GAME AT A GLANCE

• Millersville enters Saturday's game against Lock Haven a game out of first place in the PSAC East with four games remaining. There are four teams within a game of first place West Chester, so nothing other than four play-off spots has been determined. Three of Millersville's final four games are against teams with sub-.500 records, but Lock Haven already owns a win over Millersville in 2026. Lock Haven topped the Marauders 86-77 on Jan. 17, using a 50-point second half. Millersville, however, is 10-3 with five consecutive wins at home. Millersville has not allowed more than 74 points in 12 of 13 home games and surrendered an average of 60.8 points per game in the last five. Since Nov. 22, only one team (East Stroudsburg) has shot better than 41% inside Pucillo—a stretch of 11 games. On the season, Millersville has allowed 67.5 points per game on 40% shooting from the field and 27.2% shooting from three in 13 home games.

• Millersville needs a fast start Saturday. The Marauders scored just 21 points in the first half of Wednesday's loss at Shepherd and are now 1-6 when trailing at halftime. The four-point loss also dropped Millersville to 1-6 overall and 1-4 in the PSAC in games decided by five points or fewer. While the Marauders rank third in the PSAC in scoring defense, Wednesday was their first loss when allowing fewer than 70 points. Scoring has been the bigger issue in losses as Millersville is 5-6 when scoring fewer than 80 points and have averaged 76.6 points per game on 43.1% shooting (27.7% from three) in its eight losses compared to 83.3 points on 50.3% shooting (34.8% from three) in its 16 wins. There is a significant disparity at the free throw line in wins and losses for Millersville's opponents. In Millersville's wins, opponents averaged 13.6 free throws made on 19.4 attempts. In Millersville's losses, opponents averaged 22.6 makes on 29 attempts. By comparison, Millersville averaged 22.7
