The Lancers finished 23-8 after a 4-22 season the year before (1999-2000), equaling the most wins in the program's 22-year Division II history (23), and equaling the second-most wins in the program's history. Longwood also claimed its first-ever Carolinas-Virginia Athletic Conference (CVAC) Tournament Championship.

Longwood shattered the school's record-book during 2001-02 with 41 new school-records. The Lancers attained 15 new team season records, 11 new individual season records, four new team single-games records, five new individual single-game records, and six new individual Lancer Hall records.

Longwood, ranked #21 in the final NABC/*Division II Bulletin* Top 25, opened the campaign with seven-straight wins, including a convincing 94-65 victory past Charleston (W.Va.) -- seeded #2 for the East Regional and ranked #18 nationally in the final poll at 23-6. The 7-0 beginning was the finest start to a season since 1979, and opening 11-2 overall was the best Division II start in the program's history.

The Lancers went 9-7 from Jan. 8 to Feb. 15, dropping five games by six points or less, including three games by three points or less. Four of the team's eight overall losses were to nationally-ranked opponents, and six of the eight losses overall were by six points or less.

Longwood responded well by winning seven of its last eight games, and 12 of its final 16 contests overall, including the CVAC Tournament Championship to earn just the third Division II Tournament appearance in school history.

He added a new school-record for season blocks with 130 (4.2) and also had 100 assists (3.2). Among his 10 new school-records, Ducharme also posted 29 double-doubles and 31-straight double-figure scoring games.

The Lancers averaged 88.0 points, shooting 49% from the field as a team, a school-record 38% on three-pointers, and 74% at the line. Longwood limited opponents to 76.0 points and 40% shooting from the field, including just 32% on treys.

## Jerome Kersey - Retired Jersey #54

Jerome Kersey (6-7), a former Longwood men's basketball All-America selection, played 17 years in the National Basketball Association (NBA) from 1984-2001. Jerome played for six NBA teams, finishing his career with the Milwaukee Bucks after two years with the San Antonio Spurs, including his participation with the 1999 NBA Champions.

He was a Lancer from 1980-84, gaining first-team All-America honors following the 1983-84 season, and third-team All-America accolades after the 1982-83 year. A second-round draft selection of the Portland Trail Blazers, the 46th-player selected in the draft that year, Kersey completed his outstanding Longwood career with 1,756 career points, second all-time at Longwood, and 1,162 career rebounds, tops on the Lancer career list.

Kersey played 11 NBA seasons in Portland, becoming only the second player in franchise history to score 10,000-plus career points, and grabbed 5,000-plus career rebounds. He then played the 1995-96 season with the association's Golden State Warriors, before completing the 1996-97 season with the Los Angeles Lakers. Kersey played for the Seattle SuperSonics during 1997-98 before joining San Antonio.

A native of Clarksville, Va., Kersey led Longwood to a record of 64-39 during his career at the institution. Additionally, he

### WILLETT HALL

Willett Hall (formerly Lancer Hall) is home to Longwood Basketball and one of the finest athletic and physical education facilities of any similar size institution in the Commonwealth of Virginia. The facility was completed in 1980 at a cost of \$4.5 million.

Longwood University honored three former institution presidents, including Dr. Henry I. Willett Jr., on September 9, 2004 with three major buildings on campus named in their honor. Lancer Hall was named Willett Hall for the president from 1967 to 1981. Dr. Willett oversaw the transformation of Longwood into a fully coeducational institution.

Willett Hall features a 2,522-seat arena that had its floor replaced just prior to this 2004-05 season, as well as convenient concession stands located in the main lobby just recently-renovated during last season (2003-04), four locker rooms, training room, weight room, swimming pool, and other facilities for the University's 14-sports.

The men's basketball program at Longwood has compiled a homecourt record of 203-99 during 24 seasons of action in Willett Hall, an overall winning percentage of .672%.

Last season, Longwood drew 2,231 fans to the facility for the game against nearby Division III Hampden-Sydney. This year, Longwood will play 11 home contests, all Division I opponents, including games against Radford, Quinnipiac, Hofstra, VMI, Howard, South Carolina State, Appalachian State, Northern Colorado, Texas A&M-Corpus Christi, UMKC, and Utah Valley State.

Longwood averaged a record 1,173 during the memorable 2000-01 season when the Lancers posted a 23-8 record, including 11-3 (.786%) at home. That season included a near capacity 2,213 for a contest against former rival Queens (N.C.).

Longwood will play on a brand new floor during 2004-05 in the newly re-named Willett Hall. The Lancers have enjoyed a definite home-court advantage over the years, and this year should be no exception. Above, a painter works on the Rotunda symbol in the new floor's center circle.

## Longwood University

With a legacy of learning dating back over 160 years, Longwood University has developed a meaningful learning environment that extends far beyond the classroom. Founded in 1839 as the Farmville Female Seminary Association, the school was a pioneer first in private and later in public education. The State of Virginia acquired the school in 1884 and renamed it as the Normal School, the first state institution of higher learning for women in Virginia. Over the years, the school expanded its curricula and had a succession of names, becoming Longwood College in 1949 and fully coeducational in 1976. On April 24, 2002, history was again made at Longwood when Governor Mark Warner signed legislation that designated Longwood as a university, effective July 1, 2002.

The legacy that began in 1839 continues today as Longwood University offers over 100 majors, minors and concentrations through its various academic programs. Given its historical roots, Longwood University enjoys an enviable reputation for teacher preparation. But the excellence has expanded throughout the university with strong programs in the liberal arts and sciences, business, professional and pre-professional programs. Today, the coeducational, comprehensive state university has an enrollment of over 4200 students and is comprised of three separate colleges plus a graduate division: the College of Arts and Sciences, the College of Business and Economics, and the College of Education and Human Services.

Under the leadership of President Patricia P. Cormier, Longwood is committed to developing citizen leaders and provides a meaningful learning environment where students learn skills, knowledge and theory and then translate learning into action by doing research, internships, field work and community service. Recognizing the value of experiential learning, Longwood is one of the few universities in the country to require all students to complete an internship or similar learning experience before graduation. Additionally, Longwood was the first institution in Virginia to require that every freshman have a laptop computer. Technology is integrated throughout the learning process—an essential element for preparing the leaders of

tomorrow.

The Longwood learning environment is enriched further by the library that holds 245,000 book titles, 2,100 print journal subscriptions, and some 100 electronic data bases including access to 11,000 full-text electronic journals and provides state-of-the-art technology for information retrieval from libraries throughout the world, as well as satellite reception of foreign programs and web access.

Longwood students continue to rate their university as one of the most engaging in the country, according to results from the National Survey of Student Engagement (NSSE). In the 2002 survey, seniors rated Longwood at or above the 80th percentile on 6 of the 9 NSSE benchmarks when compared with Masters institutions; freshmen rated Longwood at or above the 60th percentile on all 9 benchmarks when compared with Masters institutions.

"Student Engagement with Technology" continued to lead the way at the 90th percentile or higher. The survey was developed by national assessment experts as an alternative to the U.S. News & World Report rankings, which are strongly influenced by resources and reputation. NSSE is sponsored by The Carnegie Foundation for the Advancement of Teaching and The Pew Forum for Undergraduate Learning.

Additionally, Longwood University is one of only 20 "high performing" institutions nationwide selected to participate in the Documenting Effective Educational Practices (DEEP) project being conducted by the National Survey of Student Engagement (NSSE) and the American Association for Higher Education (AAHE). Basically, the main purposes of the project will be to discover what practices enhance the learning process for college students and then to share that information with colleges and universities throughout the nation. Longwood was selected for the project because it was identified as an "educationally effective institution" based upon NSSE benchmark results and "promising persistence and graduation rates." Additionally, the new U.S. News & World Report Best Colleges Survey ranks Longwood with the 10th highest graduation rate (62 percent) among all master's level universities in the South.

## Longwood University

Longwood provides leadership and services in the region and the state through the Longwood Small Business Development Center, the Longwood Center for the Visual Arts, and the Southern Virginia Higher Education Center in South Boston.

Additionally, Longwood University has a tremendous economic and cultural impact on Farmville and the surrounding communities. A recent study conducted by the Longwood Small Business Development Center estimates that university employees, students, and visitors spent over \$100 million in 2001—with 54 percent of that amount being spent in Farmville and the eight surrounding counties.

The Longwood campus, located in the heart of historic Farmville, Virginia, provides excellent facilities while reflecting the charm, beauty, and character associated with its long heritage. The campus community was enhanced recently with the opening of Brock Commons, a beautiful pedestrian promenade that provides a central focal point for the Longwood campus while eliminating traffic congestion and safety hazards. Fountains, walkways, outdoor sculpture and beautiful landscaping contribute to Brock Commons, creating a park-like atmosphere for students, faculty, staff, and the public.

The University has almost completely recovered from the devastating fire of April 24, 2001 that destroyed several historic buildings on campus including the Ruffners, Grainger Hall, and the signature Rotunda. A completely rebuilt Grainger Hall opened last year and reconstruction is well underway on Ruffner Hall and the Rotunda, scheduled for a re-dedication and grand opening in Spring 2005. Construction is also underway for a new science building that will provide the latest technology and scientific equipment for students and faculty.

One of the newest buildings on campus is the two-story, 60,000 square foot dining hall located on Brock Commons that opened for the spring semester 2000. This multi-purpose facility, with its curved, colonnaded portico overlooking Iler Field, is the first on campus to utilize geothermal heating and cooling. The flexible interior design provides space for banquets, meetings, and special events along with a Grand Dining Room seat-

ing 500 and an arcade seating an additional 700.

Behind and alongside this area are broad malls, lawns, 11 tennis courts, four athletic fields, an indoor-outdoor swimming pool, and numerous late-20th century buildings, including the library, residence halls, the Lankford Student Union, and various academic facilities. The campus has six auditoriums ranging in size from 150 seats to over 1200.

Willett Hall is a \$4.5 million health, physical education, and recreation complex. It has a gymnasium with 3,000 seats; a complete weight-training laboratory; an Olympic-size pool with a three-meter board and underwater sound, lighting, and observation window; a 500-seat natatorium; a modern dance studio with a floating floor and staging capacity; and one of the state's best-equipped laboratories for the study of human performance as it relates to exercise, sports, health, and the arts. Nearby, is a nine-hole golf course and Longwood Estate, the home of the President.

Longwood University is accredited by the Commission on Colleges of the Southern Association of Colleges and Schools to award bachelors and masters degrees. Other accreditation includes the National Council for Accreditation of Teacher Education, the Virginia State Board of Education, the National Association of Schools of Theatre, and the National Association of Schools of Music. Specific program endorsements include the undergraduate Social Work Program that is accredited by the Council on Social Work Education; the undergraduate Therapeutic Recreation Program that is accredited by the National Recreation and Park Association in cooperation with the American Association for Leisure and Recreation; and the undergraduate Business Administration Program that is accredited by Association to Advance Collegiate Schools of Business (AACSB- International).

Finally, for the seventh year in a row, Longwood is ranked among the top regional public schools in the South in the 2005 U.S. News & World Report "Best Colleges" Guide.

# The Farmville Area, Commonwealth of Virginia

## THE FARMVILLE AREA

Longwood University is located in historic Farmville, Virginia -- 65 miles west of Richmond, 48 miles east of Lynchburg, and 60 miles south of Charlottesville -- the Heart of Virginia. The Town of Farmville has a population of 6,500.

The Farmville Area is comprised of the town of Farmville, along with the counties of Prince Edward and Cumberland. This area serves as a retail hub and commercial activity center for eight counties of Southside Virginia and has a service market of more than 100,000 people. Education is a dominant factor in the area, with three outstanding colleges offering educational and training opportunities. In addition to Longwood University, Hampden-Sydney and Southside Virginia Community colleges are located in the area.

The Farmville Area has a diversified economy with strong manufacturing, trade, service, and agricultural sectors. Manufacturing activity centers around natural resources, textiles, and a variety of industrial and consumer goods.

The Town of Farmville is also home to the annual Heart of Virginia Festival (first Saturday in May) and many historical sites, including Appomattox Courthouse and Sailors Creek Battlefield. These points of interest make the Farmville Area a very attractive place to be. Located in and near town are churches, hotels, motels, a country club, a municipal airport, and a community hospital. Many additional points of interest are within a short distance of the Farmville area.

## COMMONWEALTH OF VIRGINIA

The Commonwealth of Virginia is one of the original 13 colonies. Named for the Virgin Queen, Elizabeth I of England, Virginia was England's first successful overseas colony and the site of the first permanent English settlement in America. West Virginia was part of Virginia until 1863.

Virginia's rich political heritage helped shape the democratic principles on which the United States was founded. Virginia played an important role in the American Revolution (1775-1783), and it entered the Union as the tenth of the original 13 states on June 25, 1788. During the American Civil War (1861-1865) the state's capital, Richmond, was also capital of the Confederacy. The state has long been nicknamed Old Dominion.

George Washington, Thomas Jefferson, James Madison, and James Monroe, all Virginians, were founding fathers of the United States and were among the first five U.S. presidents. Virginia is also the birthplace of U.S. presidents William Henry Harrison, John Tyler, Zachary Taylor, and Woodrow Wilson.

Virginia is the 35th largest state in the United States, bounded on the east by the Atlantic Ocean, on the north and east by Maryland and the District of Columbia, on the west by West Virginia and Kentucky, and on the south by Tennessee and North Carolina.

According to the 2000 national census, Virginia's population was 7,078,515, ranking it 12th among the states. Virginia Beach (425,257) is one of the most popular resort destinations on the East Coast, as well as Virginia's largest city. Richmond (197,790) is the state capital and a center of banking and insurance, and of both retail and wholesale trade. The Naval Base at Norfolk (234,403) and the Naval Shipyard at Portsmouth (100,565) employ thousands of civilians and military personnel. Hampton (146,437) is important for its aviation activities such as Langley Air Force Base and a National Aeronautics and Space Administration (NASA) facility. In Newport News (180,150) is a shipyard that builds naval ships, including aircraft carriers. Alexandria (128,283) is part of the Washington, D.C., metropolitan area. Lynchburg (65,269) is the site of light industries. Roanoke (94,911) is the largest city in western Virginia.

Civilian and military employment, mostly with the federal government, is an essential part of the Virginia economy. The Pentagon, which houses the Department of Defense, is located in Virginia and is the leading federal employer in the northern part of the state. There are also important military bases in Virginia, particularly the massive complex of army, navy, and air force bases in the vicinity of Norfolk.

Average January temperatures range from less than 32°F in the west to more than 42°F in southeastern Virginia. Average July temperatures range from more than 78°F in the southeast to less than 68°F in the western mountains. Total precipitation ranges from about 35 to more than 50 inches. Snowfalls are moderate, except in the mountain regions.

Besides Virginia, three other states - Kentucky, Massachusetts and Pennsylvania - use the term commonwealth as part of their official names. The delegates to the convention in Williamsburg, when the first Constitution of Virginia was adopted on June 29, 1776, used commonwealth as the name for the new form of government. It is very likely they had in mind the Puritans' rebellion against the Crown in England more than 100 years earlier.

Pennsylvania and Massachusetts also chose to be called commonwealths after independence from Great Britain. The other 10 former colonies took the name "state," the term used in the Declaration of Independence. Kentucky was once part of Virginia. When Kentuckians joined the Union as the 15th state in 1792, it also kept the name commonwealth.

## Facilities & CHAMPS/Life Skills Program

### LANCER STADIUM: BASEBALL

Lancer Stadium, one of the finest collegiate facilities in this area, was renovated and ready for play in the 1994 season. The home for Longwood baseball includes a stadium which seats 500, an air-conditioned press box, new dugouts, irrigation, and landscaping. The most prominent feature of the stadium is a 90,000-dollar scoreboard/message center, compliments of the Pepsi-Cola Company. Outfield dimensions of the park are 335' in right and left, 375' in the power alleys and 400' to center.

### LANCER FIELD: SOCCER, SOFTBALL, & LACROSSE

Longwood University plays its home soccer, softball, and lacrosse games on-campus at Lancer Field, adjacent to Lancer Stadium. The excellent facility sports a soccer/lacrosse field and softball field.

Lancer Field's soccer/lacrosse venue has a natural Bermuda grass playing surface with irrigation and spectator seating capacity for approximately 500.

Lancer Field's softball venue is fan-friendly with seating for approximately 250, fences, backstop, dugouts, batting cage, irrigation, and landscaping. The natural grass field's dimensions are 190-feet down the right and left-field lines, and 220-feet to straight-away center field. Additionally, the dugouts are equipped with water fountains, restroom facilities, and storage areas.

Additionally, the Lancer Field facilities feature prominent scoreboards, compliments of the Pepsi-Cola Company. Softball began play on its new field during the 1999 spring campaign, while soccer began in the fall of 1999, and lacrosse began use of its field in the spring of 2000. Both venues have lights available for playing night contests.

### BARLOW FIELD: FIELD HOCKEY

Nestled in the northeast corner of campus, Barlow Field is a natural grass playing surface with a capacity of approximately 1,000. The field is conveniently located adjacent to the university dining hall and several student residence halls; and provides an excellent backdrop for collegiate field hockey. The field was renovated for the 1999 season.

### LONGWOOD GOLF CLUB: MEN'S AND WOMEN'S GOLF

The Longwood Golf Club, adjacent to the President's house one mile from the institution, is one of only three collegiate-owned golf courses in Virginia. The Longwood course is known for its challenging layout, lush fairways and manicured greens. The 6,000 yard layout plays to a par 69 for men and 72 for women and is equipped with two large practice greens, practice sand traps, club house, driving range and pro shop.

### NCAA CHAMPS/LIFE SKILLS PROGRAM

Longwood University is a member of the NCAA CHAMPS/Life Skills Program. The mission of the program is to assist student-athletes in acquiring education and experiences that develop, challenge, and prepare them for future success in life.

The NCAA CHAMPS/Life Skills Program focuses on five areas of commitment to guide student-athletes in their pursuit of excellence:

#### Academic Success

The primary purpose of this commitment is to provide support for student-athletes in their progression toward intellectual development and the goal of graduation.

#### Athletic Achievement

The foundation of having students strive toward athletic excellence is based upon the philosophy that programs which are broad-based, equitable, and dedicated to the well-being of the student-athlete, help enrich other aspects of their lives.

#### Personal Development

This commitment strives to offer a variety of programs and support, which focus on the emotional well being, and personal growth of the individual.

#### Career Development

In preparation for the game of life, this area of commitment focuses the student-athlete for life beyond college. Emphasis is on Career Development, Workshops, and Job Searches.

#### Service

Students are given opportunities and are encouraged to engage in activities that allow them to contribute and serve others on campus as well as in the surrounding community.

# Summer Athletic Camps

## GENERAL INFORMATION

Longwood University continues to offer athletic camps in several sports during the summer months. Ages run from 6-18 depending on the camp and each one is designed for kids of all levels to learn and have fun.

Our coaches put together camp programs like no other. Whether you're a beginner or varsity level athlete, our camps are where you belong. The coaching staffs enjoy tremendous success on the field and are highly respected by their peers. They have excelled individually in their respective sports and coached many successful athletes including a few who have gone on to professional careers.

Longwood offers both overnight and commuter camps with the overnight campers housed in supervised and air-conditioned University Residence halls. Meals are served in the main dining hall and offer a wide variety of dishes. On-campus recreational activities are offered including swimming, bowling and movies. We also offer a camp store where campers may purchase snacks, apparel and more.

For more information or a brochure when available, contact Mike Mitchell, assistant athletics director for development, office phone 434.395.2138, e-mail [mitchellmj@longwood.edu](mailto:mitchellmj@longwood.edu), or visit the Longwood Athletics website:

# The Lancer Club "The Team Behind The Teams"

The Longwood University intercollegiate athletics program continues its transition to an NCAA Division I school and needs your support to succeed. As a Division I program, Longwood University will generate increased national and regional media exposure by competing against other high profile programs and traveling to the major metropolitan areas where they are located.

It's a whole new ball game for Longwood University. The athletes, coaches and staff are working hard to ensure success both on and off the field. And with supporters like you, they are certain to realize that success.

## Financial Support

Financial support from alumni, parents, friends, businesses, faculty, staff, administration, and community, will allow Longwood's athletic teams the resources necessary to continue its winning tradition as a Division I program. Though Longwood is a state-assisted University, NO state funds may be allocated to intercollegiate athletics. Private gifts and fees are the only resources to support athletic programs. Annual gifts to the Lancer Club greatly enhance Longwood's ability to provide student financial aid, equipment, uniforms, facilities maintenance, and team travel.

## All Gifts to the Lancer Club are Tax Deductible!

Contributions will be placed into the general athletic fund, unless you choose to designate your gift to a specific sport. Donors are invited and encouraged to attend games and events sponsored by Longwood University's Athletics Department.

## Other Giving Methods

Supporters of Longwood athletics may also give through Matching Gifts, Non-Cash Gifts, Estates, and Endowed Scholarships. Individuals may also volunteer services to the athletic department.

For detailed information on how you can best support Longwood University Athletics, contact Mike Mitchell, Assistant AD/Development, office phone 434.395.2138 or e-mail [mitchellmj@longwood.edu](mailto:mitchellmj@longwood.edu).

# NCAA Division I Reclassification Update

## RECLASSIFICATION PERIOD ENTERS YEAR TWO DURING 2004-05

Longwood University President **Dr. Patricia P. Cormier** received a letter dated July 23, 2004 from the NCAA that stated the organization's Division I Management Council Membership Subcommittee had approved the institution's move into the second year of a four-year reclassifying process. The most significant aspect of year two during the Division I reclassification period toward official certification in September 2007 is that Longwood's intercollegiate athletic program must operate under all Division I rules and regulations, including the scheduling requirements.

During 2004-05, Longwood must comply with the following requirements: full compliance with all Division I legislation and membership requirements; attendance at the NCAA Convention by the chief executive officer, the director of athletics, the senior woman administrator, the faculty athletics representative, and the compliance coordinator; attendance *(by the same representatives mentioned previously)* at an orientation session conducted by the national office related to the application of Division I legislation and issues impacting Division I; and submit an annual report and updated strategic plan by June 30, 2005 based on feedback received from the previous year's annual report.

## DIVISION I RECLASSIFICATION APPROVAL FROM NCAA

Longwood University President **Dr. Patricia P. Cormier** received a letter dated August 15, 2003 from the NCAA that stated the organization's Division I Management Council Membership Subcommittee had approved the institution's move into the first year of a four-year provisional membership period toward Division I reclassification. Dr. Cormier had informed the NCAA in November 2002 (see below) of Longwood's intention to reclassify its intercollegiate athletic program to Division I as part of an overall strategic plan to raise the visibility and profile of the University.

As Dr. Cormier stated recently, "We have made our first successful step to Division I and this is a natural and logical move for Longwood. Our academic profile has been raised over the past few years and we believe that Division I status will enhance both our institutional image and our recruitment efforts. Our student-athletes deserve to play at that level and we look forward to developing some great rivalries."

During 2003-04, Longwood satisfied the following requirements of the NCAA: compliance with all minimum contests and participation requirements for sports sponsorship as set forth in Bylaw 20.9.3.3; submit a strategic plan based on feedback from the previous plan; apply Division I legislation to the greatest extent possible; participation at the NCAA Convention *(by the same representatives mentioned previously)*; attendance *(by the same representatives mentioned previously)* at an orientation session conducted by the national office related to the application of Division I legislation and issues impacting Division I; and submit an annual report and updated strategic plan by June 30, 2004 based on feedback from the previous year's annual report.

"The receipt of this letter from the NCAA is just one more step in the evolution of the Longwood athletics program," commented Director of Athletics **Rick Mazzuto**. "It's also one more indication that we're handling reclassification the right way and are on schedule."

## EXPLORATORY PERIOD COMPLETED DURING 2002-03

Longwood University President **Dr. Patricia P. Cormier** informed the NCAA in a letter dated November 12, 2002 of Longwood's intention to reclassify its intercollegiate athletic program to Division I status. By doing so, the institution began an NCAA-mandated five-year process, including a one-year "exploratory period" (2002-03), to change its membership from Division II to Division I.

The decision to move to Division I is part of Longwood's overall strategic plan to raise the visibility and profile of the University. According to President Cormier, "We believe that Division I status will enhance both our institutional image and our recruitment efforts. And we think our student-athletes deserve to play at that level. We look forward to developing some great rivalries."

Those sentiments are shared by Longwood Director of Athletics **Rick Mazzuto** who stated, "One of the tremendous positives generated out of moving to Division I is the opportunity to use intercollegiate athletics as a vehicle to raise the public profile of the institution. The increased opportunities to play other high profile educational institutions, and to travel to major metropolitan areas where they are located, will greatly benefit Longwood -- in terms of more media interest and visibility."

A key date during the early reclassification process is September 1, 2003 - a date by which all Longwood student-athletes and the athletic program will be evaluated under Division I academic rules. Another important date will be September 1, 2004 - a date by which the athletic program must operate under all rules and regulations of Division I and continue to do so for the following three years until the actual reclassification by the NCAA (September 1, 2007). This date is significant because of compliance with the scheduling requirement that, for example, will require the Lancer men's and women's basketball teams to each play a minimum of 26 Division I opponents.

"The fact is, that as of September 1, 2004 - the significant change in terms of scheduling will already be in place," added Mazzuto. "While official reclassification will come on September 1, 2007, essentially, we will act as a Division I athletic program beginning with 2004."

"This is an exciting time for Longwood University Athletics and its student-athletes. There are tremendous changes at hand that will benefit both the University and its students."
