

2007 NCAA Track & Field Midwest Regional Championships

**Hosted by the University of Missouri – Columbia
Columbia, Mo. • Audrey J. Walton Stadium • May 25–26**

MEDIA GUIDE

2007 NCAA MIDEAST REGIONAL

"THE GATEWAY TO SACRAMENTO"

To all:

Welcome to Columbia and the 2007 NCAA Track & Field Mid-east Regional! In what should be two intense days of track and field for athletes trying to find "The Gateway to Sacramento", I hope you enjoy the sights and sounds of the sport has to offer in what could be considered one of the finest fields to ever compete in the state of Missouri.

This document is to assist the media, fans, coaches, and athletes in attempts to help clarify and simplify the mounds and mounds of statistical data associated with such an event. Some errors may have been made, but every effort was taken to make this packet the most comprehensive document of its kind to be found at a championship setting. I hope you enjoy and maybe learn a little bit about the sport you hadn't know before. As simple as it is on the surface, it can be complex to follow.

Mizzou has hosted the 1998, 2000, and 2002 Big 12 Championships at Audrey J. Walton Stadium, but never before has the town of Columbia seen the sort of efforts that will be put forth by many of these fine student-athletes over the coming days. For a track facility that is in its 11th year of existence nothing before has matched the quality the Mideast Regional meet will bring.

Only two other track and field events held in the "Show-Me" State's history could be argued to be as impactful or as meaningful as the meet that will be held here in Columbia. Of course the 1904 Olympic meet in St. Louis holds a special place. The 1963 AAU Championships (known then as the U.S. national championships), also held in St. Louis, also had some fine performances. Believe it or not, the '63 AAU meet was the first nationals held on an artificial surface. And, it may have helped set the World-record of 9.1 seconds by sprinter Bob Hayes in the 100-yard dash. Without a doubt, Hayes' performance ranks as one of the best efforts ever to be seen in the state.

With that, I hope you enjoy following this meet and continue to follow these athletes to Sacramento and beyond.

Regards,

Tom Lewis
Media Coordinator
Missouri Media Relations Associate

Meet Info

2007 NCAA Mideast Regional

2007 NCAA MIDEAST REGIONAL

IMPORTANT DATES

this information taken from the 2007 Regional Technical Manual

Regional Competition

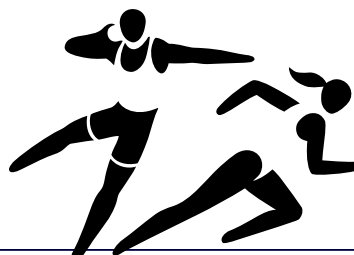

Sunday, May 13	Last date a regional qualifying performance may be achieved.
Tuesday, May 15	Proof-of-performance (POP) form deadline, 1 p.m. (Eastern time).
Wednesday, May 16	Institutional regional declaration forms and final descending order lists posted on NCAA Web site by 9 p.m. (Eastern time).
Thursday, May 17	Challenge period ends, 4 p.m. (Eastern time). Challenges must be e-mailed to Bob Podkaminer (rpodkam@aol.com).
Saturday, May 19	Coaches must submit electronic declaration form on the NCAA Web site by 1 p.m. (Eastern time). Declarations submitted between 1 p.m. and 3 p.m. Eastern time will be accepted as LATE and the institution will be fined \$300. There is no opportunity to submit a declaration form after 3 p.m. Any student-athletes not declared by the deadline will be scratched.
Sunday, May 20	Final list of regional participants available on the NCAA Web site (http://www1.ncaa.org/membership/champadmin/track/index) by midnight (Eastern time).
Monday, May 21	Deadline for medical scratches for regional competition, 5 p.m. (Eastern time). Any scratches must be e-mailed to Bob Podkaminer (rpodkam@aol.com).
Tuesday, May 22	Regional start lists posted on NCAA Web site by noon (Eastern time).
Thursday, May 24	Packet pickup at each regional competitions site.
Fri-Sat., May 25-26	Regional competition of the NCAA Division Outdoor Track and Field Championships.

National Championships

Sunday, May 27	Institutional declaration forms and final list of automatic qualifiers and national at-large descending order list posted on the NCAA Web site (www1.ncaa.org/membership/champadmin/track/index) by 10 p.m. (Eastern time).
Monday, May 28	Coaches must submit electronic national championships declaration forms via NCAA Web site by 1 p.m. Eastern time deadline. (Declarations submitted between 1 p.m. and 3 p.m. Eastern time will be accepted as LATE and the institution will be fined \$300. There is no opportunity to submit a declaration form after 3 p.m. Any student-athletes not declared by the deadline will be scratched.)
Tuesday, May 29	Track and Field Subcommittee completes at-large selections. Final list of national championship participants posted on the NCAA Web site (www1.ncaa.org/membership/champadmin/track/index) by 3 p.m. (Eastern time).
Sunday, June 3	Deadline for medical scratches, 11 p.m. (Eastern time). Medical scratches must be e-mailed to Bob Podkaminer (rpodkam@aol.com).
Monday, June 4	National championships meet start lists posted on NCAA Web site (www1.ncaa.org/membership/champadmin/track/index) 1 p.m. (Eastern time).
Tuesday, June 5	Packet pickup, 9 a.m. - noon and 2 - 5 p.m. (Pacific time); Sacramento State Alumni Center at Hornet Stadium, Sacramento, California.
Wednesday-Saturday June 6-9	NCAA Division I Men's and Women's Outdoor Track and Field Championships, Sacramento, California
Friday, June 8	Live CSTV telecast of championships, (tentative) 4:30 - 8:30 p.m. Pacific time.
Saturday, June 9	Live CBS telecast of final day of championship, 10 a.m. - noon Pacific time.

Important Dates

2007 NCAA Mideast Regional

MEDIA INFO AND GUIDELINES

A TO Z

Credentials

Press and photo credentials will be assigned to working press according to established NCAA guidelines. All media inquiries, including credential requests, should be directed to Tom Lewis:

Credentials will be issued per NCAA policies and must be worn at all times. Misuse will result in revocation of credentials and removal from the premises. Credentials are non-transferable.

Credentials may be picked up at the following times:

- Thursday, May 24: Audrey Walton Stadium Press Box
- Friday-Saturday, May 25-26: Taylor Stadium Ticket Booth (Southeast side of Audrey Walton Stadium, near Media parking)

Directions to Audrey J. Walton Stadium

From the East of Columbia:

1. Take I-70 West to the Providence Road exit.
2. Turn left onto Providence Road.
3. Turn right onto Research Park Drive. (road after Stadium Blvd.)
4. Walton Stadium is straight ahead.

From the West of Columbia:

1. Take I-70 East to the Providence Road exit.
2. Turn right onto Providence Road.
3. Turn right onto Research Park Drive. (road after Stadium Blvd.)
4. Walton Stadium is straight ahead.

From the North of Columbia:

1. Take U.S. 63 South to the Stadium Boulevard exit.
2. Turn right onto Stadium Boulevard.
3. Turn left onto Providence Road.
4. Turn right onto Research Park Drive. (road after Stadium Blvd.)
5. Walton Stadium is straight ahead.

From the South of Columbia:

1. Take U.S. 63 North to the Stadium Boulevard exit.
2. Turn left onto Stadium Boulevard.
3. Turn left onto Providence Road.
4. Turn right onto Research Park Drive. (road after Stadium Blvd.)
5. Walton Stadium is straight ahead.

Hospitality

Water and soft drinks will be available in the media work area throughout the two days. Sorry no food hospitality!

Interviews

Following all events INSIDE OF THE TRACK, including all track events, high jump, long jump, triple jump and javelin, student-athletes will be escorted to the "Mixed Zone" area where they may be asked to participate in interviews. Per NCAA guidelines, all student-athletes are permitted to a 10-minute cooling-off period following the race/event, but may forego the wait time.

The top-five athletes in each final (top three relays) will be escorted first to a holding area for a recognition ceremony before proceeding through the "Mixed Zone".

Please make all special interview requests (if holding is needed) to Tom Lewis, Media Coordinator, or another member of the Missouri Media Relations staff.

Only the winner of each event and those who has specifically been REQUESTED will be held for a small-period of time in or near the "Mixed Zone".

For field events held OUTSIDE OF THE TRACK, including the hammer throw, shot put, and discus, the interview policy is much more liberal. Student-athletes may be approached following the event for needed interviews. Please observe courtesy to those who will be participating in another event later in the day.

Mixed Zone

A mixed zone will be located adjacent to the media tent to accommodate interview requests during the Regional. The winners of each event will hold high priority in being held in the mixed zone for a longer-period of time. Please contact Media Coordinator Tom Lewis if a specific student-athlete should be held in the mixed zone for a longer time, otherwise most student-athletes will quickly process through the zone as a natural occurrence. SEE Interviews.

On-Field Access

All media, coaches and non-competitive athletes will be restricted from the infield at all times. Videographers and photographers will be allowed access to the field with a valid photo pass AND an NCAA green armband. SEE Photo Policies, Photo Zones.

Parking

Media parking for the 2007 Mid-east Regional will be located in the lots immediately south and southeast of Walton Stadium. Parking is extremely limited and will be available on a first-come, first-served basis.

Photo Policies

Photographers will be allowed infield access only when wearing an NCAA-issued identification, which will be distributed by Tom Lewis, Media Coordinator or Chad Moller, Press Box Operations Coordinator. All identification can be picked up in the press box via the west entrance (by the top of the elevator), or in the media area. A limited number of photographers will be allowed access to the infield at one time and a rotation may have to be used if the numbers warrant.

Telephones

If telephones are needed, please contact Media Coordinator Tom Lewis no later than Monday, May 21. Otherwise wireless internet access will be readily available. A small fee may be charged for use of a telephone line if demand warrants.

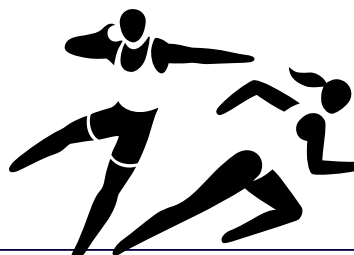

Working Press Area

Working media and SIDs will be located in a tent near the finish line, at the southeast corner of Audrey Walton Stadium. There will NOT be room in the Audrey Walton Stadium Press Box to accommodate anyone other than meet officials. A viewing area atop the Audrey Walton Press Box may be utilized by working media, SIDs, and photographers and is accessible via ladder inside the press box, but can only be accessed from the softball-side (West) entrance.

In addition to media guides, records and other information, the media tent will include electrical outlets and wireless internet access.

WR - current IAAF World Record

Considered one of the finest track and soccer facilities in the Midwest, the Audrey J. Walton Track-Soccer Stadium earned the reputation before the building completion in the summer of 1996.

Made possible by Walton's \$1 million donation in 1996 and dedicated at the Big 12 Conference Track and Field Championships in May of 1998, Audrey J. Walton Stadium is one of the most innovative complexes in the nation, spurring builders of future track complexes to take note.

Built to IAAF specifications and utilizing a Martin ISS-1000 embedded surface, the complex consists of a 400-meter track with eight 48-inch lanes; runways for the long jump, triple jump and pole vault; a large high jump apron with a javelin runway; and multiple rings for the shot put and discus.

Walton donated an additional \$1 million expansion and renovation complex last year. The funds financed the resurfacing of the 10-year old track and the creation of a world-class competitive throws field just north of the track complex.

"The University of Missouri track and field program is so close to my heart and I am so proud of all that Coach McGuire, the staff and his team have accomplished," said Walton. "It is very important that we continue to provide the very best for our students at Mizzou as we attract the best and brightest to our University."

As part of the renovation, the track surface at Audrey J. Walton Stadium was recently completely replaced, repainted and calibrated resulting in an international competition-level surface. Additionally, new fixtures were installed around the track for the field and jump events. Also completed were a new throws field for the hammer throw and discus, as well as the addition of two shot put rings, a practice javelin runway, and the expansion of the current competition shot put sector to accommodate for a world-record performance.

"We are so thankful for Mrs. Walton's generosity to the track program and to Mizzou," said Mizzou Director of Athletics Mike Alden. "Mrs. Walton and her family have been long-time supporters of the vision of Mizzou. She has consistently set the standard for support of the University of Missouri."

Audrey J. Walton Stadium possesses all the amenities that comprise today's top dual-sports facilities in the nation. Sitting on the west side of the track, the stadium serves the track and soccer teams on one side and softball on the other. The softball field was turned to place home plate in the northwest corner, backing it up to the track/soccer venue. This allows all service facilities to play double duty. For example, the entry plaza services both facilities meaning the restrooms, concession stands and ticket booths were not duplicated. There is also a full-size press box to accommodate the media for track, soccer and softball.

In 2005 for the second-annual Audrey Walton Combined Events, Missouri hosted in Audrey J. Walton Stadium the first women's decathlon held in North America. Former Kansas State heptathlete Austra Skujyte broke the IAAF's newly-ratified World record in the event, scoring 8,358 points.

As the University of Missouri continues to expand its efforts to accommodate its roughly 450 student-athletes, the track and field and soccer teams are both recent beneficiaries. Long awaited by Missouri coaches, athletes and fans, the track complex opened in 1997 and was host of the 1998, 2000, and most recently, the 2002 Big 12 Track and Field Outdoor Championships. In addition, the track facilities will host the 2007 NCAA Mid-east Regional with 90 teams descending on Columbia.

One of only a few of its kind in the nation, the stadium was featured in an article in the May 1998 Athletic Business magazine

2007 NCAA Mid-east Regional

2007 NCAA CHAMPIONSHIPS

MEET INFORMATION

NCAA Division I
Track & Field Championships
Sacramento, Calif.
June 6-9, 2007

QUALIFICATION PROCEDURES

(from the NCAA Regional Technical manual)

The Process

The declaration process for the regional competitions is the first step in the final qualification procedure for the national championships. Competition in an event at the regional competitions is required for consideration to participate in that event at the national championships. Any individual or relay team on the descending order list for each event, from which the participants in the national championships will be selected, must declare, participate and remain eligible for advancement in the regional competitions, except for those events not contested at the regional competition (men's decathlon, women's heptathlon and the men's and women's 10,000-meter races). The performances of student-athletes in the at-large pool list used for the national championships selections will be the best mark achieved during the **regular season and through the regional competitions**.

Participation Rule

For each event at the regional competitions, all declared student-athletes will be accepted into the competition and be required to compete in compliance with Rule 4-2.2a, "Failure to Participate."

Relay Declaration

Only one relay team per institution per event which has made the qualifying standard may be declared for the regional competitions. That team will be accepted into the competition. It will be seeded by its qualifying time, and that time will be preserved for possible use in preparing the descending order list for the national championships. A relay team for the regional competition is defined as a declared "pool" of six (6) student-athletes. The composition of this pool must be:
(1) The four student-athletes on the originally qualifying team; and (2) May include two additional student-athletes named during the declaration period, but not later than packet pick-up. These additional student-athletes may be from those already in the competition in another event, or designated alternates not in the competition.

The competing team of four, in any round at the regional, may be comprised of any student-athletes in the declared pool of six.

For national championships qualifying purposes, the relay team's best mark on the final descending

order list will be its original regular season qualifying time or its regional time (if it is an improvement over its original regular season qualifying time), regardless of which pool members attain that mark during any round of the regional competition.

The four student-athletes who comprised the fastest time for the institutions declared relay at the regional competition, whether during the regular season or during any round of the regional competition, will be the four student-athletes that the institution must declare for the national championships.

Automatic Qualification

Automatic qualification to the national championships will be awarded to the **top five (5) declared finishers** from each regional *individual event* and the **top three declared finishers** from each regional *relay event*. This guarantees a specific number of automatic qualifiers from each region.

Non-Regional Events

Declarations for the 10,000-meter run and the combined events are not submitted as part of the declaration process for the regional competitions. Declaration for these events only occurs during the declaration process for the national championships as outlined in the championships handbook.

At-Large Qualification

SITUATION 2: A student-athlete highly ranked on the final regular-season national descending-order list has a nagging injury. Knowing that she must compete in the regional competition to have any opportunity to advance to the championships the student-athlete makes the effort to compete at the regional competition, but does not finish in the top five in her event. **Can the student-athlete advance to the national championship as an at-large student-athlete, using her best regular-season performance?**

RULING: Yes. But only if she is one of the next seven declared student-athletes (following in placement the five declared automatic qualifiers) from her region in the event. This requirement places her in the at-large pool for selection into the national championships. The at-large pool of student-athletes are listed by their top performance of the year and at-large selections will start at the top of the list.

Failure to Participate In Event Finals

SITUATION: A student-athlete highly-ranked on the final regular-season descending-order list, competes in the preliminary in the 1,500, and advances to the final. The student-athlete (or coach) believes he/she has fulfilled the requirement of competing at the regional, and decides not to run in the 1,500 final the next day. Can the student-athlete advance to the national championships as an at-large entrant?

RULING: No. Scratching a student-athlete from any event, for any reason at any point after the declaration deadline (5 p.m. ET, Saturday, May 19) eliminates the student-athlete from remaining regional competition and from advancing to the national championships in any event not concluded at the time of the scratch.

In addition, as a continuation of the situation listed above, the student-athlete is disqualified from competing in any individual or relay events that follow the 1,500 at the regional. It is important to note that the student-athlete, possibly having qualified for the finals in ensuing individual events (and listed as a possible member of a relay team), cannot compete in any other finals because they were disqualified for not running the 1,500 final. Therefore, they cannot advance to the national championships in his ensuing individual events.

Advancement

SITUATION: Following the conclusions of the regional competitions, the descending order list for the 100-meters for the national championships shows 20 student-athletes as automatics. These are the top five from each of the four regions. At the end of declarations for the national championships, the third place finisher in the East region 100-meters is a scratch. **How is his/her position as an automatic qualifier to the national championship filled?**

RULING: The sixth place finisher in that region (in this example the East region) then becomes an *automatic qualifier* in order to guarantee **five automatic qualifiers** from each region in each individual event at the national championships.

Event-by-Event Breakdowns

On the following pages are event-by-event breakdowns of each of the 19 men's and 19 women's events.

Things to Consider:

- * NCAA Rankings include wind-aided marks, as they are part of the entry process for the regional championships. All marks must have had wind that totaled no more than 4.0 m/s.
- * CC - Entrants that received a regional bid via a conference championship.
- * English marks shown on the regional rankings list and the "2007 Leaders" lists are approximate and may not reflect the tables used by Track & Field News
- * Under the US-Ranking column in the regional rankings, if a three-letter abbreviation is used, that indicates the student-athlete's country of origin. Only those in the regional top 10 had this special research done.
